#### Summary

Notification to Council of City Manager approved budget amendments.

Information

## **Background Information**

Ordinance 15-O-48 requires notification to Council of City Manager approved budget amendments. The following budget amendments have been approved:

 $\times$ 

#### Parks & Recreation

Due to project timing, funds originally allocated to a Parks & Rec building will be reallocated to be used to remodel the Fire/Recreation offices build-out. Move \$1,337,244 from Parks & Recreation Building Expense to Unforeseen Grant Expenses.

#### Unforeseen Contingencies

For the purchase of Public Safety IT network switches. Move \$165,000 from Unforeseen Contingencies to Public Safety IT Computer Equipment.

To cover the Civic Plaza dome repairs on the Civic Plaza. Move \$15,000 from Unforeseen Contingencies to Civic Plaza Other Improvements.

#### **Council Priorities Served**

#### Responsible budgeting

Inter-Fund budget amendments reallocate resources in an efficient manner.

## **Fiscal Impact**

The transfers within the General Funds will have no effect on fund balance.

#### Summary

Notification to Council of City Manager approved Community Investment Program (CIP) funds transfers.

## **Background Information**

Funding for capital improvement projects is provided through borrowing. Funds are allocated to projects in the CIP that is approved annually by Council. Reallocation of these funds sometimes becomes necessary when circumstances change. Requests for CIP Funds Transfers are submitted to the City Manager for approval and then placed on the Consent Agenda to serve as notification to Council. The following CIP Funds Transfers have been approved for the Street Department:

Solid Waste Sideloaders (2018 Bond / 2019 Loan / 2021 Bond / 2022 Bond)

Transfer \$80,530 from Solid Waste Software, \$7,267 from Recycling Center Improvements, and \$275,000 from Vacuum Truck to Sideloaders.

Greenway Reconstruction (2018 Bond)

Transfer \$50,000 from Recreation Maintenance Shop and \$8,550 from the Mountain Bike Trail to Greenway Reconstruction.

## **Priorities Served**

## Responsible budgeting

CIP Fund Transfers reallocate available resources in an efficient manner after receiving City Manager approval.

## **Fiscal Impact**

The transfers within the CIP Funds will have no effect on the CIP Funds balance.

# **COUNCIL COMMUNICATION**

	Meeting Date: 00	6/30/2022
Item Title:	Retail Liquor Certificate of C Ownership Change	Compliance – Beer & Liquor Depot –
Department:	Finance	
Presented by:	Jennifer Brown	
<b>Requested</b> Coun	cil Action:	
	Ordinance	
	Resolution	
	Motion	$\boxtimes$
	Direction	
	Information	

#### Summary

Information pertaining to the issuance of a certificate of compliance for a retail liquor store.

#### **Background Information**

State law requires that an applicant for retail liquor stores obtain a certificate of compliance from the local jurisdiction to be submitted to the Tennessee Alcoholic Beverage Commission as part of the Commission's licensing process. Compliance for the certificate is based only on the applicant's criminal background information and that the location complies with local zoning ordinances and distance requirements.

A certificate of compliance is requested by Hala Pasta for the Beer & Liquor Depot at 2002 E Main St., which is a change of ownership for a retail liquor store. This request complies with statutory requirements.

#### **Council Priorities Served**

#### Maintain public safety

The City's role in issuing a Certificate of Good Moral Character allows the City to be aware of locations that would like to operate as a retail liquor store, to review zoning restrictions, review applicant background issues, and check for past problems with following City Code.

## Meeting Date: 06/30/2022

Item Title:	Fox Collection Agency Ame	endment	
Department:	Judicial		
Presented by:	Vickie Ordonez, Chief Court	Clerk	
<b>Requested</b> Cour	cil Action:		
	Ordinance		
	Resolution		
	Motion	$\boxtimes$	
	Direction		
	Information		

#### Summary

First amendment to the contract with Fox Collection Agency.

#### **Staff Recommendation**

Approve the extension of the above referenced contract for an additional one-year term ending June 3, 2023.

#### **Background Information**

On June 3, 2021, the City contracted with Professional Recovery Management, Inc., d/b/a Fox Collection Center (Fox) to provide collection services for delinquent fees, fines, and costs. That contract allowed four one-year extensions with total terms not to exceed five years. This will be the first extension of the contract with Fox. Fox has satisfactorily performed under the contract to date.

The proposed First Amendment contracts with Fox for the period from June 3, 2022, until June 2, 2023.

#### **Council Priorities Served**

Responsible budgeting

Collecting outstanding penalties and fees is important effectiveness of court decisions and supports the financial and economic health.

#### **Fiscal Impacts**

The contract is based upon a percentage of collected funds. The last contract period the amount paid under the contract was \$9,216.34. It is anticipated that the amount to be paid under the extension will be comparable.

#### **Attachments:**

First Amendment to Contract with Professional Recovery Management, Inc.

Original Contract with Professional Recovery Management, Inc.

## FIRST AMEDMENT TO THE CONTRACT BETWEEN THE CITY OF MURFREESBORO AND PROFESSIOANAL RECOVERY MANAGEMENT, INC. d/b/a FOX COLLECTION CENTER FOR COLLETION AGENCY SERVICES

This First Amendment ("First Amendment") to the Contract, entered into June 3, 2021 ("Contract"), is effective as of June 2, 2022, by and between the City of Murfreesboro ("City"), a municipal corporation of the State of Tennessee and Professional Recovery Management, Inc. d/b/a Fox Collection Center, a corporation of the State of Tennessee ("Contractor").

#### RECITALS

**WHEREAS**, on June 3, 2021, the City entered into a contract with Fox Collection Center, for Collection Agency Services for the City Court Department; and,

WHEREAS, clause 2 of the contract allows the contract to be extended for four additional terms; and,

WHEREAS, Contractor has continued to provide uninterrupted services to City since June 2, 2022; and,

**WHEREAS**, the City and Contractor wish to formalize the extension of the Contract for an additional term pursuant to clause 2 of the current Contract from June 3, 2022 to June 2, 2023:

**NOW THEREFORE**, the City and Contractor mutually agree to extend the term of the Contract from June 3, 2022 to June 2, 2023.

#### CONTRACT BETWEEN CITY OF MURFREESBORO AND PROFESSIONAL RECOVERY MANAGEMENT, INC. d/b/a FOX COLLECTION CENTER FOR COLLECTION AGENCY SERVICES FOR CITY DEPARTMENTS' DELINQUENT FEES, FINES AND COSTS

This Contract is entered into on this <u>3rd</u> day of June, 2021, by and between **THE CITY OF MURFREESBORO**, a municipal corporation of the State of Tennessee ("City") and **PROFESSIONAL RECOVERY MANAGEMENT**, **INC.** d/b/a **FOX COLLECTION CENTER** ("Contractor"). This Contract consists of the following documents:

- This Contract,
- RFCSP-23-2021 (Request for Competitive Sealed Proposals), issued April 6, 2021,
- Contractor's Proposal, dated April 27, 2021, and,
- Any properly executed amendments to this Contract.

In the event of conflicting provisions, all documents shall be construed according to the following priorities:

- any properly executed amendment or change order to this Contract (most recent with first priority),
- this Contract,
- RFCSP-23-2021 (Request for Competitive Sealed Proposals), issued, April 6, 2021, and,
- Contractor's Proposal, dated April 27, 2021.
- <u>Duties and Responsibilities of Contractor</u>. Contractor agrees to provide and City agrees to purchase collection services for delinquent accounts for which the Finance Director, City Court Clerk, Water Resources Director or other city departments are charged with collecting.

#### 2. <u>Term</u>.

- A. The term of this Contract will begin on the date this Contract is signed by all required parties. The initial contract term will end one (1) year from the date approved by City Council and executed by all required parties.
- B. This Contract may be extended for four (4) additional terms of one (1) year each. The option to extend shall be exercised by and in the discretion of the City. To be effective, any extension must be approved by the City Attorney and City Council. In no event shall the term of this Contract, including extensions, exceed five (5) years.
- 3. <u>Compensation</u>. Contractor shall be paid the percentages listed below from amounts collected on behalf of City as compensation for providing services pursuant to Contract:
  - A. Murfreesboro Water Resources Department (MWRD) accounts Contractor shall work all first placement and legal collection accounts for the MWRD at a twenty-three and one-half

percent (23.5%) contingency fee. These fees are contingent upon collection of said accounts.

- B. Murfreesboro City Court Delinquent Citations Contractor shall work all first placement and legal collection accounts for Murfreesboro City Court Delinquent Citations at a twenty-three and one-half percent (23.5%) contingency fee. These fees are contingent upon collection of said accounts.
- C. Murfreesboro City Court Parking Violations Contractor shall work parking violations on a non-contingent fee basis. Parking violation accounts placed in which a letter is sent shall be charged ninety-eight cents (\$0.98) per account. This charge includes one letter per parking violation account, all in-coming calls processed by Contractor, as well as, the posting of all monies received. Contractor shall remit 100% of all monies collected on a monthly basis.
- D. The Contractor shall be entitled to the following contingency fees:
  - 23.5% Primary Bad Debt Accounts
  - 28.0% Pre-Legal Accounts
  - 33.0% Legal/Litigation Accounts

There will be no other charges or fees for the performance of this Contract.

#### 4. Compensation; Method of Payment.

- A. Contractor shall be compensated based on monies actually collected on all accounts referred based on the schedule submitted for collection services in this proposal.
- B. After a delinquent account has been referred to the Contractor and it is subsequently determined by the City that the account was not delinquent at the time it was referred or if no contact has been made or that it is in the best interest of the City to not refer the account over to the contractor, the Contractor shall return the account immediately and at no cost to City.
- C. Other than court-awarded attorney's fees and costs, the Contractor shall neither add any charges or interest to the amount of the delinquent account nor collect more than the amount due to City from any delinquent account.
- D. After the Contractor has made contact with a debtor, City may not recall that account from the Contractor (other than as allowed under the termination sections) unless City receives a direct payment from the debtor as a result of new charge or debt or a payment on an account where the Contractor has not collected any money in ninety (90) days, City may recall that account and Contractor shall not be entitled to any compensation on that account.
- E. Contractor shall remit to City all monies collected on accounts during the preceding month, by the tenth (10<sup>th</sup>) day of the succeeding month.
- F. The Contractor is not entitled to any compensation other than is expressly provided for in this Contract.
- <u>Taxes</u>. City shall not be responsible for any taxes that are imposed on Contractor. Furthermore, Contractor understands that it cannot claim exemption from taxes by virtue of any exemption that is provided to City.

#### 6. Copyright, Trademark, Service Mark, or Patent Infringement.

- A. Contractor shall, at its own expense, be entitled to and shall have the duty to defend any suit which may be brought against City to the extent that it is based on a claim that the products or services furnished infringe a copyright, Trademark, Service Mark, or patent. Contractor shall further indemnify and hold harmless City against any award of damages and costs made against City by a final judgment of a court of last resort in any such suit. City shall provide Contractor immediate notice in writing of the existence of such claim and full right and opportunity to conduct the defense thereof, together with all available information and reasonable cooperation, assistance and authority to enable Contractor to do so. No costs or expenses shall be incurred for the account of Contractor without its written consent. City reserves the right to participate in the defense of any such action. Contractor shall have the right to enter into negotiations for and the right to effect settlement or compromise of any such action, but no such settlement or compromise shall be binding upon City unless approved by the City Attorney and, where required, the City Council.
- B. If the products or services furnished under this Contract are likely to, or do become, the subject of such a claim of infringement, then without diminishing Contractor's obligation to satisfy the final award, Contractor may at its option and expense:
  - i) Procure for City the right to continue using the products or services.
  - ii) Replace or modify the alleged infringing products or services with other equally suitable products or services that are satisfactory to City, so that they become non-infringing.
  - iii) Remove the products or discontinue the services and cancel any future charges pertaining thereto.
  - iv) Provided, however, that Contractor will not exercise option B.iii. until Contractor and City have determined that options B.i. and B.ii. are impractical.
- C. Contractor shall have no liability to City, however, if any such infringement or claim thereof is based upon or arises out of:
  - i) The use of the products or services in combination with apparatus or devices not supplied or else approved by Contractor.
  - ii) The use of the products or services in a manner for which the products or services were neither designated nor contemplated.
  - iii) The claimed infringement in which City has any direct or indirect interest by license or otherwise, separate from that granted herein.

#### 7. Termination of the Contractor's Services.

The Contractor's services may be terminated in whole or in part:

- A. By mutual consent of the parties.
- B. For the convenience of City, provided that City notifies the Contractor in writing of its intent to terminate under this paragraph at least thirty (30) days prior to the effective date of the termination.
- C. For the convenience of Contractor, provided that Contractor notifies the City in writing of its intent to terminate under this paragraph at least thirty (30) days prior to the effective date of the termination and surrenders all documentation relating to collection actions initiated. No fee will be due on collections received after the termination date regardless of when collection

process is initiated and all collections received by the Contractor after the termination date will be turned over to the City by the tenth (10<sup>th</sup>) of the month following the month in which they are collected or were received.

- D. For cause, by either party where the other party fails in any material way to perform its obligations under this Contract. Termination under this subsection is subject to the condition that the terminating party notifies the other party of its intent to terminate, stating with reasonable specificity the grounds therefore, and the other party fails to remedy the problem within fifteen (15) days after receiving the notice.
- E. For failure to remit monies due to the City by the dates specified within this Contract.
- G. Failure to provide an adequate accounting for monies collected.
- H. Should Contractor fail to fulfill in a timely and proper manner its obligations under this Contract or if it should violate any of the terms of this Contract, City shall have the right to immediately terminate the Contract. Such termination shall not relieve Contractor of any liability to City for damages sustained by virtue of any breach by Contractor.
- I. Should funding for this Contract be discontinued, City shall have the right to terminate the Contract immediately upon written notice to Contractor.

#### 8. Duties Upon Termination or Expiration of Contract

- A. If City terminates the Contractor's services in whole or in part for convenience, City may, at its option, recall any or all delinquent accounts which are covered by such termination except those accounts currently involved in litigation, or that have been reduced to judgment, or those accounts where payment arrangements have been made and the Contractor shall deliver to City all such recalled delinquent accounts within ten (10) days of receipt of the recall notice. After the delinquent accounts are (or should have been) returned to City, the Contractor shall have no further right to any monies collected from, or on those accounts.
- B. The provisions of this Contract will remain in full force and effect with respect to those accounts retained by the Contractor until those retained accounts are paid in full or satisfied.
- C. If the Contractor's services are terminated in whole or in part for cause, the Contractor shall, within ten (10) days of the receipt of the termination notice, return any terminated delinquent accounts to the Administrator, immediately cease all collection activities on the affected delinquent accounts and shall have no further right to any monies collected from, or on those accounts after the accounts have (or should have) been returned to City.
- D. If Contractor receives payment exceeding the amount to which it is entitled under subsection A or C of this section, Contractor shall remit the excess to the City within thirty (30) days.
- E. If the Contractor's services are terminated, for whatever reason, the Contractor shall receive no compensation under this Contract, other than that explicitly allowed under this section.
- F. If after termination, a final certified audit has not been performed, City may, at its option, have one conducted at Contractor's sole expense.
- 9. <u>Compliance with Laws</u>. Contractor agrees to comply with any applicable federal, state and local laws and regulations

#### 10. Notices and Designation of Agent for Service of Process.

- A. Notice of assignment of any rights to money due to Contractor under this Contract must be mailed or hand delivered to the attention of City Manager, City of Murfreesboro, P.O. Box 1139, Murfreesboro, TN 37133-1139.
- B. Notices to Contractor shall be mailed or hand delivered to:

Contractor:	Fox Collection Center, Inc.
Attn:	Todd Knowlton, EVP of Sales and Marketing
	Fox Collection Center
Address:	454 Moss Trail
	Goodlettsville, TN 37072
	tknowlton@foxcollection.com

C. Contractor designates the following as the Contractor's agent for service of process and will waive any objection to service of process if process is served upon this agent:

<b>Designated Agent:</b>	Todd Knowlton
Address:	454 Moss Trail
	Goodlettsville, TN 37072

#### 10. Ownership; Publication, Reproduction and Use of Material.

Except as otherwise provided herein, all data, documents and materials produced by the Contractor under this Contract shall be the property of City, which shall retain the exclusive right to publish, disclose, distribute and otherwise use, in whole or in part, any such data, documents or other materials. Upon termination, the Contractor shall, within thirty (30) days, deliver to the City all delinquent accounts, documents, records, work product, and other materials relating to this Contract.

#### 11. City's Rights and Obligations.

- A. City does not guarantee the Contractor either a certain number or a certain total dollar value of collection referrals during the term of this Contract. Also, City retains sole discretion in determining what delinquent accounts shall be "collection agency matters". City does agree that once it determines a delinquent account to be a "collection agency matter" that such delinquent account shall, for the life of this Contract, be referred only to the Contractor. Specifically excluded from this Contract are delinquent property taxes, business taxes, and other taxes that may be administered and collected by the City. Part of the Water and Sewer Department water bills being submitted to the Contractor for collections will include sales tax for the water service and will be subject to collection by the Contractor as part of the debt owed to the MWRD.
- B. Other than as is explicitly set forth in this Contract, City shall not be obligated to provide the Contractor with any other monies, goods, or services.
- C. Prior to any contact being made with the debtor by the Contractor, the City may give notice to the Contractor recalling a delinquent account and such delinquent account shall be returned to City within seven (7) days of such notice being received. After receipt of a notice of recall, the Contractor shall have no right to any monies collected from, or on the delinquent account (s),

nor shall Contractor receive any other compensation from City for the delinquent account recalled.

- D. In the event Contractor is involved in litigation in an attempt make a collection hereunder and a counterclaim or affirmative defense is raised concerning any municipal ordinance or regulation or any other reason, the Contractor shall within twenty-four (24) hours of said counterclaim or affirmative defense notify the City Attorney in writing. City reserves the right to choose an attorney or to have the City Attorney substitute or intervene in said litigation.
- E. Prior to any actions that would adversely affect the credit of the debtor, all claims for damages will be adjudicated in the appropriate courts and a legal right to be paid or the establishing of a legal right of the City to be repaid shall be established in the appropriate court.

#### 12. Compliance with Permits and Laws.

Contractor agrees to comply with any applicable federal, state and local laws and regulations. The Contractor shall acquire and maintain in good standing all permits, licenses and other entitlements necessary to its performance under this Contract. All actions taken by the Contractor under this Contract shall comply with all applicable federal and state statutes (to include the Fair Debt Collection Practices Act, 15 U.S.C. 1692), ordinances, rules and regulations.

- 13. <u>Maintenance of Records</u>. Contractor shall maintain documentation for all charges against City. The books, records, and documents of Contractor, insofar as they relate to work performed or money received under the Contract, shall be maintained for a period of three (3) full years from the date of final payment and will be subject to audit, at any reasonable time and upon reasonable notice by City or its duly appointed representatives. The records shall be maintained in accordance with generally accepted accounting principles.
- 14. <u>Confidentiality of NCIC Driver License & Registration Information</u>. Contractor shall maintain the confidentiality of all driver license and registration information obtained from the City through NCIC and shall not disclose such information to any third party.
- Monitoring. The Contractor's activities conducted and records maintained pursuant to this Contract shall be subject to monitoring and evaluation by City, or their duly appointed representatives.
- 16. <u>City Property</u>. Any City property, including but not limited to books, records and equipment, that is in Contractor's possession shall be maintained by Contractor in good condition and repair, and shall be returned to City by Contractor upon termination of the Contract. All goods, documents, records, and other work product and property produced during the performance of this Contract are deemed to be City property.
- 17. <u>Modification of Contract</u>. This Contract may be modified only by written amendment executed by all parties and their signatories hereto.
- 18. <u>Partnership/Joint Venture</u>. Nothing herein shall in any way be construed or intended to create a partnership or joint venture between the parties or to create the relationship of principal and agent between or among any of the parties. None of the parties hereto shall hold itself out in a manner contrary to the terms of this paragraph. No party shall become liable for any representation, act or omission of any other party contrary to the terms of this paragraph.

- <u>Waiver</u>. No waiver of any provision of this Contract shall affect the right of any party thereafter to enforce such provision or to exercise any right or remedy available to it in the event of any other default.
- 20. <u>Employment</u>. Contractor shall not subscribe to any personnel policy which permits or allows for the promotion, demotion, employment, dismissal or laying off of any individual due to race, creed, color, national origin, age, sex, veteran status, or any other status or class protected under federal or state law or which is in violation of applicable laws concerning the employment of individuals with disabilities.
- 21. Non-Discrimination. It is the policy of the City not to discriminate on the basis of age, race, sex, color, national origin, veteran status, disability, or other status or class protected under federal or state law in its hiring and employment practices, or in admission to, access to, or operation of its programs, services, and activities. With regard to all aspects of this Contract, Contractor certifies and warrants it will comply with this policy. No person shall be excluded from participation in, be denied benefits of, be discriminated against in the admission or access to, or be discriminated against in treatment or employment in City's contracted programs or activities, on the grounds of handicap and/or disability, age, race, color, religion, sex, national origin, or any other classification protected by federal or Tennessee State Constitutional or statutory law; nor shall they be excluded from participation in, be denied to discrimination in the performance of contracts with City or in the employment practices of City's Contractors. Accordingly, all proposers entering into contracts with City shall, upon request, be required to show proof of such nondiscrimination and to post in conspicuous places that are available to all employees and applicants, notices of nondiscrimination.
- 22. <u>Insurance</u>. During the term of this Contract, Contractor shall maintain comprehensive general liability insurance with limits of not less than one million dollars, as well as automotive and workers' compensation insurance policies. A certificate of insurance, in a form satisfactory to City, evidencing said coverage shall be provided to City prior to commencement of performance of this Contract. Throughout the term of this Contract, Contractor shall provide an updated certificate of insurance upon expiration of the current certificate.
- 23. <u>Gratuities and Kickbacks</u>. It shall be a breach of ethical standards for any person to offer, give or agree to give any employee or former employee, or for any employee or former employee to solicit, demand, accept or agree to accept from another person, a gratuity or an offer of employment in connection with any decision, approval, disapproval, recommendation, preparation of any part of a program requirement or a purchase request, influencing the content of any specification or procurement standard, rendering of advice, investigation, auditing or in any other advisory capacity in any proceeding or application, request for ruling, determination, claim or controversy or other particular matter, pertaining to any program requirement of a contract or subcontract or to any solicitation or proposal therefore. It shall be a breach of ethical standards for any payment, gratuity or offer of employment to be made by or on behalf of a subcontractor under a contract to the prime contractor or higher tier subcontractor or a person associated therewith, as an inducement for the award of a subcontract, a breach of ethical standards which may result in civil or criminal sanction and/or debarment or suspension from being a contractor or subcontractor under City contracts.
- Indemnification and Hold Harmless. Contractor shall indemnify and hold harmless City, its officers, agents and employees from:

- A. Any claims, damages, costs and attorney fees for injuries or damages arising, in part or in whole, from the negligent or intentional acts or omissions of Contractor, its officers, employees and/or agents, including its sub or independent contractors, in connection with the performance of the Contract, and,
- B. Any claims, damages, penalties, costs and attorney fees arising from any failure of Contractor, its officers, employees and/or agents, including it sub or independent contractors, to observe applicable laws, including, but not limited to, labor laws and minimum wage laws.
- C. Contractor shall pay City any expenses incurred as a result of Contractor's failure to fulfill any obligation in a professional and timely manner under this Contract.
- 25. <u>Attorney General Opinion 93-01</u>. Pursuant to Tennessee Attorney General Opinion 93-01, City will not indemnify, defend or hold harmless in any fashion the Contractor from any claims arising from any failure, regardless of any language in any attachment or other document that the Contractor may provide.
- 26. <u>Attorney Fees</u>. Contractor agrees that, in the event either party deems it necessary to take legal action to enforce any provision of the Contract, and in the event City prevails, Contractor shall pay all expenses of such action including City's attorney fees, expenses, and costs at all stages of the litigation and dispute resolution.
- 27. <u>Assignment--Consent Required</u>. The provisions of this Contract shall inure to the benefit of and shall be binding upon the respective successors and assignees of the parties hereto. Except for the rights of money due to Contractor under this Contract, neither this Contract nor any of the rights and obligations of Contractor hereunder shall be assigned or transferred in whole or in part without the prior written consent of City. Any such assignment or transfer shall not release Contractor from its obligations hereunder. NOTICE OF ASSIGNMENT OF ANY RIGHTS TO MONEY DUE TO CONTRACTOR UNDER THIS CONTRACT MUST BE SENT TO THE ATTENTION OF CITY MANAGER, CITY OF MURFREESBORO, P.O. BOX 1139, MURFREESBORO, TN 37133-1139.
- 28. <u>Entire Contract</u>. This Contract, the Request for Competitive Sealed Proposals (RFCSP) issued April 6, 2021, Contractor's Competitive Sealed Proposal dated April 27, 2021, and any properly executed amendments to this Contract set forth the entire agreement between the parties with respect to the subject matter hereof and shall govern the respective duties and obligations of the parties.
- 29. <u>Force Majeure</u>. No party shall have any liability to the other hereunder by reason of any delay or failure to perform any obligation or covenant if the delay or failure to perform is occasioned by *force majeure*, meaning any act of God, storm, fire, casualty, unanticipated work stoppage, strike, lockout, labor dispute, civil disturbance, riot, war, national emergency, act of public enemy, or other cause of similar or dissimilar nature beyond its control.
- 30. <u>Governing Law</u>. The validity, construction and effect of this Contract and any and all extensions and/or modifications thereof shall be governed by the laws of the State of Tennessee. Tennessee law shall govern regardless of any language in any attachment or other document that the Contractor may provide.
- **31.** <u>Venue</u>. Any action between the parties arising from this agreement shall be maintained in the courts of Rutherford County, Tennessee.

- 32. <u>Severability</u>. Should any provision of this Contract be declared to be invalid by any court of competent jurisdiction, such provision shall be severed and shall not affect the validity of the remaining provisions of this Contract.
- **33.** <u>Effective Date</u>. This Contract shall not be binding upon the parties until it has been signed first by the Contractor and then by the authorized representatives of the City. When it has been so signed, this Contract shall be effective as of the date first written above.

# **COUNCIL COMMUNICATION**

Meeting Date: 06-30-2022

Item Title:	Purchase of Westlaw Subscription from Thomson Reuters		
Department:	Legal Department		
Presented by:	Adam Tucker, City Attorney		
<b>Requested</b> Coun	cil Action:		
	Ordinance 🛛		
	Resolution		
	Motion		
	Direction		
	Information		

#### Summary

Three-year West Proflex subscription ("Westlaw") for online legal research from Thomson Reuters/West Publishing Corporation.

## Staff Recommendation

Approve attached contract with Thomson Reuters/West Publishing Corporation.

## **Background Information**

Westlaw is an online legal research service and proprietary database for lawyers and legal professionals. Information resources on Westlaw include more than 40,000 databases of case law, state and federal statutes, administrative codes, newspaper and magazine articles, public records, law journals, law reviews, treatises, legal forms, and other information resources. The City's Legal Department has maintained a Westlaw subscription for nearly two decades. The Department's attorneys use Westlaw services as their primary legal research tool.

Because of the unique nature of the databases offerings, this purchases qualifies as a sole-source. The cost of this service the first year is \$28,661. After the first year, the fee increases 5% per year for the next two years. Sufficient funds were included in the Legal Department's FY23 budget to cover the first year of the contract.

## **Council Priorities Served**

## Responsible budgeting

Database subscription are essential to efficient delivery of high-quality legal guidance by the City's legal staff and, therefore, offer substantial savings relative to the cost of service provision without these resources.

## **Fiscal Impacts**

The expense, for FY23, \$28,661, is funded by the Department's operating fund and future funding will be incorporated into the Department operating budget as well.

#### ProFlex Products See Attachment for details

Material #	Product	Monthly Charges	Minimum Terms (Months)
40757482	West Proflex	\$2,388.40	36

#### **Minimum Terms**

Your subscription is effective upon the date we process your order ("Effective Date") and Monthly Charges will be prorated for the number of days remaining in that month, if any. Your subscription will continue for the number of months listed in the Minimum Term column above counting from the first day of the month following the Effective Date. Your Monthly Charges during the first twelve (12) months of the Minimum Term are as set forth above. If your Minimum Term is longer than 12 months, then your Monthly Charges for each year of the Minimum Term are displayed in the Attachment to the Order Form.

#### Post Minimum Terms

At the end of the Minimum Term, we will notify you of any change in Monthly Charges at least 60 days before each 12-month term starts. Either of us may cancel the Post-Minimum Term subscription by sending at least 30 days written notice.

Federal Government Subscribers Optional Minimum Term. Federal government subscribers that chose a multi-year Minimum Term, those additional months will be implemented at your option pursuant to federal law.

**Banded Product Subscriptions.** You certify your total number of attorneys (partners, shareholders, associates, contract or staff attorneys, of counsel, and the like), corporate users, personnel or full-time-equivalent students is indicated in this Order Form. Our pricing for banded products is made in reliance upon your certification. If we learn that the actual number is greater or increases at any time, we reserve the right to increase your charges as applicable.

#### Miscellaneous

**Applicable Law.** If you are a state or local governmental entity, your state's law will apply and any claim may be brought in the state or federal courts located in your state. If you are a non-governmental entity, this Order Form will be interpreted under Minnesota state law and any claim by one of us may be brought in the state or federal courts in Minnesota. If you are a United States Federal Government Customer, United States federal law will apply and any claim may be brought in any federal court.

**Charges, Payments & Taxes.** You agree to pay all charges in full within 30 days of the date of invoice. You are responsible for any applicable sales, use, value added tax (VAT), etc. unless you are tax exempt. If you are a non-government customer and fail to pay your invoiced charges, you are responsible for collection costs including attorneys' fees.

**Excluded Charges And Schedule A Rates.** If you access products or services that are not included in your subscription you will be charged our then-current rate ("Excluded Charges"). Excluded Charges will be invoiced and due with your next payment. For your reference, the current Excluded Charges schedules are located in the below link Excluded Charges may change from time-to-time upon 30 days written or online notice.

We may, at our option, make certain products and services Excluded Charges if we are contractually bound or otherwise required to do so by a third party provider or if products or services are enhanced or if new products or services are released after the effective date of this ordering document. Modification of Excluded Charges or Schedule A rates is not a basis for termination under paragraph 10 of the General Terms and Conditions.

http://static.legalsolutions.thomsonreuters.com/static/agreement/plan-2-pro-govt-agencies.pdf

eBilling Contact. All invoices for this account will be emailed to your e-Billing Contact(s) unless you have notified us that you would like to be exempt from e-Billing.

**Credit Verification**. If you are applying for credit as an individual, we may request a consumer credit report to determine your creditworthiness. If we obtain a consumer credit report, you may request the name, address and telephone number of the agency that supplied the credit report. If you are applying for credit on behalf of a business, we may request a current business financial statement from you to consider your request.

Cancellation Notification Address. Send your notice of cancellation to Customer Service, 610 Opperman Drive, P.O. Box 64833, Eagan MN 55123-1803

**Returns and Refunds.** You may return a print product to us within 45 days of the original shipment date if you are not completely satisfied. Please see <a href="http://static.legalsolutions.thomsonreuters.com/static/returns-refunds.pdf">http://static.legalsolutions.thomsonreuters.com/static/returns-refunds.pdf</a> or contact Customer Service at 1-800-328-4880 for additional details regarding our policies on returns and refunds.

**Product Specific Terms.** The following products have specific terms which are incorporated by reference and made part of this Order Form if they apply to your order. They can be found at <a href="https://static.legalsolutions.thomsonreuters.com/static/ThomsonReuters-General-Terms-Conditions-PST.pdf">https://static.legalsolutions.thomsonreuters.com/static/ThomsonReuters-General-Terms-Conditions-PST.pdf</a>. If the product is not part of your order, the product specific terms do not apply. If there is a conflict between product specific terms and the Order Form, the product specific terms control.

#### Amended Terms and Conditions

#### Government Non-Availability of Funds for Online, Practice Solutions or Software Products

You may cancel a product or service with at least 30 days written notice if you do not receive sufficient appropriation of funds. Your notice must include an official document, (e.g., executive order, an officially printed budget or other official government communication) certifying the non-availability of funds. You will be invoiced for all charges incurred up to the effective date of the cancellation.

#### For Law Enforcement Agencies and Correctional Facilities Only - No Inmate Westlaw or CLEAR Access (direct or indirect)

I certify, on behalf of Subscriber, that I understand and accept the security limits of Westlaw or CLEAR; Subscriber's responsibility for controlling Westlaw, CLEAR, internet and network access; and, how Subscriber will be using Westlaw or CLEAR. I acknowledge Subscriber's responsibility for providing West with prompt written notice if Subscriber's type of use changes.

Only non-inmates/administrative staff will access Westlaw or CLEAR with no direct Westlaw research results provided to inmates (including work product created as part of inmates' legal representation) In no event shall anyone other than Subscriber's approved employees be provided access to or control of any terminal with access to Westlaw or Westlaw Data.

Functionality of Westlaw or CLEAR cannot and does not limit access to non-West internet sites. It is Subscriber's responsibility to control access to the internet.

Subscriber will provide its own firewall, proxy servers or other security technologies as well as desktop security to limit access to the Westlaw Or CLEAR URL and West software (including CD-ROM orders). Subscriber will design, configure and implement its own security configuration.

Subscriber will not use any data nor distribute any data to a third party for use, in a manner contrary to or in violation of any applicable federal, state, or local law, rule or regulation or in any manner inconsistent with the General Terms and Conditions.

Subscriber will maintain the most current version of the West software to access CD-ROM Products for security purposes.

Re: City of Murfreesboro Maintenance Contract for 2022-2023

Enclosed, you will find the new contract for Fiscal Year 2022-2023.

Please read the contract, add labor rates on the *Exhibit B* page, sign in the appropriate places and return to our office. After you have signed the new contract and returned it to us, we will forward the contract to our office in Nashville for signatures. Once the Commissioner and our attorney have signed the contract, we will return a signed copy to you for your records.

If you have any questions, please feel free to contact me at 931.270.5030.

Thank you,

Jarrod Bonar, PE, TDOT Operations District Supervisor

#### CONTRACT BETWEEN THE STATE OF TENNESSEE, DEPARTMENT OF TRANSPORTATION AND CITY OF MURFREESBORO

This Contract, by and between the State of Tennessee, Department of Transportation, hereinafter referred to as the 'State" and City of Murfreesboro, hereinafter referred to as the "Contractor," is for the provision of the routine maintenance of state routes, as further defined in the "SCOPE OF SERVICES."

Contractor Edison Registration ID # 0000004110 Contract #: CMA 2364

#### A. SCOPE OF SERVICES:

- A.1. The Contractor shall provide all service and deliverables as required, described, and detailed herein and shall meet all service and delivery timelines as specified by this Contract.
- A.2. Tenn. Code Ann. § 54-5-201 provides that the State is authorized to enter into contracts with municipalities regarding the improvement and maintenance of streets over which traffic on state highways is routed.
- A.3. Tenn. Code Ann. § 54-5-202 provides that streets constructed, reconstructed, improved and maintained by the State shall be of a width and type that the State deems proper, but the width so constructed, reconstructed, improved and maintained shall not be less than eighteen feet (18'); and, in the case of resurfacing and maintenance, from curb to curb where curbs exist, or the full width of the roadway where no curbs exist.
- A.4. Tenn. Code Ann. § 54-5-203 provides that the State is authorized to enter into contracts with municipalities that are organized to care for streets to reimburse, subject to the approval of the State, for improvements and maintenance.
- A.5. Tenn. Code Ann. § 54-16-106 provides that the highway authorities of the state, counties, cities, and town are authorized to enter into agreements with each other respecting the improvement and maintenance of controlled-access facilities, defined by Tenn. Code Ann. § 54-16-101 as a highway or street specially designed for through traffic, and over, from or to which owners or occupants of abutting land or other persons have no right or easement of access from abutting properties.
- A.6. Tenn. Code Ann. § 54-5-139 provides that the State may enter into a contract with a qualified county to perform maintenance activities upon the rights-of-way of state highways located outside of municipalities and metropolitan governments; and, that the reimbursement shall be on an actual cost basis.
- A.7. The State is hereby contracting with the Contractor for the improvements and maintenance specified in Attachment "Exhibit A" titled "Guidelines Covering Maintenance of State Highways through Municipalities," attached and incorporated hereto as part of this Contract.

#### B. TERM OF CONTRACT:

This Contract shall be effective on July 1, 2022 ("Effective Date"), and extend for a period of twelve (12) months after the Effective Date ("Term"). The State shall have no obligation for goods or services provided by the Contractor prior to the Effective Date.

#### C. PAYMENT TERMS AND CONDITIONS:

C.1. <u>Maximum Liability</u>. In no event shall the maximum liability of the State under this Contract exceed Three Hundred and Ninety-Five Thousand, Six Hundred and Eight Dollars and Fifty-Three Cents (\$395,608.53). The payment rates in section C.3 shall constitute the entire compensation due the Contractor for all service and Contractor obligations hereunder regardless of the difficulty, materials or equipment required. The payment rates include, but are not limited to, all applicable taxes, fees, overheads, and all other direct and indirect costs incurred or to be incurred by the Contractor.

The Contractor is not entitled to be paid the maximum liability for any period under the Contract or any extensions of the Contract for work not requested by the State. The maximum liability represents available funds for payment to the Contractor and does not guarantee payment of any such funds to the Contractor under this Contract unless the State requests work and the Contractor performs said work. In which case, the Contractor shall be paid in accordance with the payment rates detailed in section C.3. The State is under no obligation to request work from the Contractor in any specific dollar amounts or to request any work at all from the Contractor during any period of this Contract.

- C.2. <u>Compensation Firm</u>. The payment rates and the maximum liability of the State under this Contract are firm for the duration of the Contract and are not subject to escalation for any reason unless amended.
- C.3. <u>Payment Methodology</u>. The Contractor shall be compensated based on the payment rates herein for units of service authorized by the State in a total amount not to exceed the Contract Maximum Liability established in section C.1.
  - a. The Contractor's compensation shall be contingent upon the satisfactory completion of units, milestones, or increments of service defined in section A.
  - b. The Contractor shall be compensated for said units, milestones, or increments of service based upon the following payment rates:

Service Description	Amount (per compensable increment)
Exhibit A titled "Guidelines Covering Maintenance of State Highways through Municipalities"	See Exhibit A
Exhibit B containing the maximum allowable labor and equipment rates.	See Exhibit B

- C.4. <u>Travel Compensation</u>. The Contractor shall not be compensated or reimbursed for travel, meals, or lodging.
- C.5. <u>Invoice Requirements</u>. The Contractor shall invoice the State only for completed increments of service and for the amount stipulated in section C.3, above, and present said invoices no more often than monthly, with all necessary supporting documentation, to:

TN Department of Transportation 2099 Fayetteville Highway Belfast, TN 37019

- a. Each invoice shall clearly and accurately detail all of the following required information (calculations must be extended and totaled correctly).
  - (1) Invoice Number (assigned by the Contractor)
  - (2) Invoice Date

- (3) Contract Number (assigned by the State)
- (4) Customer Account Name: Tennessee Department of Transportation
- (5) Customer Account Number (assigned by the Contractor to the above-referenced Customer)
- (6) Contractor Name
- (7) Contractor Tennessee Edison Registration ID Number Referenced in Preamble of this Contract
- (8) Contractor Contact for Invoice Questions (name, phone, and/or fax)
- (9) Contractor Remittance Address
- (10) Description of Delivered Service
- (11) Complete Itemization of Charges, which shall detail the following:
  - i. Service or Milestone Description (including name & title as applicable) of each service invoiced
  - ii. Number of Completed Units, Increments, Hours, or Days as applicable, of each service invoiced
  - iii. Applicable Payment Rate (as stipulated in Section C.3.) of each service invoiced
  - iv. Amount Due by Service
  - v. Total Amount Due for the invoice period
- b. The Contractor understands and agrees that an invoice under this Contract shall:
  - include only charges for service described in Contract Section A and in accordance with payment terms and conditions set forth in Contract Section C;
  - (2) only be submitted for completed service and shall not include any charge for future work;
  - (3) not include sales tax or shipping charges; and
  - (4) initiate the timeframe for payment (and any discounts) only when the State is in receipt of the invoice, and the invoice meets the minimum requirements of this section C.5.
- C.6. <u>Payment of Invoice</u>. A payment by the State shall not prejudice the State's right to object to or question any payment, invoice, or matter in relation thereto. A payment by the State shall not be construed as acceptance of any part of the work or service provided or as approval of any amount invoiced.
- C.7. <u>Invoice Reductions</u>. The Contractor's invoice shall be subject to reduction for amounts included in any invoice or payment theretofore made which are determined by the State, on the basis of audits conducted in accordance with the terms of this Contract, not to constitute proper remuneration for compensable services.
- C.8. <u>Deductions</u>. The State reserves the right to deduct from amounts, which are or shall become due and payable to the Contractor under this or any contract between the Contractor and the State of Tennessee any amounts, which are or shall become due and payable to the State of Tennessee by the Contractor.
- C.9. <u>Prerequisite Documentation</u>. The Contractor shall not invoice the State under this Contract until the State has received the following documentation properly completed.
  - a. The Contractor shall complete, sign, and present to the State the "Authorization Agreement for Automatic Deposit Form" provided by the State. By doing so, the Contractor acknowledges and agrees that, once this form is received by the State, payments to the Contractor, under this or any other contract the Contractor has with the State of Tennessee, may be made by ACH; and
  - b. The Contractor shall complete, sign, and return to the State the State-provided W-9 form. The taxpayer identification number on the W-9 form must be the same as the

Contractor's Federal Employer Identification Number or Social Security Number referenced in the Contractor's Edison registration information.

#### D. STANDARD TERMS AND CONDITIONS:

- D.1. <u>Required Approvals</u>. The State is not bound by this Contract until it is signed by the contract parties and approved by appropriate officials in accordance with applicable Tennessee laws and regulations (depending upon the specifics of this contract, said officials may include, but are not limited to, the Commissioner of Finance and Administration, the Commissioner of Human Resources, and the Comptroller of the Treasury).
- D.2. <u>Modification and Amendment</u>. This Contract may be modified only by a written amendment signed by all parties hereto and approved by both the officials who approved the base contract and, depending upon the specifics of the contract as amended, any additional officials required by Tennessee laws and regulations (said officials may include, but are not limited to, the Commissioner of Finance and Administration, the Commissioner of Human Resources, and the Comptroller of the Treasury).
- D.3. <u>Termination for Convenience</u>. The State may terminate this Contract without cause for any reason. Said termination shall not be deemed a breach of contract by the State. The State shall give the Contractor at least thirty (30) days written notice before the effective termination date. The Contractor shall be entitled to compensation for satisfactory, authorized service completed as of the termination date, but in no event shall the State be liable to the Contractor for compensation for any service which has not been rendered. Upon such termination, the Contractor shall have no right to any actual general, special, incidental, consequential, or any other damages whatsoever of any description or amount.
- D.4. <u>Termination for Cause</u>. If the Contractor fails to properly perform its obligations under this Contract in a timely or proper manner, or if the Contractor violates any terms of this Contract, the State shall have the right to immediately terminate the Contract and withhold payments in excess of fair compensation for completed services. Notwithstanding the above, the Contractor shall not be relieved of liability to the State for damages sustained by virtue of any breach of this Contract by the Contractor.
- D.5. <u>Subcontracting</u>. The Contractor shall not assign this Contract or enter into a subcontract for any of the services performed under this Contract without obtaining the prior written approval of the State. If such subcontracts are approved by the State, each shall contain, at a minimum, sections of this Contract below pertaining to "Conflicts of Interest," "Nondiscrimination," and "Records" (as identified by the section headings). Notwithstanding any use of approved subcontractors, the Contractor shall be the prime contractor and shall be responsible for all work performed.
- D.6. <u>Conflicts of Interest</u>. The Contractor warrants that no part of the total Contract Amount shall be paid directly or indirectly to an employee or official of the State of Tennessee as wages, compensation, or gifts in exchange for acting as an officer, agent, employee, subcontractor, or consultant to the Contractor in connection with any work contemplated or performed relative to this Contract.
- D.7. <u>Nondiscrimination</u>. The Contractor hereby agrees, warrants, and assures that no person shall be excluded from participation in, be denied benefits of, or be otherwise subjected to discrimination in the performance of this Contract or in the employment practices of the Contractor on the grounds of handicap or disability, age, race, color, religion, sex, national origin, or any other classification protected by Federal, Tennessee State constitutional, or statutory law. The Contractor shall, upon request, show proof of such nondiscrimination and shall post in conspicuous places, available to all employees and applicants, notices of nondiscrimination.
- D.8. <u>Records</u>. The Contractor shall maintain documentation for all charges under this Contract. The books, records, and documents of the Contractor, insofar as they relate to work performed or money received under this Contract, shall be maintained for a period of three (3) full years from the date of the final payment and shall be subject to audit at any reasonable time and upon

reasonable notice by the State, the Comptroller of the Treasury, or their duly appointed representatives. The financial statements shall be prepared in accordance with generally accepted accounting principles.

- D.9. <u>Prevailing Wage Rates</u>. All contracts for construction, erection, or demolition or to install goods or materials that involve the expenditure of any funds derived from the State require compliance with the prevailing wage laws as provided in *Tennessee Code Annotated*, Section 12-4-401 *et seq.*.
- D.10. <u>Monitoring</u>. The Contractor's activities conducted and records maintained pursuant to this Contract shall be subject to monitoring and evaluation by the State, the Comptroller of the Treasury, or their duly appointed representatives.
- D.11. <u>Progress Reports</u>. The Contractor shall submit brief, periodic, progress reports to the State as requested.
- D.12. <u>Strict Performance</u>. Failure by any party to this Contract to insist in any one or more cases upon the strict performance of any of the terms, covenants, conditions, or provisions of this Contract shall not be construed as a waiver or relinquishment of any such term, covenant, condition, or provision. No term or condition of this Contract shall be held to be waived, modified, or deleted except by a written amendment signed by the parties hereto.
- D.13. Independent Contractor. The parties hereto, in the performance of this Contract, shall not act as employees, partners, joint venturers, or associates of one another. It is expressly acknowledged by the parties hereto that such parties are independent contracting entities and that nothing in this Contract shall be construed to create a employer/employee relationship or to allow either to exercise control or direction over the manner or method by which the other transacts its business affairs or provides its usual services. The employees or agents of one party shall not be deemed or construed to be the employees or agents of the other party for any purpose whatsoever.

The Contractor, being a Tennessee governmental entity, is governed by the provisions of the Tennessee Government Tort Liability Act, *Tennessee Code Annotated*, Sections 29-20-101 *et seq.*, for causes of action sounding in tort. Further, no contract provision requiring a Tennessee political entity to indemnify or hold harmless the State beyond the liability imposed by law is enforceable because it appropriates public money and nullifies governmental immunity without the authorization of the General Assembly.

- D.14. State Liability. The State shall have no liability except as specifically provided in this Contract.
- D.15. <u>Force Majeure</u>. The obligations of the parties to this Contract are subject to prevention by causes beyond the parties' control that could not be avoided by the exercise of due care including, but not limited to, natural disasters, riots, wars, epidemics, or any other similar cause.
- D.16. <u>State and Federal Compliance</u>. The Contractor shall comply with all applicable State and Federal laws and regulations in the performance of this Contract.
- D.17. <u>Governing Law</u>. This Contract shall be governed by and construed in accordance with the laws of the State of Tennessee. The Contractor agrees that it will be subject to the exclusive jurisdiction of the courts of the State of Tennessee in actions that may arise under this Contract. The Contractor acknowledges and agrees that any rights or claims against the State of Tennessee or its employees hereunder, and any remedies arising therefrom, shall be subject to and limited to those rights and remedies, if any, available under *Tennessee Code Annotated*, Sections 9-8-101 through 9-8-407.
- D.18. <u>Completeness</u>. This Contract is complete and contains the entire understanding between the parties relating to the subject matter contained herein, including all the terms and conditions of the parties' agreement. This Contract supersedes any and all prior understandings, representations, negotiations, and agreements between the parties relating hereto, whether written or oral.

- D.19. <u>Severability</u>. If any terms and conditions of this Contract are held to be invalid or unenforceable as a matter of law, the other terms and conditions hereof shall not be affected thereby and shall remain in full force and effect. To this end, the terms and conditions of this Contract are declared severable.
- D.20. <u>Headings</u>. Section headings of this Contract are for reference purposes only and shall not be construed as part of this Contract.

#### E. SPECIAL TERMS AND CONDITIONS:

- E.1. <u>Conflicting Terms and Conditions</u>. Should any of these special terms and conditions conflict with any other terms and conditions of this Contract, these special terms and conditions shall control.
- E.2. Communications and Contacts. All instructions, notices, consents, demands, or other communications required or contemplated by this Contract shall be in writing and shall be made by certified, first class mail, return receipt requested and postage prepaid, by overnight courier service with an asset tracking system, or by EMAIL or facsimile transmission with recipient confirmation. Any such communications, regardless of method of transmission, shall be addressed to the respective party at the appropriate mailing address, facsimile number, or EMAIL address as set forth below or to that of such other party or address, as may be hereafter specified by written notice.

The State:

Jarrod Bonar, P.E., TDOT Operations District Supervisor State of Tennessee, Department of Transportation 2099 Fayetteville Highway Belfast, TN 37019 jarrod.bonar@tn.gov Telephone # (931)-270-5030 FAX # (931)-276-2333

The Contractor:

Raymond Hillis, Director, Street Division City of Murfreesboro 620 West Main Street Murfreesboro, TN 37130 rhillis@murfreesborotn.gov Telephone # (615)-893-4380

All instructions, notices, consents, demands, or other communications shall be considered effectively given upon receipt or recipient confirmation as may be required.

- E.3. <u>Subject to Funds Availability</u>. The Contract is subject to the appropriation and availability of State and/or Federal funds. In the event that the funds are not appropriated or are otherwise unavailable, the State reserves the right to terminate the Contract upon written notice to the Contractor. Said termination shall not be deemed a breach of Contract by the State. Upon receipt of the written notice, the Contractor shall cease all work associated with the Contract. Should such an event occur, the Contractor shall be entitled to compensation for all satisfactory and authorized services completed as of the termination date. Upon such termination, the Contractor shall have no right to recover from the State any actual, general, special, incidental, consequential, or any other damages whatsoever of any description or amount.
- E.4. <u>MUTCD</u>. In accordance with Tenn. Code Ann. 54-5-108, the Contractor shall conform to and act in accordance with the current edition of the Manual on Uniform Traffic Control Devices (MUTCD) as adopted by rules of the State. Particularly, the Contractor shall sign work-zones associated with this Contract in accordance with the aforesaid MUTCD.

E. 5. <u>Maintenance</u>. Nothing contained in this Contract shall change the maintenance obligations governed by the laws of the State of Tennessee, it being the intent of this Contract not to enlarge the present maintenance obligations of the State.

#### "EXHIBIT A"

#### GUIDELINES COVERING MAINTENANCE OF STATE HIGHWAYS THROUGH MUNICIPALITIES

The following items where applicable are eligible for reimbursement by the State to the Contractor under the Standard Maintenance Agreement:

Activity	Maintenance Work Type	Unit Of Measure
401	Manual Spot Patching	Tons
402	Crack Repair	Pounds
404	Mechanical Continuous Patching	Tons
405	Milling	Square Yards
406	Surface Replacement	Tons
411	Concrete Pavement Repair	Cubic Yards
412	Concrete Joint Repair	Linear Feet
425	Grading Unpaved Surface (Shoulder)**	Linear Miles
427	Patching Unpaved Surface (Shoulder)**	Tons
435	Machine Mowing**	Acres
438	Debris Removal**	Man Hours
441	Litter Removal**	Roadway Miles
446	Mechanical Sweeping and Street Flushing	Miles
447	Manual Roadway Sweeping	Man Hours
460	Plowing Snow	Lane Miles
461	De-icing Salt and/or Sand for Snow & Ice Removal	Tons
463	Anti-icing (Salt Brine)	Gallons
470	Pavement Markings	Line Miles
471	Specialty Markings	Each

\*\* Work must be inside the area eligible for reimbursements as detailed in "CITY MAINTENANCE ROADWAY TYPICAL SECTIONS".

The following items are the responsibility of the Contractor and are not eligible for reimbursement by the State:

- 1. Mowing right-of-way back of curbs or beyond edge of paved surface on roadway segments which are not access controlled.
- 2. Litter from right-of-way back of curbs or beyond edge of paved surface on roadway segments which are not access controlled.
- 3. Storm drainage
- 4. Traffic control signs and signals and any other traffic control or monitoring devices.
- 5. Street lighting
- 6. Street name signs
- 7. Tree removal and vegetation control on right-of-way back of curbs or beyond edge of paved surface on roadway segments which are not access controlled.
- 8. Sidewalks

NOTE:

- 1. Major resurfacing when generally required will be performed by the State as a construction project, in accordance with a program developed after consultation with the Contractor.
- 2. The State will furnish and maintain route markers through the Municipalities.

## ROADWAY SURFACE INVENTORY FOR THE MAINTENANCE OF STATE HIGHWAYS THROUGH MUNICIPALITIES

The following Table itemizes the current roadway surface area to the nearest whole square yard which will be routinely maintained, swept, or flushed by the Contractor under the terms of this contract. The State agrees to reimburse said Contractor in the amount actually expended for street maintenance, excluding machine mowing and litter removal, not to exceed the calculated maximum reimbursement below.

**EXHIBIT A** 

## ROADWAY SURFACE INVENTORY FOR THE MAINTENANCE OF STATE HIGHWAYS THROUGH MUNICIPALITIES

The following Table itemizes the current roadway surface area to the nearest whole square yard which will be routinely maintained, swept, or flushed by the Contractor under the terms of this contract. The State agrees to reimburse said Contractor in the amount actually expended for street maintenance, excluding machine mowing and litter removal, not to exceed the calculated maximum reimbursement below.

#### Summary

Report of asphalt and concrete purchases.

#### **Background Information**

Purchases of asphalt and concrete are made throughout the month and reported with Street Department construction projects. The attached report is provided pursuant to City Code, § 2-10(E)(7) in compliance with this reporting requirement.

Pursuant to the Code, a purchase of perishable commodities made on the open market does not require public advertisement and competitive bids if a record is made by the person authorizing the purchase which specifies the amount paid, the items purchased and from whom the purchase was made in accordance with T.C.A. §6-56-304(7).

#### **Council Priorities Served**

#### Responsible budgeting

Proper procurement ensures best cost savings to the Department and our customers.

#### Maintain public safety

Maintaining the functionality and safe drivability of roadways focuses on public safety and customer service.

#### **Fiscal Impacts**

Asphalt purchases, \$65,000, and concrete purchases, \$35,000, are funded by the Department's FY22 Budget.

Item Title:	Task Order for Cityworks Asset Management System (AMS) Implementation						
Department:	Water Resources						
Presented by:	Darren Gore						
<b>Requested</b> Counc	cil Action:						
	Ordinance 🛛						
	Resolution 🛛						
	Motion						
	Direction 🗆						
	Information						

#### Summary

Professional services task order under True North's Master Services Agreement to implement Cityworks Asset Management System (AMS) with the City's Geographic Information System (GIS).

#### Staff Recommendation

Approve task order with True North, LLC.

#### **Background Information**

Cityworks' Asset Management System (AMS) allows MWRD to migrate from a paper process to track service and work orders to a digital workflow using GIS as the hub. MWRD's Operations & Maintenances and Customer Service divisions will consolidate service and work orders in one system, which will increase preventive maintenance efficiencies and assist in the proactive determination of potential failure of critical assets. AMS will also allow MWRD to review and access inventory of assets quicker and timelier.

Implementation of an asset management system is consistent with the Department's Information Technology Master Plan (January 2013). That plan visualizes a computerized maintenance management system for work order and system monitoring of MWRD's collection and distribution systems.

#### **Council Priorities Served**

#### Responsible budgeting

Highly efficient electronic work orders tied to GIS is designed to benefit MWRD ratepayers.

#### **Fiscal Impact**

The task order is a not to exceed amount of \$75,775. MWRD has \$750,000 budgeted for FY22 and FY23 in our working capital reserve account for AMS implementation.

True North Task Order and Scope of Services Overview

#### True North Client Work: City of Murfreesboro MBORO005-05182022

This Client Work Order, effective as of May 18, 2022, is made pursuant to the Master Services Agreement dated July 1, 2019, ("MSA") by and between True North Geographic Technologies,LLC ("True North") and the City of Murfreesboro ("Client").

1. Scope and Description of Services/Work: Cityworks AMS and Storeroom implementation services for the Water Resources Department (MWRD). This includes configuring Service Requests, Work Orders, and Inspections in AMS for the divisions of MWRD managing the water, wastewater, and stormwater assets and operations of the City.

The scope for this phase does not include any integrations with 3<sup>rd</sup> party applications.

- 2. Work Products/Deliverables: Deliverables include 240 hours of Cityworks AMS configuration services, Storeroom configuration and 80 hours of end user training/coaching.
- 3. Term: May 1, 2022 through August 31, 2022 unless earlier terminated.
- 4. Total Costs: Not to Exceed \$75,775.00

True North

- 5. Supplemental Invoicing and Payment Information: An initial invoice will be submitted after July 1, 2022 for work completed through the end of June 30, 2022. Subsequent invoices will be submitted at the beginning of each month for time worked in the previous month.
- 6. The Designated Project Management Representatives responsible for this Client Work Order:

City of Murfreesboro

	City of Multi resoluto.
David Speight 119 MTCS Rd Murfreesboro, TN 37129 Phone: (615) 890-7728 Fax: (615) 890-7729 E-mail: dspeight@tngeo.com	Darren Gore 111 West Vine Street Murfreesboro, TN 37130 Phone: Fax:
E-man. <u>uspergna</u> ugeo.com	E-mail:

NOTE: Any changes to this Client Work Order, including, but not limited to, any increase in scope, costs, or True North resource hours, shall require a Client Work Order Amendment.

The undersigned designated Client Project Management representative has reviewed and concurs with all aspects of this Client Work Order and is the Client representative authorized to approve True North's expenditure and use of any of this Client Work Order's allotted True North resource hours in the performance of this Client Work Order.

#### CITYWORKS AMS IMPLEMENTATION FOR MWRD – PHASE 1 MASTER SERVICE AGREEMENT - WORK ORDER 5

#### **PROJECT SUMMARY**

The project scope includes configuring Service Requests, Work Orders and Inspections in Cityworks AMS for the Murfreesboro Water and Sewer Department (MWRD). This includes workflows for maintenance of water, wastewater and stormwater assets including mains, valves, pumps, hydrants, manholes and treatment plants.

The scope of work includes implementing Cityworks Storeroom. Cityworks Storeroom tracks incoming and outgoing materials from multiple storage areas, including work vehicles. It also manages stock, material cost, suppliers, and requisitions. Storeroom supports cycle counts, barcode technology, ABC valuation, and LIFO/FIFO and weighted average cost types. Storeroom integrations with MUNIS is not included in this phase.

The MWRD is responsible for all software costs and licensing agreements with the software vendor independent of any professional services provided by True North.

#### **PROJECT APPROACH**

The True North project team would conduct a project kickoff meeting with MWRD Water Department to gather information, review workflows and refine functional requirements. True North will collaborate with MWRD to review GIS layers, provide any recommend enhancements to required GIS layers and publish services on MWRD's existing ArcGIS Enterprise site. True North will work in partnership with MWRD to gather information for Cityworks AMS, including employee information, equipment lists, materials, contractors, and work activities. True North will conduct weekly project calls with MWRD throughout the implementation.

The proposed Cityworks AMS implementation includes 240 hours for configuring work orders, service requests, and inspections on the City of Murfreesboro existing Cityworks environment hosted by True North. True North will configure Cityworks templates and Crystal Reports. The estimated project implementation timeline for Cityworks AMS is approximately 8 to 12 weeks depending on MWRD staff availability.

The Cityworks Storeroom implementation includes configurations and data entry for materials (MaterialUid, Description, Manufacturer, Supplier, Unit Cost and Unit of Measure) and a generic stock-on-hand quantity for each material. The implementation may include multiple storerooms, barcodes and barcode scanners, material updates and audit/inventory parameters.

#### **Training and Support**

During the implementation, True North will be working closely with MWRD Water Department staff to provide Cityworks training and support during each step of the implementation process. Staff will receive training prior to the testing phase with an additional series of training provided in advance of any "go-live" events. Up to 80 hours of training/coaching are included in this project phase.

#### **Key Requirements:**

- Department staff and consultants will be available for project meetings.
- MWRD will designate an executive within the organization to be the project sponsor.
- Department staff and consultants will review deliverables in agreed upon timeframes.
- MWRD or its consultants will provide True North with data, forms, and relevant details for workflows that will be configured in Cityworks AMS and Crystal Reports.
- MWRD will maintain internet and network connections capable of supporting GIS and Cityworks applications and remote server connections.
- MWRD will maintain all required software licenses.
- MWRD staff will seek additional Esri and Cityworks training to supplement knowledge, if needed.
- MWRD will perform an audit to determine an accurate count for material quantities for Storeroom.

#### **Professional Services Cost Summary**

#### COUNCIL COMMUNICATION

#### Meeting Date: 06/30/2022

Item Title:	FY23 Tax Rate Ordinance [Second Reading]			
Department:	Budget			
Presented by:	Erin Tucker, Budget Director			
Requested Council Action:				
	Ordinance	$\boxtimes$		
	Resolution			
	Motion			
	Direction			
	Information			

#### Summary

Approve the new certified property tax rate.

#### Staff Recommendation

Approve and adopt the Tax Rate Ordinance 22-O-12 on 2<sup>nd</sup> and final reading.

#### **Background Information**

The Rutherford County property assessor finalized the City's reappraisal of real and personal property and submitted that information to the State of Tennessee's Board of Equalization. The reassessment resulted in an increase to real and personal property values of approximately 36% which consequently lowered the effective tax rate from \$1.2894 to \$0.9526. Council approved the ordinance on first reading at the June 23, 2022 meeting.

#### **Council Priorities Served**

#### Responsible budgeting

The 2022 tax rate relates to the FY23 budgeted revenues. This rate accepts the State's certified tax rate at 0.9526, which is down from the previous tax rate of \$1.2894.

#### Fiscal Impact

The FY23 Budget did not project a tax rate increase. The rate certified is in-line with next year's budgeted property tax revenues.

#### Attachments

FY23 Tax Rate Ordinance 22-O-12

**ORDINANCE 22-O-12** providing for the levy and collection of a tax for the year 2022 upon all property, real, personal and mixed, within and subject to the jurisdiction of the City of Murfreesboro that is now taxable under the laws and Constitution of the State of Tennessee and the Charter of said City, and for the interest and costs to be added to such taxes after certain dates.

## BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF MURFREESBORO, TENNESSEE, AS FOLLOWS:

#### SECTION 1.

(a) That the City Council having received from the City Manager the statement of the valuation and assessment of taxable property within the City of Murfreesboro for the year 2022, and the estimates of revenues to be received by the City of Murfreesboro for the year 2022, pursuant to Section 83 of the Charter of said City, there be and is hereby levied upon and assessed against every species of property real, personal, and mixed—within the corporate limits and subject to the jurisdiction of the City of Murfreesboro that is taxable by said City of Murfreesboro under the laws and Constitution of the State of Tennessee (including the Charter of the City of Murfreesboro), for the year 2022, the sum of 95.26/100 Dollars (\$0.9526) on every hundred dollars worth of said property.

(b) The individual <u>ad valorem</u> property tax amounts shall be rounded to the nearest dollar. Such rounding shall be applied uniformly to all property tax bills in the City for real and personal property, and shall be accomplished by rounding amounts ending in \$0.01 to \$0.49 down to the nearest dollar and amounts ending in \$0.50 to \$0.99 up to the nearest dollar. Such rounding shall also apply to any interest added to delinquent taxes.

<u>SECTION 2</u>. That all such taxes shall be collected in the manner provided by the Charter and Ordinances of the City of Murfreesboro and the laws of the State of Tennessee not in conflict therewith.

#### SECTION 3.

(a) That all such taxes shall be and become past due and delinquent on and after January 1, 2023, and interest at the rate of one and one-half percent (1.5%) per month, as authorized by T.C.A. § 67-5-2010, shall be applied and added to the amount of such taxes on and after January 1, 2023. Such interest shall be added to the amount of the said taxes, and shall be paid by the taxpayer.

(b) All taxes remaining unpaid and delinquent on January 1, 2023, shall be promptly certified to the City's attorney handling tax collections as provided by the Charter of the City of Murfreesboro, unless such certification shall be delayed by resolution of the City Council for a period or periods of time beyond said date of January 1, 2023; and the costs fixed by the law of the State for collection of delinquent State or County taxes, shall be applied and added to the amount of such taxes, to be paid by the taxpayer on and after January 1, 2023, or on and after such period or

periods of time to which said certification of such taxes to the City's attorney may be delayed or deferred by such resolution of the City Council.

<u>SECTION 4</u>. That this Ordinances take effect from and after its passage upon second and final reading as an emergency Ordinance, an emergency existing, and it being necessary that this Ordinance take effect at the earliest possible moment in order to allow taxpayers to pay their taxes at the earliest possible time, and in order to make available the revenues to be derived from the taxes herein levied to meet current expenditures of the City, the public welfare and the welfare of the City requiring it.

#### **COUNCIL COMMUNICATION**

#### Meeting Date: 06/30/2022

Item Title:	Amending the Zoning Ordinance [Second Reading]			
Department:	Planning			
Presented by:	Matthew Blomeley, AICP, Assistant Planning Director			
Requested Council Action:				
	Ordinance 🛛			
	Resolution 🗆			
	Motion 🗆			
	Direction			
	Information 🗆			

#### Summary

Ordinance amending the Zoning Ordinance regarding alcohol manufacturing.

#### Staff Recommendation

Enact the ordinance amendment.

The Planning Commission recommended approval of this ordinance amendment.

#### **Background Information**

The Planning Department presented an ordinance amendment [2022-802] to amend the Zoning Ordinance as it pertains to alcohol manufacturing, including breweries, distilleries, and wineries. During its regular meeting on May 4, 2022, the Planning Commission conducted a public hearing on this matter and then voted to recommend its approval.

On June 23, 2022, Council held a public hearing and approved this matter on First Reading.

#### **Council Priorities Served**

#### Improve Economic Development

The proposed language will remove regulatory obstacles for a number of alcohol-related uses, such as microbreweries, brewpubs, etc., allowing this industry to grow and flourish within our community and contribute to the local economy.

#### Establish Strong City Brand

The proposed amendment reinforces the City's commitment to customer service, as it seeks to modernize and clarify the City's zoning regulations pertaining to alcohol-related uses.

#### **Attachments:**

Ordinance 22-0-13

**ORDINANCE 22-O-13** amending Murfreesboro City Code Appendix A—Zoning, Sections 2, 7, 24, Chart 4, Chart 1 and Chart 1 Endnotes, dealing with alcohol manufacturing, City of Murfreesboro Planning Department, applicant [2022-802].

### BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF MURFREESBORO, TENNESSEE, AS FOLLOWS:

<u>SECTION 1</u>. Appendix A, Section 2, Interpretations and Definitions, of the Murfreesboro City Code is hereby amended in the Definitions subsection by inserting the following definitions in proper alphabetical order:

*Artisan (use)*: A small commercial use for individual craft making or manufacturing that may be suitable outside of industrial zones. Artisan uses will typically involve work by hand or with limited smaller machinery. Representative artisan uses may include (without limitation) the preparation, display, and sale of individually crafted artwork, jewelry, furniture, sculpture, pottery, leathercraft, metalwork, hand-woven articles, and related items, as well as uses specifically defined as "artisan" herein. The total floor area for artisan uses shall not exceed 3,000 square feet.

*Artisan Brewery*: A small commercial use Brewery that manufactures no more than 600 barrels of finished product containing beer per month. The total floor area used for brewing, including bottling, canning, kegging, and storage, shall not exceed 3,000 square feet. Accessory activities may include those activities and uses listed in Chart 1, Endnote 29.

Artisan Distillery: A small commercial use Distillery that manufactures no more than 5,500 gallons of finished product containing spirituous liquors or alcohol per month. The total floor area used for distilling, including bottling and barreling, shall not exceed 3,000 square feet. Accessory activities may include those activities and uses listed in Chart 1, Endnote 29.

*Artisan Winery*: A small commercial use Winery that manufactures no more than 5,500 gallons of finished product containing wine or mead per month. The total floor area used for vinting, including bottling and barreling, shall not exceed 3,000 square feet. Accessory activities may include those activities and uses listed in Chart 1, Endnote 29.

*Barrel (beer)*: A standard unit of measurement for the brewing of beer and/or similar beverages which equals 31 gallons.

*Brewery*: An industrial use facility that brews ales, beers, and/or similar beverages on site. The brewing operation processes water, malt (or approved substitutes for malt), hops, yeast, and other ingredients into beer or ale by mashing, cooking, and fermenting. For the purposes of this Zoning Ordinance, this definition includes the manufacturing, blending, and bottling of malt beverages. "Beer" and "malt beverage" shall further have those definitions as provided by the federal Internal Revenue Code, the Federal Alcohol Administration Act, and the U.S. Alcohol and Tobacco Tax and Trade Bureau regulations, as may be amended from time to time. Breweries are classified as a use that manufactures more than 1,250 barrels per month. Accessory activities may include those activities and uses listed in Chart 1, Endnote 20.

Brewery, Micro: (See Microbrewery.)

Brewery, Artisan: (See Artisan Brewery.)

*Distillery*: An industrial use facility where any process of distillation of spirituous liquor or alcohol other than beer or wine is carried on, or where any process of rectification of such spirituous liquor or alcohol is carried on, or where any such spirituous liquors or alcohol are manufactured, produced, rectified, blended, or bottled from any substance whatever by any process other than, or in addition to, fermentation. Accessory activities may include those activities and uses listed in Chart 1, Endnote 20.

#### Distillery, Artisan: (See Artisan Distillery.)

*Microbrewery*: A commercial use Brewery that manufactures no more than 1,250 barrels of beer per month. Accessory activities may include those activities and uses listed in Chart 1, Endnote 29.

*Restaurant, Brewpub*: A restaurant that manufactures up to 425 barrels of beer per month on-premises for either consumption on premises or off premises and primarily sold directly to the consumer. The area used for brewing, including inventory storage, shall not exceed 35 percent of the total gross floor area of the commercial space. Accessory activities may include those activities and uses listed in Chart 1, Endnote 30.

*Tasting Room*: An area within a distillery (including an artisan distillery), a winery (including an artisan winery) or a brewery (including a microbrewery and/or artisan brewery) which serves and sells products produced by the distillery, winery, or brewery in association with tours of the facility. The sale of prepared food is prohibited; however, the sale of small prepackaged food items and/or the incidental provision of food without compensation is allowed.

*Winery*: An industrial use facility in which wine and/or mead is manufactured from any fruit, honey, or other products (whether grown/produced on-premises or off-premises), or brandies are distilled as a by-product of wine or other fruit, or cordials are compounded. Accessory activities may include those activities and uses listed in Chart 1, Endnote 20.

<u>SECTION 2</u>. Appendix A, Section 7, Site Plan Review, of the Murfreesboro

City Code is hereby amended at subsection (D)(2) by adding a new subsection (d) as follows:

(d) all Breweries (including Microbreweries and Artisan Breweries), Brewpubs, Distilleries (including Artisan Distilleries), and Wineries (including Artisan Wineries).

<u>SECTION 3.</u> Appendix A, Section 24, Overlay District Regulations, of the Murfreesboro City Code is hereby amended at Article VI, CCO, City Core Overlay District, subsection (B)(5)(c) by inserting under the listing titled INDUSTRIAL (Manufacture, Storage, Distribution of:), the following uses in proper alphabetical order:

Brewery Distillery Winery

<u>SECTION 4</u>. Appendix A, Chart 1, Uses Permitted by Zoning District, of the Murfreesboro City Code is hereby amended by deleting it in its entirety and substituting in lieu thereof the attached Chart 1 amending alcohol manufacturing uses permitted by zoning district.

<u>SECTION 5</u>. Appendix A, Chart 1 Endnotes, Uses Permitted by Zoning District, of the Murfreesboro City Code is hereby amended by deleting Endnote 20 in its entirety and substituting in lieu thereof the following and by adding new Endnotes 29 and 30 as set forth below:

- 20. Activities and uses by Breweries, Distilleries, and Wineries, where permitted by right, shall be subject to the following additional standards:
  - (a) The following specific activities and uses are permitted on the premises of a Brewery, Distillery, or Winery:
    - (1) The growing, harvesting, grinding and/or milling of products suitable for processing on the premises;
    - (2) The packaging (whether by, without limitation, bottling, canning, and/or kegging) and storage of products produced either on or off the premises;
    - (3) Wholesale shipping/distribution of alcohol manufactured and/or packaged on the premises;
    - (4) Office functions related to the primary use;
    - (5) The sale of alcohol manufactured and/or packaged on the premises for offpremises consumption in accordance with T.C.A. Section 57-3-202;
    - (6) The sale of alcohol manufactured and/or packaged on the premises for onpremises consumption in accordance with T.C.A. Section 57-3-202;
    - (7) The operation of a Tasting Room;
    - (8) The serving of samples, with or without cost, of alcohol manufactured or packaged on or off the premises;
    - (9) Giving tours of the facilities to the general public;
    - (10) The sale of merchandise related to alcohol or the Brewery, Distillery, or Winery;
    - (11) A restaurant, bar, tavern, or other food service;
    - (12) Live entertainment; and
    - (13) Special events such as meetings, receptions, and other special occasions.
  - (b) Each of the accessory activities/uses identified in subsections (a)(6-10) shall be subject to the provisions of this Zoning Ordinance as though such activities/uses were principal activities/uses of the premises. If a Brewery, Distillery, or Winery engages in one or more of the activities/uses identified in subsections (a)(6-10), and to the extent the regulations of such activities/uses conflict, the most restrictive regulation (or the regulation requiring the highest degree of compliance) shall control, as determined by the Planning Director.
  - (c) All alcoholic beverage production shall be within completely enclosed structures.
  - (d) In addition to any other setbacks and/or yard requirements imposed herein, structures relating to alcoholic beverage production, including packaging, barreling, and storage, shall be no less than 250 feet from any residential structure on a residentially zoned property, including a residential structure on land in a PUD, existing at the date of Site Plan approval. Distance shall be measured in a straight line from the nearest point of the alcoholic beverage manufacture structure to the nearest point of the residential structure.

- (e) Security fencing may be constructed, provided such fencing meets the following standards:
  - Fencing along the public right-of-way, enclosing spaces for use by patrons, and/or use for screening and buffering requirements pursuant to this Zoning Ordinance shall be decorative and shall be constructed of iron, aluminum, or PVC;
  - (2) Chain link fencing, where otherwise permitted, shall be plastic coated with black or green coating.
- (f) By-products or waste from the alcoholic beverage production shall not be disposed of on-site but must be disposed of off-site in accordance with applicable state and federal law.
- 29. Activities and uses by Microbreweries, Artisan Breweries, Artisan Distilleries, and Artisan Wineries, where permitted by right, shall be subject to the following additional standards:
  - (a) The following specific activities and uses are permitted on the premises of a Microbrewery, Artisan Brewery, Artisan Distillery, or Artisan Winery:
    - The grinding and/or milling of products suitable for processing on the premises;
    - (2) The packaging (whether by, without limitation, bottling, canning, and/or kegging) and storage of products produced either on or off the premises;
    - (3) Wholesale shipping/distribution of alcohol manufactured and/or packaged on the premises;
    - (4) Office functions related to the primary use;
    - (5) The sale of alcohol manufactured and/or packaged on the premises for off-premises consumption in accordance with T.C.A. Section 57-3-202;
    - (6) The sale of alcohol manufactured and/or packaged on the premises for onpremises consumption in accordance with T.C.A. Section 57-3-202;
    - (7) The operation of a Tasting Room;
    - (8) The serving of samples, with or without cost, of alcohol manufactured or packaged on or off the premises;
    - (9) Giving tours of the facilities to the general public;
    - (10) The sale of merchandise related to alcohol or the Artisan Brewery, Artisan Distillery, or Artisan Winery;
    - (11) A restaurant, bar, tavern, or other food service;
    - (12) Live entertainment; and

(13) Special events such as meetings, receptions, and other special occasions.

- (b) Each of the accessory activities/uses identified in subsections (a)(6-10) shall be subject to the provisions of this Zoning Ordinance as though such activities/uses were principal activities/uses of the premises. If an Artisan Brewery, Artisan Distillery, or Artisan Winery engages in one or more of the activities/uses identified in subsections (a)(6-10), and to the extent the regulations of such activities/uses conflict, the most restrictive regulation (or the regulation requiring the highest degree of compliance) shall control, as determined by the Planning Director.
- (c) In addition to any other setbacks and/or yard requirements imposed herein, structures relating to alcoholic beverage production, including packaging, barreling, and storage, shall be no less than 75 feet from any residential

structure on a residentially zoned property, including a residential structure on land in a PUD, existing at the date of Site Plan approval. Distance shall be measured in a straight line from the nearest point of the alcoholic beverage manufacture structure to the nearest point of the residential structure. This requirement shall not apply to structures located within the CCO district.

- (d) All alcoholic beverage production shall be within completely enclosed structures.
- (e) Security fencing may be constructed, provided such fencing meets the following standards:
  - Fencing along the public right-of-way, enclosing spaces for use by patrons, and/or use for screening and buffering requirements pursuant to this Zoning Ordinance shall be decorative and shall be constructed of iron, aluminum, or PVC;
  - (2) Chain link fencing, where otherwise permitted, shall be plastic coated with black or green coating.
- (f) By-products or waste from the alcoholic beverage production shall not be disposed of on-site but must be disposed of off-site in accordance with applicable state and federal law.
- 30. Activities and uses by Brewpubs, where permitted by right, shall be subject to the following additional standards:
  - (a) The following specific activities and uses are permitted on the premises of a Brewpub:
    - (1) The grinding and/or milling of products suitable for processing on the premises;
    - (2) The packaging of beer in hand-capped or sealed containers in quantities up to one-half barrel or 15.5 gallons for immediate distribution or sale directly to the consumer on the premises;
    - (3) The sale of beer manufactured and/or packaged on the premises directly to the consumer for off-premises consumption in accordance with T.C.A. Section 57-3-202, the provisions of the Murfreesboro City Code, and the provisions of this Zoning Ordinance;
    - (4) The sale of beer manufactured and/packaged either on or off the premises for on-premises consumption in accordance with T.C.A. Section 57-3-202;
    - (5) The serving of samples, with or without cost, of beer manufactured on the premises;
    - (6) Giving tours of the facilities to the general public;
    - (7) The sale of merchandise related to the Brewpub;
    - (8) Live entertainment; and
    - (9) Restaurant use, as defined in this Zoning Ordinance.
  - (b) A Brewpub may self-distribute up to ten percent (10%) of its monthly barrelage at wholesale to other bars and restaurants in the state in compliance with state law, provided such distribution is within unmarked non-commercial delivery vehicles. Loading bays/docks, commercial delivery vehicles, box trucks, semi-trucks, etc. shall not be utilized in self-distribution from the Brewpub site.
  - (c) All alcoholic beverage production shall be within completely enclosed structures.

(d) By-products or waste from the alcoholic beverage production shall not be disposed of on-site but must be disposed of off-site in accordance with applicable state and federal law.

SECTION 6. Appendix A, Chart 4, Required Off-Street Parking and Queuing

Spaces by Use, of the Murfreesboro City Code is hereby amended as follows: DELETE:

#### Industrial

Alcoholic Beverage Manufacture (and associated calculation)

1.5 for each 2 employees on the largest shift plus 1 space for each business vehicle. Additional parking for each accessory use (e.g., retail, tasting room, etc.) shall be calculated based on Chart 4 use parking standards and for uses not expressly listed on Chart 4 shall be provided on the same basis as required for the most similar listed use, as determined by the Planning Director.

ADD in alphabetical order:

#### Commercial

Microbrewery, Artisan Brewery, Artisan Distillery, Artisan Winery 5 spaces, plus 1 for every 2 seats provided for indoor seating on the premises, plus 1 for every 3 seats provided for outdoor seating on the premises. Calculations shall apply to all indoor and/or outdoor seating areas, regardless of the specific use(s) for which the seating is provided. For purposes of this calculation only, seating shall not include bench or sofa style communal seating areas that are not used with a table or bar top.

ADD in alphabetical order:

#### Commercial

Tasting room as a permitted, accessory use

AMEND:

#### Commercial

Change from: Restaurant, night club, tavern or cocktail lounge

Change to: Restaurant, night club, tavern, cocktail lounge or Brewpub 1 for every 2 seats provided within the tasting room

1 for each 100 square feet of f.a. or 1 for every 2 seats provided on the premises, whichever is greater not including any spaces reserved exclusively for carry-out orders

1 for each 100 square feet of f.a. or 1 for every 2 seats provided on the premises, whichever is greater not including any spaces reserved exclusively for carry-out orders <u>SECTION 7</u>. That this Ordinance shall take effect fifteen (15) days after its passage upon second and final reading, the public welfare and the welfare of the City requiring it.

#### **COUNCIL COMMUNICATION**

Meeting Date: 06/30/2022

Item Title:	Rezoning property along Medical Center Parkway [First Reading]
Department:	Planning
Presented by:	Matthew Blomeley, AICP, Assistant Planning Director
<b>Requested</b> Coun	cil Action:
	Ordinance 🛛
	Resolution
	Motion 🗆
	Direction
	Information

#### Summary

Rezone approximately 13.8 acres located at the southwest corner of Medical Center Parkway and Robert Rose Drive.

#### Staff Recommendation

Enact the ordinance establishing the requested zoning.

The Planning Commission recommended approval of the rezoning.

#### **Background Information**

TDK Construction presented a zoning application [2022-403] for approximately 11.3 acres located south of Medical Center Parkway to be rezoned from MU (Mixed Use District) and GDO-1 (Gateway Design Overlay District 1) to PUD (Planned Unit District) and GDO-1 and for approximately 2.5 acres to be rezoned from MU and GDO-1 to CH (Highway Commercial District) and GDO-1. During its regular meeting on May 4, 2022, the Planning Commission conducted a public hearing on this matter and then voted to defer action. After the public hearing, the applicant revised the PUD zoning plan to decrease the number of apartment units and increase the amount of office space. The Planning Commission then considered this item under Old Business at its May 18, 2022 regular meeting and voted to recommend its approval.

On June 23, 2022, Council held a public hearing and then voted defer action.

#### **Council Priorities Served**

#### Improve Economic Development

This rezoning will enable the development of commercial uses, which will generate sales tax revenue for the City and employment for opportunities for the community. In addition, it will enable an existing Murfreesboro company to build a new office headquarters and to also add more office space for future companies who wish to locate here.

#### MURFREESBORO PLANNING COMMISSION STAFF COMMENTS, PAGE 1 MAY 18, 2022

#### PRINCIPAL PLANNER: MARGARET ANN GREEN

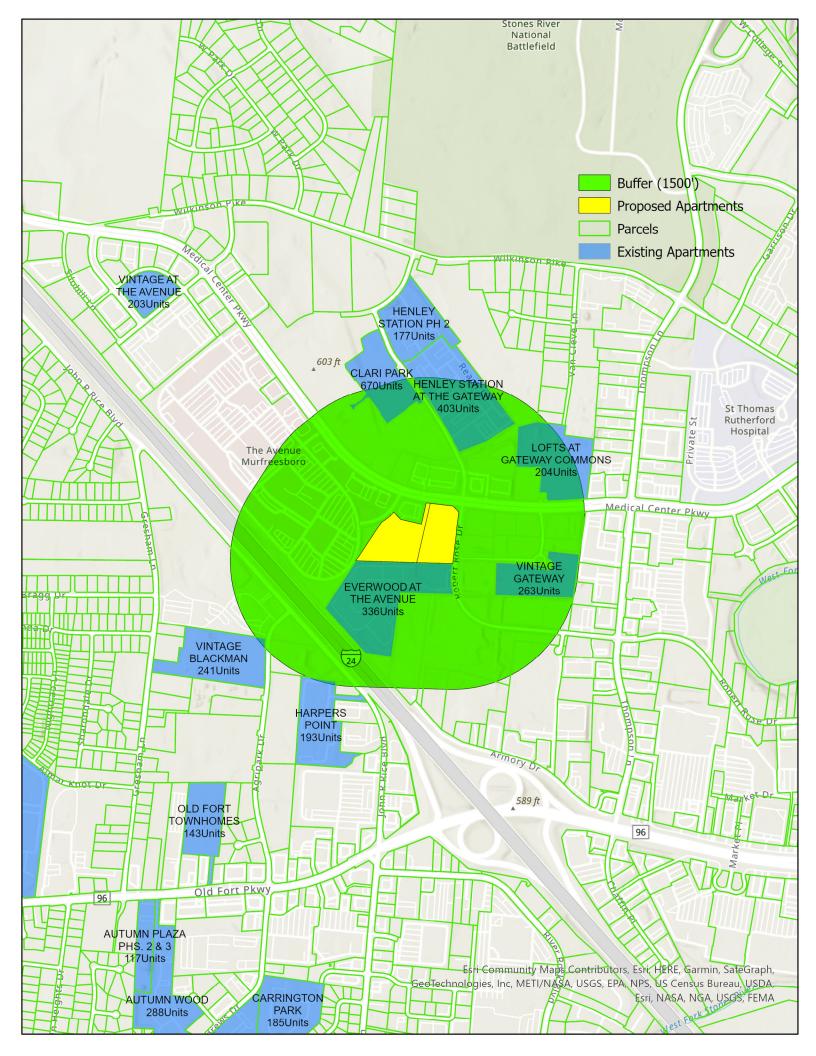

5.c. Zoning application [2022-403] for approximately 13.7 acres located along Medical Center Parkway, Robert Rose Drive, and Maplegrove Drive to be rezoned from MU and GDO-1 to PUD, CH, and GDO-1 (Vintage Apartments and TDK office), TDK Construction applicant.

#### Introduction

The subject property is located along the south side of Medical Center Parkway, west of Robert Rose Drive and east of Maplegrove Drive (Tax Map 092 Parcels 006.06 & 006.06). The properties consist of 13.7 acres and are zoned MU (Mixed Use District) and GDO-1. The subject properties, the parcels to the north and south are a part of the Robert Rose Village West master planned development. The property to the west is the Avenues Lifestyle center, which is zoned CH, PSO and GDO-1. The properties to the east, across Robert Rose Drive, are a part of the Robert Rose Village East master planned development and consist of a future assisted living facility, apartments, self-storage, commercial strip centers, financial institutions, hotel, and restaurant.

The Gateway Design Overlay District currently has 3,114 apartments units available or under construction (see chart below). Of those rental units, 1,886 are located on the east side of I-24, with 1,683 apartments located within a walkable distance of 1,500 feet or less to the subject property. These numbers are for apartment and do not include dwelling units associated with Clari Park townhomes, Villas at Indian Creek townhome, Stonecrest townhomes, Gateway Village Condos, the Villages of Murfreesboro Senior Living or the Blake at Gateway Assisted Living.

Apartments	# d.u.
Clari Park	300
Everwood at the Avenue	336
Henley Station Ph 1	403
Henley Station Ph 2	177
Lofts at Gateway Commons	204
Vintage at the Avenue	203
Vintage Gateway	263
Stonecrest	321
Integra Creek	348
Springfield Apartments	271
Vantage Murfreesboro	288
Total Apartment Units	3114

#### Background & Timeline

In February of 2013, then property owner, C.M. Gatton Trustee, submitted a Master Plan for 37.5 acres. The master plan envisioned a mixture of a large commercial tract surrounded by multiple smaller outparcels and rounded out by a multifamily tract large enough to support over 300 units (see excerpt).

- On May 15, 2013, the Planning Commission approved plans for Peter D's restaurant (now McAllister's).
- June 5, 2013, the Planning Department initiated a study to rezone properties to the newly created MU district. The Robert Rose Village West master planned property was included in the rezoning as the MU district was consistent with the Rose Village West Master Plan. October 2, 2013, the Planning Commission conducted a public hearing on the matter.
- On February 12, 2014 the Planning Commission considered plans for a Movie Theater on Lot 2.\*
- On March 19, 2014, the Planning Commission approved plans for 336 dwelling units at Everwood at the Avenue apartments. \*

\* The plans for Lots 2 & 3 require that these lots depend on each other to meet development standards. Lot 3 provides offsite operation and maintenance of stormwater management facilities for Lot 2 and Lot 2 extends public sewer to Lot 3.

- Sterling Properties purchased Lot 2 (theater site) to relocate it to the Stones River mall property.
- May 20, 2015, the Planning Commission approved a Robert Rose Village West Master Plan amendment to break up Lot 2 (previously the theater site) into 3 smaller lots (newly created lots 2, 3 & 4).
- The Planning Commission approved a site plan for the Carmike movie theater at Stones River Mall on June 22, 2016.

#### Zoning Ordinance limitations on apartments in MU District

The Mixed-Use district permits various types of commercial, office and institutional uses and incorporates some multi-family. A few years after the creation of the MU district, the Murfreesboro City Council became aware that MU zoned properties were becoming consumed by multi-family uses. City Council asked staff to draft a Zoning Ordinance amendment that protected the mixed-use vision for this area and required properties to develop with primarily commercial, office and institutional uses. The following endnote 22 found in *Chart 1 Endnotes. Uses Permitted by Zoning District* quoted was adopted:

In the MU district, each development shall include uses from no fewer than two (2) of the following use categories listed in Chart 1 of this article: dwellings, other housing,

institutions, and commercial. For purposes of this endnote, the following uses shall also satisfy the requirement for a minimum of two use categories in the MU district: office, regional shopping center, and community shopping center. In developments consisting of ten (10) or more acres in the MU zoning district, the use "dwellings, multiple-family" shall constitute no more than twenty-five (25) percent of developable land area. In developments consisting of fewer than ten (10) acres in the MU zoning district, the use "dwellings, multiple-family shall constitute no more than fifty (50) percent of developable land area. For purposes of this endnote, "development" shall refer to a clearly delineated area for which a master plan has been submitted in accordance with Article III, GDO, Gateway Design Overlay District. For purposes of this endnote, "developable land area" shall not include land constrained by: natural resources, features, or barriers; historically-significant areas or structures; or overhead or underground transmission lines or easements.

During public inquiries for the development of these properties, Planning Staff shared with the current and potential landowners that the properties identified as Lots 2, 3 & 5 on the Robert Rose Village West Master Plan have no entitlement for multi-family, residential as a permitted use. The entitlement for apartments belongs to Lot 3 (Everwood at the Avenue) within the Robert Rose Village West Master Plan area. The Everwood at the Avenue apartments are located on 21.9 acres and have 336 dwelling units. The land devoted to this apartment complex is approximately 58%, a number that far exceeds the maximum 25 percent allowed by the current Zoning Ordinance. However, the approval and development of Everwood at the Avenue occurred prior to the adoption of endnote 22 (referenced above) and is considered a lawfully established, non-conforming use.

#### TDK Apartments and Office PUD/CH

#### **TDK Apartments & Office Planned Unit District- 11.3 acres**

TDK Construction has a contractual interest in the subject property and is pursuing a planned development zoning in order to allow multi-family as a permitted use, as it is not allowed under the current zoning. The applicant also proposes to utilize the PUD to allow several exceptions to density, area, bulk, and parking regulations as described further in this report.

#### Changes to the program book since May 4, 2022, Public Hearing:

The developer provided a list of changes made to the PUD since the Planning Commissions' public hearing on May 4, 2022.

- Reduced multi-family dwelling unit count from 274 to 232 units.
- Added additional parking where we reduced building size for removal of units.
- Increased office space 10,000 ft<sup>2</sup> (from 50,000 ft<sup>2</sup> to 60,000 ft<sup>2</sup>)
- Removed shared parking exception request and added exception request to parking calculation from 1.5 to 1.1 for one-bedroom dwelling units.

The proposed PUD includes a mixture of uses including 232 multi-family dwelling units, offices, restaurants, and retail spaces. The first phase of development includes the shared access drives to the existing street network and the office building fronting Robert Rose Drive. This office building is a 60,000 square foot, 5-story (80-foot tall) multi-tenant office. The applicant, TDK, intends to relocate their business office from 1610 South Church Street to this site. The apartments will consist of a maximum of 138 one-bedroom units and 94 two-bedroom units. A minimum of 13,000 square feet of the first floor is to be dedicated to commercial uses such as offices, restaurants, and retail spaces.

#### **Traditional Mixed-Use Design and Architecture**

Traditional mixed-use centers are characterized with multi-story buildings that occupy the majority of the site and are set at the street edge, creating "architectural enclosure" with enhanced streetscape design. Mixed-use buildings should be designed to fit well into the surrounding context and traditionally incorporate extensive expanses of glass, windows or transparency on the first floor. As rendered in the PUD book, the mixeduse structures (apartment buildings) have an over-reliance on cementitious siding and do not fit the character and quality of commercial building in the GDO. The cementitious siding should be replaced with a brick, stone or rock. Service areas are important to the operation of commercial spaces, therefore they should be identified on the plans and located in a way that they are minimized.

In these centers, parking is traditionally located on-street or within parking structures, with reduced common surface parking lots. If utilized, on-site parking is best oriented toward the rear or sides of the property. The PUD relies on surface parking lot to provide the required parking with on-street parking spaces along the east-west drive.

It is imperative to the mixed -use concept that areas are designed for pedestrians and that they connect to surrounding neighborhoods and places of commerce. Wide sidewalks are needed to emphasize the pedestrian use. Design of public accessways within a mixed-use center should be scaled to address pedestrians while accommodating bicycles and motor vehicles.

Mixed-use centers integrate amenities into the site design, including common areas, streets and open space. The PUD proposes a robust amenity package in the center of the multi-family building that creates pocket parks providing open space amid an urban environment and a place to gather and host community events. However, because access to these spaces is heavily restricted with fences, gates and locks, the design team can take the opportunity to incorporate pedestrian activity and interaction with wide sidewalks and plazas.

The fountain and reflecting pool to be provided along Robert Rose Drive creates an opportunity for connections to this space and to enhance that public realm. Additional treatments along the east-west drive can be incorporated to connect the spaces, as well the addition of treatments along the access drive to Medical Center Parkway.

The Zoning Ordinance requires multiple-family developments and single-family attached townhouse developments with more than 75 dwelling units to provide a drive-up external commercial grade garbage compactor. The solid waste management plan for the PUD is for phase 1 to handle waste via a temporary waste receptacle until the compactor in phase 2 is operational.

The PUD book was updated to include a list of the uses permitted within the PUD (page 09). Particular attention should be paid to those uses that are incompatible with mixeduse or residential uses. Uses such as gas stations, automotive repair, motor vehicle sales, and car washes in the CH outparcels will be prohibited in the restrictive covenants.

- Multi-family

- Food & Beverage Products except animal slaughter, stockyards, rendering, and brewery
- Potter, Figurines, & Ceramic Products
- Post Office or Postal Facility
- Telephone or Communication Services
- Advertising Sign
- Home Occupations

#### CH- 2.5 acres

The proposed uses within the CH portion of this plan are unknown at this time, therefore the application request to rezone the 2.5 acres, while remaining within the GDO-1 overlay. Although they could develop under the existing MU district, the applicants want to demonstrate they do not wish to allow any additional residential uses on these properties- MU district allows multi-family by right while CH prohibits residential uses altogether. Approximately 2.5 acres is proposed to zoned CH, which potentially may create 2 commercial outparcels.

The properties proposed to be zoned CH are not restricted by the PUD and allow uses that are incompatible with the adjacent mixed-use. Some uses that are permitted in the

CH & GDO-1 that are incompatible with the adjacent PUD are gas stations, automotive repair, motor vehicle sales, and car washes. The applicant may wish to add this area within the PUD so that the zoning will regulate the uses so that they are compatible with the proposed MU or they may wish to add private use restrictions that are regulated by the owners association and not by zoning or the City of Murfreesboro.

#### Transportation, Parking and Access:

The applicant submitted a Draft Traffic Impact Study at the request of Planning and Transportation Staff. The traffic study is needed for staff to provide comments and feedback regarding the project.. Cross-access is shown to the Avenues Lifestyle center on the plans. Documentation of this agreements of this connection are requested.

The Gateway Streetscape Master Plan applies to the subject properties. The Gateway Streetscape elements required along Medical Center Parkway and Robert Rose Drive are committed to being constructed with the construction of the apartments and office building and not delayed until the CH outparcels develop.

The applicants are requesting relief from the minimum required off-street parking spaces for the one-bedroom units. The request is to require 1.1 space per one-bedroom instead of 1.5 spaces per bedroom. The plan proposes to have a maximum of 138 one-bedroom units and 188 two-bedroom units, which results in a parking requirement of 414 parking spaces. The PUD book proposes to provide a minimum of 359 spaces, which is a reduction of 55 parking spaces.

The commercial component is identified as a "commercial center" and requires 58 parking spaces, and the office requires 217 spaces for a total of 275 regular, off-street parking spaces. With this parking scenario, restaurant space will be limited to no more than 35% of the gross floor area.

According to the Zoning Ordinance, the purposes of planned development district regulations are as follows:

- 1) to promote flexibility in development design and to permit planned diversification in the location of structures;
- 2) to promote the efficient use of land by permitting a planned arrangement of buildings, circulation systems, land uses, and utilities;
- 3) to preserve existing landscape features and amenities and to utilize such features in a harmonious fashion;
- 4) to encourage the total planning of land tracts consistent with adopted long-range plans;
- 5) to permit the use of new and innovative land development techniques while assuring protection of existing adjacent development;
- 6) to encourage the functional and beneficial use of open spaces and to preserve natural features of a development site;

- 7) to promote the creation of a safe and desirable living environment for residential areas characterized by a unified site and development program;
- 8) to permit the creation of a variety of housing types compatible with surrounding development to provide a greater choice of types of environment and living units;
- to promote the provision of attractive and appropriate locations for business and manufacturing uses in well-designed developments and the provision of opportunities for employment closer to residences with a reduction in travel time from home to work;
- 10)to encourage the revitalization of established commercial centers;
- 11)to promote the diversification in the uses permitted and variation in the relationship of uses, structures, open space, and height of structures in developments intended as cohesive, unified projects;
- 12)to encourage design in the development of land that is of a higher quality than is possible under the regulations otherwise applicable to the property; and,
- 13)to promote the significance of architectural and aesthetic improvements and details in atypical developments.

#### **Exceptions**

The planned development approval may provide for such exceptions from the Subdivision Regulations, Design Guidelines, and from district and overlay district zoning regulations governing use, density area, bulk, parking, architecture, landscaping, and open space as may be necessary or desirable to achieve the objectives of the proposed planned development, provided such exceptions are consistent with the standards and criteria contained in this section and have been specifically identified and requested in the application for a planned development. Unless the application for a planned development contains a clear statement of exceptions to them, the standards and criteria of the Subdivision Regulations, Design Guidelines, and district and overlay district zoning regulations will apply to all planned developments. The specific zone district used as a comparison for the planned development shall be the most like zone district to the planned development, as determined by the Planning Director.

Exceptions must be specifically identified and requested in the application for a planned development. The PUD book provides specifically requests the following 6 exceptions:

- Requesting an exception to endnote 22 of Chart 1 Endnotes. Uses Permitted by Zoning District to allow multi-family as a permitted use (Not currently permitted in underlying MU zoning) [In developments consisting of ten (10) or more acres in the MU zoning district, the use "dwellings, multiple-family" shall constitute no more than twenty-five (25) percent of developable land area.] To allow multifamily residential land-use as a part of this PUD.
- 2. Requesting an exception to the allowable number of multi-family units beyond the 25% limitation in endnote 22 of Chart 1 Endnotes. Specifically this PUD is requesting up to 232 multi-family units.

- 3. Requesting an exception to Minimum Building Setbacks along Robert Rose Drive from 50-feet to 40-feet.
- 4. Requesting exceptions to Zoning Ordinance and Design Guidelines regarding commercial architecture and permitted materials for the mixed-use buildings, to allow the use of faux wood in building elevations.
- 5. An exception to allow outdoor sales and the sale of food and beverage in park space and public open space for temporary special events.
- 6. Requesting exception to single bedroom parking calculations to utilize 1.1 instead of 1.5 spaces per bedroom.

#### Future Land Use Map

The proposed *Murfreesboro 2035 Future Land Use Map* indicates that General Commercial Character (GC) is most appropriate for the subject property. The apartments are inconsistent with the GC character; however, the office building and CH zoning is consistent with the GC character.

This designation pertains to commercial development as well as outparcels located on arterial and collector transportation routes. Rather than buildings oriented to the street, as in an urban setting, such as what is found in downtown, auto-urban environments are characterized by large parking lots surrounding the buildings. Auto-Urban commercial uses include high intensity commercial businesses that have a trade area outside of Murfreesboro and/or require a large amount of land for their operations. Uses like regional shopping center, grocery, hotels, gas stations, restaurants, and "big box" retailers. Due to the potential for these uses to generate high traffic volumes, their location should be on or with adequate access to arterial roadways.

#### Proposed Future Land Use Map

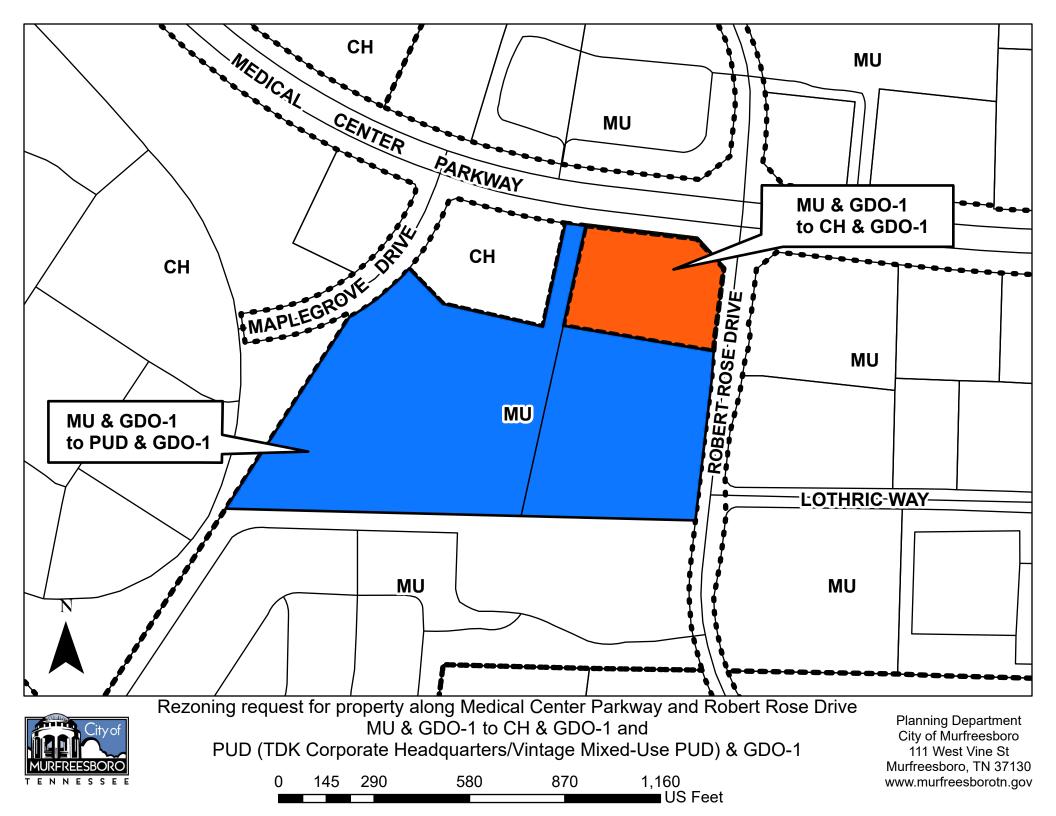

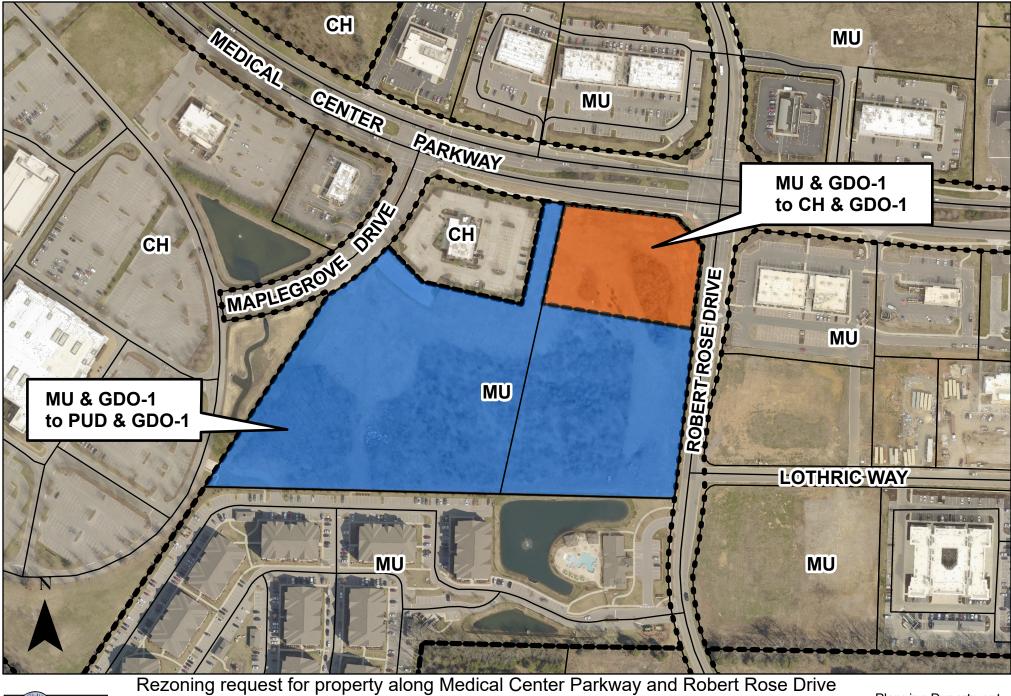

#### **Recommendation:**

Staff would like the Planning Commission to consider the following items in its review of this request:

- 1. The apartment portion of the rezoning request is inconsistent with the proposed *Murfreesboro 2035 Comprehensive Plan* and the *Future Land Use Map*.
- 2. The Zoning Ordinance limits on multi-family residential uses for master planned developments in the MU zone.
- 3. The proposed reduction of 55 parking spaces for the project.
- 4. Other exceptions as noted on sheet 26.

The applicant will be available at the Planning Commission workshop meeting to discuss the proposed rezoning request. The Planning Commission will need to consider the item and then formulate a recommendation to the City Council.

# TABLE OF CONTENTS

SITE LOCATION MAP SITE AERIAL MAP SITE TOPOGRAPHY .... SITE UTILITIES PRELIMINARY MASTER PLAN STREET TREE PLAN INTERSECTION DETAIL ACKNOWLEDGEMENTS .....

# SITE LOCATION MAP

### **REGIONAL AERIAL MAP**

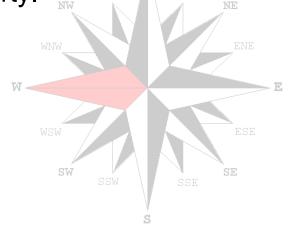

Robert Rose Village West is located along one of the most recently developed corridors within the City. Other recent developments in the general area include, The Avenue of Murfreesboro, The Oaks, Middle Tennessee Medical Center (MTMC), and Henley Station (under construction).

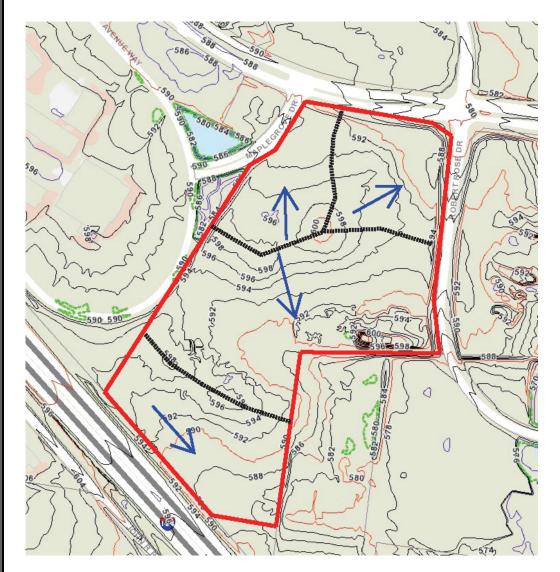

# SITE AERIAL MAP

Robert Rose Village West currently exhibits approximately 50% tree cover and 50% open pasture. The site is bordered along the north and approximately half of its eastern boundary by public roadway. The northwest corner of the property also adjoins public roadway while the remainder of the property adjoins private property.

### SITE TOPOGRAPHY

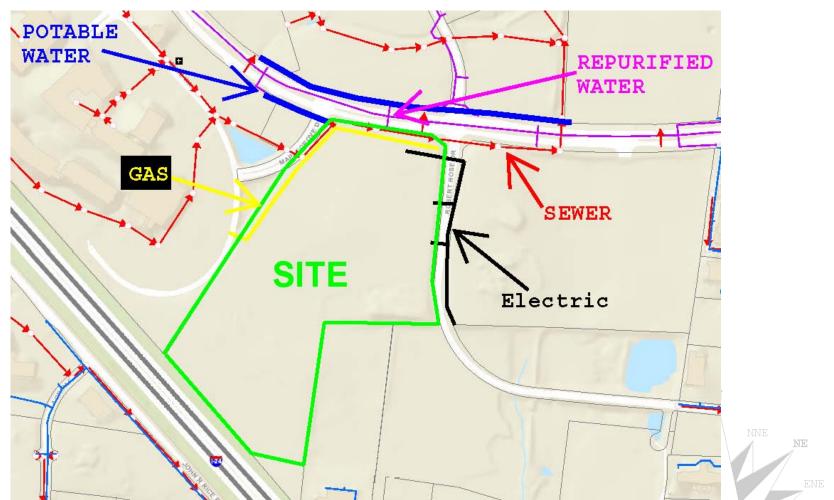

Currently, Robert Rose Village West drains in two general directions, north and south toward 4 main outfalls.

The first northerly outfall is a curb inlet along Maplegrove Drive which then passes through part of the Avenue before crossing under Medical Center Parkway. The second northerly outfall are two curb inlets along Robert Rose Drive which then enters the Medical Center Parkway System. Both of the northerly outfalls eventually enter the large closed depression system located within North Church Section 2 Subdivision.

The southerly outfalls direct runoff onto two separate pieces of private property. From these outfalls, stormwater travels in an easterly direction before entering the West Fork Stones River after traveling approximately 1 mile through various storm systems.

# SITE UTILITIES

Being located along one of the most recently developed corridors within the City, the site has excellent access to roadway and utility infrastructure. All major utilities are located on-site and will only require extension to serve individual lots unless individual uses require more capacity which will be determined with each site plan.

# PRELIMINARY MASTER PLAN

Robert Rose Village West is ideally located for any number of uses to help round out the mixed-use vision for Murfreesboro's Gateway.

This preliminary master plan envisions a mixture of a large commercial tract surrounded by multiple smaller outparcels and rounded out by a multifamily tract large enough to support over 300 units.

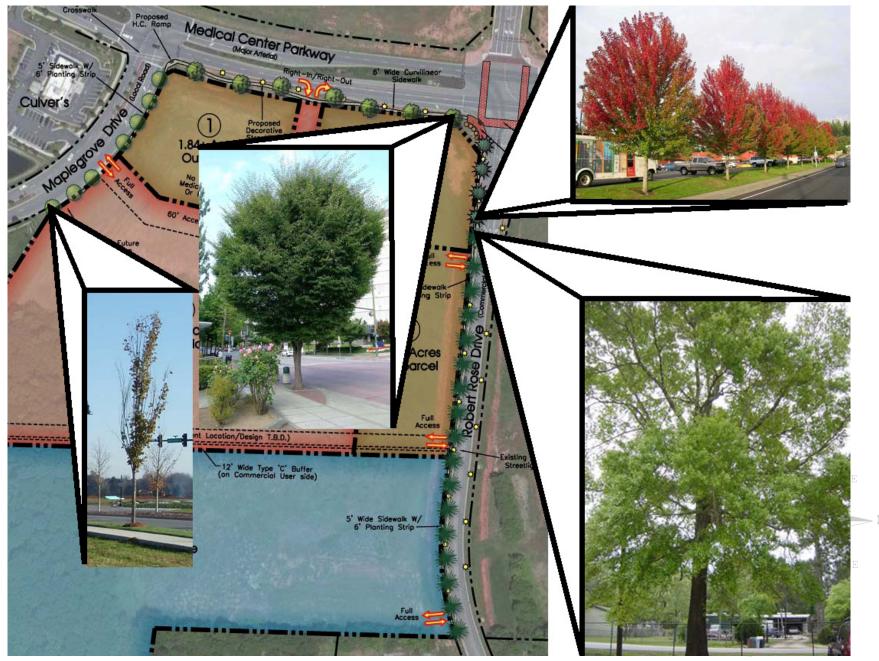

### STREETSCAPE ELEMENTS

Since Robert Rose Village West is located with in the Gateway, it is subject to the City of Murfreesboro's Streetscape Master Plan. The picture to the right shows an existing example of the streetscape after it is completed.

Streetscape elements for Robert Rose Village West are outlined on the Master Plan and include decorative street lights, street trees, sidewalks, and stamped and colored crosswalks. In addition, each site is required to provide a minimum of 25-feet of landscaping area along Medical Center Parkway which includes an abundance of landscaping to aid in screening parking lots, anchoring buildings, and enhancing the pedestrian experience.

### STREET TREE PLAN

# INTERSECTION DETAIL

The intersection of Robert Rose Drive and Medical Center Parkway is required to have several streetscape elements as shown here.

This intersection will have a decorative pedestrian plaza at all 4 corners and stamped and colored asphalt crosswalks between each plaza as shown here.

Robert Rose Village West will be responsible for one plaza and one crosswalk at this intersection. These items will be installed by the developer of the corner outparcel.

# RESPONSIBILITIES

- All streetscape improvements along street frontages (i.e. sidewalks, decorative lights, street trees, irrigation, sod) will be installed by the individual lot developers.
- The decorative plaza and one leg of crosswalk will be the responsibility of the developer of the lot at the intersection of Medical Center Parkway and Robert Rose Drive.
- Each lot developer will be responsible for abiding by the minimum requirements of the City of Murfreesboro's Zoning Ordinance including all requirements for the Gateway Overlay District (i.e. open space requirements, formal open space requirements)
- Any landscape buffers required will be the responsibility of individual lot developers.
- If shared access is required for parcels to access public roadways, the lot developed first will be required to construct the shared elements in their entirety.

### ACKNOWLEDGEMENTS

North Church, LLC represented by Mr. Tommy Smith is the applicant for the Robert Rose Village West project. North Church, LLC has been intimately involved with many of the marquee developments within Murfreesboro's Gateway area, including the Embassy Suites Hotel and Conference Center, The Avenue of Murfreesboro, and Henley Station.

North Church, LLC's intentions for Robert Rose Village West are to maintain the same high quality visible within each of those developments while striving to continue in the development of the Gateway Vision.

MAJOR THOROUGHFARE PLAN

TDK Construction, LLC respectfully requests the rezoning of the SVAP II Murfreesboro Land LLC Property at Medical Center Parkway from Mixed Use (MU) to Planned Unit Development (PUD) and Commercial Highway (CH) to create TDK Corporate Headquarters / Vintage "Mixed Use". The property is located south of Medical Center Parkway and west of Robert Rose Drive. The site is identified as Parcel 6.06 of Tax Map 92 and Parcel 6.03 of Tax Map 92 and is approximately 13.74 acres. Of this 13.74 acres, 2.49 acres at the intersection of Medical Center Parkway and Robert Rose Drive will be rezoned to Commercial Highway (CH). The remaining 11.25 acres will be rezoned to Planned Unit Development (PUD).

The proposed development shall include a mixture of uses including residential, office, and retail. A total of 232 residential luxury apartments ranging from one bedroom to two bedrooms shall be provided within buildings A-D. These apartments shall offer amenities such as valet trash services, a fitness center, private conference spaces, elevators, and centralized courtyard providing a myriad amount of additional amenities. At street level (1st floor) these buildings shall provide approximately 13,000 square feet of office/retail space and shall provide intermittent outdoor seating areas for restaurants/shops. Thus expanding upon the urban store front found commonly within Medical Center Parkway area and along with The Avenue outdoor shopping area. An additional 5-story office building shall provide approximately 60,000-65,000 square feet of office space as well. Heights of the surrounding structures have been considered to avoid overshadowing existing adjacent properties. The proposed apartment buildings shall have a maximum height of 65' and the office building shall have a maximum height of 80'. The articulating facade of the buildings will add variety and character to the area. The building facades shall be constructed of primarily masonry materials to echo the surrounding Gateway character. Sidewalks have been provided throughout the development to promote pedestrian connectivity.

The property has/will have access to the existing public rights-of-way of Robert Rose Drive through two entrances, Medical Center Parkway through one entrance, and Maple Grove Drive through one entrance. There is an additional entrance connecting to Avenue Way, which is a private roadway to the west which serves as a major circulation roadway for The Avenue. No roadways impacted by this development are on the City of Murfreesboro Major Thoroughfare Plan. The primary Roadway that will be affected by this development is Robert Rose Drive, which is currently built as a two-lane roadway with a central turnlane.

TDK Corporate Headquarters / Vintage "Mixed Use" is surrounded by a mixture of residential, retail, restaurants, and office uses. Directly to the south of the property is the remainder of the Robert Rose Village West subdivision. This property serves as an apartment complex called Everwood at the Avenue. This apartment complex consists of three-story apartment buildings. The elevations of these buildings are primary brick with alternating colors and patterns to add a sense of architectural diversity. The Avenue, a major center for retail and restaurants, is located to the west of this development. All buildings within The Avenue are constructed of primarily masonry materials and share various outdoor spaces designed for pedestrian seating and walkability. North Church LLC I is a subdivision north of this development with a mixture of retail, office, restaurant, and residential land uses. The commercial land uses are fronting onto Medical Center Parkway, and the residential use is to the north along Robert Rose Drive. This residential use makes up the LC Murfreesboro apartment complex. This complex consists of single-family attached apartments for rent. The elevations of these building consist of primarily masonry material with brick along all facades and vinyl on internal elevations. Robert Rose Village East is to the east of this development and consists of primarily restaurant and retail uses with a hotel at the rear. All commercial buildings within this development are made of primarily masonry materials. The Vintage is an apartment complex to the east within the Robert Rose Village East subdivision. This apartment complex consists of 4-story buildings with primarily masonry materials along all facades. The development has one point of ingress/egress onto Lothric Way's roundabout. The apartment complex hosts a series of amenities, including a rooftop terrace & lounge, a pet park, a pool with a sundeck, grilling stations, and a fitness center. The amenities within this apartment complex closely match those being proposed within this rezoning.

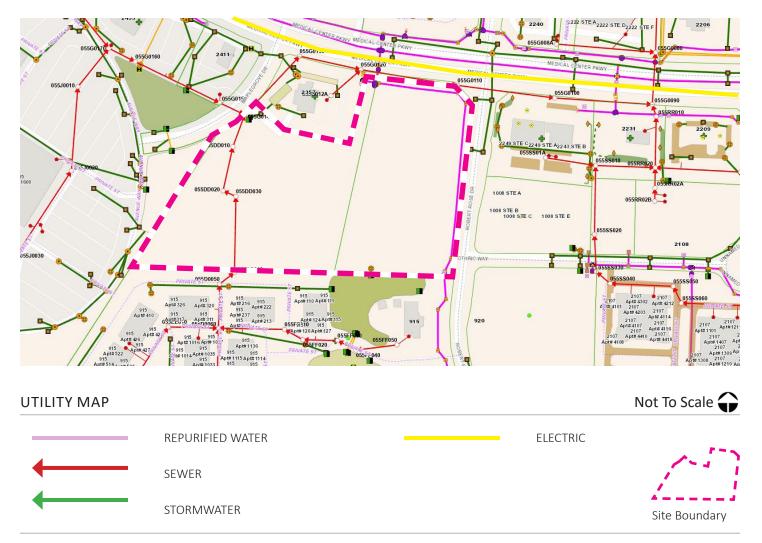

The majority of uses surrounding TDK Corporate Headquarters / Vintage "Mixed Use" are apartment style living and restaurant/retail services with spaces designed for pedestrian connectivity and walkability. The proposed development matches the surrounding land uses as well as the character of the Gateway District.

CH	Commercial Highway (CH)
MU	Mixed Use (MU)
LI	Light Industrial (LI)
PCD	Planned Commercial Development (PCD)
PUD	Planned Unit Development (PUD)

The surrounding area consists of a mixture of zoning types and uses. The lands to the south, north, and east are zoned Mixed Use (MU). The land to the west is zoned for Commercial Highway (CH). The site is also within the City Gateway Design District (GDO-1). The proposed PUD's mix of uses will be a addition to the existing character of the area and will help to bridge the gap of pedestrian facilities between the Mixed Use and the Commercial Highway sectors of the area.

Site Boundary

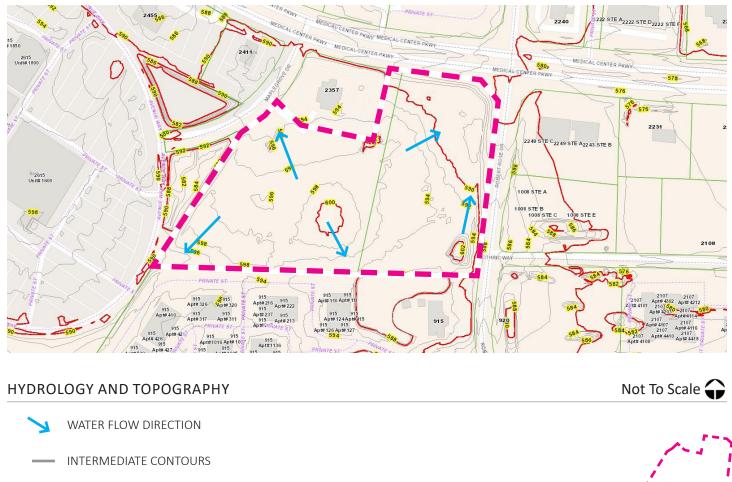

Sanitary sewer service will be provided by the Murfreesboro Water Resources Department. Sanitary sewer service can connect to an existing 12" PVC line within the R.O.W. of Medical Center Parkway as well as an existing 8" PVC line within the western portion of the site. Construction will extend the sewer service into the site and the developer will be responsible for extending the sewer into this property.

Water service will be provided by the Consolidated Utility District. There is an existing 12 inch water line along Medical Center Parkway and Robert Rose Village Drive as well as an existing repurified waterline exists along Medical Center Parkway and Robert Rose Drive as well. The developer will be responsible for extending the waterline into the site for domestic and fire water service.

Electric service will be provided by Middle Tennessee Electric. Service will be extended from Medical Center Parkway and Robert Rose Drive. The developer will be responsible for extending the electric lines into the site, and all on-site electric will be underground.

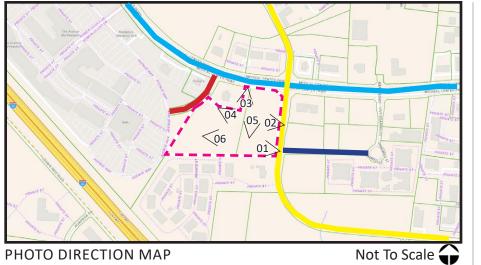

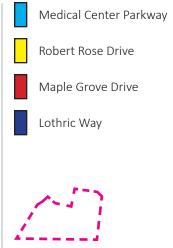

The topographic map above shows the site's topographic high point generally at the south perimeter of the property. From this high point, the property drains towards the northwest, northeast, and southwest. All stormwater on site flows towards existing roadway drainage systems which surrounding the property.

No portions of this site are within a floodway or floodplain per FEMA flood panel 47149C0255H eff. 01/04/2007 and FEMA flood panel 47149C0260H eff. 01/04/2007.

Phase 1
Phase 2
Phase 3
Phase 4
Phase 5

- The project is anticipated to be built in 5 phases.
- Construction of Phase 1 is anticipated to begin within 90-120 days after the completion of the rezoning process.
- Phase 1 will include all roadway improvements proposed for this site as well the office building along Robert Rose Drive.
- The remaining phases will be market driven and dependent upon the absorption of the units in the previous phase.
- All amenities and open spaces shall be constructed within the phase they are shown and must be operational prior to the recording of the final section's plat.
- Centralize mail kiosk(s) for the development must be constructed and operational prior to any home or business receiving their certificate of occupancy.
- Solid waste for phase 1 shall be handled via a temporary waste receptacle until the compactor in phase 2 is operational. The temporary receptacle shall be adequately screened.

\* Distribution of parking spaces per phase in phasing chart are estimated per phase. Exact number of parking spaces per phase shall be determined at site plan level. Overall parking count shall be 641 spaces.

#### PUD Standards:

- 5 Proposed Buildings
  - Office Building (5-Stories) •
  - Proposed Building A (4-Stories) Mixed Use (Residential, Office, Retail)
  - Proposed Building B (4-Stories) Mixed Use (Residential, Office, Retail) •
  - Proposed Building C (4-Stories) Mixed Use (Residential, Office, Retail) •
  - Proposed Building D (4-Stories) (Residential)
- All residential units shall have a minimum one bedroom
- Each unit will be for rent
- All mechanical equipment (i.e. HVAC and transformers) to be screened
- HVAC units will be located on the roof of each building and shall be screen with parapet walls.
- All on-site utilities will be underground
- Solid waste will be handled via a trash compactor and serviced by a valet trash service.
- Any solid waste enclosures will be constructed of masonry materials consistent with building architecture and be at least 8 feet tall with opaque gates and enhanced with landscaping
- Prior to construction plan review, a complete and thorough design of the stormwater management system and facilities will be completed
- All building owners will be required to be a member of the Property Owners Association (P.O.A.).
- As a member of the P.O.A., the owners will be subject to restrictive covenants, and be required to pay membership dues as determined by a 3rd party management company
- P.O.A will be managed by independent 3rd party management company
- The common areas will be owned and maintained by an P.O.A.
- The fitness center building will have fire protection via a sprinkler or dry standpipe.
- All driveways and parking areas will be private and maintained by the P.O.A.
- Public sidewalks will be provided on both sides of all streets throughout the development to create a pedestrian friendly community
- Mail service will be provided via CBUs
- Decorative street lights will be coordinated with MTE and will meet MTE's standards for management by MTE. These same lights will be used along pedestrian routes in the development while more standard LED lights will be utilized in parking areas.
- Street lights shall match existing light structure along roadways within the Gateway District.
- Lighting internal to the site shall match existing light structures used within the Vintage Avenue & Gateway.

### Commercial Highway Outparcel Architectural Characteristics:

- Building heights shall not exceed 35 feet in height
- All buildings will be 1-story
- Buildings shall have a well-defined architectural base via different materials, colors, changes in pattern, or a combination of these techniques.
- The building foundations shall be accented with a 5' wide landscaping bed except where drive-through windows are provided.
- Main entrances are to be well defined and easily recognizable by the use of; raised roof lines, canopies, glazing, change in materials, change in color, and/or change in building planes.
- Building exteriors shall consist of a mixture of materials and shall be varied to accentuate different elements along the building exteriors.
- All building and development signage shall be designed to the City of Murfreesboro signage guidelines.
- All architecture shall comply with the City Design Guidelines

В Enhanced Landscaping

Plaza Area/Flexible Seating

#### **DOG PARK & BUILDING A**

The dog park is located in the southwest portion of the property. The park will provide the development with a gathering place for pets and provide amenities such as pet agility equipment and a pet spa. Sidewalks have been provided to the dog park to promote walkability. Building A hosts two separate amenities areas, both supporting similar amenities. These amenities include public seating, enhanced landscaping, and a small outdoor dining space for those patronizing the commercial businesses on the first floor.

With this request TDK Corporate Headquarters / Vintage "Mixed Use" will be dedicating over 2 acres (20% of the site) to open space. Usable open space nodes have been provided throughout the site which support a variety of amenities for both residential and public use. Sidewalks will be provided throughout the development to promote pedestrian circulation both through the site and to surrounding properties. Each amenity will be constructed with the phase it is designated in and must be operational prior to the beginning of the following phase.

#### **OFFICE BUILDING**

The office building located along Robert Rose Drive will support a variety of both public and private amenities aimed to support those who work in or near the building. Outdoor seating and patio spaces have been provided along two sides of the building as well as two private rooftop patio for those working in the building. Landscaping within the public spaces shall be enhanced to provide a soft screen from the adjacent roadway and enhance the overall appeal of the space. A fountain/reflecting pool shall be provided along Robert Rose Drive to provide curb appeal to the space.

#### **CENTRAL COURTYARD**

The central courtyard will host the majority of the site amenities for both residential and commercial uses. This courtyard is located in the middle of the site, surrounded on all sides by proposed buildings. This courtyard will include: a resort lap pool, sun decks, cabanas, fire pits, grilling stations, a beirgarten, an event lawn, corn hole, shuffleboard, a fitness center, outdoor dining areas, an urban garden, and public seating. This collection of amenities will support the local businesses by providing a large variety of outdoor events and spaces geared towards both casual and formal dining as well as spaces to hold public events. While the majority of the interior of the courtyard shall be private and only service the residence, the remainder of the amenities are located on the outside of the courtyard and between the buildings. This helps to provide a better separation between the public and private uses of the site.

The site has been designed with ample landscaping to provide not only an aesthetically pleasing experience for the residents, but to aid in mitigating impacts to the surrounding areas. To ensure these characteristics, some standards are outlined below as well as a sample palette provided.

#### Landscaping Characteristics:

- Public rights-of-way shall be screened from parking by use of landscaping and/or berming.
- All above ground utilities and mechanical equipment shall be screened with landscaping and/or walls.
- Solid waste enclosure shall be screened with a masonry wall and enhanced with landscaping.
- The fronts and sides at the base of buildings will have at least 5 foot wide landscape strip.
- Landscaping will be in conformance with the City of Murfreesboro's landscaping ordinance.

#### Street-Scapes

The northern access road connecting Maple Grove Drive and Robert Rose Drive shall be designed to incorporate a number of Urban Street-Scape Elements. Such elements shall include a large sidewalk along store fronts to accommodate intermittent outdoor seating, street trees, pedestrian scale lighting, and planting strips. Parallel parking shall be provided along the south side of the access road to create an additional buffer between pedestrians and vehicular circulation. Pedestrian access across the site can be see in the diagram to the right. The norther access road shall provide pedestrian access to a majority of the site, including resident access to the central amenity center.

1.) A map showing available utilities, easements, roadways, rail lines and public right-of-way crossing and adjacent to the subject property.

#### **Response:** The exhibits provided on Pages 3-6 provide the required materials.

2.) A graphic rendering of the existing conditions and/or aerial photograph(s) showing the existing conditions and depicting all significant natural topographical and physical features of the subject property; location and extent of water courses, wetlands, floodways, and floodplains on or within one hundred (100) feet of the subject property; existing drainage patterns; location and extent of tree cover; and community greenways and bicycle paths and routes in proximity to the subject property.

#### **Response:** Exhibits are shown on Page 5 that shows the existing contours and drainage patterns along with an aerial photograph of the area. No portion of the property is subject to floodplains or floodways, and the site ultimately drains to the Stones River.

**3.)** A plot plan, aerial photograph, or combination thereof depicting the subject and adjoining properties including the location of structures on-site and within two hundred (200) feet of the subject property and the identification of the use thereof.

#### **Response:** The exhibits provided on Pages 3-6 provide the required materials.

4.) A drawing defining the general location and maximum number of lots, parcels or sites proposed to be developed or occupied by buildings in the planned development; the general location and maximum amount of area to be developed for parking; the general location and maximum amount of area to be devoted to open space and to be conveyed, dedicated, or reserved for parks, playgrounds, recreation uses, school sites, public buildings and other common use areas; the approximate location of points of ingress and egress and access streets; the approximate location of pedestrian, bicycle and vehicular ways or the restrictions pertaining thereto and the extent of proposed landscaping, planting, screening, or fencing.

#### **Response:** The exhibits shown on pages 7-9 provide the required materials

5.) A tabulation of the maximum number of dwelling units proposed including the number of units with two (2) or less bedrooms and the number of units with more than two (2) bedrooms.

#### **Response:** The exhibits shown on pages 7-9 provide the required materials

6.) A tabulation of the maximum floor area proposed to be constructed, the F.A.R. (Floor Area Ratio), the L.S.R. (Livability Space Ratio), and the O.S.R. (Open Space Ratio). These tabulations are for the PRD.

7.) A written statement generally describing the relationship of the proposed planned development to the current policies and plans of the city and how the proposed planned development is to be designed, arranged and operated in order to permit the development and use of neighboring property in accordance with the applicable regulations of this article.

**Response:** The property is currently zoned MU. The surrounding area has a mixture of residential and commercial properties. The concept plan and development standards combined with the architectural requirements of the homes shown within this booklet align and closely mimic the type of developments in the surrounding neighborhoods and are envisioned to complete the development in this area.

8.) If the planned development is proposed to be constructed in stages or units during a period extending beyond a single construction season, a development schedule indicating: (aa) the approximate date when construction of the project can be expected to begin;

#### **Response:** The project is anticipated to be developed in five phases. Phasing information is described on Page 8.

9.) Proposed means of assuring the continued maintenance of common space or other common elements and governing the use and continued protection of the planned development. For this purpose, the substance of any proposed restrictions or covenants shall be submitted.

#### **Response:** This requirement has been addressed on Pages 9 & 18-21.

10.) A statement setting forth in detail either (1) the exceptions which are required from the zoning and subdivision regulations otherwise applicable to the property to permit the development of the proposed planned development or (2) the bulk, use, and/or other regulations under which the planned development is proposed.

#### **Response:** In addition to the chart below, the applicant is requesting exceptions on Page 9.

SETBACKS	MU	PUD	DIFFERENCE
Front Setback	15.0′	40.0′	+25.0′
Side Setback	10'	40.0′*	+30.0′
Rear Setback	20′	40.0′	+20.0′
Minimum Lot Size	N/A	N/A	N/A
Minimum Lot Width	100′	N/A	N/A

**11.)** The nature and extent of any overlay zone as described in Section 24 of this article and any special flood hazard area as described in Section 34 of this article

47149C0260H eff. 01/04/2007.

**12.)** The location and proposed improvements of any street depicted on the Murfreesboro Major Thoroughfare Plan as adopted and as it may be amended from time to time.

#### **Response:** Pages 3 & 23 discusses the Major Thoroughfare Plan.

**13.)** The name, address, telephone number, and facsimile number of the applicant and any professional engineer, architect, or land planner retained by the applicant to assist in the preparation of the planned development plans. A primary representative shall be designated.

info for both is provided on cover.

**14.)** Architectural renderings, architectural plans or photographs of proposed structures with sufficient clarity to convey the appearance of proposed structures. The plan shall include a written description of proposed exterior building materials including the siding and roof materials, porches, and decks. The location and orientation of exterior light fixtures and of garages shall be shown if such are to be included in the structures.

Response: Pages 10-15 show the architectural character of the proposed buildings and building materials listed. However, exact configuration for these items is unknown and will be determined as each building is built.

15.) If a development entrance sign is proposed the application shall include a description of the proposed entrance sign improvements including a description of lighting, landscaping, and construction materials.

**Response:** Examples of entrance signage are located on Page 9. All signage shall be on buildings.

#### Response: This property is in the Gateway Design Overlay District. No portion of this property lies in Zone AE, within the 100-year floodplain, according to the current FEMA Map Panel 47149C0255H eff. 01/04/2007 and FEMA flood panel

#### **Response:** The primary representative is Matt Taylor of SEC, Inc. and the developer/ applicant is TDK Construction. Contact

PUD Exceptions Request Summary:

- Requesting an exception to endnote 22 of Chart 1 Endnotes. Uses Permitted by Zoning District to allow multi-family as
  a permitted use (Not currently permitted in underlying MU zoning) [In developments consisting of ten (10) or more
  acres in the MU zoning district, the use "dwellings, multiple-family" shall constitute no more than twenty-five (25)
  percent of developable land area.] To allow multi-family residential land-use as a part of this PUD.
- Requesting an exception to the allowable number of multi-family units beyond the 25% limitation in endnote 22 of Chart 1 Endnotes. Specifically this PUD is requesting up to 232 multi-family units where as per current zoning this development is allowed 86 multi-family units.
- Requesting an exception to Minimum Building Setbacks along Robert Rose Drive from 50-feet to 40-feet.
- Requesting exceptions to Zoning Ordinance and Design Guidelines regarding commercial architecture and permitted materials for the mixed-use buildings, to allow the use of faux wood in building elevations.
- An exception to allow outdoor sales and the sale of food and beverage in park space and public open space for temporary special events.
- Requesting exception to single bedroom parking calculations to utilize 1.1 instead of 1.5 spaces per bedroom.

**STAFF PRESENT** 

Greg McKnight, Planning Director Margaret Ann Green, Principal Planner Marina Rush, Principal Planner Holly Smyth. Principal Planner Joel Aguilera, Planner Carolyn Jaco, Recording Assistant David Ives, Deputy City Attorney Roman Hankins, Assistant City Attorney Sam Huddleston, Executive Dir. Dev't Services Matthew Blomeley, Asst. Planning Director

#### 1. Call to order.

Chair Kathy Jones called the meeting to order at 6:00 p.m.

#### 2. Determination of a quorum.

Chair Kathy Jones determined that a quorum was present.

#### 3. Public Hearings and Recommendations to City Council

Zoning Ordinance amendment [2022-802] regarding amendments to Sections 2, 7, 24, Chart 1, and Chart 4 pertaining to alcohol manufacturing, City of Murfreesboro Planning Department applicant. Mr. Roman Hankins gave a PowerPoint presentation on the Zoning Ordinance Amendments for Alcohol Beverage Manufacturing. His presentation included topics such as Current Zoning, Stakeholder Involvement, Separate Uses for Breweries, Distilleries, Brewpubs, Wineries, and Parking.

Ms. Margaret Ann Green made known Staff is supportive of this rezoning request for the following reasons:

Aye: Kathy Jones Ken Halliburton Jami Averwater Rick LaLance Warren Russell Chase Salas Shawn Wright

Nay: None.

Zoning application [2022-403] for approximately 13.7 acres located along Medical Center Parkway, Robert Rose Drive, and Maplegrove Drive to be rezoned from MU and GDO-1 to PUD, CH, and GDO-1 (Vintage Apartments and TDK office PUD), TDK Construction applicant. Ms. Margaret Ann Green presented the Staff Comments regarding this item, a copy which is maintained in the permanent files of the Planning Department and is incorporated into these Minutes by reference.

Ms. Green made known Staff would like the Planning Commission to consider the following items in its review of this request:

- 1. The zoning request is inconsistent with the proposed Murfreesboro 2035 Comprehensive Plan Future Land Use Map.
- 2. The Zoning Ordinance limits on multi-family residential uses for master planned developments in the MU zone.
- 3. The proposed reduction of 150 parking spaces for the project.
- 4. Other exceptions as noted on sheet 26.

Mr. Matt Taylor (design engineer), Mr. Ross Bradley (developer), Mr. Ken Ayers (TDK), Mr. John David Blankenship (TDK), Ms. Gina Emmanuel (architect), and Jeff Rosiak (landscape architect) were all in attendance for the meeting. Mr. Taylor gave a PowerPoint

presentation of the Pattern Book, which Pattern Book is maintained in the permanent files of the Planning Department and is incorporated into these Minutes by reference.

Vice-Chairman Ken Halliburton requested for the commercial lot restrictive covenants to exclude gas station, convenience store, liquor store, and beer & tobacco store. Mr. Taylor agreed.

Chair Kathy Jones opened the public hearing.

- 1. Mr. Darren Douglas, 1728 Lannister Avenue provides door to door trash and recycle services lor luxury apartment complexes. He is in favor of the application.
- 2. Mr. Maurice Martin, 5033 Asbury Lane is in favor of the zoning application.

Chair Kathy Jones closed the public hearing.

The Planning Commission began discussing the proposal with questions regarding the number of apartments and shared parking for the apartments with the commercial use.

The Planning Commissioners expressed their concerns regarding the requested exceptions. Mr. Rick LaLance expressed concerns regarding the number of multi-family units proposed. Mr. Warren Russell stated there needed to be a good balance with the number of apartments and the amount of office space.

Vice-Chairman Ken Halliburton stated he was for the development due to the applicant providing a business building for professional jobs. Mr. Chase Salas made known he was for the development due to TDK's long history of being good stewards in the community.

Mr. Matt Taylor asked to defer action to continue working on this application.

There being no further discussion, Mr. Warren Russell moved to defer the zoning application; the motion was seconded by Ms. Jami Averwater and carried by the following vote:

Aye: Kathy Jones Ken Halliburton Jami Averwater Rick LaLance Warren Russell Chase Salas Shawn Wright

Nay: None.

Zoning application [2022-409] for approximately 238 acres located along Northwest Broad Street to be removed from the GDO-1 zoning overlay district (with approximately 20.8 acres remaining in the GDO-1 overlay), City of Murfreesboro applicant. Ms. Marina Rush presented the Staff Comments regarding this item, a copy which is maintained in the permanent files of the Planning Department and is incorporated into these Minutes by reference.

Mr. Matt Taylor (design engineer) was in attendance to represent the application. He explained the proposed Type D buffer would be discussed further during site plan review. Mr. Matthew Blomeley explained any additional landscaping could be addressed during site plan review.

Chair Kathy Jones opened the public hearing. No one came forward to speak for or against the request; therefore, Chair Kathy Jones closed the public hearing.

There being no further discussion, Vice-Chairman Ken Halliburton moved to approve the zoning application subject to all staff comments; the motion was seconded by Mr. Chase Salas and carried by the following vote:

Aye: Kathy Jones

Ken Halliburton

Chair Kathy Jones called the meeting to order at 1:00 p.m.

#### 2. Determination of a quorum.

Chair Kathy Jones determined that a quorum was present.

#### 3. Approve minutes of the April 20, 2022, Planning Commission meeting.

Mr. Chase Salas moved to approve the Minutes of the April 20, 2022 Planning Commission meeting; the motion was seconded by Mr. Warren Russell and carried by the following vote:

Aye: Kathy Jones Ken Halliburton Jami Averwater Rick LaLance Warren Russell

### MINUTES OF THE MURFREESBORO PLANNING COMMISSION MAY 18, 2022

drainage and detention calculations would be provided to City Staff and TDOT for their review and approval.

There being no further discussion, Vice-Chairman Ken Halliburton moved to approve the zoning application subject to all staff comments; the motion was seconded by Mr. Shawn Wright and carried by the following vote:

Aye: Kathy Jones

Ken Halliburton Jami Averwater Rick LaLance Warren Russell Chase Salas Shawn Wright

Nay: None.

Zoning application [2022-403] for approximately 13.7 acres located along Medical Center Parkway, Robert Rose Drive, and Maplegrove Drive to be rezoned from MU and GDO-1 to PUD, CH, and GDO-1 (Vintage Apartments and TDK office PUD), TDK Construction applicant. Ms. Margaret Ann Green presented the Staff Comments regarding this item, a copy which is maintained in the permanent files of the Planning Department and is incorporated into these Minutes by reference. Continuing, Ms. Margaret Ann Green stated, notable changes the zoning application includes:

- Reduction in the number of apartments from 274 dwelling units to 232 dwelling units;
- Increase the square footage of TDK's office building from 50,000 s.f. up to 60, 000 square feet minimum;
- Increase the parking area for the proposed apartments only; and
- Clarified the parking exceptions for the proposed apartments.

### MINUTES OF THE MURFREESBORO PLANNING COMMISSION MAY 18, 2022

Mr. Matt Taylor (design engineer) and Mr. Ross Bradley (developer) were in attendance representing the application. Mr. Taylor stated that they have added language prohibiting the following uses: liquor store, beer and tobacco store, and convenience store.

Vice-Chairman Ken Halliburton requested for shared parking to be considered with the future CH lot to the north. Ms. Green stated she would research this request further. Mr. Shawn Wright asked if the office space would be built first, to which Mr. Ross Bradley answered yes.

There being no further discussion Vice-Chairman Ken Halliburton moved to approve the zoning application subject to all staff comments; the motion was seconded by Mr. Chase Salas and carried by the following vote:

## **COUNCIL COMMUNICATION**

Meeting	Date:	06/30	/2022
Ficcung	Dutt	00/00	/ 2022

Item Title:	Ordinance 22-O-24 Removal of Accessible Sewer Charges – [First Reading]			
Department:	Water Resources			
Presented by:	Darren Gore			
<b>Requested</b> Coun	cil Action:			
	Ordinance 🛛			
	Resolution			
	Motion 🗆			
	Direction 🗆			
	Information			
-				

#### Summary

Revision of City Code § 33-1 removing the minimum monthly fee for properties having access to sanitary sewer.

#### Staff Recommendation

Approve Ordinance 22-O-24.

#### **Background Information**

MWRD has been charging properties that have "access" to sanitary a minimum monthly sewer charges of \$10.22 per month whether a residence or business has been connected to the sewer since July 1, 2016; however, no commodity charges have been assessed since July 1, 2016.

The Code defines the term "accessible sewer" as a public sanitary sewer located in a street, alley, right-of-way, easement, or other public property abutting on the property in question. The definition of accessible sewer was changed by ordinance in September of 2005.

A brief history of the revision to the definition of accessible sewer and the charges MWRD has billed is as follows:

- Prior to September 2005, "access" to sewer was defined as being within 200 feet of public sewer.
- Ordinance 05-O-48 changed that by defining "accessible" sewer as abutting the property in question.
- Prior to July 1, 2016 customers that were "accessible" to sanitary sewer paid minimum monthly fees (a fixed fee) and commodity fees (variable fees based on per 1,000 gallons consumed).
- Ordinance 16-O-22 changed the fees charged for "accessible" sewer to just the monthly minimum (fixed) and cancelled any commodity charges (variable).

Based on recent customer input, and the relatively few numbers of accounts affected, staff is recommending dropping the fixed monthly fee for properties not connected to sewer but are defined as having access to it.

Only 165 accounts are currently charged a minimum monthly sewer fee that are not connected to the sanitary sewer system. Eliminating these charges equates to a revenue loss of \$20,235 annually, which MWRD's budget can absorb.

#### **Council Priorities Served**

#### Responsible budgeting

Eliminating de minimis fees for a small number of customers that are not using Murfreesboro's utility infrastructure is fair and does not affect other rate paying customers or the Department's budget.

#### **Fiscal Impact**

The Ordinance results in a loss of \$20,235 in revenue annually, which MWRD's operating budget will absorb without the need for amendment.

#### Attachments

Ordinance 22-O-24 amending Chapter 33-1, Water Resources rates and charges, regarding accessible sewer charges

**ORDINANCE 22-O-24** amending the Murfreesboro City Code, Chapter 33, Water Resources, Section 33-1, Water Resources rates & charges, regarding accessible sewer charges.

WHEREAS, Murfreesboro City Code, Section 33-400, defines "accessible sewer" as a public sanitary sewer located in a street, alley, right-of-way, easement or other public property abutting on the property in question; and

WHEREAS, prior to July 1, 2016, property owners with accessible sewer who did not connect paid minimum monthly fees (a fixed fee) and commodity fees (variable fees based on per 1,000 gallons consumed); and

**WHEREAS**, Ordinance 16-O-22 amended the fees charged for accessible sewer to only the monthly minimum and cancelled any commodity charges; and

WHEREAS, the City now desires to remove the provision that charges minimum fees to those who have accessible sanitary sewer, but are not connected to it to coincide with consumption; and

WHEREAS, the overall revenue and budget for the Murfreesboro Water Resources Department will not be materially affected by the removal of said minimum fees.

## NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF MURFREESBORO, TENNESSEE, AS FOLLOWS:

<u>SECTION 1</u>. Murfreesboro City Code, Chapter 33, Water Resources, Section 33-1, Water Resources rates & charges, is amended at subsection (G)(3) by deleting it in its entirety.

<u>SECTION 2</u>. That this Ordinance shall take effect fifteen (15) days after its passage upon second and final reading, the public welfare and the welfare of the City requiring it.

## COUNCIL COMMUNICATION

#### Meeting Date: 06/30/2022

Item Title:	Revision of the Rutherford County Hazard Mitigation Plan				
Department:	Fire Rescue				
Presented by:	Mark A. Foulks, Fire Chief				
<b>Requested Coun</b>	cil Action:				
	Ordinance				
	Resolution	$\boxtimes$			
	Motion				
	Direction				
	Information				

#### Summary

Resolution adopting the revision of the Rutherford County Hazard Mitigation Plan

#### **Staff Recommendation**

Adopt the Revision of the Rutherford County Hazard Mitigation Plan

#### **Background Information**

The Rutherford County Hazard Mitigation Plan must be revised every five years. The Federal Emergency Management Agency has reviewed the revised plan and determined that it is compliant with federal standards in 44 CFR 20 1.6.

#### **Council Priorities Served**

#### Maintain public safety

Undertaking hazard mitigation actions before disasters occur reduces the potential for harm to people and property.

#### Fiscal Impacts

None

#### Attachments

- 1. Resolution 20-R-02
- 2. Rutherford County Hazard Mitigation Plan

**RESOLUTION 22-R-20** adopting the 2022 Revision of the Rutherford County Hazard Mitigation Plan.

WHEREAS, the City of Murfreesboro recognizes the threat that natural hazards pose to people and property; and

WHEREAS, undertaking hazard mitigation actions before disasters occur will reduce the potential for harm to people and property and save taxpayer dollars; and

WHEREAS, an adopted hazard mitigation plan is required as a condition of future grant funding for mitigation projects; and

**WHEREAS**, the Rutherford County Hazard Mitigation Plan must be revised and approved on a scheduled period of every five years; and

WHEREAS, the City of Murfreesboro participated jointly in the planning process with the other local units of government within Rutherford County to prepare the Hazard Mitigation Plan; and

WHEREAS, in a letter dated April 14, 2022, that the Federal Emergency Management Agency has reviewed the revision of the Rutherford County Hazard Mitigation Plan and determined that this revision is compliant with federal standards in 44 CFR 20 1.6(b)-(d) subject to formal community adoption.

## NOW THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF MURFREESBORO, TENNESSEE, AS FOLLOWS:

<u>SECTION 1</u>. The City of Murfreesboro hereby adopts the 2022 Rutherford County Hazard Mitigation Plan as an official plan, a copy of said Hazardous Mitigation Plan being attached hereto as Exhibit A and incorporated herein at length verbatim as if set forth herein.

<u>SECTION 2.</u> This Resolution shall be effective immediately, the public welfare and the welfare of the City requiring it.

April 14, 2022

Mr. Doug Worden State Hazard Mitigation Officer Tennessee Emergency Management Agency 3041 Sidco Drive Nashville, TN 37204

Reference: Rutherford County Hazard Mitigation Plan

Dear Mr. Worden:

The Federal review of the draft Rutherford County Hazard Mitigation Plan for compliance with the planning requirements contained in 44 CFR §201.6 is complete. The plan is compliant with Federal requirements, subject to formal community adoption.

For our office to issue formal approval of the plan, the jurisdiction(s) must submit adoption documentation. Upon receipt of the adoption resolution(s) to our office, we will issue formal approval of the Rutherford County Hazard Mitigation Plan. Once approved, please submit a final copy of the Plan, without draft notations and track changes.

If you or any plan participant need assistance, please do not hesitate to contact Robin Berzins, of my staff, at (678) 822-8516.

Sincerely,

Kuster M. Matury

Kristen Martinenza, P.E., CFM Branch Chief, Risk Analysis Branch FEMA Region 4

COUNTY OF RUTHERFORD CITY OF MURFREESBORO TOWN OF SMYRNA CITY OF LAVERGNE CITY OF EAGLEVILLE

#### January 2022

Prepared by: Rutherford County Emergency Management Agency Rutherford County LEPC- Hazard Mitigation Committee Rutherford County Engineer Natural Hazards are inevitable. Floods, tornadoes, earthquakes, wildfires, and other hazardous events are normal occurrences in the natural environment. Disasters, however, occur when human activity (e.g., farming) and the built environment (e.g., structures) intersect with a natural hazard. Although natural hazards cannot themselves be managed, many disasters can be avoided or mitigated. That is to say, the course or magnitude of an earthquake cannot be managed but the characteristics of the built environment that will be subject to that earthquake can be managed. An important task of local officials, and the purpose of a hazard mitigation plan, is to identify and to minimize or eliminate the impact of natural hazards on human activity and the built environment within their communities.

impact of natural hazards on human activity and the built environment within their communities. Technological hazards are those caused by commonplace tools, machines, and substances while humancaused are those resulting from inadvertent use or deliberate abuse or misuse of biological and/or technical catalysts. This plan addresses all hazard concerns based on a performed Hazard Risk Assessment used to define prime areas of concern to Rutherford County.

Hazard mitigation is defined as sustained action taken to significantly reduce or permanently eliminate long-term risk to human life and property from hazards and their effects. This definition distinguishes actions that have a long-term impact from those that are more closely associated with preparedness for, immediate response to, and short-term recovery from, a specific event. This intent is to focus on actions that produce repetitive benefits over time, not on those actions that might be considered emergency planning or emergency services.

The primary purpose of hazard mitigation is to ensure that fewer Americans and their communities are victims of disasters from all potential hazards. After disasters, repairs and reconstruction are often completed in such a way as to simply restore damaged property to pre-disaster conditions. Such efforts expedite a return to normalcy. However, replication of pre-disaster conditions results in a cycle of damage, reconstruction, and repeated damage. Hazard mitigation is needed to ensure that such cycles are broken, that post-disaster repairs and reconstruction take place after damages are analyzed, and that sounder, less vulnerable conditions are produced. An important benefit of hazard mitigation is that current dollars spent on mitigation will significantly reduce the demand for large amounts of future dollars when natural disasters strike, as well as reduce the economic disaster which often accompanies the natural hazard event through destruction of property, loss, or interruption of jobs, and closing or disabling of businesses.

The rationale for mitigation is simple: It has been continuously proven that impacts of natural hazards can be lessened and even eliminated by appropriate action taken well before the hazardous event. The most effective way to ensure that this action takes place is the preparation and implementation of a comprehensive hazard mitigation plan.

The overall consensus is hazard mitigation actions can save lives and property!

#### Introduction to Mitigation

The Disaster Mitigation Act of 2000 (DMA 2000) In the past, federal legislation has provided funding for disaster relief, recovery, and some hazard mitigation planning. The Disaster Mitigation Act of 2000 became law on October 30, 2000 and amends the Robert T. Stafford Disaster Relief and Emergency Assistance Act (the "Stafford Act") (Public Law 93-288, as amended). Regulations for these activities can be found in Title 44 of the Code of Federal Regulations Part 206, Subpart M. This legislation reinforces the importance of mitigation planning and emphasizes planning for disasters before they occur. This act establishes a pre-disaster hazard mitigation program and new requirements for the national, postdisaster, Hazard Mitigation Grant Program. Section 322 of the act specifically addresses mitigation planning at the state and local levels. It identifies new requirements that allow Hazard Mitigation Grant Program (HMGP) funds to be used for mitigation planning activities and increases the amount of HMGP funds available to states that have developed a comprehensive, enhanced mitigation plan prior to a disaster. States and communities must have an approved mitigation plan in place prior to receiving post-disaster HMGP funds. Local and tribal mitigation plans must demonstrate that their proposed mitigation measures are based on a sound planning process that accounts for the risk to and the capabilities of the individual communities. DMA 2000 is intended to facilitate cooperation between state and local authorities, prompting them to work together. It encourages and rewards local and state pre-disaster planning and promotes sustainability as a strategy for disaster resistance. This enhanced planning network will better enable local and state governments to articulate accurate needs for mitigation, resulting in faster allocation of funding and more effective risk reduction projects. To implement the new DMA 2000 requirements, FEMA prepared an interim final rule, published in the Federal Register on February 26, 2002, at 44 CFR Parts 201 and 206, which establishes planning and funding criteria for states and local communities. On October 31, 2007, FEMA subsequently published an Interim Rule in the Federal Register, which ensures the Flood Mitigation Assistance (FMA) program planning requirements are consistent with the mitigation planning regulations as cited in the Code of Federal Regulations (CFR) at Title 44, Chapter 1, Part 201 (44 CFR Part 201). This interim rule established that local communities must comply with mitigation planning requirements to be eligible to apply for FEMA mitigation project grant funding, including FMA and FEMA's Severe Repetitive Loss Program (SRL). Meeting the requirements of the regulations cited above ensures participating jurisdictions in the planning area will be eligible to receive disaster assistance, including hazard mitigation grants available through the Robert T. Stafford Disaster Relief and Emergency Assistance Act, P.L. 93-288, as amended.

State Hazard Mitigation Grant Funding Priorities are the specific hazard mitigation funding streams administered by the state through FEMA. These funding streams include the post-disaster Hazard Mitigation Grant Program (HMGP) and the pre-disaster Flood Mitigation Assistance (FMA) and Pre-Disaster Mitigation (PDM) programs. The Tennessee Emergency Management Agency administers these programs, providing funding to local governments and eligible public entities. These funds are awarded based on the State of Tennessee's hazard mitigation grant funding priorities. The Tennessee Mitigation Council reviews and ranks project applications for funding based on the State of Tennessee's hazard mitigation grant funding priorities. These priorities are reflected in the Mitigation Application Ranking System (MARS) form. The MARS form is a hazard mitigation grant application with an accompanying ranking system based upon a point response ranging from zero to 111 across 17 different categories with accompanying sub-categories. A number of these award the applicant based upon a scaled answer and have scales ranging from zero to 5, 6, and 10. Other categories are binary in nature and will award the applicant points based upon yes or no answers resulting in a scale of 0 to 5, 10, and 25 points.

The list below summarizes priorities based on the scoring criteria in the MARS form.

- Effective Mitigation Project (up to 26 points) Community Impacted by a Disaster in Past Year (25
- points) Demonstrated Hazard Mitigation Planning and Capability (up to 20 points)
- Repetitive Loss, Severe Repetitive Loss, Floodplain or Floodway (up to 15 points)
- Critical Facility or Economic Benefit (up to 15 points)
- Disadvantaged Area (up to 10 points)

In the first three scored categories, the State of Tennessee prioritizes rural and low-income counties that have demonstrated capability to successfully plan or implement hazard mitigation projects. The next three scored categories focus on an applicant's risk, vulnerability, and commitment to implementing hazard mitigation. If a community was part of a Presidentially declared disaster within the last year, the community is given an additional 25 points. This is intended to prioritize communities currently recovering from a major disaster.

The next three scored categories give priority to high-risk hazards and high-priority hazards, as listed in the applicant's own mitigation plan, as well as the number of people benefited by the project. The next four categories focus on high-flood risk properties, giving a very significant number of points for repetitive loss, severe repetitive loss, floodplain, and floodway properties. It is possible to get as many as 15 points from this section for a single project.

The next two scored categories focus on critical facilities and economic benefit. The last two scored categories provide points for permanently solving the issue, saving the lives, or addressing more than one issue. The following excerpt below demonstrates the prioritization portion of mitigation applications. Jurisdictional applications must be submitted through the <u>State of Tennessee Hazard</u> <u>Mitigation Office.</u>

#### Excerpt from Mitigation Application Rating System (MARS) Form

Category	Scoring			
	Points	Range		
Capability of the applicant to achieve the desired activity, based on previous grants performance, regional recommendation, and/or local mitigation plan capability assessment.	0	1 to 5	Lowest to highest capability	
Population of the applicant area.	0	1) 50,001 and Up 2) 25,001 - 50,000 3) 15,001 - 25,000	4) 3,001 – 15,000 5) Up to 3,000

#### **INTRODUCTION**

#### Purpose

The purpose of this plan is to fulfill local Hazard Mitigation Plan requirements and also to substantially increase public awareness of natural hazard risk so that the public demands safer communities in which to live and work; and to significantly reduce the risk of loss of life, injuries, economic costs, and destruction of natural and cultural resources that result from natural hazards. The plan will identify hazards; establish community goals and objectives and select mitigation activities that are appropriate for Rutherford County.

The five jurisdictions represented within the 2022 updated plan are Rutherford County unincorporated, the City of Murfreesboro, the Town of Smyrna, the City of LaVergne, and the City of Eagleville. These are the same jurisdictions represented in the original plan with no jurisdictional changes occurring. All five jurisdictions have remained active throughout the entire planning process.

The Disaster Mitigation Act of 2000 (DMA 2000), Section 322 (a-d) requires that local governments, as a condition of receiving federal disaster mitigation funds, have a mitigation plan that describes the process for identifying hazards, risks, and vulnerabilities, identifying and prioritizing mitigation actions, encouraging the development of local mitigation and providing technical support for those efforts.

In addition, this plan will fulfill the requirements of the National Flood Insurance Reform Act of 1994 (NFIRA). With this act, Congress authorized the establishment of a Federal grant program to provide financial assistance to States and communities for flood mitigation planning and projects. The Federal Emergency Management Agency (FEMA) has designated this program as Flood Mitigation Assistance (FMA). FMA's basic goal is to fund cost-effective measures that reduce or eliminate the number of repetitively damaged structures and associated claims against the National Flood Insurance Fund.

This plan will assist in continuing program activities that will improve Rutherford County's hazard and flood problems and meet other community needs. Consistent with FEMA's planning process guidelines; the plan will accomplish the following objectives:

- Ensure that all possible activities are reviewed and implemented so that disaster related hazards are addressed by the most appropriate and efficient solution.
- Link hazard management policies to specific activities.
- Educate residents about potential hazards that threaten the community.
- Build public and political support for projects that prevent new problems from known hazards and reduce future losses.
- Fulfill planning requirements for future hazard mitigation project grants; and,
- Facilitate implementation of hazard mitigation management activities through an action plan.

#### Methodology

The methodology used for the development and updating of the Rutherford County Hazard Mitigation Plan, consisted of the following tasks:

- 1. Public involvement
- 2. Coordination with other agencies and organizations
- 3. Hazard area inventory
- 4. Problem identification
- 5. Review and analysis of possible mitigation activities
- 6. Local adoption following a public hearing
- 7. Periodic review and update

This hazard mitigation plan contains a list of potential projects and a brief rationale or explanation of how each project or group of projects contributes to the overall mitigation strategy outlined in the plan.

This plan summarizes the activities outlined above to assess the effects of tornadoes, flood & flash flooding, and severe winter storm hazards in Rutherford County and recommends mitigation activities.

The Hazard Mitigation Plan will be evaluated and updated every five years. In addition, the plan will be updated as appropriate when a disaster occurs that significantly affects Rutherford County or one of its municipalities, whether or not it receives a Presidential Declaration. The update will be completed as soon as possible, but no later than the 12 months following the date the disaster occurs. All mitigative planning activity will be monitored, coordinated, and conducted by the Rutherford County LEPC- Hazard Mitigation Planning Sub-committee.

Routine maintenance of the plan will include adding projects, as new funding sources become available or taking projects off the list when they are completed in addition to compiling and adding updated criteria and information.

#### **PLANNING PROCESS**

In September of 2009 the Rutherford County Emergency Management Agency officially formulated the Rutherford County Local Emergency Planning Committee (LEPC). Committee members are represented by all jurisdictions and disciplines as well as infrastructure partnerships, and private industry. A Hazard Mitigation Subcommittee under the LEPC has been formed to address mitigative activities for the protection of life and property throughout all jurisdictions within Rutherford County. This Hazard Mitigation Subcommittee now performs the role that the hazard mitigation committee in the original Rutherford Mitigation Plan was tasked.

The establishment of the LEPC and Hazard Mitigation Subcommittee has been deemed as a more favorable way to implement planning initiatives throughout Rutherford County.

At the direction of the Rutherford County EMA, The Rutherford County Local Emergency Planning Committee (LEPC) Hazard Mitigation Planning Subcommittee reviewed the 2022 plan update and worked through current and issues, for updating required information. The county, as well as all of its jurisdictions, are represented in the Hazard Mitigation Subcommittee. (See list of members below). The Rutherford County EMA staff consolidated the subcommittee's efforts by preparing the written updates within the plan.

On February 2<sup>nd</sup>, 2022 the Hazard Mitigation Planning Subcommittee and other interested persons met to discuss updates and changes to the plan. These revisions were officially approved by the subcommittee and other attendees.

HAZARD MITIGATION COMMITTEE PLANNING MEETING February 2, 2022 09:00 A.M.

Emergency Operations Center, Murfreesboro, TN

#### **MINUTES**

#### PRESENT:

Tim Hooker, Rutherford County EMA Bernard Pike- Rutherford County EMA Carey Clark- Rutherford County EMA Mike Curtis- Rutherford County GIS Brittany Jackson- Rutherford County GIS Dave Breniser- City of Eagleville Kevin Rigsby- Town of Smyrna- Engineering

Mr. Hooker presided and called the meeting to order at 90:00 A.M.

Mr. Hooker explained the purpose of the Hazard Mitigation Plan. The committee examined the entire plan and discussed required changes and updates to the plan. Mr. Hooker stated that some 2008 FIRM maps are still being utilized but newer maps have been updated. Mr. Rigsby stated they and the county work with all maps as they are updated by FEMA. Other maps have been updated as required.

Mr. Hooker stated we also have updated storm and HAZUS data and have also just added updated repetitive loss data distributed by FEMA. Mr. Hooker also stated the only thing we have left is a public meeting. After that the plat will be forwarded to the State and FEMA for approval. Once we receive official approval this documentation will be forwarded to jurisdictional leadership to be officially adopted. Once this is accomplished these documents will be recorded into the plan.

Mr. Hooker mentioned the County Emergency Operations plan was updated and approved last year and is not due for an update until 2026.

There being no further business at this time, the meeting was adjourned at 09:45 A.M.

The City of Murfreesboro and City of LaVergne Engineering Department's flood plain managers were not able to attend this meeting but were able to review the updated plan remotely. Both municipalities have approved the revision. Approval letters are attached.

. . . creating a better quality of life.

February 24, 2022

Mr. Tim Hooker Rutherford County Emergency Management Agency 1220 W College Street Murfreesboro, TN 37129

RE: Rutherford County Hazard Mitigation Plan

Mr. Hooker,

I have reviewed and approve the updated 2022 Rutherford County Hazard Mitigation Plan.

Sincerely,

Shelin En

Michele Emerson City Engineer, City of Murfreesboro

Development Services 5175 Murfreesboro Road La Vergne, TN 37086 (615) 213-2624 lavergnetn.gov

28 February 2022

Tim Hooker- AD-CEMP

Rutherford County Emergency Management Agency

1220 W College St, Murfreesboro TN, 37129

Mr. Hooker,

After careful review and study of the revised and updated 2022 Rutherford County Hazard Mitigation Plan I am comfortable with the content I have looked at.

This plan was prepared by: Rutherford County Emergency Management Agency

**Rutherford County LEPC- Hazard Mitigation Committee** 

**Rutherford County Engineer** 

In my capacity as floodplain administrator and serving the City of La Vergne I accept this hazard mitigation plan.

**Randolph Salvers** 

City of La Vergne Building Official / Director of Codes / flood plain Administrator 5175 Murfreesboro Rd. La Vergne, Tennessee 37086

The County Engineer has spoken with community leaders and citizens around the County who have suffered flooding problems in their homes, businesses and/or land. Also, some of the people interviewed ask about the National Flood Insurance Program. Some homeowners have been told by their insurance company that they cannot buy flood insurance in Rutherford County. We assured them that they could buy flood insurance in Rutherford County and if their insurance company would not sell it, they should go to another insurance company or visit FEMA's website, www.fema.gov.

Notice of a Public Hearing was posted on the Rutherford County Government Website Post and the Emergency Management Facebook site on February 10<sup>th</sup>, 2022 announcing a public meeting would be held on February 16th to describe the planning process and receive input from the citizens of Rutherford County. All comments received from the public were to be reviewed and will be incorporated into the final version of the plan as appropriate. This meeting also allowed the opportunity for neighboring communities, businesses, agencies, nonprofits, and other interested parties to be a part of the planning process. No members of the public attended the meeting.

The following existing plans, studies, reports, and technical information were used in developing this updated plan.

Rutherford County Hazard Mitigation Plan

## HAZARD VULNERABILITY RISK ASSESSMENT

Risk assessment is the process of measuring the potential loss of life, personal injury, economic injury, and property damage resulting from natural or man-made hazards. The results of this risk assessment assisted Rutherford County and its incorporated municipalities in identifying and understanding their risks from natural and man-made hazards. This information also serves as the foundation for the development of the mitigation plan and strategies to help reduce risks from future hazard events.

This risk assessment followed the methodology described in the FEMA publication 386-2 "Understanding Your Risks – Identifying Hazards and Estimating Losses" and was based on a fourstep process: 1) Identify Hazards, 2) Profile Hazard Events 3) Inventory Assets, and 4) Estimate Losses. Using FEMA guidance, as well as the Section 322 regulations for developing local hazard mitigation plans, a risk assessment that identifies the following was developed.

The hazards to which the county and its communities are susceptible The impact of these hazards on physical, social, and economic assets The areas within the county most vulnerable to these hazards The potential costs of damages or costs avoided through future mitigation projects

#### A. Identifying Hazards

Rutherford County is subject to a myriad of natural, technological, or man-made events. Those hazards possessing the greatest potential severity have become identified as hazards of prime concern.

The first step in the risk assessment process was to identify each of the hazards that could occur within Rutherford County. The natural hazard identification process began with researching previous hazard events based on historical data compiled by the Rutherford County Emergency Management Agency. The data collected came from newspaper reports, internet research, personal experiences, public records, and records kept in the Emergency Management Agency and the National Centers for Environmental information at NOAA.

After reevaluating the three hazards listed in the original version of the Rutherford County Mitigation Plan (floods/flash floods, tornado, and hail), Rutherford County has decided to revise the hazard list for the 2022 update.

Now instead of just listing tornado and hail as separate hazards, the all-encompassing hazard classification "tornado/severe storms" has been created. "Tornado/Severe Storms" includes information on tornadoes, severe storm wind, and hail. Also, Rutherford County has decided to add the hazard "severe winter storms" to the hazard list. Even though severe winter storms aren't considered a high-risk hazard for Rutherford County, it has caused vast impacts and thus needs to be listed. (See table 1)

Rutherford County has also identified Technological/Human Caused type hazards as well. With the onset of the 2021 COVID pandemic criteria has been updated.

#### According to a FEMA National Risk Index Report

<u>https://hazards.fema.gov/nri/report/viewer?dataLOD=Counties&dataIDs=C47149</u> Rutherford County falls under the following criteria.

## Rutherford County, Tennessee

Summary

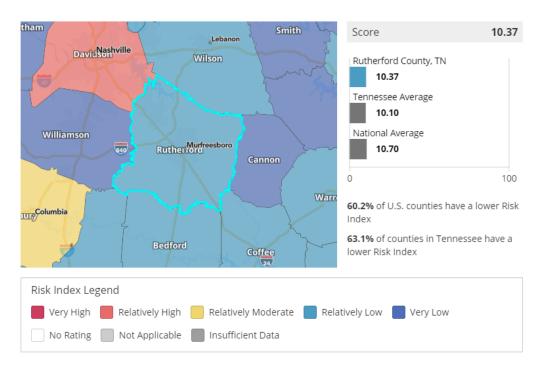

Risk Index is <b>Relatively Low</b>	Score <b>10.37</b>	0	100
Expected Annual Loss is <b>Relatively</b> Moderate	Score <b>21.22</b>	0	100
Social Vulnerability is <b>Very Low</b>	Score <b>23.49</b>	0	100
Community Resilience is <b>Relatively High</b>	Score <b>55.52</b>	0	100

While reviewing this report, keep in mind that low risk is driven by lower loss due to natural hazards, lower social vulnerability, and higher community resilience.

For more information about the National Risk Index, its data, and how to interpret the information it provides, please review the **About the National Risk Index** and **How to Take Action** sections at the end of this report. Or, visit the National Risk Index website at **hazards.fema.gov/nri/learn-more** to access supporting documentation and links.

#### Risk Index

The Risk Index rating is Relatively Low for Rutherford County, TN when compared to the rest of the U.S.

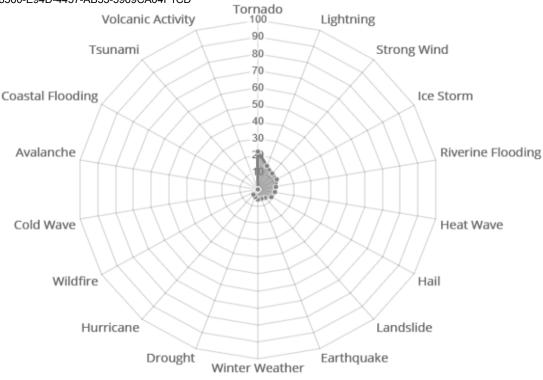

14

#### DocuSign Envelope ID: A9068560-E94D-4457-AB53-5969CA04F1CD Hazard Type RISK INDEX

Hazard type Risk Index scores are calculated using data for only a single hazard type, and reflect a community's relative risk for only that hazard type.

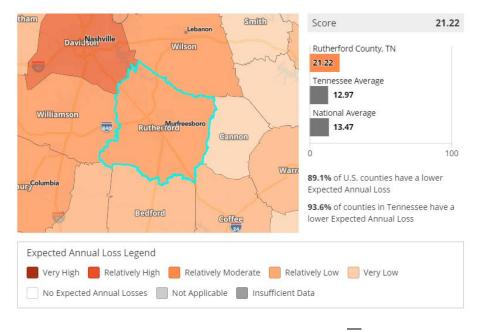

Hazard Type	Risk Index Rating	Risk Index Score	
Avalanche	Not Applicable		
Coastal Flooding	Not Applicable		
Cold Wave	No Rating	0.00	0 100
Drought	Relatively Low	4.87	0 100
Earthquake	Relatively Low	6.03	0 100
Hail	Relatively Low	8.89	0 100
Heat Wave	Relatively Low	9.57	0 100
Hurricane	Very Low	4.14	0 100
Ice Storm	Relatively Low	11.96	0 100
Landslide	Very Low	6.41	0 100
Lightning	Relatively Low	14.82	0 100
Riverine Flooding	Relatively Low	9.89	0 100
Strong Wind	Relatively Low	12.55	0 100
Tornado	Relatively Moderate	22.28	0 100
Tsunami	Not Applicable		
Volcanic Activity	Not Applicable		
Wildfire	Very Low	0.76	0 100
Winter Weather	Very Low	6.02	0 100

The chart above demonstrates the relative distribution of hazard type Risk Index scores for **Rutherford County, TN**. Risk Index scores are plotted for each hazard type included in the National Risk Index. Higher relative risk corresponds to larger colored areas inside a given hazard type chart slice.

## **Expected Annual Loss**

In **Rutherford County, TN**, expected loss each year due to natural hazards is **Relatively Moderate** when compared to the rest of the U.S.

16

Composite Expected Annual Loss			\$16,681,832.01
Building Value	\$5,306,372.12	Population	1.48 fatalities
Agriculture Value	\$158,392.61	Population Equivalence	\$11,217,067.28

## Expected Annual Loss for Hazard Types

Expected Annual Loss scores for hazard types are calculated using data for only a single hazard type and reflect a community's relative expected annual loss for only that hazard type.

14 of 18 hazard types contribute to the expected annual loss for Rutherford County, TN.

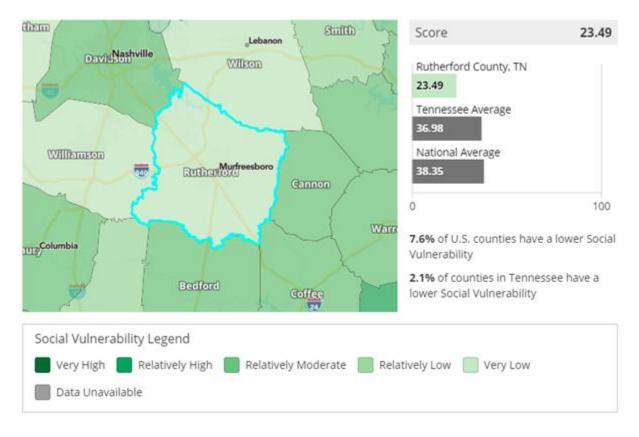

Hazard Type	Expected Annual Loss Rating	Expected Annual L	oss Score
Avalanche	Not Applicable		
Coastal Flooding	Not Applicable		
Cold Wave	No Expected Annual Losses	0.00	0 100
Drought	Relatively Low	8.20	0 100
Earthquake	Relatively Moderate	12.34	0 100
Hail	Relatively Moderate	17.03	0 100
Heat Wave	Relatively Moderate	18.70	0 100
Hurricane	Very Low	7.30	0 100
Ice Storm	Relatively Moderate	27.26	0 100
Landslide	Relatively Low	14.37	0 100
Lightning	Relatively High	39.04	0 100
Riverine Flooding	Relatively Moderate	17.42	0 100
Strong Wind	Relatively High	38.11	0 100

Social groups in **Rutherford County, TN** have a **Very Low** susceptibility to the adverse impacts of natural hazards when compared to the rest of the U.S.

#### **Community Resilience**

Communities in **Rutherford County, TN** have a **Relatively High** ability to prepare for anticipated natural hazards, adapt to changing conditions, and withstand and recover rapidly from disruptions when compared to the rest of the U.S.

Hazards and mitigations strategies are prioritized by the frequency of the hazard and cost/benefit review. From this point on within the plan, Rutherford County has deemed that all jurisdictions have the same vulnerability and risk to each hazard unless otherwise stated.

### Floods/Flash Floods

Flooding is defined as a general and temporary condition of partial or complete inundation of normally dry land areas from excess water from snowmelt, rainfall, or storm surge accumulates and overflows onto the banks and adjacent floodplains.

Floods can be slow or fast rising but generally develop over a period of days. Several factors determine the severity of floods, including rainfall intensity (or other water source) and duration. A large amount of rainfall over a short time span can result in flash flood conditions.

Flooding/Flash Flooding is arguably the highest priority natural hazard in Rutherford County. This is largely due to the physical geography of the county, which is situated over a vast Karst system, and is located within the Nashville Basin which includes several rivers and creeks.

For more information see: <a href="http://water.usgs.gov/ogw/gwrp/activities/karst\_hydro.html">http://water.usgs.gov/ogw/gwrp/activities/karst\_hydro.html</a>

Identification of floodplain areas within the county and incorporated municipalities was based on the most recent Flood Insurance Rate Maps (FIRM) produced by FEMA. FIRM maps dated January 5, 2007 are still in use. However, on 2/13/2021 preliminary FIRM map products were delivered to Rutherford County and have been added. The list of appropriate FIRM flood panels for the County, annotated in Appendix 3 of this plan and titled "Flood Zone Maps", display the locations of all of the major water bodies in the county and delineates the 100-year floodplain boundaries (Zones A and AE). These are areas that have a one percent chance of equaling or exceeding the recorded base flood elevation during any year. Based on these maps all incorporated municipalities have 100-year floodplains within their jurisdictions.

General flooding and flash flooding annually occurs in Rutherford County, and it is the most common event in the county. The National Climate Data Center lists 64 flooding events for Rutherford County since 1950, but there has been numerous smaller events. All of the jurisdictions participating in the plan have a high risk of flooding.

Based on historical events, such as the 9/17/2009, 5/1/2010, and 03/26/2021 floods, Rutherford County and its jurisdictions can experience over 8 feet of flood waters in some places. A list of impacts is provided in Appendix 4.

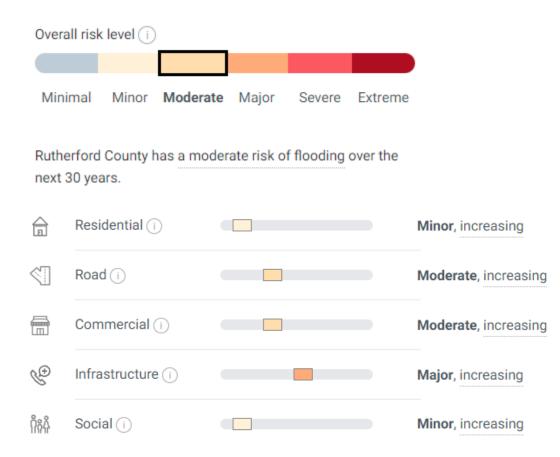

Nuisance flooding impacts many roads and properties in the county and municipalities due to outdated, poorly designed or maintained drainage systems, sections of slab roads that cross through creeks that routinely flood, and deluges of rain over low lying areas. Engineering and Public Works is addressing these types of flooding episodes. One example of this is in November 2005, two grants were executed between the Tennessee Emergency Management Agency and Rutherford County for the Twin Oaks (PDM-PJ-04-TN2005-005) and Greenwood (PDM-PJ-04-TN2005-004) subdivision acquisition projects under the Pre-Disaster Mitigation Program. These FEMA grants were utilized to mitigate repetitive flooding problems of homes that were previously not designated to be in special flood hazard areas. These projects acquired seven properties in the Twin Oaks subdivision, and eleven properties in the Greenwood subdivision which were demolished, and the area returned to their natural state. These areas are now dedicated and maintained in perpetuity for use compatible with open space and wetlands management practices. Since the completion of these projects several rain events have continued to flood these areas. However, due to the success of these projects, no properties were impacted.

Areas known for flooding are mapped into the county GIS database and FEMA 100-year floodplain data is used to overlay and determine vulnerabilities.

#### **Flood Risk Overview**

According to Flood Factor, <u>https://floodfactor.com/county/rutherford-county-tennessee/47149\_fsid</u> There are 8,334 properties in Rutherford County that have a greater risk than a 26% chance of being severely affected by flooding over the next 30 years. This represents 8% of all properties in the County.

In addition to damage on properties, flooding can also cut off access to utilities, emergency services, transportation, and may impact the overall economic well-being of the area. Overall, Rutherford County has a moderate risk of flooding over the next 30 years which means flooding is likely to impact day to day life within the community.

\* Please note the below attached document is most current HAZUS report generated by FEMA, and is using FY 2010 census data. Therefore, this document is not an accurate description of the jurisdictions current standings in population or facility growth.

## Hazus: Flood Global Risk Report

Region Name:

Rutherford\_County

Flood Scenario:

Rutherford\_County\_100yr\_Flood

Print Date:

Friday, September 03, 2021

Disclaimer: This version of Hazus utilizes 2010 Census Data. Totals only reflect data for those census tracts/blocks included in the user's study region.

The estimates of social and economic impacts contained in this report were produced using Hazus loss estimation methodology software which is based on current scientific and engineering knowledge. There are uncertainties inherent in any loss estimation technique. Therefore, there may be significant differences between the modeled results contained in this report and the actual social and economic losses following a specific Flood. These results can be improved by using enhanced inventory data and flood hazard information.

Appendix A: County Listing for the Region	15
Appendix B: Regional Population and Building Value Data	16

#### General Description of the Region

Hazus is a regional multi-hazard loss estimation model that was developed by the Federal Emergency Management Agency (FEMA) and the National Institute of Building Sciences (NIBS). The primary purpose of Hazus is to provide a methodology and software application to develop multi-hazard losses at a regional scale. These loss estimates would be used primarily by local, state and regional officials to plan and stimulate efforts to reduce risks from multi-hazards and to prepare for emergency response and recovery.

The flood loss estimates provided in this report were based on a region that included 1 county(ies) from the following state(s):

. Tennessee

Note:

Appendix A contains a complete listing of the counties contained in the region.

The geographical size of the region is approximately 624 square miles and contains 4,926 census blocks. The region contains over 96 thousand households and has a total population of 262,604 people (2010 Census Bureau data). The distribution of population by State and County for the study region is provided in Appendix B.

There are an estimated 92,003 buildings in the region with a total building replacement value (excluding contents) of 25,642 million dollars. Approximately 93.66% of the buildings (and 80.88% of the building value) are associated with residential housing.

## General Building Stock

Hazus estimates that there are 92,003 buildings in the region which have an aggregate total replacement value of 25,642 million dollars. Table 1 and Table 2 present the relative distribution of the value with respect to the general occupancies by Study Region and Scenario respectively. Appendix B provides a general distribution of the building value by State and County.

Building Exposure by Occupancy Type for the Study Region						
Occupancy	Exposure (\$1000)	Percent of Total				
Residential	20,739,238	80.9%				
Commercial	3,311,524	12.9%				
Industrial	835,177	3.3%				
Agricultural	55,901	0.2%				
Religion	371,170	1.4%				
Government	89,782	0.4%				
Education	239,028	0.9%				
Total	25,641,820	100%				

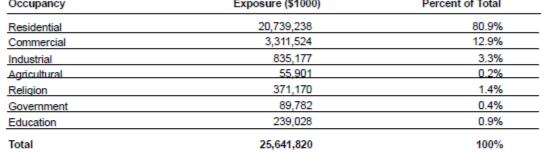

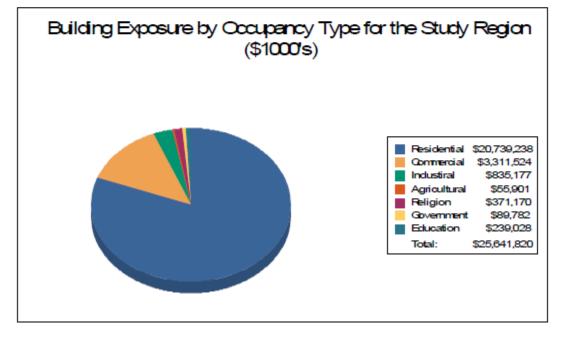

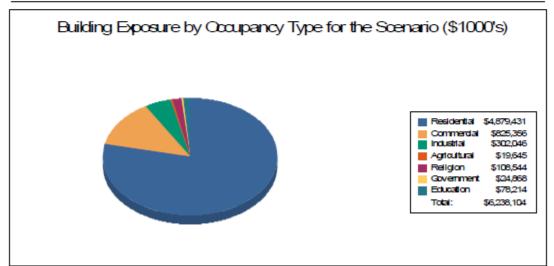

Table 1

DocuSign Envelope ID: A9068560-E94D-4457-AB53-5969CA04F1CD

Building Exposure by Occupancy Type for the Scenario

Occupancy	Exposure (\$1000)	Percent of Total
Residential	4,879,431	78.2%
Commercial	825,356	13.2%
Industrial	302,046	4.8%
Agricultural	19,645	0.3%
Religion	108,544	1.7%
Government	24,868	0.4%
Education	78,214	1.3%
Total	6,238,104	100%

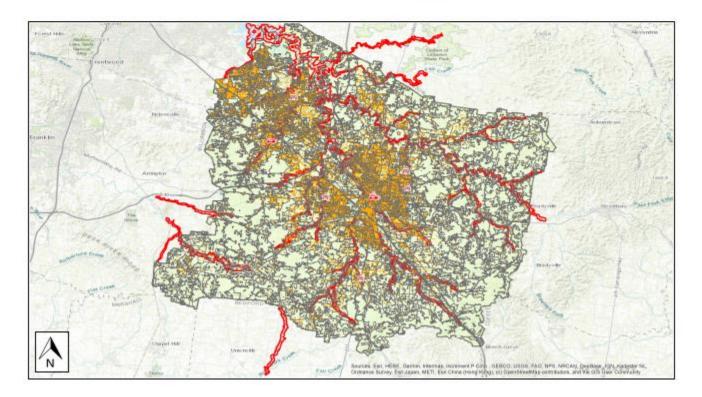

Hazus used the following set of information to define the flood parameters for the flood loss estimate provided in this report.

Study Region Name:	Rutherford_County
Scenario Name:	Rutherford_County_100yr_Flood
Return Period Analyzed:	100
Analysis Options Analyzed:	No What-Ifs

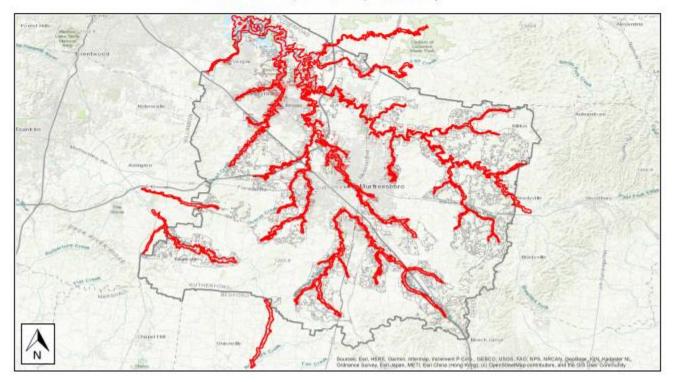

# Study Region Overview Map

### Illustrating scenario flood extent, as well as exposed essential facilities and total exposure

### General Building Stock Damage

Hazus estimates that about 819 buildings will be at least moderately damaged. This is over 49% of the total number of buildings in the scenario. There are an estimated 195 buildings that will be completely destroyed. The definition of the 'damage states' is provided in the Hazus Flood Technical Manual. Table 3 below summarizes the expected damage by general occupancy for the buildings in the region. Table 4 summarizes the expected damage by general building type.

#### Total Economic Loss (1 dot = \$300K) Overview Map

Before the flood analyzed in this scenario, the region had 189 hospital beds available for use. On the day of the scenario flood event, the model estimates that 189 hospital beds are available in the region.

#### Table 5: Expected Damage to Essential Facilities

	# Facilities						
Classification	Total	At Least Moderate	At Least Substantial	Loss of Use			
Emergency Operation Centers	0	0	0	0			
Fire Stations	15	2	0	2			
Hospitals	1	0	0	0			
Police Stations	4	1	0	1			
Schools	65	6	0	4			

If this report displays all zeros or is blank, two possibilities can explain this.

(1) None of your facilities were flooded. This can be checked by mapping the inventory data on the depth grid.

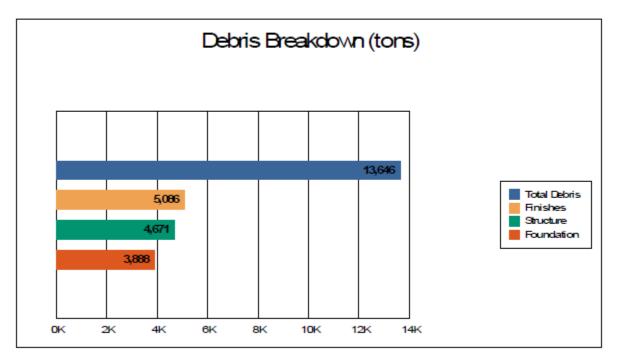

(2) The analysis was not run. This can be tested by checking the run box on the Analysis Menu and seeing if a message

box asks you to replace the existing results.

### Induced Flood Damage

#### Debris Generation

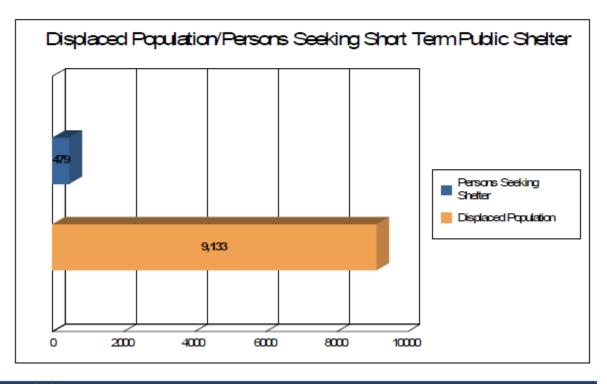

Hazus estimates the amount of debris that will be generated by the flood. The model breaks debris into three general categories: 1) Finishes (dry wall, insulation, etc.), 2) Structural (wood, brick, etc.) and 3) Foundations (concrete slab, concrete block, rebar, etc.). This distinction is made because of the different types of material handling equipment required to handle the debris.

The model estimates that a total of 13,646 tons of debris will be generated. Of the total amount, Finishes comprises 37% of the total, Structure comprises 34% of the total, and Foundation comprises 28%. If the debris tonnage is converted into an estimated number of truckloads, it will require 546 truckloads (@25 tons/truck) to remove the debris generated by the flood.

### Shelter Requirements

Hazus estimates the number of households that are expected to be displaced from their homes due to the flood and the associated potential evacuation. Hazus also estimates those displaced people that will require accommodations in temporary public shelters. The model estimates 3,044 households (or 9,133 of people) will be displaced due to the flood. Displacement includes households evacuated from within or very near to the inundated area. Of these, 479 people (out of a total population of 262,604) will seek temporary shelter in public shelters.

### Economic Loss

The total economic loss estimated for the flood is 876.49 million dollars, which represents 14.05 % of the total replacement value of the scenario buildings.

### Building-Related Losses

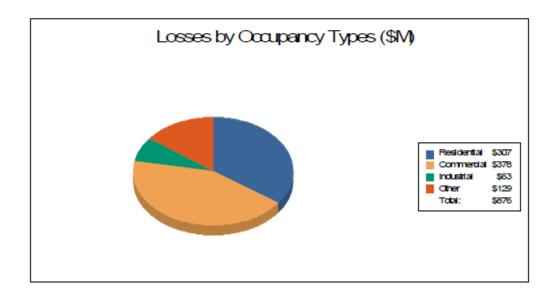

The building losses are broken into two categories: direct building losses and business interruption losses. The direct building losses are the estimated costs to repair or replace the damage caused to the building and its contents. The business interruption losses are the losses associated with inability to operate a business because of the damage sustained during the flood. Business interruption losses also include the temporary living expenses for those people displaced from their homes because of the flood.

The total building-related losses were 490.65 million dollars. 44% of the estimated losses were related to the business interruption of the region. The residential occupancies made up 35.03% of the total loss. Table 6 below provides a summary of the losses associated with the building damage.

# DocuSign Envelope ID: A9068560-E94D-4457-AB53-5969CA04F1CD

## Appendix A: County Listing for the Region

Tennessee . Rutherford

### Appendix B: Regional Population and Building Value Data

		Building Value (thousands of dollars)				
	Population	Residential	Non-Residential	Total		
Tennessee	7					
Rutherford	262,604	20,739,238	4,902,582	25,641,820		
Total	262,604	20,739,238	4,902,582	25,641,820		
Total Study Region	262,604	20,739,238	4,902,582	25,641,820		

## **Tornadoes/Severe Storms**

According to the National Weather Service, to consider a storm severe it must encompass one of three traits: produce winds greater than 58 miles per hour (50.4 knots), produce hail ¾ of an inch or greater in diameter, or produce tornadoes.

A tornado is a violently rotating column of air extending from a thunderstorm to the ground. They vary greatly in behavior, size, shape, intensity, and destructive potential. The most violent tornadoes are capable of tremendous destruction with wind velocity of 250 mph or more. They may move forward at speeds up to 70 mph but generally average between 25-40 mph as they move across land or water. Damage paths can be in excess of I mile wide and 50 miles long. However, in Tennessee, the average length is from a few hundred yards to three miles. Because of prevailing wind patterns, 59 percent of all tornadoes in the United States move from SW to NE direction.

Tornadoes are among the most unpredictable of weather phenomena. Tornadoes can occur in any state but are more frequent in the West and Middle regions. In the southern states, peak tornado occurrence is in March through May: however, tornadoes can strike at any time of the year. Rutherford County has had a tornado occurrence in every month of the year except July, August, and October.

Predicting exactly what parts of Rutherford County have a greater chance of being struck by a tornado is difficult. The best predictor of future tornadoes is the occurrence of previous tornadoes. In May 2007 in Middle Tennessee specifically, National Weather Service data indicated a total of 421 people died in a total of 486 tornadoes since 1830.

These tornadoes are characterized using the Enhanced Fujita (EF) Scale, which categorizes tornadoes based on wind speed and associated expected damages. The following table shows the tornado category (both in the older F-Scale and newer EF-Scale), typical impacts, and corresponding wind speeds.

	Fujita Scale/Enhanced Fujita Scale for Tornadoes							
F-Scale	Fastest Quarter	Typical Impacts	Enhanced Scale: 3	Enhanced				
	Mile Wind Speed		Sec Wind Gust Speed	F-Scale				
FO	40-72 mph	Some damage to chimney; breaks branches off trees;	65-85 mph	EFO				
		pushes over shallow-rooted trees; damages sign boards.						
F1	73-112 mph	Peels surface off roofs; mobile homes pushed off	86-110 mph	EF1				
		foundations or overturned; moving autos pushed off						
		the roads; attached garages may be destroyed.						
F2	113-157 mph	Considerable damage. Roofs torn off frame houses;	111-135 mph	EF2				
		mobile homes demolished; boxcars pushed over; large						
		trees snapped or uprooted; light object missiles generated.						
F3	158-206 mph	Roof and some walls torn off well constructed houses;	136-165 mph	EF3				
		trains overturned; most trees in forest uprooted.						
F4	207-260 mph	Well-constructed houses leveled; structures with weak	166-200 mph	EF4				
		foundations blown off some distance; cars thrown and						
		large missiles generated.						
F5	261-318 mph	Strong frame houses lifted off foundations and carried	Over 200 mph	EF5				
		considerable distances to disintegrate; automobile sized						
		missiles fly through the air in excess of 100 meters; trees						
		debarked; steel reinforced concrete structures badly						
		damaged.						

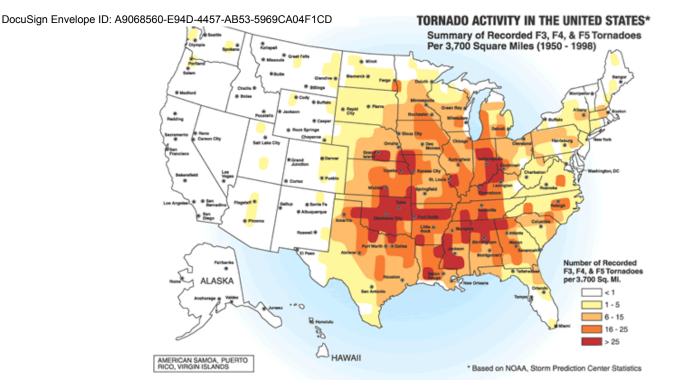

Rutherford County has had 49 recorded tornadoes with 39 deaths, 340 injured. Rutherford County has had several Presidential Declarations from damage caused by tornadoes.

April 18, 1877 – 10 dead, 50 injured – LaVergne area November 20, 1900 – 9 dead, 40 injured – LaVergne area March 13, 1913 – 7 dead, 15 injured – Eagleville area March 18, 1925 – 3 dead, 15 injured – Fosterville area January 24, 1997 – 18 injured, \$5.3M property damage – Barfield area June 2, 1998 - \$1.76M property damage – Smyrna area April 28, 2002 – 31 injured – Christiana area April 10, 2009 – 2 dead, 58 injured - \$100M in damage – Murfreesboro

Based on historical events, Rutherford County and its jurisdictions have experienced an EF4 tornado, and severe storm winds of over 75 knots. Previous occurrences also show that Rutherford County and its jurisdictions have the probability of a severe tornado occurring every few years and the chance of high winds from severe storms occurring numerous times each year. A list of impacts is provided in Appendix 4.

For planning purposes, it is less important to map the tornado risk than it is to identify it. This is because it is so difficult to predict the path of future tornadoes, because they have occurred in just about every part of Rutherford County in the past. However, they do tend to travel south west to north east. The Fujita scale provides us with an idea of the strength and extent of damages of tornadoes that can occur in Rutherford County. Additional resources to help understand the extent of tornado risks for our area are the "Design Wind Speed Map" developed by the American Society of Civil Engineers (ASCE) and the "Tornado Activity in the United States" map based on NOAA Prediction Center statistics. According to the WIND ZONES IN THE UNITED STATES map, most of the state of Tennessee is located in Zone IV, which is an area associated with up to 250 mph wind speeds.

Using the TORNADO ACTIVITY IN THE UNITED STATES map, which shows the number of recorded F3 to F5 tornados per 3,700 square miles, Rutherford County Tennessee is in an area of high risk. (Information obtained from FEMA.gov.

As indicated in the attached map most of Oklahoma, half of Indiana, and isolated areas in the following states: Nebraska, Kansas, Texas, Missouri, Arkansas, Louisiana, Ohio, Kentucky, Tennessee, Mississippi, Alabama, and Georgia

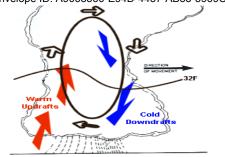

Because tornadoes tend to strike at random it is virtually impossible to predict exactly what parts of Rutherford County have a greater chance of being struck by a tornado; therefore, we must consider all 350,000 residents as being potentially vulnerable to tornadoes.

Hail is associated with large thunderstorms and high winds. Hail falls from thunderstorms in all different shapes, sizes, and intensities. When hail falls to the earth it can wreak havoc on anything it comes in contact with. Hail can be extremely destructive to roof tops and automobiles. In past years Rutherford County has significant damage due to hail.

Hail is formed in huge cumulonimbus clouds, commonly known as thunderheads. When these thunderheads contain strong updrafts of warm air and downdrafts of cold air a water droplet can be picked up by the updrafts and carried up into the air until the temperature drops below the freezing level. With temperatures below 32 degrees Fahrenheit the water droplet freezes into a small piece of ice.

As the droplet reaches cold downdrafts, it will begin to fall back down toward the bottom of the cloud, it may thaw as it moves into warmer air toward the bottom of the thunderstorm. If the updrafts are strong enough, they may pick the droplet back up and take it again into air below 32 degrees, freezing the droplet again, this process will continue as long as the updrafts are strong enough to pick the piece of hail. When the hail reaches a weight that is too heavy for the updraft to pick it up it will fall from the cloud to the ground. Therefore, the stronger the updrafts and the colder the atmospheric air, the bigger the hail can get. The following diagram shows the process of how hail is formed:

DocuSign Envelope ID: A9068560-E94D-4457-AB53-5969CA04F1CD

The size of hail is related to sizes that most people can relate to. For example, the smallest measurable hail is referred to as "pea size" hail which has a diameter of 1/4-inch diameter. The next larger size hail is referred to as "marble/mothball" hail which is ½ inch diameter. These two sizes of hail are not considered to be severe in terms of damage. Anything with a diameter of 1 inch or larger is considered severe. The following table show the terms related to different sizes of hail:

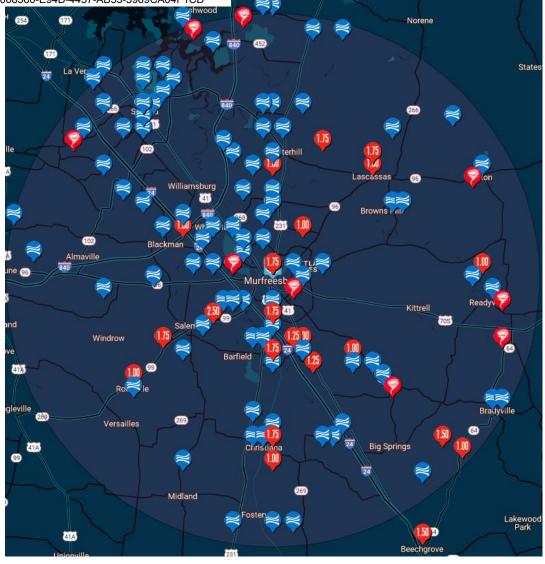

Pea = 1/4-inch diameter Marble/mothball = 1/2-inch diameter Dime/Penny = 3/4-inch diameter - hail penny size or larger is considered severe Nickel = 7/8 inch Quarter = 1 inch (Quantifies a "Severe" Category) Ping-Pong Ball = 1 1/2 inch Golf Ball = 1 3/4 inches Tennis Ball = 2 1/2 inches Baseball = 2 3/4 inches Teacup = 3 inches Grapefruit = 4 inches Softball = 4 1/2 inches

Based on historical events, Rutherford County and its jurisdictions could experience hail measurements over 2.75 inches. A list of impacts is provided in Appendix 4.

Other Hail impact information may be found at this link:

http://www.stormersite.com/hailstorms.cfm?geonameid=4644312

These measurements are difficult to obtain because of the irregular shape of hail. On July 23rd, 2010 an 8.0-inch hailstone was recorded in a South Dakota severe supercell. The hailstone had a circumference of 18.625 inches and a weight of 1.9375 pounds. It produced an impact pit about 10 inches across on the ground.

The severity and number of times that hail will fall in the county in given year is extremely difficult, if not impossible to predict, due to the randomness with which these storms occur. It can be predicted that Rutherford County will experience these events on an annual basis, with the damages ranging from minor to significant.

# **Severe Winter Storms**

Severe Winter Storms includes snowstorms, ice storms and blizzards, but in Tennessee the term mostly refers to extreme cold and ice. Because of the State's generally mild winters, major winter storms occur on average about once every five years, affecting Rutherford County and its jurisdictions.

When it comes to actual severe winter storms occurring within Rutherford County and its jurisdictions, the county has experienced impacts such as downed power lines, downed tree branches, closed roads, and automobile accidents caused by "black ice."

Rutherford County and all its jurisdictions are most likely to receive one to three inches of snow based on historical events but, could receive as much as 12 inches of snow or more. A list of impacts is provided in Appendix 4.

# **Identifying Assets**

The Hazard Mitigation Plan for Rutherford County identifies critical facilities located in the County and the hazards to which these facilities are susceptible. A critical facility is defined as a facility in either the public or private sector that provides essential products and services to the general public, is otherwise necessary to preserve the welfare and quality of life in the County, or fulfills important public safety, emergency response, and/or disaster recovery functions.

The critical facilities identified in the County are shelters; hospital and other health care facilities; gas, electric, and communication utilities; water and wastewater treatment plants; facilities with flammable or toxic materials; schools; fire and police stations and government services. (See Appendix 5 for listings)

The Hazard Mitigation Committee used GIS and other modeling tools to map the county's critical facilities and determine which are most likely to be affected by hazards. The three hazards most likely to impact the County are tornadoes/severe storms, flooding/flash flooding, and severe winter storms. The analysis revealed the following:

Tornado Hazard: Any critical facility could be affected. In addition to critical facilities, the County contains at risk populations that should be factored into a vulnerability assessment. These include a relatively large population of elderly residents with limited mobility.

An analysis of the projected population figures for Rutherford County indicates that the population will double in the next 20 years. Much of the residential development is expected to continue to occur within areas that contain portions of the 100-year floodplain.

# **Estimating Potential Losses**

Because it is difficult to determine when or where a potential event may occur it is impossible to preestimate potential losses. However, through the counties Office of Information Technology, estimated losses can be obtained in a timely manner immediately following an event by utilizing data entry into our GIS database, and working with the tax assessors tax maps, to formulate and determine overall impact within Rutherford County.

# Analysis of Land Uses and Development Trends

Rutherford County is located at the geographic center of the state of Tennessee. It has a total area of 640 square miles (409,600 acres). The county is bounded on the north by Wilson County, on the east by Cannon and Coffee Counties, on the south by Bedford and Marshall Counties, and on the west by Williamson and Davidson Counties. Murfreesboro, the county seat, is 32 miles southeast of Nashville. The Regional Map included with this plan illustrates the location of Rutherford County to surrounding counties (See Appendix 6 – Map of Rutherford County and surrounding counties).

The following land use activities, taken from the Rutherford County Zoning Maps and maintained by the Rutherford County Planning Department, can be found within Rutherford County. The draft county zoning map included within this plan illustrates the location and intensity of the land uses described below. (See Appendix 6– Rutherford County Zoning).

## Commercial

Rutherford County is somewhat typical in that much of the County's major commercial use is located inside the larger municipalities, primarily Murfreesboro, Smyrna, LaVergne. Scattered small commercial sites are located within the county at arterial and collector roads or within cross-roads communities which serve the residents' convenience needs.

## Industrial

Within Rutherford County, major industry is typically located inside the larger communities and is likely to remain in this condition due to infrastructure and services.

# Residential

Within Rutherford County the residential development trend has primarily occurred along the frontages of major transportation route, arterial, and collector roads and the fringes of the incorporated communities. The great majority of this growth consists of residential development on a minimum of one-half acre lots where no public sewer exists, and some subdivisions on one-fourth acres lots where STEP systems are installed. In the past few years, the pace of this activity has significantly risen with the outward migration of residents. The current growth rate in 2020 was 2.25% and an overall increase of 31.80% since 2010. Many of the purchases of residential lots are focused on the local market for employment however, there is an increasing proportion that commutes to work in contiguous counties.

The area wide economy has mostly benefited from the associated growth; however, many of the municipalities and the unincorporated areas of the county have become bedroom communities placing strains on the infrastructure and available community services.

Annexation has been one response to the rapid growth of Rutherford County. As most of the municipalities in the county are at or very near build-out, there are not many undeveloped lots available for new development. This coupled with the desire for subdivisions has increased the amount of development on the fringes of the municipalities and in the unincorporated county.

The response by some municipalities, particularly Murfreesboro and Smyrna, to this issue has been to annex the fringe developments and expand their municipal boundaries.

This increases the city tax bases, but also increases the burdens on the municipalities to provide services and infrastructure. Current trends indicated new challenges and will continue to be before the local government.

Rutherford County has grown exponentially in the last few decades. This formerly rural, agricultural county is rapidly becoming a populated residential region. The 1990 census showed the county had 42,118 households and a population of 118,570. Between the 1990 and 2000 census Rutherford County's population grew by 53.5% to 182,023 with 66,443 households. The 2008 the census estimated near 102,000 households and a population of approximately 249,000. With the conclusion of the 2010 census the area population stood at 263,708. The 2021 census indicates the population is 347,561 which makes the area one of the fastest growing counties in the state.

The Rutherford County Urban Growth Map (appendix 6), included as part of this plan, illustrates the proposed Urban Growth Boundary (UGB) for each municipality with the remainder of the county being rural.

# **TECHNOLOGICAL/MAN-MADE HAZARDS Prime Concern**

# 1. Biological

A biological hazard is medical, health, or sanitation threat (such as contamination, epidemics, plagues, insect infestation or foreign animal disease) which pose a threat to the general public, wildlife, or domestic animals. An epidemic or pandemic caused by either natural or man-made circumstances my result in an emergent event which has potential to impact a wide spectrum of the population. These risks may appear at any time or location with little or no warning.

# 2. Communications Failure

A communications failure is the widespread breakdown or disruption of normal communication capabilities. Major telephone outages, loss of local government radio tower and communications facilities as well as loss of back-up generator capabilities causing long term interruption of electronic broadcast services, emergency 911, and other public safety communications PSAPS as well as other infrastructures vital to the continued safety and welfare of the general public. Natural, man-made, or technological hazards have the capability to disrupt these capabilities.

# 3. Energy Failure

Energy failure is the extended interruption in the supply of electric, petroleum, or natural gas. Disruption in these critical services and be caused by a number of factors, severe weather is typical in interruption of electric services; and failure of these systems would create a myriad of physical/fiscal problems throughout Rutherford County.

# 4. Hazardous Materials (HAZMAT)

A hazmat event is the uncontrolled release of chemical or biological substances into the environment, capable of posing risk to the health and safety of the public as well as impacting property and the environment. Hazardous materials incidents occur on a regular basis in Rutherford County and vary by scope and magnitude. There are 120 Tier II reporting facilities in the county who handle, store, work with or manufacture hazmat products.

The county also has thirty plus miles in railroad and interstate with numerous and continuous hazmat transports occurring daily. Release of these materials may be caused by numerous means and they incidents may occur at anytime and anywhere in the county.

# 5. Terrorism

The Federal Bureau of Investigation defines terrorism as "The unlawful use of force against persons or property to intimidate or coerce a government, the civilian populations, of any segment thereof, in furtherance of political or social objectives." The act of terrorism may occur anywhere and may include chemical, biological, explosive, radiological, or cyber related sources. Terrorism activity can be influenced and driven by international and/or domestic considerations.

# 6. Transportation

Transportation hazards may involve air or ground modes of transportation. A variety of circumstances can result in this type of incident, i.e., mechanical failure, operator error, terrorism, weather, etc.

# **MITIGATION STRATEGY**

# A. Capability Assessment

The capability assessment identifies and evaluates existing systems including laws, standards, programs, and policies that either reduces or increase a jurisdiction's vulnerability to hazards. This capability assessment focused on the evaluation of Rutherford County's existing programs and policies to determine what vehicles are already in place to support mitigation activities. These policies and programs were identified based on a review of existing plans and ordinances for the county and each of the municipalities.

**National Flood Insurance Program (NFIP):** Rutherford County and all its jurisdictions are participants in the National Flood Insurance Program. This program provides flood insurance to homes and businesses, which are located in floodplains at a reasonable cost; and encourages the location of new development away from the floodplain. The program is based upon mapping areas of flood risk, and requiring local implementation to reduce that risk, primarily through guidance of new development in floodplains.

Congress created the NFIP in 1968 to minimize response and recovery costs and to reduce the loss of life and damage to property caused by flooding. The Federal Emergency Management agency (FEMA) administers the NFIP. The two fundamental objectives of NFIP are to:

- 1. Ensure that new buildings will be free from flood damage; and
- 2. Prevent new developments from increasing flood damage to existing properties

The primary benefits of the NFIP are to:

- 1. Provide flood insurance coverage not generally available in the private market.
- 2. Stimulate local floodplain management to guide future development.
- 3. Emphasize less costly nonstructural flood control regulatory measures over structural measures; and
- 4. Reduce cost to the federal and state governments by shifting the burden from the general taxpayer to floodplain occupants.

Community participation in the NFIP is voluntary. However, those communities that do not participate are restricted by Federal sanctions for funding and support of floodplain development. The most significant of these sanctions is the unavailability of disaster relief funds for personal property repair and replacement under the Individual and Family Grant, Temporary Housing and Small Business Administration low interest loan programs.

The initial Flood Insurance Rate Maps (FIRM) identified by all jurisdictions within Rutherford County occurred between 1983 and 1986. All these jurisdictions have a current effective map dated as October 16, 2008. Below are two charts containing NFIP Policy and Loss Data for Rutherford County

NFIP Policy Data Rutherford County September 2021									
Community Name (Number)	<b>Policies in Place</b>	Total Coverage	<b>Total Written Premium</b>						
Rutherford County (470165)	644	\$ 164,734,800	\$ 446,075						
Eagleville (470166)	5	\$ 745,500	\$ 4,429						
Lavergne (470167)	143	\$ 34,435,500	\$ 134,254						
Murfreesboro (470168)	493	\$ 159,274,000	\$ 446,914						
Smyrna (470169)	187	\$ 49,348,800	\$ 154,473						

# NFIP Loss Data for Rutherford County

Rutherford County and its jurisdictions have identified, analyzed, and prioritized four mitigation strategies to continue compliance with the NFIP.

- 1. Develop a regional GIS project to allow the County to address flood issues effectively.
- 2. Continue to evaluate improved standards that are proven to reduce flood damage.
- 3. Maintaining supplies of FEMA/NFIP materials to help homeowners evaluate measures to reduce damage.
- 4. Maintaining a map of areas that flood frequently and prioritizing those areas for inspection immediately following heavy rains or flooding event.

See Objective 2.4 in the plan's "Goals, Objectives, Actions" section for other NFIP actions.

**Repetitive Loss Properties (NFIP):** According to the National Flood Insurance Program, repetitive flood loss is defined as a facility or structure that has experienced two or more insurance claims of at least \$1,000 in any given ten-year period since 1978. The chart below provides a summary of repetitive losses for the county as of January 2022.

Repititive Loss Properties for Rutherford County 2022									
Jurisdiction	Structure Type	Flood	Number	Total Building	Total Contents	Total Paid

**Emergency Management Agency:** The Rutherford County Emergency Management Agency was created in 1990 for the purpose of developing plans and procedures that would provide the most effective and efficient coordination of resources available in the mitigation of, planning and preparedness for, response to and recovery from emergencies and disasters. The agency is also responsible for helping prepare the citizens of Rutherford County to deal with emergencies and their consequences.

**Rutherford County Emergency Operations Plan:** This plan establishes the framework for the development of a comprehensive emergency management program within and for Rutherford County and its various political subdivisions. The emergency management program's purpose is to mitigate the potential effects of the various hazards that might impact the county, to prepare for the implementation of measures which will preserve life and minimize damage, to respond effectively to the needs of the citizens and local jurisdictions during emergencies, and to provide a recovery system to return the county and its communities to a normal status as soon as possible after such emergencies. This plan defines the roles and responsibilities associated with the mitigation, preparedness, response, and recovery efforts directed at natural, technological, or man-made events which may impact Rutherford County.

**Rutherford County Hazardous Materials Response:** The County Fire department as well as municipalities of Murfreesboro, Smyrna, and LaVergne have trained hazardous materials response groups through their jurisdictional fire departments.

These fire departments also respond to incidents such as: Vehicle extrication, confined space, high angle, urban and wilderness SAR, swift water rescue, underwater recovery, and medical first response calls. The hazardous materials response teams work cohesively with other hazmat groups throughout the entire county as well as other county and state resources if required.

Warning Systems: Currently there are only six warning siren systems in service in Rutherford County. This system is primarily designated for warning of the 30,000 students and faculty located on the Middle Tennessee State University (MTSU) campus. The placement of these sirens also provides limited warning capabilities for the central area of the City of Murfreesboro's residents. This system is activated when a Tornado Warning is issued for the area and is tested on a regular basis. MTSU Campus authorities also have a text warning system in place to provide the campus population with emergency information.

Rutherford County has in place has an emergency telephone notification system called Alert Rutherford that is driven by Everbridge. This may be activated by emergency officials at any time. This system is utilized to distribute instructions or information to warn the public of a specific hazards or pending threats which may affect the general population. It has been used successfully on several occasions. Businesses and hardline telephones listed in the phone book will automatically receive public warnings, as well as account holders who have signed up to receive emergency notifications through the system. Rutherford County Emergency Management also maintains a FEMA MOU for the and usage of the Integrated Public Alert Warning System (IPAWS) to inform the public of hazardous situations or emergency information. Citizens may also sign up to receive alert notifications by various other means and applications. The Rutherford County Emergency Management Agency has also implemented the use of several Social Media sites http://www.rcecd911.org/alertrutherford/

https://www.facebook.com/search/top?g=rutherford%20county%20ema

to assist emergency managers in timely dissemination of information to the public as well as push notifications from our sites with other governmental partners. It should be noted that the Everbridge system is not activated manually for weather alerts to the public as this is the responsibility of the National Weather Service. However, Everbridge account holders can elect to receive weather related products automatically pushed by NWS over the Everbridge system.

The National Weather Service: The National Weather Service (NWS) provides weather, hydrologic, and climate forecasts and warnings for the protection of life and property and the enhancement of the national economy. NWS data and products form a national information database and infrastructure which can be used by other governmental agencies, the private sector, the public, and the global community.

Geographic Information Systems (GIS): Rutherford County began GIS in 1998, when the county learned it would be one of the first in the state to participate in the Tennessee Base Mapping Program. As a result of the project, Rutherford County has high-quality GIS data and is well ahead of most counties in Tennessee. GIS is computer-based mapping and geographic analysis. The Rutherford County GIS department is responsible for coordinating GIS data sharing among government agencies and creating base map layers for use by these agencies and the public.

American Red Cross: Rutherford County is served by the Heart of Tennessee American Red Cross (ARC), which provides emergency preparedness and disaster awareness programs relating to floods, severe storms, tornadoes, and other disasters that might affect Rutherford County. The ARC supports appropriate legislation; however, it does not take the lead in these matters. (January 5, 1905) Congressional mandate; Public Law 93-288, Disaster Relief Act of 1974; statement of under-standing between FEMA and ARC)

DocuSign Envelope ID: A9068560-E94D-4457-AB53-5969CA04F1CD

**NOAA Alert System**: NOAA, the voice of the National Weather Service, provides up to date weather information, 24 hours a day, every day of the year. Watches, Warnings, and weather statements from the NWS are given out over the NOAA Alert System. It is also a major component of the Emergency Alert System that speeds critical information through commercial broadcast outlets. This system can also be activated by emergency managers through the NWS to distribute warnings, emergency information and instructions to the public for any type of emergency event.

**The Central United States Earthquake Consortium (CUSEC):** CUSEC is an organization of 7 states (Tennessee, Arkansas, Illinois, Indiana, Kentucky, Missouri, and Mississippi) dedicated to earthquake awareness, hazard reduction and research. CUSEC's goal is to ensure that planners, developers, building officials, lenders, insurance representatives and other key players understand the potential consequences of earthquakes, and begin to incorporate mitigation into the daily decisions that are made on sitting, design, and construction of buildings and lifelines.

# **Department of Agriculture (USDA):**

Forest Service – Their primary responsibility lies in prevention and suppression of wild land fires on all land outside of municipalities.

All activities are aimed at reducing the number of fires and the acres burned through fire prevention, fire suppression, training, and working with rural fire department.

The TDF requires a burning permit be obtained before any open burning is conducted done between October 15 and May 15 every year.

Natural Resources Conservation Service (NRCS) – The NRCS can provide technical assistance in the conservation, development and productive use of soil and water resources. Their activities include:

(1) Watershed Protection and Flood Prevention

The NRCS provides technical and financial assistance to local organizations to plan and install works of improvement for watershed protection, flood prevention, agricultural water management, and other approved purposes. (Watershed Protection and Flood Protection Act, Public Law 83-566)

(2) Floodplain Management Studies

Assistance for cooperative floodplain management studies is provided to local communities or units of government to provide information and large-scale mapping needed in alleviating potential flood dangers. Funding is 80/20. (Public Law 83-566, Section 6)

(3) Emergency Watershed Protection

Emergency watershed protection assistance is provided to reduce hazards to life and property in watersheds damaged by severe natural events. (Section 403-405, Agricultural Credit Act of 1978; Section 216, Flood Control Act of 1950, Public Law 81-576)

(4) Conservation Technical Assistance

In addition to the specific program activities, the NRCS can provide technical assistance to land users in the planning and application of conservation treatments to control erosion and reduce upstream flooding along with other purposes such as sediment reduction. (Public Law 74-46)

**Rutherford County Planning Commission:** The Rutherford County Planning Commission was established 1962 and consists of a fifteen-member board that is recommended by the County Mayor and appointed by the Rutherford County Commission. The commission promotes orderly growth and development in Rutherford County by maintaining a comprehensive planning program which minimizes land use conflicts, coordinates the provision of public service, and optimizes the quality of life for all county residents.

**Rutherford County Zoning Codes:** A resolution to regulate in the portions of Rutherford County which lie outside of municipal corporations, the location, height, bulk, number of stories and size of buildings and other structures, the percentage of the lot which may be occupied, the sizes of yards, courts and other open spaces, the density of population, and the use of buildings, structures and land for trade, industry, residence, recreation, agriculture, forestry, soil and water conservation, public activities and other purposes including areas subject to flooding. The first Zoning Resolution was adopted in 1962.

**U.S. Army Corps of Engineers (USACE):** The Civil Works Program of the Corps encompasses a broad range of resource development activities for navigation, flood control, major drainage, shore and beach restoration and protection, flood protection, related hydroelectric power development, water supply, water quality control, fish and wildlife conservation and enhancement, outdoor recreation, and development, including consideration of environmental impacts of proposals and alternatives.

**Tennessee Department of Economic and Community Development:** The Tennessee Floodplain Management Coordinator for the National Flood Insurance Program is housed in the TDECD. The Coordinator assists communities with preparation, adoption and administration of floodplain management ordinances or resolutions and integrates floodplain management into comprehensive community planning documents and processes. (Executive Orders, TCA Title 13)

**Tennessee Department of Commerce and Insurance (TDCI), State Fire Marshal's Office:** The State Fire Marshal's Office investigates and prosecutes arson; enforces fire and building codes (including seismic codes); regulates users of explosives; regulates LP gas facilities; inspects electrical installations; coordinates Public Fire Education campaigns through the dissemination of educational videos and literature and produces and designs "Duck and Cover" and Fire Safety videos for schools and civic groups.

**Tennessee Department of Transportation:** Primary mitigation responsibility involves strengthening and hardening of roads and bridges as a result of repair or replacement. TDOT maintains an inventory of barricades and high-water signs for use in the event of roadway flooding; personnel monitor streams as flood warnings dictate. TDOT maintains personnel and equipment to clear roadways in the event of blockage from storms, tornadoes, winter storms, and landslides.

All municipalities have a Board of Mayor and Commissioners who can enact and enforce zoning, zoning restrictions, and amendments and also budget monies for these purposes.

All unincorporated areas are included in a Regional Planning Commission which researches documents and makes recommendations to the County Commission concerning the passage of regulations that would affect hazard mitigation. Each incorporated jurisdiction within the County has its own Mayor and City Commission to do the same.

All municipalities, except Eagleville, which utilizes the County Building Codes Department, have a **Building and Code Enforcement** representative to inspect and enforce regulations. For the protection of the public health, safety, and welfare in the building environment, Rutherford County has adopted minimum requirements of the 2003 International Building Code (IBC). Murfreesboro, Smyrna, LaVergne, and Eagleville all have adopted the same or similar minimum standards.

# B. Goals, Objectives, and Strategies

This section provides information on the process used to develop goals and objectives that pertain to the three natural hazards addressed in the mitigation plan. It also describes the framework that focuses the plan on developing successful mitigation strategies. The framework is made up three parts: Mission, Goals, and Objectives.

The mission of the Rutherford County Natural Hazard Mitigation Plan is to promote sound public policy designed to protect citizens, critical facilities, infrastructure, private property, and the environment from natural hazards. This can be achieved by increasing public awareness, identifying activities to guide the county and the municipalities towards building safer, more sustainable communities.

The plan goals describe the overall direction that Rutherford County agencies, organizations, and citizens can take to minimize the impacts of natural hazards. The goals are stepping-stones between the broad direction of the mission statement and the specific objectives that are outlined in the action items.

Objectives are developed as a means of realizing the county's hazard mitigation goals. Objectives are more specific and tangible than goals. Rather than being long-term and general, objectives should be achievable in a definite period of time. Under each objective are actions that are specific activities or services that will be performed in order to accomplish or support the objective.

# Mitigation Plan Goals, Objectives, and Actions

Public input during development of the mitigation plan assisted in creating the goals. Meetings with the Hazard Mitigation Planning Committee and stakeholder interviews served as methods to obtain input and identify priorities in developing goals for reducing risk and preventing loss from natural hazards in Rutherford County. The goals listed were determined to be those that would have the greatest benefit in hazard reduction to the County. These goals were prioritized based on greatest societal benefit, followed by prioritization of objectives under these goals, followed by prioritization of actions under these objectives. The actions we have identified are prioritized with respect to the frequency of the hazard, societal support for the action, technical feasibility, and with respect to the cost/benefit review process.

All of the actions listed in the plan are on-going (continuous) projects in nature, thus none have been deleted or entirely completed since the original development of the Rutherford County Hazard Mitigation Plan. All actions in the past 5 years have had progress therefore, no actions have been stagnated (deferred).

Goal #1 – Protect public health, safety, and welfare by increasing the public awareness of existing hazards and by fostering both individual and public responsibility in mitigating risks due to those hazards. Existing hazards identified in this plan (flood, tornado, severe storms, severe winter storms) prioritized by benefit, but also by frequency of occurrence in jurisdictions listed herein.

Objective 1.1 – Increase public awareness of natural hazards that can and do affect Rutherford County, especially in the high hazard areas

Action 1.1.1 – Continue to publish articles in the local newspaper to increase public awareness of the risks associated with natural hazards that are prevalent to our County.

Action 1.1.2 – Continue to participate in awareness campaigns such as, Severe Weather Awareness Week

Action 1.1.3 – Encourage businesses and private property owners to adopt appropriate mitigation actions to existing and new construction

Action 1.1.4 – Educate property owners on the affordable, individual mitigation and preparedness measures that can be done to existing and new construction before the next hazard event

Action 1.1.5 – Provide information on tools, partnership opportunities, and funding resources to assist in implementing mitigation activities

<u>Timeframe</u>: On-going <u>Funding</u>: Emergency Management Agency Budget <u>Implement and Administer</u>: Hazard Mitigation Committee <u>New or Existing Buildings/Infra Addressed</u>: Both <u>Hazard Mitigated</u>: Flooding, Tornado/Severe Storms, Severe Winter Storms Jurisdictions Benefitted & Represented: All

# Goal #2 – Reduce loss of life and property from future flooding events in Rutherford County.

Objective 2.1 – Protect, raise, relocate and/or acquisition structures in the flood hazard areas of the County

Objective 2.2 – Reduce flooding along natural creeks and storm-water drainage systems.

DocuSign Envelope ID: A9068560-E94D-4457-AB53-5969CA04F1CD miscellaneous flooding in Rutherford County,

Murfreesboro, Smyrna, LaVergne, and Eagleville caused by old construction practices by utilizing existing public works entities that exist.

<u>Timeframe</u>: continuous based on annual funding <u>Funding</u>: Various government agencies, Rutherford County Commission, Murfreesboro City commission, Smyrna Town Commission, LaVergne City Commission , and the City of Eagleville budgets. <u>Implement and Administer</u>: Rutherford County Public Works, Murfreesboro Public Works, Smyrna Public Works, LaVergne Public Works, and the Eagleville Maintenance department.

<u>New or Existing Buildings/Infra Addressed</u>: Existing <u>Hazard Mitigated</u>: Flooding Jurisdictions Benefitted & Represented: All

Objective 2.4 – Encourage and increase participation with the National Flood Insurance Program.

Action 2.4.1 – Ensure County and Municipalities understand they must remain in good standing with the NFIP to be eligible for any mitigation funding and for citizens to be able to obtain flood insurance

<u>Timeframe</u>: On-going <u>Funding</u>: n/a <u>Implement and Administer</u>: Emergency Management Agency <u>New or Existing Buildings/Infra Addressed</u>: Both <u>Hazard Mitigated</u>: All, with focus on Flooding <u>Jurisdictions Benefitted & Represented</u>: All

Action 2.4.2 – Ensure that citizens are aware that Flood Insurance is available to all residents in Rutherford County through their local insurance company

<u>Timeframe</u>: On-going <u>Funding</u>: n/a <u>Implement and Administer</u>: EMA/Local Insurance Companies/ City of Murfreesboro/Town of Smyrna/City of LaVergne/City of Eagleville <u>New or Existing Buildings/Infra Addressed</u>: Existing <u>Hazard Mitigated</u>: Flooding Jurisdictions Benefitted & Represented: All

# Goal #3 – Reduce the repeated flooding of the transportation infrastructures in the County.

Objective 3.1 – To address the concerns of our transportation infrastructure there will need to be an assessment of the major/most traveled routes in the County.

improvements or replacements.

Action 3.1.2 – Conduct traffic counts on the major roads and bridges prioritize those routes and bridges according to the Average Daily Traffic (ADT).

Action 3.1.3 – Analyze the watershed and see what types of flows we are getting in the area of the flooding.

Action 3.1.4 – Develop alternative designs for the site, which could simply be raising the existing roadbed elevations or cleaning out the downstream creek.

Action 3.1.5 – Develop alternative designs for bridge sites, which could be cleaning out the downstream creek, improving or replacing a structure

Action 3.1.6 – On structures in flood prone areas, determine horizontal location of the structure and the vertical elevation.

Action 3.1.7 – Once the potential structures are identified, a hydrological study will be conducted on the tributary that the structure crosses.

<u>Timeframe</u>: On-going <u>Funding</u>: HMGP/TDOT/Rutherford County Commission <u>Implement and Administer</u>: Rutherford County Public Works <u>New or Existing Buildings/Infra Addressed</u>: Existing <u>Hazard Mitigated</u>: Flooding <u>Jurisdictions Benefitted & Represented</u>: All

# Goal #4 - Continue to improve the County's capability to identify areas needing future mitigation

<u>Timeframe</u>: On-going <u>Funding</u>: General Fund <u>Implement and Administer</u>: County GIS and Engineering <u>New or Existing Buildings/Infra Addressed</u>: Existing <u>Hazard Mitigated</u>: All <u>Jurisdictions Benefitted & Represented</u>: All

## Goal #5 – Minimize losses to existing and future structures within hazard areas.

Objective 5.1 – Continue to enforce the International Building Codes.

Action 5.1.1 – Require that new structures or structures undergoing significant renovation meet code requirements.

DocuSign Envelope ID: A9068560-E94D-4457-AB53-5969CA04F1CD

Action 5.1.2 – Require ground anchors to be installed at each mobile home space in mobile home parks to permit tie-downs of mobile homes.

<u>Timeframe</u>: On-going <u>Funding</u>: General Fund of County/Municipalities <u>Implement and Administer</u>: County/Municipalities Codes Enforcement and Building Inspecting Departments <u>New or Existing Buildings/Infra Addressed</u>: New <u>Hazard Mitigated</u>: All Jurisdictions Benefitted & <u>Represented</u>: All

Objective 5.2 – Reduce the impact on built structures from trees during a natural hazard event.

Action 5.2.1 – Monitor trees and branches in public areas that are at risk of breaking or falling in wind, ice, and snowstorms. Prune or thin trees or branches when they pose an immediate threat to property, utility lines or other significant structures or critical facilities in the County and Municipalities

<u>Timeframe</u>: On-going <u>Funding</u>: General Fund of County/Municipalities <u>Implement and Administer</u>: Rutherford County Public Works/ Public Works Departments of each Municipality <u>New or Existing Buildings/Infra Addressed</u>: Existing <u>Hazard Mitigated</u>: All <u>Jurisdictions Benefitted & Represented</u>: All

# Goal #6 – To reduce loss of life and property from future tornado events in Rutherford County.

Objective 6.1 – Protect the citizens from tornados by disseminating appropriate warnings to the public in a timely manner.

Action 6.1.1 – Encourage each municipality to provide funding for the purchase of or upgrade of a warning system for their citizens.

<u>Timeframe</u>: On-going <u>Funding</u>: General Fund of Municipalities/Community Development Block Grant <u>Implement and Administer</u>: EMA/Municipalities <u>New or Existing Buildings/Infra Addressed</u>: Existing <u>Hazard Mitigated</u>: Tornado/Severe Storms <u>Jurisdictions Benefitted & Represented</u>: All DocuSign Envelope ID: A9068560-E94D-4457-AB53-5969CA04F1CD ... ase of a Weather Radio for each household in the County.

<u>Timeframe</u>: On-going <u>Funding</u>: Individuals/General Fund of the County and Municipalities/Community Development Block Grant <u>Implement and Administer</u>: EMA/Municipalities <u>New or Existing Buildings/Infra Addressed</u>: n/a <u>Hazard Mitigated</u>: All Jurisdictions Benefitted & Represented: All

Action 6.1.3 – Support the Emergency Alert System as necessary.

<u>Timeframe</u>: On-going <u>Funding</u>: EMA <u>Implement and Administer</u>: EMA <u>New or Existing Buildings/Infra Addressed</u>: n/a <u>Hazard Mitigated</u>: All Jurisdictions Benefitted & Represented: All

Objective 6.2 – Encourage citizens to protect themselves, their families, and neighbors from the damaging winds of a tornado.

Action 6.2.1 – Encourage the development of local Safe Room construction programs

Action 6.2.2 – Identify guidelines and plans as necessary to assist citizens in creating safe areas in residents

Action 6.2.3 – In accordance with the International Building Codes, continue to enforce the resolution that ground anchors shall be installed at each mobile home space to permit tie-downs of mobile homes.

Action 6.2.4 – Recommend to the Planning Commission an amendment to the Rutherford County Zoning Resolution that would require new mobile home parks to provide in ground storm shelters at thirty-six (36) square feet per mobile home space and encourage the construction of in ground storm shelters at existing mobile home parks

> <u>Timeframe</u>: On-going <u>Funding</u>: EMA/General Fund of the County and Municipalities <u>Implement and Administer</u>: Hazard Mitigation Committee/County and Municipalities Code and Building Enforcement Offices. <u>New or Existing Buildings/Infra Addressed</u>: Both <u>Hazard Mitigated</u>: Tornado/Severe Storms <u>Jurisdictions Benefitted & Represented</u>: All

DocuSign Envelope ID: A9068560-E94D-4457-AB53-5969CA04F1CD

Action 6.2.5 - Encourage retrofitting new school construction to include tornado safe sheltering areas.

<u>Timeframe</u>: On-going <u>Funding</u>: Rutherford County School Board Budget/City Schools Budget <u>Implement and Administer</u>: County and Municipalities Code and Building Enforcement Offices. <u>New or Existing Buildings/Infra Addressed</u>: New <u>Hazard Mitigated</u>: Tornado/Severe Storms Jurisdictions Benefitted & Represented: All

# C. Implementation of Mitigation Measures

## 1. Process

The Rutherford County Hazard Mitigation Plan will be implemented through the delegation of assignments by the County Mayor and the Mayor of each Municipality, and as specified within this plan. In this section our goals, objectives and actions are listed and assigned specific implementation measures which include the assignment of responsibilities to County/City departments and/or specific County/City staff, along with the establishment of a target completion date for each proposed mitigation action. When applicable, potential funding sources are also listed.

Mitigation activities are prioritized due to severity and/or frequency of occurrence of the hazard.

Determining which projects should be submitted for funding will be based on a FEMA approved cost/benefit method. In addition to a positive cost/benefit ratio projects will be prioritized and selected for implementation based on community goals, planning objectives, funding availability, environmental concerns, and public support.

## 2. Funding Sources

Although all mitigation techniques will likely save money by avoiding losses, many projects are costly to implement. Rutherford County will continue to seek outside funding assistance for mitigation projects in both the pre- and post-disaster environment. This portion of the Plan identifies some grant programs for Rutherford County to consider, and also briefly discusses local and non-governmental funding sources.

# Title:Pre-Disaster Mitigation ProgramAgency:Federal Emergency Management Agency

Through the Disaster Mitigation Act of 2000, Congress approved the creation of a national program to provide a funding mechanism that is not dependent on a Presidential disaster declaration. The Pre-Disaster Mitigation (PMD) Program provides funding to states and communities for cost-effective hazard mitigation activities that complement a comprehensive mitigation program, and reduce injuries, loss of life, and damage and destruction of property.

The funding is based upon a 75 percent Federal share, 25 percent non-Federal share. The non-Federal match can be fully in-kind or cash, or a combination. Special accommodations will be made for "small and impoverished communities", who will be eligible for 90 percent Federal share, 10 percent non-Federal.

FEMA provides PDM grants to states that, in turn, can provide sub-grants to local governments for accomplishing the following eligible mitigation activities:

State and local hazard mitigation planning Technical assistance [e.g., risk assessments, project development] Mitigation Projects Acquisition or relocation of vulnerable properties Hazard retrofits Minor structural hazard control or protection projects Community outreach and education [up to 10% of State allocation]

# Title:Flood Mitigation Assistance ProgramAgency:Federal Emergency Management Agency

FEMA's Flood Mitigation Assistance (FMA) program provides funding to assist states and communities in implementing measures to reduce or eliminate the long- term risk of flood damage to buildings, manufactured home, and other structures insurable under the National Flood Insurance Program (NFIP). FMA was created as part of the National Flood Insurance

Reform Act of 1994 (42 U.S.C. 4101) with the goal of reducing or eliminating claims under the NFIP.

FMA is a pre-disaster grant program and is made available to states on an annual basis. This funding is available for mitigation planning and implementation of mitigation measures only, and is based upon 75 percent Federal share, 25 percent non-Federal share.

States administer the FMA program and are responsible for selecting projects for funding from the applications to FEMA for an eligibility determination. Although individuals cannot apply directly for FMA funds, their local government may submit an application on their behalf.

Title:	Hazard Mitigation Grant Program		
Agency:	Federal Emergency Management Agency		

The Hazard Mitigation Grant Program (HMGP) was created in November 1988 through Section 404 of the Robert T. Stafford Disaster Relief and Emergency Assistance Act. The HMPG assists states and local communities in implementing long-term mitigation measures following a Presidential disaster declaration.

To meet these objectives, FEMA can fund up to 75 percent of the eligible costs of each project. The state or local cost-share match does not need to be cash; in kind services or materials may also be used.

With the passage the Hazard Mitigation and Relocation Assistance Act of 1993, federal funding under HMGP is now based on 15 percent of the federal funds spent on the Public and Individual Assistance programs (minus administrative expenses) for each disaster.

The HMPG can be used to fund projects to protect either public or private property, so long as the projects in question fit within the state and local government's overall mitigation strategy for the disaster area and comply with program guidelines. Examples of projects that may be funded include the acquisition or relocation of structures from hazard-prone areas, the retrofitting of existing structures to protect them from future damages; and the development of state or local standards designed to protect buildings from future damages.

Eligibility for funding under the HMGP is limited to state and local governments, certain private nonprofit organizations or institutions that serve a public function, Indian tribes, and authorized tribal organizations. These organizations must apply for HMGP project funding on behalf of their citizens. In turn, applicants must work through their state since the state is responsible for setting priorities for funding and administering the program.

# Title:Public Assistance (Infrastructure) Program, Section 40Agency:Federal Emergency Management Agency

FEMA's Public Assistance Program, through Section 406 of the Robert T. Stafford Disaster Relief and Emergency Assistance act, provides funding to local governments following a Presidential disaster declaration for mitigation measures in conjunction with the repair of damaged public facilities and infrastructure.

The mitigation measures must be related to eligible disaster-related damages and must directly reduce the potential of future, similar disaster damages to the eligible facility. These opportunities usually present themselves during the repair/replacement efforts.

Proposed projects must be approved by FEMA prior to funding. They will be evaluated for cost effectiveness, technical feasibility, and compliance with statutory, regulatory, and executive order requirements. In addition, the evaluation must ensure that the mitigation measures do not negatively impact a facility's operations or risk from another hazard.

Public facilities are operated by state and local governments, Indian tribes or authorized tribal organizations and include:

Roads, bridges, and culverts Draining and irrigation channels Schools, city halls, and other buildings Water, power, and sanitary systems Airports and parks

Private nonprofit organizations are groups that own or operate facilities that provide services otherwise performed by a government agency and include, but are not limited to the following:

Universities and other schools Hospitals and clinics Volunteer fire and ambulance Power cooperatives and other utilities Custodial care and retirement facilities Museums and community centers

# Title:Unmet Needs ProgramAgency:Federal Emergency Management Agency

Unmet Needs is a Federal grant program provided by the Emergency Supplemental Appropriations Act. Funded periodically by an allocation from Congress, Unmet Needs is provided through the Federal Emergency Management Agency (FEMA), yet is managed at the State level. The program provides flexible grants to help cities, counties, and States recover from specific Presidential disasters declared under Title IV of the Robert T. Stafford Disaster Relief and Emergency Assistance Act, as amended.

Un-met Needs funds are intended to fund cost-effective measures under the categories of mitigation, buyout assistance, disaster relief, and long-term recovery directly related to specific disasters where the needs are unable to be met through other federal grants programs. The number of needs remaining after a specific year's disasters determine Unmet Needs funding.

# Title:Small Business Administration Disaster Assistance ProgramAgency:U.S. Small Business Administration

This program provides loans to businesses affected by Presidentially declared disasters. The program provides direct loans to businesses to repair or replace uninsured disaster damages to property owned by the business, including real estate, machinery and equipment, inventory, and supplies.

Businesses of any size are eligible. Nonprofit organizations are also eligible. SBA loans can be utilized by their recipients to incorporate mitigation techniques into the repair and restoration of their business.

The Small Business Administration administers the Disaster Assistance Program.

# Title:Community Development Block GrantsAgency:U.S. Department of Housing and Urban Development

The Community Development Block Grant (CDBG) program provides grants to local governments for community and economic development projects that primarily benefit lowand moderate-income people. The CDBG program also provides grants to entitlement communities (metropolitan cities and urban counties) for post-disaster hazard mitigation and recovery following a Presidential disaster declaration. Funds can be used for activities such as acquisition, rehabilitation or reconstruction of damaged properties and facilities and redevelopment of disaster-affected areas. Funds may also be used for emergency response activities, such as debris clearance and demolition and extraordinary increases in the level of necessary public services.

The U.S. Department of Housing and Urban Development (HUD) provides funds for the CDBG program and the Division of Community Assistance administers the program in each state.

## LOCAL GOVERNMENT

Local governments depend upon local property taxes as their primary source of revenue. These taxes are typically used to finance services that must be available and delivered on a routine and regular basis to the general public. If local budgets allow, these funds are used to match Federal or State grant programs when required for large-scale projects.

## **NON-GOVERNMENTAL**

Another potential source of revenue for implementing local mitigation projects are monetary contributions from non-governmental organizations, such as private sector companies, churches, charities, community relief funds, the Red Cross, hospitals, and other non-profit organizations.

# MAINTENANCE PROCESS

## A. Monitor, Evaluate, and Update

The Hazard Mitigation Committee will meet annually to monitor, evaluate and/or amend the plan. At this meeting the Committee will consider the following points.

Review and evaluate the goals and objectives Determine if the nature or magnitude of risk has changed Evaluate whether the current resources are adequate for implementing the plan Review completed mitigation work Look for available funding sources for future projects Request and document public participation in the plan review

In addition, the plan will be updated as appropriate when a disaster occurs that significantly affects Rutherford County or one of its municipalities whether or not it receives a Presidential Declaration. A special meeting should be held within a month following each disaster event to determine if any changes are needed in the plan.

The plan should be updated every five years after the adoption date. In the event of any substantial changes in land use planning or regulations that would impact the recommended mitigation projects, more frequent updates should be considered. The Hazard Mitigation Committee in partnership with the local planning departments and emergency management will be responsible for overseeing the update of the hazard mitigation plan. The update process will be similar to the one used to develop the original plan and will incorporate opportunities for public involvement. The update process will begin approximately a year before the plan's expiration date.

## B. Public Participation

Meetings will be advertised to encourage public attendance and input. Any actions taken at this meeting will be submitted in writing to all interested parties, including, but not limited to, the County Mayor, Municipality Mayors/Managers, the TEMA regional office and active members of the committee. DocuSign Envelope ID: A9068560-E94D-4457-AB53-5969CA04F1CD..., of the plan within the five-year cycle will involve public ads in the local newspaper. Copies of the plan will be made available at the Rutherford County Courthouse, Murfreesboro City Hall, Smyrna Town Hall, LaVergne City Hall, and Eagleville City Hall.

## C. Incorporation

Rutherford County, Murfreesboro, Smyrna, and LaVergne currently utilize comprehensive land use planning and building codes to provide guidance for development in the County and Municipalities. After the official adoption of the Hazard Mitigation Plan, these existing mechanisms will have hazard mitigation strategies integrated into them.

Specifically, three of the goals in the Hazard Mitigation Plan direct the County and its Municipalities to reduce loss of life and property from natural hazard events. The County Planning Department, Murfreesboro City commission, Town of Smyrna Planning Commission, Eagleville City Commission, and the LaVergne City Commission will conduct periodic reviews of the respective comprehensive plans and land use policies, analyze any plan amendments, and provide technical assistance to the municipalities in implementing these requirements.

The Building and Codes Enforcement office for Rutherford County, Murfreesboro, Smyrna, LaVergne, and Eagleville have adopted the 2018 version of the International Building Code series and are responsible for administering those building codes in their respective jurisdictions. Eagleville utilizes the County Codes office for their regulations and enforcement. After the County and each municipality adopts the Hazard Mitigation Plan, they will work with the State Building Code Enforcement office to make sure they have adopted, and are enforcing, the minimum standards established by the State. This is to ensure that life/safety criteria for these and other hazards are met for new construction within the County.

The capital improvement planning that occurs in the future will also contribute to the goals in the Hazard Mitigation Plan. The Planning Commission for all the jurisdictions involved will work with capital improvement planners to secure high-hazard areas for low risk uses.

As of the 2021 update, the local governments have incorporated mitigation aspects into the Rutherford County, Murfreesboro, Smyrna, and La Verge comprehensive land use plans and building codes. This has largely been done through placing floodplain management and flood mitigation approaches into these plans and codes.

# PLAN ADOPTIONS PENDING STATE AND FEDERAL APPROVAL

All municipalities and Rutherford County proper are participating in this plan. Once the Rutherford County Hazard Mitigation committee has met and approved the current version of the plan it will be submitted to

The Tennessee Emergency Management Agency (TEMA) in accordance with Section 322 of the Stafford Act and 44 Code of Federal Regulations Section 206. The plan will then be submitted to FEMA for final approval. Once the County Emergency Management Agency has received written confirmation of official approval the revised plan will be submitted for local adoption by Rutherford County, City of Murfreesboro, Town of Smyrna, City of LaVergne, and the City of Eagleville. The adoptions of the revised plan will be signed by each Mayor and inserted into the contents of the Plan in **Appendix 7.** Until that time the adoptions of the previous plan will remain in this document pending replacement of the current adoptions.

Mayor Bill Ketron County Mayor Rutherford County County Courthouse, One Public Square Murfreesboro, Tennessee 37130

Mayor Ketron,

On behalf of the Governor of Tennessee, it gives me great pleasure to confirm the announcement that the Federal Emergency Management Agency (FEMA) has approved the backup generator project for Rutherford County under the Hazard Mitigation Grant Program (HMGP). The project has been approved for a total net eligible project cost of \$28,300.00 of which 75 percent will be federal funds (\$21,225.00) and the State share will be (\$3,538.00) and the local share will be (\$3,537.00).

We will provide shortly the Tennessee Emergency Management Agency's HMGP approval package, which contains the Project Handbook, customized pay request and quarterly report, along with documents showing the approved scope of work. This package should address commonly asked questions and procedures for managing and closing the project.

If you have any questions, please do not hesitate to contact Mr. Doug Worden, State Hazard Mitigation Manager at (615) 741-1345.

Sincerely

Chris W. Johnson Assistant Director of Mitigation and Recovery

CWJ/dew

January 6,2021

Mr. Patrick C. Sheehan, Director Tennessee Emergency Management Agency Military Department 3041 Sidco Drive Nashville, Tennessee 37204-1502

Attention: Mr. Douglas Worden, State Hazard Mitigation Officer

Reference: Hazard Mitigation Grant Program (HMGP) Project 4427-0002

Rutherford County - Backup Generator Project

Dear Mr. Sheehan:

We are pleased to inform you that the subject project has been approved for \$28,300 with a Federal share of \$21,225.00 (75%) and a Non-Federal share of \$7,075.00 (25%). The following is the approved Scope of Work (SOW) for the above-referenced project:

The purpose is to install a fixed 30KW generator with a Surge protector. The surge protector will protect the automatic transfer switch and generator from power surges and lightning. There will be a generator pad (5.5ft x 3ft x 4in) placed (not poured onsite) beside the station (see attached map). The generator will be located inside a fenced-in area and attached via bollards. The generator recommended is natural gas and covers 1000 square feet. to be located:

> Rutherford County Fire Station#52 Latitude: 35.94130; Longitude: -86.361161.

FEMA will not establish activity completion timeframes for individual sub-grants. Grantees are responsible for ensuring that all approved activities are completed by the end of the grant POP. The HMGP application period for DR-4427 closed on April 17, 2020. The period of performance (POP) of the grant award will be 36 months from the close of the application period for DR-4427, April 11, 2023. Any extensions of the grant POP must be submitted to FEMA 60 days before the expiration date. Unless FEMA authorizes an extension, the recipient must liquidate all obligations incurred under the Federal award not later than 90 calendar days after the end date of the period of performance as specified in the terms and conditions of the Federal award by July 10,2023.

This project must adhere to all program guidelines established for the Hazard Mitigation Grant Program.

Please refer the sub-grantee to the State HMGP Administrative Plan for project cost overrun regulations. If project costs exceed the amount initially funded and additional federal funds are needed, the sub-grantee must contact the Governor's Authorized Representative (GAR). The GAR will evaluate requests for cost overruns

The properties at (Property ID #5) 11098 Rockvale Road and (Property ID #6) 11046 Rockvale Road in Rockvale, TN 37153, are next door to each other. Both homes are subject to recurring riverine flooding in a FEMA unshaded "Area of Minimal Flood Hazard - Zone X," as shown on Panel Number 47149C0360H, dated 01/05/2007. Both properties are adjacent to the confluence of Concord Creek and a large unnamed tributary stream. Where the two streams merge, there is a very substantial drainage basin of 4.8-square miles.

FEMA terminated their flood study at Cross-Section "N" approximately 0.8-miles downstream. At that point, Concord Creek has an even larger drainage basin of more than 6.2-square miles.

If FEMA continued their flood study along Concord Creek and identified this property as a "special flood hazard area subject to inundation by the 1% annual chance flood," the homes and their accessory structures would not have been constructed.

The house at 11098 Rockvale Road had damage records and insurance claims from July 2019 and February 2020 with \$182,453.93 in needed repairs). This number does not include the loss of income due to the time missed from work. The homeowners purchased the property in June 2019 and have already had two major flooding incidents; this alone proves the flooding going to be a recurring and ongoing problem.

The owners of the property located at 11046 Rockvale Road purchased their home in July of 2019. The property flooded a week after they closed on the property and moved their belongings to Tennessee. Like their neighbor's home, their home flooded in July 2019 and February 2020. They have damages estimated to be over \$128,080.04 for needed repairs.

Rutherford County Engineering and Public Works Departments have studied these properties extensively and determined the only successful solution is to demolish both structures.

Mr. Patrick C. Sheehan, Director Tennessee Emergency Management Agency Military Department 3041 Sidco Drive Nashville, Tennessee 37204-1502

Attention: Mr. Douglas Worden, State Hazard Mitigation Officer

#### Reference: Hazard Mitigation Grant Program (HMGP) Project 4427-0012-R Rutherford County Acquisition and Demolition.

Dear Mr. Sheehan:

I am pleased to inform you that the project referenced above is approved for \$1,138,910.00 with a Federal share of \$854,184.50 (75%). Tennessee Emergency Management Agency and Rutherford County will pay the non-federal share of \$ 284,727.50 (25%).

The following is the updated Statement of Work (SOW) for the above-referenced project:

Rutherford County will acquire and demolish four (4) residential structures from the SFHA, creating open space. The structures will be demolished, including the complete removal of the existing foundations.

Property Site Locations:

Address	City	State	Zip	Latitude	Longitude
321 Shadow brook drive	Smyma	TN	37167	35.91877	-86.52327
5840 Washington Blvd	Murfreesboro	TN	37129	35.92304	-86.47689
5943 Adams Drive	Murfreesboro	TN	37129	35.92547	-86.47749
650 Baker Road	Smyma	TN	37167	35.93553	-86.50373

FEMA will not establish activity completion timeframes for individual sub-grants. Recipients are responsible for ensuring that all approved activities are completed by the end of the grant period of performance (POP). The HMGP application period for DR-4427 closed on April 17, 2020. The POP of the grant award will be 36 months from the close of the application period for DR-4427, on April 17, 2023. All closeout documentation shall be submitted no later than 90 days after the end of the POP on July 16, 2023. Extensions of the grant POP must be submitted to FEMA 60 days before the expiration date.

The following project conditions must be met:

 The National Environmental Policy Act (NEPA) stipulates that additions or amendments to an HMGP sub-recipient SOW may have to be reviewed by all State and Federal agencies participating in the NEPA process.

RESOLUTION TO ADOPT THE

RUTHERFORD COUNTY HAZARD MITIGATION PLAN

WHEREAS, Rutherford County recognizes the threat that natural hazards pose to people and property; and

WHEREAS, undertaking hazard mitigation actions before disasters occur will reduce the potential for harm to people and property and save taxpayer dollars; and

WHEREAS, an adopted hazard mitigation plan is required as a condition of future grant funding for mitigation projects; and

WHEREAS, Rutherford County prepared the Hazard Mitigation Plan and incorporated comments of the other local units of government within the County to prepare the Hazard Mitigation Plan.

NOW, THEREFORE, BE IT RESOLVED by the Rutherford County Board of Commissioners that Rutherford County hereby adopts the Rutherford County Hazard Mitigation Plan as an official plan; and

BE IT FURTHER RESOLVED that the Rutherford County Emergency Management Agency will submit on behalf of the participating municipalities the adopted Hazard Mitigation Plan to the Federal Emergency Management Agency officials for final review and approval.

RESOLVED this 14th day of April, 2005.

RUTHERFORD COUNTY, TENNESSEE

### Rutherford County EMA 🥩

🖉 Published by Benjamin Thomas 💿 · Just now · 🚱

Notice Of Public Hearing Hazard Mitigation Plan Up For Public Review In accordance with the Disaster Mitigation Act of 2000, the Rutherford County Hazard Mitigation Committee will hold a public meeting at the Rutherford County Emergency Management Agency, 1220 West College Street in Murfreesboro on Wednesday February 16th at 5:00pm. to accept public comment to be used in updating the Rutherford County Hazard Mitigation Plan. In accordance with ADA (Americans with Disabilities Act) any disabled individuals requiring accommodations for attending the meeting should contact Emergency Management at (615) 898-7764 at least two days prior to the meeting in order for appropriate accommodations to be made.

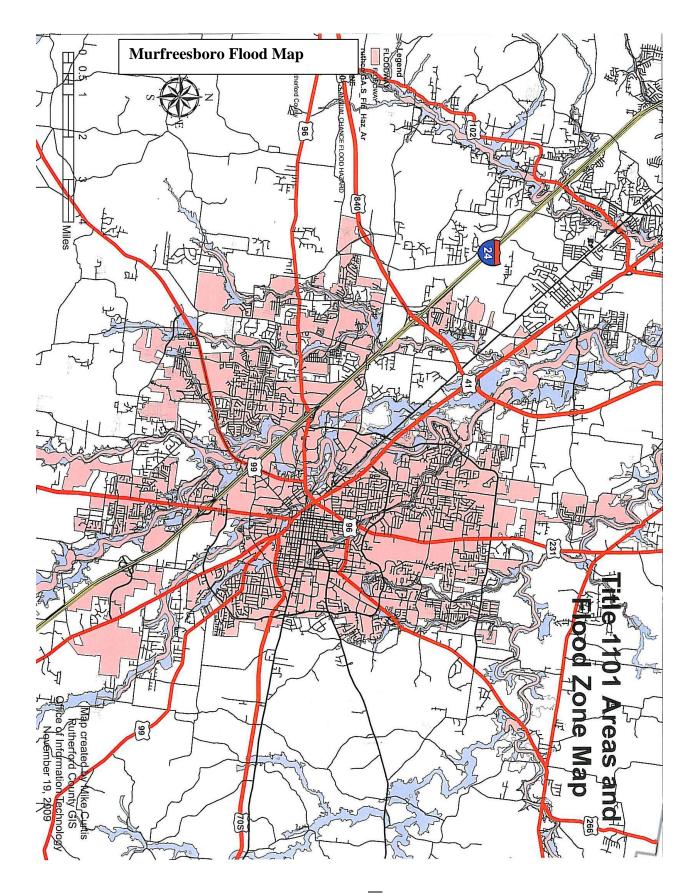

On February 16<sup>th</sup>, 2022, The Rutherford County Emergency Management Agency opened its doors for the public to provide input into the draft form of County Mitigation Plan. The meeting was open at 5:00 pm. No members of the general public were in attendance by 6:30pm and the meeting was closed. The attendance roster attached below consists of mitigation committee members.

Upon receiving an "Approval Pending Adoption" designation from FEMA's review, the public will be given a chance to comment on the final draft of the update plan prior to its adoption by each local jurisdiction. This opportunity will take place at a local board meeting for each jurisdiction before the updated plan adoption decision takes place. The opportunity for final public comment will therefore be documented through the receipt of a signed adoption resolution.

Flood Zone Maps PENDING

## FIRM MAPS

Each FIRM map has a unique identifier and a designated effective date. The effective date is the date on which the FIRM enters into force as the official regulatory flood map for the area it covers.

In the previous version of the Mitigation Plan 2007/2008 FIRM maps were being utilized in Rutherford County for Flood plain management. As of January 2021, these maps are still used by the county. On 02/13/2021 preliminary products were issued to Rutherford County and are attached below:

## Description of Worst Tornado in Rutherford County, April 10, 2009:

DocuSign Envelope ID: A9068560-E94D-4457-AB53-5969CA04F1CD .... Irough the county for 23.25 miles. The hardest hit were the Highland Park Drive Neighborhood and Tomahawk Trace area in the city of Murfreesboro at. The tornado injured 58 and caused almost 42 million dollars in damages. At least seven (7) people out of the fifty-eight (58) injuries were considered serious. In addition, there were 2 fatalities. Its maximum width was 750 yards. 845 homes were impacted with 117 completely destroyed. The tornado first touched down north of the Eagleville Community in far Southwestern Rutherford County near the intersection of Kelly Road and Highway 41A. At this location, intermittent tree and roof damages occurred. Intermittent tree damage continued northeast, with the path becoming continuous along Rocky Glade Road between the Cedar Grove and Pleasant Hill Communities. The tornado moved NE and increased to F2 intensity with a width of 300 yards. As it struck the community of Barfield, several homes were partially destroyed. The tornado intensified after crossing I-24 destroying homes and causing major damage in the Stones River National Battlefield. It then crossed the West Fork of the Stones River and struck the Southridge Subdivision. At this time, the tornado increased to its maximum intensity of EF4, with the path width remaining at 300 yards. Then the tornado struck a large apartment complex just W of U.S. Hwy 231, on the south side of Murfreesboro. Newspaper accounts told stories of people going to basements or an interior room of a house for safety. Low casualties from this tornado was indicative of preparedness activities by the National Weather Service and television broadcast warnings.

DocuSign Envelope ID: A9068560-E94D-4457-AB53-5969CA04F1CD **351 THUNDERSTORM & HIGH WIND** event(s) were reported in **Rutherford County, Tennessee** between **04/15/1961** and **01/31/2021**

#### Rutherford

352 events were reported between 12/01/2009 and 01/31/2021 (4080 days)

#### Summary Info:

Number of County/Zone areas affected:	2
Number of Days with Event:	188
Number of Days with Event and Death:	4
Number of Days with Event and Death or Injury:	6
Number of Days with Event and Property Damage:	102
Number of Days with Event and Crop Damage:	7
Number of Event Types reported:	17

#### **Critical Infrastructure**

Critical infrastructure is the "infrastructure and assets vital to jurisdictional security, governance, public health and safety, economy and public confidence of Rutherford County government and the governments of its various jurisdictions. These resources and structures are listed below. In some cases, addresses may be listed multiple times. This is because multiple buildings/structures/resources may be located at the same physical address.

PENDING STATE AND FEDERAL APPROVAL Old adoptions are still attached.

#### RUTHERFORD COUNTY HAZARDOUS MITIGATION PLAN

WHEREAS, Rutherford County recognizes the threat that natural hazards pose to people and property; and

WHEREAS, undertaking hazardous mitigation actions before disasters occur will reduce the potential for harm to people and property and save taxpayer dollars; and

WHEREAS, an adopted hazardous mitigation plan is required as a condition of future grant funding for mitigation projects; and

WHEREAS, the Rutherford County Hazardous Mitigation Plan must be revised and approved on a scheduled period of every five years; and

WHEREAS, Rutherford County participated jointly in the planning process with the other local units of government within the County to prepare the Hazardous Mitigation Plan; and

WHEREAS, the Federal Emergency Management Agency has reviewed the revision of the Rutherford County Hazardous Mitigation Plan and determined that this revision is compliant with federal standards in 44 CFR 201.6(b)-(d) subject to formal community adoption.

NOW, THEREFORE, BE IT RESOLVED that the Rutherford County Board of Commissioners hereby adopts the 2016 Rutherford County Hazardous Mitigation Plan as an official plan, a copy of said Hazardous Mitigation Plan being attached hereto as Exhibit "1" and incorporated herein at length verbatim as if set forth herein.

BE IT FURTHER RESOLVED that the Rutherford County Emergency Management Agency will submit on behalf of the participating municipalities the adopted Hazardous Mitigation Plan to the Federal Emergency Management Agency officials through TEMA for final review and approval.

RESOLVED this 17th day of November, 2016.

Resolution No. 2020-002

A Resolution of the City of Eagleville, Tennessee Adopting the 2016 Rutherford County Hazard Mitigation Plan

WHEREAS, the City of Eagleville recognizes the threat that natural hazards pose to people and property; and,

WHEREAS, undertaking hazard mitigation actions before disasters occur will reduce the potential for harm to people and property and save taxpayer dollars; and,

WHEREAS, an adopted hazard mitigation plan is required as a condition of future grant funding for mitigation projects; and,

WHEREAS, the Rutherford County Hazard Mitigation plan must be revised and approved on a scheduled period of every five years; and,

WHEREAS, the City of Eagleville participated jointly in the planning process with the other local units of government within Rutherford County to prepare the Hazard Mitigation Plan; and,

WHEREAS, in a letter dated April 28, 2017, confirming that the Federal Emergency Management Agency has reviewed the revisions of the Rutherford County Hazard Mitigation Plan and determined that this revision is compliant with federal standards in 44 CFR 201.6 for a period of five (5) years, to April 27, 2022, subject to formal community adoption.

NOW, THEREFORE, BE IT RESOLVED THAT THE COUNCIL OF THE CITY OF EAGLEVILLE, TENNESSEE hereby adopts the 2016 Rutherford County Hazard Mitigation Plan as an official plan, a copy of said Hazard Mitigation Plan being attached hereto as Exhibit I and incorporated herein at length verbatim as if set forth herein. This resolution shall take effect immediately, the public welfare requiring it.

Resolved this 27th day of February 2020.

WHEREUPON, Mayor Leeman declared the Resolution adopted, affixed his signature and the date thereto, and directed that the same be recorded.

#### RESOLUTION #2018-15

A RESOLUTION TO ADOPT THE RUTHERFORD COUNTY HAZARD MITIGATION PLAN.

WHEREAS, the City of La Vergne recognizes the threat that natural hazards pose to people and property; and

WHEREAS, undertaking Hazard Mitigation actions before disasters occur will reduce the potential for harm to people and property and save taxpayer dollars; and

WHEREAS, an adopted Hazard Mitigation Plan is required as a condition of future grant funding for mitigation projects; and

WHEREAS, the City of La Vergne participated jointly in the planning process with the other local units of government within the County to prepare the Hazard Mitigation Plan.

NOW THEREFORE, BE IT RESOLVED BY THE CITY OF LA VERGNE BOARD OF MAYOR AND ALDERMEN:

- SECTION 1. That the City of La Vergne hereby adopts the Rutherford County Hazard Mitigation Plan as an official plan; and
- SECTION 2. That the Rutherford County Emergency Management Agency will submit on behalf of the participating municipalities the adopted Rutherford County Multi-jurisdiction Hazard Mitigation Plan to Federal Emergency Management Agency officials for final review and approval.
- SECTION 3. That this resolution shall take effect immediately, the public welfare requiring it.

Resolved this the 3rd day of July, 2018.

# COUNCIL COMMUNICATION

### Meeting Date: 06/30/2022

Item Title:	Resolution Ratifying Charter Amendment to Create Community Investment Trust			
Department:	Legal Department			
Presented by:	Adam Tucker, City Attorney			
<b>Requested</b> Coun	cil Action:			
	Ordinance 🗆			
	Resolution			
	Motion 🗆			
	Direction			
	Information 🗆			

### Summary

Amendment the City's Charter adding Section 4C authorizing Council to create the Community Investment Trust

### Staff Recommendation

Adopt Resolution 22-R-19 adopting the Charter amendment.

### **Background Information**

On February 16, 2022, Council passed Resolution 22-R-05, requesting the Tennessee General Assembly enact a Private Act amending the Murfreesboro City Charter to authorize the creation of a Community Investment Trust by City Council.

On April 25, 2022, the 112th Session of the Tennessee General Assembly passed House Bill No. 2903. This legislation amended the Charter consistent with Resolution 22-R-05. Governor Bill Lee signed this legislation as Chapter 62 of the Private Acts of 2022.

Section 4 of Private Chapter 62 provides the act shall have no effect—and, thus, will not amend the Murfreesboro City Charter—unless the act is approved by a 2/3 vote of the Council.

If passed, Resolution 22-R-19 ratifies Chapter 62 of the Private Acts of 2022 enacted by the 112th Session of the Tennessee General Assembly and signed into law by Governor Bill Lee and amend the City's Charter by adding a new Section 4C, which will authorize City Council to create the Community Investment Trust.

### Fiscal Impact

Amending the City Charter as authorized in Private Chapter 62 will create a trust fund to support the City and its residents.

### Attachments

Resolution 22-R-19 ratifying Chapter 62 of the Private Acts of 2022 enacted by the 112th Session of the Tennessee General Assembly.

**RESOLUTION 22-R-19** ratifying Chapter 62 of the Private Acts of 2022 enacted by the  $112^{\text{th}}$  Session of the Tennessee General Assembly.

WHEREAS, on February 16, 2022, the Murfreesboro City Council passed Resolution 22-R-05, requesting the Tennessee General Assembly to pass a Private Act amending the Murfreesboro City Charter to authorize the creation of a Community Investment Trust by City Council; and

WHEREAS, on April 25, 2022, the 112<sup>th</sup> Session of the Tennessee General Assembly passed House Bill No. 2903, the intent of which is to amend the Murfreesboro City Charter as requested by the Murfreesboro City Council in Resolution 22-R-05; and

WHEREAS, on May 25, 2022, Governor Bill Lee signed House Bill No. 2903 into law as Chapter 62 of the Private Acts of 2022 ("Private Chapter No. 62"), a true copy of which is attached hereto as Exhibit A; and

WHEREAS, Section 4 of Private Chapter 62 provides the act shall have no effect—and, thus, will not amend the Murfreesboro City Charter—unless the act is approved by a two-thirds (2/3) vote of the Murfreesboro City Council; and

**WHEREAS,** the Murfreesboro City Council desires to amend the Murfreesboro City Charter as set forth in Private Chapter No. 62.

# NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF MURFREESBORO, TENNESSEE, AS FOLLOWS:

<u>SECTION 1</u>. The Murfreesboro City Council ratifies and approves Public Chapter No. 62 as required by Section 4 of Private Chapter 62.

<u>SECTION 2</u>. Upon passage, the Mayor is authorized and directed to certify City Council's ratification and approval of Public Chapter No 62 to the Secretary of State in accordance with Tenn. Code Ann. §8-3-202.

<u>SECTION 3</u>. This Resolution shall be effective immediately upon its passage and adoption by a two-thirds (2/3) vote of the legislative body of the City of Murfreesboro, the public welfare and the welfare of the City requiring it.

# EXHIBIT A

Chapter 62 of the Tennessee Private Acts of 2022

To all to whom these Presents shall come, Greeting:

I, Tre Hargett, Secretary of State of the State of Tennessee, do hereby certify that the annexed is a true copy of

> Private Chapter No. 62 House Bill No. 2903 Senate Bill No. 2923 112th General Assembly

the original of which is now on file and a matter of record in this office. In Testimony Whereof, I have hereunto subscribed my official signature and by order of the Governor affixed the Great Seal of Tennessee at the Department in the City of Mashville, this 3rd day of June, A.D. 2022.

Tre Hargett, Secretary of State

# State of Tennessee

# **PRIVATE CHAPTER NO. 62**

### HOUSE BILL NO. 2903

### By Representatives Baum, Rudd

### Substituted for: Senate Bill No. 2923

### **By Senator Reeves**

AN ACT to amend Chapter 429 of the Private Acts of 1931; and any other acts amendatory thereto, relative to creating and funding certain trusts and accounts.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE STATE OF TENNESSEE:

SECTION 1. Chapter 429 of the Private Acts of 1931; and any other acts amendatory thereto, is amended by adding the following new Article III, Section 4C:

# Section 4C - Community Investment Trust; restricted assets; annual distributions; unrestricted investment income; investment power.

(1) **Community Investment Trust.** Full power and authority is hereby given to the city to create a perpetual and irrevocable trust, which shall be funded from proceeds from the sale of the city's electric distribution system, including, as more specifically provided in subsection (2), portions of the initial payment and installment payments, and to appoint a board of trustees to invest and expend the assets of said trust in accordance with this Section 4C. The general purpose of such trust fund (hereinafter, the "Community Investment Trust") shall be:

(a) To support projects and programs of the city or other nonprofit institutions that benefit the city's inhabitants and improve or enhance the quality of life of the city's inhabitants or aid civic or other public improvements;

(b) To promote and advance the social welfare of the inhabitants of the city;

(c) To promote and support educational and recreational programs, facilities, and opportunities;

(d) To promote and support economic development and employment opportunities within the city;

(e) To fund public works; and

(f) To advance the general welfare of the city and its residents.

Subject to the limitations set forth in this Section 4C and Tennessee Code Annotated, § 6-54-111, the city council shall have the authority to adopt ordinances and resolutions and approve such declarations of trust, reasonable and necessary to create and maintain the trust in accordance with its stated purpose.

For budgeting, audit, and financial reporting purposes, the Community Investment Trust shall be deemed a component unit of the city.

(2) Schedule for funding Community Investment Trust from sale proceeds. The city council shall make funding payments to the Community Investment Trust ("Funding Payments") from the proceeds from the sale of the city's electric distribution system in accordance with the following Funding Payment schedule:

#### HB2903

Funding Payment Schedule					
Payment from MTEMC	Due Date	Amount of Payment			
Initial Payment	July 1, 2020	\$24,864,742.00			
Installment Payment # 1	July 1, 2021	\$7,040,133.78			
Installment Payment # 2	July 1, 2022	\$9,290,133.78			
Installment Payment # 3	July 1, 2023	\$10,040,133.78			
Installment Payment # 4	July 1, 2024	\$10,290,133.78			
Installment Payment # 5	July 1, 2025	\$10,540,133.78			
Installment Payment # 6	July 1, 2026	\$13,315,133.78			
Installment Payment # 7	July 1, 2027	\$16,040,133.78			
Installment Payment # 8	July 1, 2028	\$16,540,133.78			
Installment Payment # 9	July 1, 2029	\$17,040,133.78			
Installment Payment # 10	July 1, 2030	\$17,290,133.78			
Installment Payment # 11	July 1, 2031	\$17,290,133.78			
Installment Payment # 12	-July 1, 2032	\$17,290,133.78			
Installment Payment # 13	July 1, 2033	\$17,290,133.78			
Installment Payment # 14	July 1, 2034	\$17,290,133.78			
Installment Payment # 15	July 1, 2035	\$17,290,133.78			

Funding Payments made from proceeds received by the city before the effective date of this Section 4C shall be made to the Trust within ninety (90) days of such effective date or of the city council's approval of the declaration of trust establishing the Community Investment Trust (hereinafter referred to as "Community Investment Trust Agreement"), whichever is later. All other funding payments shall be made to the Trust within thirty (30) days of the corresponding installment payment.

(3) No tax revenue, special assessments, fee income, fines, or monetary penalties to be allocated to trust. The city is prohibited from appropriating, transferring, or otherwise allocating any tax revenue, special assessment, fee income, fine, or monetary penalty collected to the Community Investment Trust. In addition, the city is prohibited from appropriating, transferring, or otherwise allocating the proceeds from the sale of city property, where such property was purchased, in whole or in part, with tax revenue or revenue derived from special assessments, fees, fines, or monetary penalties.

(4) Allocation of other funds to the trust. Except as prohibited by subsection (3) or as may otherwise be prohibited by applicable state law, federal law, or contract, the city council may, by ordinance, appropriate and contribute additional funds to the Community Investment Trust.

(5) **Board of trustees.** The Community Investment Trust shall be managed and governed by a board, whose members shall be trustees of the Trust. The board of trustees shall consist of seven (7) members appointed by the city council in accordance with this subsection (5) and the Community Investment Trust Agreement.

#### HB2903

No person shall be eligible for appointment to the board of trustees unless such person resides within the city; any member who subsequently comes to reside outside the city shall vacate the office.

No more than one (1) current member of the city council may serve on the board of trustees at any time. In addition, no person appointed to serve on any other board or commission of the city, nor any person hired as an officer or employee of the city, shall be eligible to serve on the board of trustees.

Members of the board may be removed by the board in accordance with the terms of the Community Investment Trust Agreement, and all vacancies occurring as a result of death, resignation, or removal in the membership of said board shall be filled in accordance with the Community Investment Trust Agreement.

The members of the board of trustees shall serve in such capacity without compensation.

Subject to the limitations set forth in this Section 4C and the Community Investment Trust Agreement, the board of trustees shall have the authority to adopt policies and take all other lawful actions reasonable and necessary to exercise the powers granted herein. In addition, upon the request of the board of trustees, the city may loan city employees to the board of trustees, without charge to the trust, to carry out administrative, clerical, and other functions related to the fund as directed by the board. In addition, the board of trustees is specifically empowered to employ legal, accounting, auditing, and financial professionals reasonably necessary to carry out the functions and purposes of the plan and to negotiate the fees for such professional services, which, notwithstanding any provision to the contrary in this Section 4C, may be paid from the trust's assets.

No part of the net earnings of the Community Investment Trust shall inure to the benefit of or be distributable to the members of the board of trustees, its officers, or any city official or employee.

(6) **Restricted assets.** The Funding Payments, along with any additional funds transferred to the trust pursuant to subsection (4), shall constitute the principal and restricted assets of the Community Investment Trust. The board of trustees shall not access, distribute, or otherwise expend such principal except as otherwise provided in this Section 4C.

(7) **Investment power.** Consistent with advancing the purpose of the Community Investment Trust in perpetuity, the board of trustees shall invest the trust's assets at the highest and best practical return of income and in accordance with requirements of the Tennessee Uniform Prudent Investor Act of 2002 and any other applicable law imposing duties and responsibilities upon fiduciaries. Notwithstanding the foregoing, the board of trustees shall invest the trust investments in accordance with an investment policy, approved by the board of trustees, that is in all respects consistent with the requirements and limitations imposed on the board of trustees of the Tennessee Consolidated Retirement System in Tennessee Code Annotated, § 8-37-104(a) and (c). Subject to the limitations in this subsection, the board of trustees, or its nominee, shall have full power to hold, purchase, sell, assign, transfer, or dispose of any of the securities or investments in which the trust's assets have been invested, including the purchasing and selling of stock options, as well as of the proceeds of such investments and any money belonging to such trusts.

(8) **Financial reports; budget.** The board of trustees shall, on an annual basis, provide the city council and city finance director with complete audited financial statements for the Community Investment Trust, accurately reflecting the condition of the fund and the investments then made. The board must also provide quarterly investment statements to the city council and the city finance director and provide any other financial information as may be reasonably requested by the city council or city finance director. In addition, the board must

# •

#### HB2903

present to the city council for informational purposes only an annual budget setting forth the amount of income from the trust anticipated for the next fiscal year and the proposed distributions and operational expenditures. Such budget shall be presented at the same time that all other city departments and boards present their budgets to the city council. The city council shall have no authority to approve or disapprove the budget of the board of trustees; provided, however, the city council may bring suit in the chancery court for Rutherford County should the city council believe, as demonstrated by an affirmative vote of a majority of the whole membership of city council, that the annual budget adopted by the board of trustees or any other action of the board of trustees fails to comply with applicable state or federal law, this Section 4C, or the Community Investment Trust Agreement.

(9) **Annual distributions.** Notwithstanding anything in this Section 4C to the contrary, no later than April 30, 2023, and each April 30th thereafter, the board of trustees shall distribute from the Community Investment Trust an amount equal to five percent (5%) of the trust fund's total fair market value, as of the preceding December 31st, less any administrative and investment expenses authorized under subsection (5) and incurred in the prior calendar year. Such distributions shall be made in the following proportions:

• Eighty-five percent (85%) to the city's general fund; and

• Fifteen percent (15%) to one (1) or more nonprofit, charitable organizations that serve city residents, as directed by and in such amounts identified by a community board established by ordinance of the city council.

The board of trustees shall have the authority to refuse to make a distribution to any entity or person where there is substantial and material evidence indicating that the distribution proposed by the community board would violate:

(i) Tennessee Code Annotated, § 6-54-111, or other applicable state or federal law;

- (ii) This Section 4C; or:
- (iii) The Community Investment Trust Agreement.

All amounts distributed to the city's general fund must be appropriated by the city council for the city's next fiscal year to further the purposes of the Community Investment Trust. Such distributions and appropriations shall continue annually until such time the total fair market value of the Community Investment Trust as of December 31st falls below ten million dollars (\$10,000,000.00), in which case the trust shall be terminated as provided in subsection (10).

(10) **Termination of trust; final distribution.** The trust shall be maintained in perpetuity except as otherwise provided in this subsection.

(a) In the event the total fair market value of the Community Investment Trust as of December 31st in any year following the trust's creation falls below ten million dollars (\$10,000,000.00), the board of trustees shall distribute the trust fund's remaining assets to the city. Such distribution shall be made no later than the following June 30th. Thereafter, the board of trustees and city council are further empowered to take all reasonable and necessary actions to terminate the trust within one (1) year of the final distribution.

(b) In the event a majority of the qualified voters of the city voting in an election approve the termination of the Community Investment Trust pursuant to an initiative under Section 26 of this Act or a referendum on a duly enacted ordinance in accordance with Section 27 of this Act, the

### HB2903

board of trustees and city council are further empowered to take all reasonable and necessary actions necessary to:

(i) Convert the fund's assets to cash deposits;

(ii) Transfer title to such deposits to the city; and

(iii) Terminate the trust within one (1) year of the election.

SECTION 2. Chapter 429 of the Private Acts of 1931; and any other acts amendatory thereto, is amended by adding the following new Article III, Section 4D:

#### Section 4D - Park and recreation restricted account.

(1) **Park and Recreation Restricted Account.** The city council shall restrict certain funds in an account within the city's general fund as specified in this Section 4D, subject to the exception set forth in subsection (4). Such account shall be funded from proceeds from the sale of the city's electric distribution system, including, as more specifically provided in subsection (2), portions of the Initial Payment and first three (3) Installment Payments, and to invest and expend the assets of said trust fund in accordance with this Section 4D. The general purpose of the funds in this restricted account (hereinafter, the "Park and Recreation Restricted Account") shall be to pay for the acquisition of land for, and the design and construction of, parks and recreational facilities within the city. Except as otherwise provided in this Section 4D, the Park and Recreation Restricted Account shall be administered in accordance with Article XII of this Charter and as otherwise provided by law or city policy governing funds.

(2) Schedule for funding Park and Recreation Restricted Account. The city council shall make funding payments to the Park and Recreation Restricted Account ("Funding Payments") from the proceeds from the sale of the city's electric distribution system in accordance with the following schedule:

# Funding Payment Schedule for Park and Recreation Restricted Account

Payment from MTEMC	Due Date	Amount of Payment
Initial Payment	July 1, 2020	\$2,000,000.00
Installment Payment # 1	July 1, 2021	\$1,750,000.00
Installment Payment # 2	July 1, 2022	\$1,000,000.00
Installment Payment # 3	July 1, 2023	\$250,000.00

(3) Additional funding. The city council may appropriate, transfer, or otherwise allocate any tax revenue, special assessment, fee income, fine, monetary penalty, or other revenue, including proceeds from the sale of city property, to the Park and Recreation Restricted Account.

(4) **Restricted use.** The Funding Payments, along with any additional funds appropriated for the Park and Recreation Restricted Account pursuant to subsection (3), shall be used for the sole purpose of financing the acquisition of land for and the design and construction of parks and recreational facilities within the city. Notwithstanding the foregoing, the city council may appropriate money from the Park and Recreation Restricted Account for any lawful purpose in the event of a financial emergency declared pursuant to a resolution approved by a two-thirds (2/3) vote of the whole membership of the city council. For purposes of this subsection (4), a "financial emergency" means circumstances in which the ad valorem real property tax revenue due and paid during the preceding calendar year was at least five percent (5%) below budget projections for that year.

SECTION 3. Chapter 429 of the Private Acts of 1931; and any other acts amendatory thereto, is amended by adding the following new Article III, Section 4E:

#### HB2903

#### Section 4E - Transportation Restricted Account.

(1) **Transportation Restricted Account.** The city council shall restrict certain funds in an account within the city's general fund as specified in this Section 4E, subject to the exception set forth in subsection (4). Such account shall be funded from proceeds from the sale of the city's electric distribution system, including, as more specifically provided in subsection (2), portions of the Initial Payment and first six (6) Installment Payments, and to invest and expend the assets of said trust fund in accordance with this Section 4E. The general purpose of such fund (hereinafter, the "Transportation Restricted Account") shall be to fund transportation projects that directly benefit the city and its residents, including the construction of roads and bridges within the city's urban growth boundary. Except as otherwise provided in this Section 4E, the Transportation Restricted Account shall be administered in accordance with Article XII of the Charter and as otherwise provided by law or city policy governing funds.

(2) Schedule for funding Transportation Restricted Account. The city council shall make funding payments to the Transportation Restricted Account ("Funding Payments") from the proceeds from the sale of the city's electric distribution system in accordance with the following schedule:

#### Funding Payment Schedule for Transportation Restricted Account

Payment from MTEMC	Due Date	Amount of Payment
Initial Payment	July 1, 2020	\$10,000,000.00
Installment Payment # 1	July 1, 2021	\$5,000,000.00
Installment Payment # 2	July 1, 2022	\$5,000,000.00
Installment Payment # 3	July 1, 2023	\$5,000,000.00
Installment Payment # 4	July 1, 2024	\$5,000,000.00
Installment Payment # 5	July 1, 2025	\$5,000,000.00
Installment Payment # 6	July 1, 2026	\$2,475,000.00

(3) Additional funding. The city council may appropriate, transfer, or otherwise allocate any tax revenue, special assessment, fee income, fine, monetary penalty, or other revenue, including proceeds from the sale of city property, to the Transportation Restricted Account.

(4) **Restricted use.** The Funding Payments, along with any additional funds appropriated for the Transportation Restricted Account pursuant to subsection (3), shall be used for the sole purpose of financing the acquisition of land for and the design and construction of transportation projects to directly benefit the city and its residents, including the construction of roads and bridges within the city's urban growth boundary. Notwithstanding the foregoing, the city council may appropriate money from the Transportation Restricted Account for any lawful purpose in the event of a financial emergency declared pursuant to a resolution approved by a two-thirds (2/3) vote of the whole membership of the city council. For purposes of this subsection, a "financial emergency" means circumstances in which the ad valorem real property tax revenue due and paid during the preceding calendar year was at least five percent (5%) below budget projections for that year.

SECTION 4. This act shall have no effect unless it is approved by a two-thirds (2/3) vote of the legislative body of the City of Murfreesboro. Its approval or nonapproval shall be proclaimed by the presiding officer of the legislative body and certified to the secretary of state.

# COUNCIL COMMUNICATION

Meeting Date: 06/30/2022				
Item Title:	Sewer Allocation Variance- 285 N. Rutherford Blvd. – Albion Residential			
Department:	Planning			
Presented by:	Greg McKnight, Director			
<b>Requested</b> Cour	ncil Action:			
	Ordinance			
	Resolution			
	Motion	$\boxtimes$		
	Direction			
	Information			

### Summary

A proposed development request for additional density above the sewer allocation ordinance's zoning allowance.

### Staff Recommendation

Approval of variance request allowing higher single-family unit equivalent density (sfu). The proposed increase is equivalent to an additional 13.5 sfu's/acre greater than the 9.0 sfu's/acre permitted by the ordinance and an increase of 6.75 sfu's/acre greater than the existing density of 15.75 dwelling units/acres, for a total of 22.5 sfu's/acre.

# **Background Information**

The Planning Department has received an inquiry regarding a rezoning request for the existing apartment complex located at 285 North Rutherford Boulevard. The property is currently zoned a combination of Planned Residential District (PRD) and RM-16 (Residential Multi-Family District 16). The applicants wish to "bifurcate" the existing 108 4-bedroom/4-bath units within this complex. These units would be converted into studio, 1-bed/1-bath, and 2-bed/2-bath units. Because the proposed "bifurcation" will result in additional units above what the current zoning allows, the applicant proposes to zone the entire property to PRD.

The ordinance only allows 9.0 sfu's/acre for multi-family developments. (The property's current density was approved prior to the adoption of the Sewer Allocation Ordinance.) The property is 16 acres in size and thus is allowed 144 sfu's. The current density of the facility is equivalent to 252 sfu's (or 15.75 dwelling units/acre) which is already in excess of what is allowed by the ordinance by 108 sfu's (252 - 144 = 108). The bifurcation will result in 360 total dwelling units, which equates to 22.5 sfu's/acre. Overall, this is equivalent to an additional 13.5 sfu's/acre greater than the 9.0 sfu's/acre permitted by the ordinance and an increase of 6.75 sfu's/acre greater than the existing density of 15.75 dwelling units/acres, for a total of 22.5 sfu's/acre. Despite the increased density, the number of bedrooms and bathrooms are each decreasing by 162, and it is anticipated that the proposed bifurcation will actually reduce sewer consumption as a result. Staff views the advantages of reduced sanitary sewer usage and the investment into an aging multi-family property of greater benefit than the requested additional number of units above what is allowed by the ordinance.

# **Council Priorities Served**

### Improve economic development

The approval of the sewer variance will help to facilitate the proposed investment into this aging multi-family development.

# Concurrence

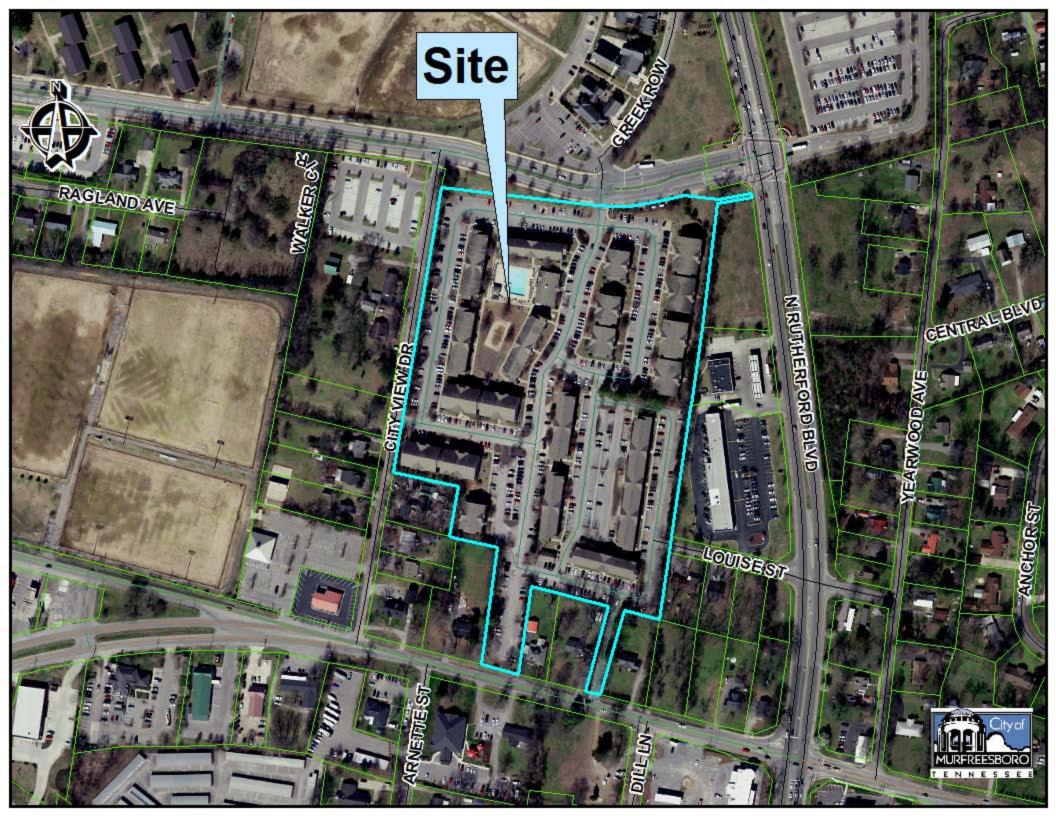

MWRD concurs with the request based on sewer system capacity and also on the estimated reduction in sewer usage, provided that all existing fixtures are replaced with low-flow fixtures. In addition, the Water Resources Board voted to recommend approval of this variance request at its March 22, 2022 meeting.

# Fiscal Impact

The development will generate commercial tax rate revenue as well as pay one-time development fees.

April 7, 2022

Mr. Greg McKnight Planning Director 111 West Vine Street Murfreesboro, TN 37130 gregmcknight@mufreesborotn.com

Re: Sewer Allocation Variance Request Albion Residential Campus Crossing 285 N. Rutherford Blvd. Apts (NRB) Murfreesboro, TN

Dear Mr. McKnight,

Albion Residential requests a sewer variance for the Campus Crossing Apartments located at 285 N Rutherford Boulevard.

This existing multi-family housing property contains 252 units split on two parcels:

- 1. 60 units on 4.25 acres zoned RM-16 with a density of 14.11 units/acre
- 2. 192 units on 11.75 acres zoned P.R.D. with a density of 16.34 units/acre

We propose incorporating the RM-16 parcel into the P.R.D. so that we may bifurcate the 4bedroom units into a mix of studio, 1-bedroom, and 2-bedroom units. The rezone would bring the total property to 360 units on 16 acres with a density of 22.5 units/acre.

Existing Unit Mix				
<u>Type Unit SF Count</u>				
2BR/2BA	890	48		
3BR/3BA 1198		96		
4BR/4BA 1440		108		
Total Units 252				
Total Bec	816			

New Unit Mix						
<u>Type</u>	<u>Type Unit SF Count</u>					
2BR/2BA	890	48				
3BR/3BA	1198	96				
Studio	430	54				
1BR/1BA 770		108				
2BR/2BA	990	54				
Total Units 360						
Total Bec	654					

Due to the increased density on the property, we are requesting a sewer allocation variance. While the number of units on the property will increase, we are decreasing the number of bedrooms and bathrooms by 162 each. This equates to 324 persons being reduced from the maximum occupancy of the property, and therefore less sewer usage.

1900 Spring Rd #216 Oak Brook, IL 60523 albion-residential.com

I have attached to this request a letter from Salas O'Brien engineering stating that the decrease in fixtures on this property will result in a lower water supply fixture unit (WSFU) being necessary, and therefore reduce the output sewer capacity. In conjunction with lowering the residential capacity of the property, the renovation will also include replacing all water fixtures with low flow fixtures.

Our proposal reduces both the number of occupants using water on the property as well as the number of water fixtures, both reducing overall sewage flow.

Thank you for the opportunity to submit this variance request. Do not hesitate to reach out with questions or to request further information.

Sincerely, Justin Tringl Justin Tringl

<sup>7</sup> Justin Tringl <sup>7</sup> Director of Development Albion Residential

1900 Spring Rd #216 Oak Brook, IL 60523 albion-residential.com

expect a difference

March 25, 2022

### **Albion Residential**

1900 Spring Rd Suite 216 Oak Brook, IL 60523

Attention: Justin Tringl Director of Development

Subject: Murfreesoboro, TN Multi-Family Development

In reviewing the above reference project and renovation plans and using the 2018 IPC Plumbing Code we have looked into the existing and new water demands for this project.

The following is the total water supply fixture units for the Existing Units is 4,567.2 WSFU's = 600 GPM flow. For the prosed changes to the property that total water supply fixture units would be 4,324.2 WSFU's = 559 GPM flow. Therefore, the proposed renovations would provide a water supply less than the existing load. Therefore this means that the new design is not requiring additional sewer capacity.

Please let me know if you need any other information.

Energetically Yours, Salas O'Brien

# MEMORANDUM

DATE:	March 17, 2022
TO:	Water Resources Board
FROM:	Darren Gore
SUBJECT:	285 N. Rutherford Apartments Renovation & Bedroom Reduction; Request for Sewer Variance

# Background

Since 2020, the City and Staff has received requests to renovate two different apartment complexes that currently allow renting out individual bedrooms instead of full apartment units as a whole. One is located at 2829 S. Rutherford Blvd (SRB) and the other is along 2315 N. Tennessee Blvd. The Capstone Real Estate Investment Group is in the middle of renovations to take these 3 and 4 bedroom units and split or bi-furcate the units into a certain number of 1 and 2 bedroom units. This bifurcation will increase the number of units in an apartment complex, but at the same time reduce the number of beds and occupants.

Water usage data used at the SRB apartments, which has 3 and 4 rent by the bedroom units, was compared with the Richland Falls apartments along Dill Lane, which only has 1 and 2 bedroom units and just a few 3 bedroom units that rent as a unit and do not rent by the bedroom. The comparison of the two complexes is tabulated below.

Item	SRB (Rent by the Room complex)	Richland Falls (1, 2- bedroom Unit complex)	% Increase or Decrease
Number of Units	180	276	53.3%
Number of Bedrooms	648	488	-24.7%
Bedroom to Unit Ratio	3.60	1.77	-50.9%
Number of Kitchens	180	276	53.3%
Number of Bathrooms	384	466	21.4%
July 2019 - June 2020 Sewage discharge (gal)	16,529,586	7,624,000	-53.9%
July 2019 - June 2020 Sewage discharge per unit (gal)	91,831	27,623	-69.9%

The most noteworthy comparison is the decrease in sewer discharged in total and on a per room basis when the bedroom count decreases and units are no longer rented by the room. Please note that actual water usage data from a renovated apartment complex has not been made available to validate the comparisons; however, the reduction is so substantial on the two complexes evaluated, staff is confident there will be a reduction in discharge to the sewer in future bifurcation proposals.

Water Resources Department

The current proposal that staff is requesting Board approval is located at 285 N. Rutherford Blvd (NRB) apartment. This complex is owned by a different developer, but also has the 3 and 4 rent by the bedroom units. The developer is requesting to bifurcate to 1-2 bedroom units for individual rentals.

The NRB, like the SRB location, is located within restricted Sewer Flow Basins 10-3 & 10-4. These Basins have been designated as only being able to develop at 2.5 single family units per acre (sfu/acre).

Per City Code an apartment unit is treated as one single family unit regardless of bedroom count. Staff approved the bifurcation of the SRB complex in 2020 without bringing it to the Board due to it being a Planned Residential Development (PRD) with a zoning approval and land-use right to a maximum number of apartment units. The SRB complex bifurcation was not going to exceed they're previously approved units in the PRD approved by the Planning Commission.

The NRB location does have a previously approved split of PRD and RM-16 for the property by Planning Commission; however since the number of unit will now exceed the previously approved maximum, staff believed it appropriate to request Board and Council approval to allow this complex to bifurcate to more units but less beds in their remodeling of rent-by-the-room units to 1-2 bedroom apartment rental units.

Given the anticipated reduction of sewer discharge in an already stressed portion of MWRD's sewer collection system, staff supports this bifurcation within this restricted sewer flow basin. Please note that staff will stipulate as a requirement that all existing water fixtures within these units be disposed of, and that all new low flow fixtures be installed with the renovations.

# Recommendation

Recommend approval of a variance for this NRB location within Sewer Flow Basin 10-4.

# **Fiscal Impact**

With the increase in the number of proposed units, the development will be required to pay additional sewer connection fees in the amount of \$2550/unit over and above the number of existing units.

# COUNCIL COMMUNICATION

Meeting Date:	06/30/2022
---------------	------------

Item Title:	Contract Approval–City Hall Parking Garage Sprinkler Renovation Phase 2		
Department:	Administration		
Presented by:	Scott Elliott, Project Developme	nt Manager	
<b>Requested</b> Coun	cil Action:		
	Ordinance		
	Resolution	$\boxtimes$	
	Motion		
	Direction		
	Information		
-			

### Summary

Contract approval for City Hall Parking Garage Sprinkler Renovation Project Phase 2.

### **Staff Recommendation**

Approval of contract with Rice Construction for Phase 2 of the City Hall Parking Garage Sprinkler Renovation.

### **Background Information**

In October of 2021, staff requested funding and permission to contract for Phase 1 of the City Hall Parking garage sprinkler renovation which was for replacement of main service line piping. That phase is complete, and City staff issued a bid on May 16, 2022 for Phase 2 of the project. Phase 2 addresses replacing existing branch line piping, sprinkler heads and sprinkler valves that need replaced. Rice Construction was awarded the bid at a price of \$533,470.

### **Council Priorities Served**

### Maintain public safety

This approval allows the parking garage sprinkler system improvements to reach final completion, ensuring a safe parking garage.

### **Operational Issues**

This project will extend the life of the sprinkler system and keep it fully functional.

# **Fiscal Impact**

Funding for this \$533,470 expenditure is from reallocated CIP funds from 2016 and 2022 bonds. The County will reimburse the City for 31.5% of the project cost.

  - (2) Exhibit A Supplemental Conditions
  - (3) Exhibit B Insurance Requirements
  - (4) Non-Collusion Affidavit
  - (5) Drug Free Workplace Affidavit
  - (6) Performance bond
  - (7) Payment bond
  - (8) Specifications as listed in "ITB-61-2022 City Hall Sprinkler System Renovation Phase 2"

#### Agreement

- 1. **Duties and Responsibilities of Contractor**. In addition to the duties and responsibilities set forth in the above referenced documents, the Contractor will adhere to the following:
  - a. Specifications and requirements:
    - Piping to be Galvanized sch 40
    - System to match existing
    - Work to be done at night or with extreme coordination with facility to avoid traffic
    - Facility will be open and operational during work
    - Anticipated timeline is 11 weeks; schedule should be strictly followed
    - Provide traffic control around work areas as needed
    - Multiple phasing mobilizations
    - Electrical and Fire Alarm replacements as necessary for sprinkler piping and valve replacement
    - As-built drawings required, stamped by a licensed state sprinkler designer
    - Coordination with Fire Marshal during activation and deactivation of sprinkler system during work
    - Contractor to coordinate with ADS Security to re-connect wiring for new valves for alarm system
  - b. Garage Branch Line and Sprinkler Heads Replacement:
    - Remove all existing branch lines and sprinkler heads from the parking garage levels P1 and P2

- Direct replacement of the existing system to be installed so the original calcs will not affected
- Schedule 40 Galvanized pipe will be used for this install, ductile iron fittings will be used instead of cast iron
- New QR upright sprinklers installed
- New hangers installed
- c. Dry Valve replacement:
  - Remove existing dry valves and replace with Reliable brand Model D Dry Pipe Valve or equivalent (to be approved by City)
  - Reinstall drains; replace trim
  - Existing compressor(s) will remain
- d. Clean Up: All trash and excess materials (piping and other debris) will be removed from site.
- e. Provide post-construction warranty and repair as needed for a period of one year upon completion of the Work. Any required repairs during this warranty period will be further warrantied for a period of one year with the exception of warranties provided by manufacturer of equipment, all of which must be transferred to the City upon completion of the Work
- f. Provide all supervision, supplies, labor, transportation and equipment reasonably required for the proper execution of the Work and Contractor is solely responsible for all construction means, methods, techniques, sequences, and procedures, including properly coordinating all portion of the Work. Contractor responsible for all required permits.
- g. Maintain sole responsibly for the safety of Contractor personnel, all subcontractors and materialmen, and all other persons within the worksite and in the immediate vicinity of the worksite that is affected by any Work. Establishment and execution of a comprehensive personnel safety program appropriate for the type of work involved with the various Work assignments as may be required by the appropriate local, state, and federal agencies such as OSHA and TOSHA.
- h. Keep the premises of the Work and the surrounding area free from any accumulation of trash and excess materials (piping and other debris) and Contractor will properly disposal of all surplus or waste materials upon completion of the Work. Comply with any additional Contractor duties and responsibilities as specified in the Supplementary Conditions, if attached hereto.
- 2. **Representations of the Contractor**. In order to induce the City to enter into this Contract, Contractor makes the following representations:
  - a. Contractor has examined and carefully studied the Contract Documents, and any data and reference items identified in the Contract Documents.
  - b. Contractor has had the opportunity to visit and inspect the work site and become familiar with and satisfy itself as to the general, local, and site conditions that may affect cost, progress, and performance of the Work.
  - c. Contractor is familiar with and has satisfied itself as to all laws and regulations that may affect cost, progress, and performance of the Work.
  - d. Contractor has a clear understanding of the Work Assignments.
  - e. Contractor has considered the information known to Contractor itself; information commonly known to contractors doing the construction activities and delivering the construction services; information and observations obtained or that should have been obtained from site inspections; the Contract Documents; with respect to the effect of such information, observations, and documents on (1) the cost, progress, and performance of the Work; (2) the means, methods, techniques, sequences, and procedures to be employed by Contractor; and (3) Contractor's safety precautions and programs.

- f. Based on the information and observations referred to in the preceding paragraph, Contractor agrees that no further examinations, investigations, explorations, tests, studies, or data are necessary for the performance of the Work at the Contract Price (as defined below), within the Contract Times as defined below), and in accordance with the other terms and conditions of the Contract.
- g. Contractor is aware of the general nature of work that may be performed by the City and/or others at the various Work Assignment sites that relate to the Work as indicated in the Contract Documents.
- h. Contractor has given the City written notice of all conflicts, errors, ambiguities, or discrepancies that Contractor has discovered in the Contract Documents, and the written resolution thereof by the City is acceptable to Contractor.
- i. The Contract Documents are generally sufficient to indicate and convey understanding of all terms and conditions for performance and furnishing of the Work.
- 3. **Duties and Responsibilities of the City**. In addition to the duties and responsibilities set forth in the above referenced documents, the City will provide suitable surveys, sketches, or drawings of the requirements and/or limits of the various individual Work Assignments, when applicable; appropriate schedules for the progress of the various Work Assignments; and other information as may be requested and/or appropriate for the Contractor to execute the various Work Assignments.
- 4. **Term and Progress of the Work.** This Contract is not effective until approved by the City and signed by all required parties.
  - a. The Contract time is for a period of 180 days from Notice to Proceed. No adjustment to this time will be made except by a written Change Order signed by a person duly authorized by the City and no course of conduct, verbal agreement, singularly or cumulatively, is a valid means of modifying the Contract price and no person may waive this provision.
  - b. No work on this Project may begin prior to a Notice to Proceed being issued by the City and Contractor hereby waives any claim for any compensation or reimbursement performed prior to the Notice to Proceed.
  - c. The City may perform construction related to the Project with its own forces or award separate contracts in connection with other portions of the Project. Contractor must cooperate and coordinate all Contractor work with all City work.
  - d. Additional Progress of Work requirements are as specified in the Supplementary Conditions, if any.
- 5. Price. The maximum price for services rendered pursuant to this Contract is Five Hundred Thirty-Three Thousand Four Hundred Seventy Dollars and No Cents (\$533,470.00) (the "Contract Price"). No increases in the price of this Contract are authorized unless a written Change Order is signed by a person duly authorized by the City and no course of conduct, verbal agreement, singularly or cumulatively, is a valid means of modifying the Contract Price and no person may waive this provision.
- 6. Payment.
  - a. Payment will be made by the City based on Work progress after services have been received, accepted, and properly invoiced. Once Contractor has submitted a monthly invoice, the City will issue payment within 30 days from submittal. The final payment will be made only after Contractor has completely performed its duties under this Contract and the work has been approved and accepted by the City.
  - b. If Contractor fails to carry out the Work in accordance with the Contract Documents or within a reasonable time after receipt of written notice from the City or to correct any deficiency of the work with diligence and expedience, the City may correct the default or deficiency and, without prejudice to other remedies in law or at equity, the Contract Price will be reduced equal to the cost of the correction.

- 7. **Termination for Breach.** In the event that any of the provisions of the Contract are violated by the Contractor, the City may serve written notice upon the Contractor of its intention to terminate the Contract, and unless within 72 hours after the serving of such notice upon the Contractor such violation or delay ceases and satisfactory arrangement for correction be made, the City may immediately terminate the Contract at any time after said 72 hours. Such termination does not relieve Contractor of any liability to the City for damages sustained by virtue of any breach by Contractor.
- 8. **Suspension of Work.** Any unauthorized work stoppage due to any type of strike by the Contractor's labor force is grounds for immediate termination of this Contract by the City; provided however, in the City's sole discretion, during any period of work stoppage by the Contractor's labor force, the City reserves the right to have any and all Work Assignments performed by City crews or crews from another Contractor or Contractors and to deduct from the Contract Price all costs associated with such performance.
- 9. **Termination for Convenience.** The City may terminate this Contract at any time after 30 days' written notice to Contractor. In that event, the Contractor is entitled to receive just and equitable compensation for any satisfactory authorized work completed as of the termination date.
- 10. **Compliance with Laws.** Contractor agrees to comply with any applicable federal, state, and local laws and regulations.
- 11. **Maintenance of Records.** Contractor must maintain documentation for all charges associated with services provided pursuant to this Contract. The books, records, and documents of Contractor, insofar as they relate to work performed or money received under the Contract, will be maintained for a period of three full years from the date of final payment and will be subject to audit at any reasonable time and upon reasonable notice by the City or its duly appointed representatives.
- 12. **Modification of Contract.** This Contract may be modified only by written amendment executed by all parties and their signatories hereto. Depending upon the nature and amount of the amendment, the approval of the City may be required. Minor modifications to the Contract may be executed by signature of the City Manager.
- 13. **Priority of Documents**. In the event of conflicting provisions, all documents are to be construed according to the following priority: (i) any properly executed amendment or change order to this contract (most recent with first priority); then (ii) this Contract and exhibits thereto; then (iii) the provisions of the required Payment and Performance Bond provisions; then (iv) the specifications referenced herein; and lastly (v) any other documents referenced herein.
- 14. No Partnership or Joint Venture. Nothing herein may in any way be construed or intended to create a partnership or joint venture between the parties or to create the relationship of principal and agent between or among any of the parties. None of the parties hereto may hold itself out in a manner contrary to the terms of this paragraph. No party is liable for any representation, act, or omission of any other party contrary to the terms of this paragraph.
- 15. **Waiver**. No waiver of any provision of this Contract, including modification of the Contract Price, affects the right of any party thereafter to enforce such provision or to exercise any right or remedy available to it in the event of any other default.
- 16. **Non-Discrimination.** It is the policy of the City not to discriminate on the basis of age, race, sex, color, national origin, or disability in its hiring and employment practices, or in admission to, access to, or operation of its programs, services, and activities. With regard to all aspects of this Contract, the contractor certifies and warrants it will comply with this policy.
  - a. The City and Contractor shall abide by the requirements of 41 CFR 60-1.4(a). This regulation prohibits discrimination against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity, or national origin, and requires federal government contractors and subcontractors to take affirmative action

to ensure that applicants are employed, and that employees are treated during employment, without regard to their race, color, religion, sex, sexual orientation, gender identity, or national origin.

- b. The City and Contractor shall abide by the requirements of 41 CFR 60-300.5(a). This regulation prohibits discrimination against qualified protected veterans and requires affirmative action by covered prime contractors and subcontractors to employ and advance in employment qualified protected veterans.
- c. The City and Contractor shall abide by the requirements of 41 CFR 60-741.5(a). This regulation prohibits discrimination against qualified individuals on the basis of disability and requires affirmative action by covered prime contractors and subcontractors to employ and advance in employment qualified individuals with disabilities.
- 17. Indemnification. Contractor indemnifies and hold harmless the City, its officers, agents, and employees from (i) any claims, damages, costs and attorney fees for injuries or damages arising, in part or in whole, from the negligent or intentional acts or omissions of Contractor, its officers, employees and/or agents, including its sub or independent contractors, in connection with the performance of the Contract, and (ii) Any claims, damages, penalties, costs and attorney fees arising from any failure of Contractor, its officers, employees and/or agents, including its sub or independent Contractors, to observe applicable laws, including, but not limited to, labor laws and minimum wage laws. Contractor must pay the City any expenses incurred as a result of Contractor's failure to fulfill any obligation in a professional and timely manner under this Contract.
- 18. **Insurance and Bonds.** Contractor must maintain commercial general liability insurance for bodily injury and property damage, automobile liability insurance, and workers' compensation insurance as required by the State of Tennessee. Contractor must name the City and the City of Murfreesboro as an additional insured on all liability insurance policies and provide the City a copy of the endorsement. Contractor must notify the City within five days if the insurance policy is renewed, cancelled, or altered in any manner and provide written documentation of such alteration.
  - a. Insurance requirements are specified in Exhibit B, attached hereto.
  - b. Contractor must furnish a Performance Bond and a Payment Bond, each in the amount of 100% of Contractor's entire obligation under the Contract, as security for faithful payment.
- 19. Attorney Fees. Contractor agrees that, should either party deem it necessary to take legal action to enforce any provision of the Contract and the City prevails to any extent, Contractor must pay all expenses of such action including the City's attorney fees and costs incurred at all stages of the litigation or dispute resolution.
- 20. Assignment—Consent Required. The provisions of this Contract inure to the benefit of and is binding upon the respective successors and assignees of the parties hereto. Except for the rights of money due to Contractor under this Contract, neither this Contract nor any of the rights and obligations of Contractor hereunder may be assigned or transferred in whole or in part without the prior written consent of the City. Any such assignment or transfer will not release Contractor from its obligations hereunder.
- 21. Entire Contract. This Contract and all documents listed above set forth the entire agreement between the parties with respect to the subject matter hereof and govern the respective duties and obligations of the parties and supersede any and all prior or contemporaneous, written or oral negotiations, correspondence, understandings and agreements between the parties respecting the subject matter of this Contract. No supplement, modification or amendment to this Contract is binding unless evidenced in writing and signed by the party against whom it is sought to be enforced. No waiver of any of the provisions of this Contract constitute, or may be deemed to constitute, a waiver of any other provision, whether or not similar, nor

does any waiver constitute a continuing waiver. No waiver is binding unless executed in writing by the party making the waiver.

- 22. Force Majeure. In the event of any occurrence of an event of *force majeure*, meaning any act of war, order of legal authority, act of nature, or other unavoidable causes that could not have been prevented by and which are not attributed to fault or negligence of Contractor, (i) the City may choose to cancel this Contract, pay only for work performed by Contractor, and have no further liability whatsoever under the Contract, or (i) at the City option, Contractor will be granted an equitable extension of the period of performance.
- 23. **Governing Law.** The validity, construction and effect of this Contract and any and all extensions or modifications thereof is governed by the laws of the State of Tennessee. Tennessee law governs regardless of any language in any attachment or other document that the Contractor may provide.
- 24. **Venue.** Any action between the parties arising from this Contract must be maintained in the courts for Rutherford County, Tennessee.
- 25. **Severability.** Should any provision of this Contract be declared to be invalid by any court of competent jurisdiction, such provision will be severed and not affect the validity of the remaining provisions of this Contract.
- 26. **Notices.** Notices to the City, including but not limited to notice of assignment of any rights to money due to Contractor under this Contract, must be mailed or hand delivered to the address below. Any notice to Contractor from the City relative to any part of the Contract will be considered delivered and the service thereof completed when said notice is posted by registered mail, to the said Contractor at its last given address or delivered in person to said Contractor or its authorized representative on the Work.

# Exhibit A

### Supplementary Conditions

Each party acknowledges that no Supplementary Conditions are necessary for this project by initialing below:

City: \_\_\_\_\_

Contractor:

### Exhibit B Insurance Requirements

Contractor must, as a material obligation to the City and a condition precedent to any payment otherwise due to Contractor, furnish and maintain, and cause its Subcontractors to furnish and maintain, insurance in accordance with the provisions of this Exhibit.

Contractor must secure and maintain without interruption, from the date of commencement of the Work until the later of the date of Final Completion, the date of final payment, or the date until which this Contract requires any coverage to be maintained after final payment, policies of commercial general liability, commercial auto, umbrella/excess, workers' compensation and employer's liability insurance, providing the following coverages, limits and endorsements:

### 1. Commercial General Liability Insurance ("CGL").

- 1.1 The CGL policy must be written on an occurrence basis, on ISO form CG 001 or its equivalent, providing coverage for bodily injury, broad form property damage, personal injury (including coverage for contractual and employee acts), contractual liability, incidental professional liability, the hazards commonly referred to as XCU, and products and completed operations, with a combined single limit of liability of not less than \$1,000,000 for each occurrence applicable to the Work, and an annual aggregate limit of liability of not less than \$1,000,000 applicable solely to the Work, and meeting all other requirements of this Exhibit.
- 1.2 The CGL insurance may be accomplished with a combination of a general liability and an excess/umbrella liability policy.
- 1.3 Each CGL policy must be endorsed or written to:
  - a. Include the per project aggregate endorsement;
  - b. Name as additional insureds the following: the City of Murfreesboro and its elected officials, officers, employees, representatives and agents (collectively, the "Additional Insureds");
  - c. Stipulate that the insurance afforded by the policies furnished by Contractor will be primary insurance and that any insurance, self-insured retention, deductibles, or risk retention programs maintained or participated in by the Additional Insureds, or their agents, officials or employees will be excess and not contributory to the liability insurance furnished by Contractor and by its Subcontractors;
  - d. Includes a severability of interest clause; and
  - e. Waive all rights of recovery against the Additional Insureds.
- 2. Workers' Compensation Insurance. Workers' Compensation policy must meet all Tennessee statutory requirements, including Employers' Liability Insurance with limits of at least \$ 1,000,000 per accident or disease per employee, both policies endorsed to waive subrogation against the Additional Insureds.

### 3. Auto Liability Insurance.

- 3.1 Commercial auto liability must be carried with minimum combined single limit of \$1,000,000 per occurrence.
- 3.2 This policy must include a duty to defend and cover all owned, non-owned, leased, hired, assigned or borrowed vehicles.

3.3 This policy must be endorsed, by specific or blanket endorsement, to name the Additional Insureds as such, stipulate that any insurance carried by the Additional Insureds must be excess and not contributory, and to waive subrogation against the Additional Insureds.

### 4. Term of Coverage.

- 4.1 The products and completed operations liability coverage required by this Contract must extend for a period of not less than five years after the earlier of Final Payment for the Work, or the termination of the Contract (the "Completed Operations Term").
- 4.2 If at any time during the Completed Operations Term, Contractor cannot obtain equivalent coverage by replacement or renewal, Contractor must acquire a tail policy prior to expiration of the existing policy that will extend coverage until the end of the Completed Operations Term.
- 4.3 Contractor will furnish certificates of insurance and other evidence that the City may reasonably require during the Completed Operations Term to establish compliance with the requirements of this paragraph.
- 4.4 All other policies of insurance must be maintained continuously in force from commencement of the Work until the date of Final Payment.

### 5. Subcontractor and Lower-Tier Entities Insurance Requirements.

- 5.1 Contractor must require all of Contractor's Subcontractors and must require its Subcontractors to require their Lower Tier Entities, as a condition of working on the Project, and of receiving payment, to:
  - a. Purchase and maintain Commercial General Liability, Workers' Compensation and Employer's Liability, and Automotive insurance policies, with the same coverages, endorsements, terms of coverage and other provisions as are required of Contractor under by this Exhibit, **EXCEPT THAT** the combined coverage limits of the general liability insurance to be furnished by Lower Tier Entities must be \$1,000,000 per occurrence, and \$1,000,000 as the annual aggregate limit; and
  - b. Timely furnish to the City proper certificates, endorsements, copies of declarations pages, and other documents necessary to establish the Subcontractor's compliance with this Exhibit.
  - c. The Lower Tier Entities' general liability policy must also be endorsed to provide primary insurance, the general liability insurance furnished by Contractor must be the secondary and non-contributory, and any insurance carried by the Additional Insureds must be excess, tertiary and non-contributory to the insurance furnished by Contractor and Subcontractor.
  - d. The City has the right to inspect and copy all such certificates, endorsements, or other proof at any reasonable time.
- 6. Other Policy Provisions. Each policy to be furnished by Contractor and each Subcontractor must:
  - 6.1 Be issued by an insurance carrier having a rating from A.M. Best Company of at least A-VII or better;
  - 6.2 Provide that attorney's fees are outside of the policy's limits and be unlimited;
  - 6.3 Include the Project per aggregate endorsement;

- 6.4 Waive all rights of subrogation against the City;
- 6.5 Provide a Certificate that contains a provision that coverages afforded under the policies will not be canceled, allowed to expire, or reduced in amount until at least thirty (30) days' prior written Notice has been given to the City; and
- 6.6 Be otherwise satisfactory to the City. The City agrees to consider alternatives to the requirements imposed by this Exhibit but only to the extent that the City is satisfied the insurance is not commercially available to the insured. In such event, the City has the right to set conditions for such waiver, including, but not limited to, additional indemnities, and the request that the City be a loss-payee under the policy.

### 7. Certificates and Endorsements

- 7.1 Within 10 days after the execution of this Contract, Contractor must provide the City with certificates and endorsements;
- 7.2 Upon City request, Contractor must provide the City with certificates and endorsements from each of its Subcontractors, in all cases evidencing compliance by Contractor, each Subcontractor, and Lower Tier Entities with the requirements of this Exhibit together with letters from the respective carriers (including, but not limited to, the Errors and Omissions insurance carriers) that there are no known or pending claims or incidents which have resulted in the establishment of a reserve or otherwise have reduced the amount of coverage potentially available to the City under the policy and that available coverage has not been reduced because of revised limits or payments made (or, in the event such representations cannot be given, Contractor, its Subcontractors, and its Lower Tier Entities must furnish the particulars thereof to the City.
- 7.3 If any of the foregoing insurance coverages are required to remain in force after Final Completion, Contractor must submit an additional certificate evidencing continuation of such coverage with its application for final payment.
- 8. Reduction in Coverage. Contractor must promptly inform the City of any reduction of coverage resulting from revised limits, claims paid, or both and must require its Subcontractors and Lower Tier Entities to promptly inform Contractor of same. The City has the right to require Contractor or the applicable Subcontractor to obtain supplemental or replacement coverage to offset such reduced coverage, at the sole cost or expense of Contractor or the applicable Subcontractor.

### 9. Suppliers and Materialmen Coverages

- 9.1 Contractor will endeavor to cause all suppliers and materialmen to deliver any equipment, machinery or other goods FOB Site.
- 9.2 With respect to any equipment, machinery or other goods for which the City or Contractor has paid a deposit, Contractor will cause the respective suppliers and materialmen to maintain personal property insurance in an amount equal to the value of such equipment, machinery or other goods (but in no event less than the amount of the applicable deposit) during fabrication, storage and transit, naming the City and Contractor as loss payee as their interests appear.

### 10. Condition Precedent to Starting Work

10.1 Prior to, and as a condition of its right to begin performing any Work on the site, Contractor and each Subcontractor and Lower Tier Entities must deliver to the City certificates of

insurance representing that the required insurance is in force, together with the additional insured endorsements and waivers of subrogation required above, and such other proof satisfactory to the City that the required insurance is in place; together with the original of each bond required under this Contract. Contractor and each Subcontractor and Lower Tier Entities hereby authorize the City to communicate directly with the respective insurance agents, brokers and/or carriers and sureties to verify their insurance and bond coverage;

- 10.2 The City is under no obligation or duty to make any such inquiry and the City is entitled to rely on any proofs of insurance tendered by Contractor or its Subcontractors and Lower Tier Entities. The City's acceptance of any proof of insurance and bonds offered by Contractor or any Subcontractor or Lower Tier Entities will not be deemed a waiver of the obligations of Contractor and Subcontractors and Lower Tier Entities to furnish the insurance and bonds required by this Exhibit.
- **11. Additional Proofs of Insurance.** Contractor must, within 10 days after request, provide the City with certified copies of all policies and endorsements obtained in compliance with this Contract.
- 12. Indemnity. The fact that Contractor and its Subcontractors are required by this Contract to purchase and maintain insurance in no way limits or restricts any other obligations or duties Contractor and its Subcontractors and Lower Tier Entities may have to indemnify, defend or hold harmless the City and the other Additional Insureds from and against any and all demands, liabilities, losses or expenses of whatever kind or nature.
- **13. Interpretation**. In the event of any inconsistency between the provisions of this Exhibit and those of the other provisions of the Contract, the terms of this Exhibit will govern.

	Information	

### Summary

Approve First Amendment to Restated Agreement for Conveyance of Real Estate and authorize execution of Release of Option.

### Staff Recommendation

Approve amendment to agreement with Kasai North America, Inc.

### **Background Information**

In 2014, the City entered into an agreement with M-Tek, Inc., now Kasai North America, Inc., for the acquisition of approximately 10 acres on Garrison Drive. This agreement provided an option to acquire two adjoining acres. These two acres was to be used to satisfy the surface parking requirements should a second building be developed on-site.

Kasai constructed a 60,000 square foot building, which the company now occupies. During the intervening years, Kasai has adjusted its space needs and desires to occupy only a portion fo the building. Kasai is not in the real estate business and desires to sell the building and lease the space, thus continuing its operations in the City consistent with the original development agreement. The proposed amendment allows Kasai to sell and lease-back a portion of the building without a monetary penalty. Given this arrangement is consistent with the requirements of the original agreement, the amendment is supportable and commercial reasonable. The arrangement will also provide Class-A office space, which is in short supply in the Gateway.

In exchange for this modification, Kasai through the amendment will forgo the operation on the two adjoining acres. Development of a second building is not planned nor foreseeable in the near future, although the land would be available if a building is developed prior to other use of the land. The two acres, however, after release of the option, can be joined with the adjoining seven-acres of City-owned land for economic development opportunities.

# **Council Priorities Served**

# Improve economic development

Some economic development project requires available, improved land or fully developed and available suitable office space. Assuring an inventory of these resources is a critical part of economic development.

# **Fiscal Impact**

None

# Attachments

- 1. First Amendment to Restated Agreement for Conveyance of Real Estate with M-Tek, Inc.
- 2. Release of Option with Kasai North America, Inc.

#### **RELEASE OF OPTION**

This Release of Option ("Release") is by and between the CITY OF MURFREESBORO, TENNESSEE, a municipal corporation ("City"), and KASAI NORTH AMERICA, INC. (formerly known as "M-TEK, INC."), a Tennessee corporation ("Kasai NA"), each sometimes a "Party" and together sometimes "Parties."

WHEREAS the following facts exist:

A. Pursuant to a Restated Agreement for Conveyance of Real Estate approved by the Murfreesboro City Council on December 4, 2014, Kasai NA purchased certain real property and received a contractual Option to Purchase certain additional real property.

B. A Memorandum of Option was recorded at Record Book1368 page 3246, RORC.

C. The Parties have agreed that, due to changed conditions, the Option should be released.

NOW THERFORE, for good and valuable mutual considerations, the receipt and sufficiency of which is hereby irrevocably acknowledged and confirmed, the Parties agree as follows:

1. The Option heretofore granted to Kasai NA is hereby released.

2. The Memorandum of Option of record at Record Book1368 page 3246, RORC shall be deemed and hereby is released.

**IN WITNESS WHEREOF**, this Release has been executed by City and Kasai NA on the dates set forth below their respective signatures hereto.

#### Summary

Buyout of lease on 2140 N. Thompson Lane (Thompson Lane Building).

Information

#### **Staff Recommendation**

Approve buyout of lease agreement with Kenneth Fuston, Sr.

#### **Background Information**

The Thompson Land Building was purchase with an existing tenant, Kenneth Fuston, Sr. and staff on a three-year. Staff negotiated a \$127,500 buyout of this agreement. This amount is within the projected budget for the project. Removing the tenant will allow the City to begin renovations for occupancy by Fire Rescue Administration and Parks and Recreation Administration.

#### **Council Priorities Served**

#### Responsible budgeting

Purchase and use of existing buildings for much needed City offices in current economic climate as inordinately high construction costs is prudent for budgeting purposes.

#### **Fiscal Impact**

The expenses, \$127,500 will be funded from General Fund's Unforeseen and Contingency budget.

#### Attachments

Release from Kenneth Fuston, Sr.

#### **RELEASE**

In consideration of the payment of \$127,500, delivered to the undersigned at the time of execution of this Release, and for other good and valuable considerations heretofore received, the undersigned, as LESSEE under that certain Lease Agreement between the undersigned and TENNESSEE BUILDERS MANAGEMENT SERVICES, LLC, dated January 26, 2022, with respect to premises at 2140 North Thompson Lane, Suite 100, Murfreesboro TN 37129 (the "Premises"), for himself, his heirs, successors and assigns, does hereby agree to vacate the Premises by July 15, 2022, leaving them "broom clean," and further does hereby release and forever discharge the CITY OF MURFREESBORO, TENNESSEE BUILDERS MANAGEMENT SERVICES, LLC, from all claims, demands, damages, and causes of action of any kind or character whatsoever that the undersigned now has or hereafter may have on account of or in any way growing out of the early termination of the referenced Lease Agreement, whether known or unknown to him at the present time.

This Release expresses a full and complete settlement of a liability claimed and denied, regardless of the adequacy of the above consideration, and the acceptance of this Release shall not operate as an admission of liability on the part of anyone.

LESSEE:

Kenneth Fuston Sr.

STATE OF TENNESSEE ) : ss COUNTY OF RUTHERFORD )

Personally appeared before me, the undersigned notary public, KENNETH FUSTON SR., the within named bargainor(s), with whom I am personally acquainted, and who acknowledged that he executed the foregoing instrument for the purposes therein contained.

WITNESS MY HAND, at office, this \_\_\_\_\_ day of \_\_\_\_\_\_, 2022.

#### Summary

Development Agreement with Notes Live for development of a major restaurant and entertainment complex.

#### Staff Recommendation

Approve development agreement with Notes Live, Inc.

Gateway Commission recommended approval unanimously on June 22, 2022.

#### **Background Information**

Notes Live owns and operates the Bourdon Brothers Smokehouse and Tavern and Boot Barn Hall in Colorado Springs. These highly successful venues bring patrons and visitors from Colorado Springs and large surrounding areas to enjoy excellent food and top-tier entertainment. Notes Live is also developing an 8,000-seat outdoor venue, the Sunset Colosseum in Colorado Springs in close proximity to the other venues. The Sunset Colosseum is set to open in the Fall of 2023.

Given their degree of success in Colorado Springs, Notes Live currently has under construction another Bourdon Brothers Smokehouse and Tavern and Boot Barn Hall in Gainesville, Georgia. The Gainesville location have an opening date of first question 2023.

Notes Live has selected the City as its next location for the Bourdon Brothers Smokehouse and Tavern and Boot Barn Hall. Additionally, Notes Live proposes to develop a 4,500-seat Sunset Colosseum, replicating the larger Colorado venue. The Colorado venue has an associated high-end restaurant concept, Roth Seafood and Chophouse and Notes Live is exploring also developing this concept with the Colosseum in Murfreesboro.

This development will be located on 18-acres of City land located at the southeast corner of Medical Center Parkway and Gateway Blvd. The venues will be constructed on 8-9 acres, which will be transferred to Notes Live for a purchase price approximating fair market value. The price will be satisfied by the economic activity created from the development over a 10-year period with performance standards

established in the Agreement. If the performance standards are not met, Notes Live will pay the purchase price in case. Notes live will develop the remaining area, 9-10 acres, as parking for the entertainment venues. The City will retain development rights to the parking land provided replacement parking is provided. The parking development will also be available to the City for event staging and will accommodate a trailhead for the Greenway System.

Gross sales from the project are anticipated to total \$32.5m to \$40m, with an annual tax impact of approximately \$ 1.45m before the addition of the Roth Seafood and Chophouse. From a wage standpoint, during construction, the development will support approximately 132 jobs in the engineering, architectural, and construction trades. The average wage for these positions in Rutherford County is approximately \$54,000. Once the venues are open, approximately two executive management positions will be retained in the \$100-120k per year range, 10 full-time hospitality, food and beverage, security, marketing, and event management positions averaging above the average wage for the County. Additionally, there will be 190-200 operational support positions, 40% of which will be full-time.

Notes Live is not requesting any of the typical economic development incentives. The project entails no direct, immediate impact to the City's operating or CIP budgets. The City will transfer land for development and performance commitments with a claw back of the property value. Additionally, the City will allow development of City-owned land for parking while retaining development rights to the land and providing for City uses of the parking area, including a trailhead for the Greenway system. Indirectly, the City will implement its plan to improve Medical Center Parkway and extend Gateway Blvd to Robert Rose. The planning for these road projects have been on-going for some time.

#### **Council Priorities Served**

#### Improve economic development

Some economic development projects bring an overall benefit to the community by themselves. Other economic development projects draw significant attention from entities that are directing additional developments. These latter projects have a highly beneficial synergistic effect that enhances a community development profile.

#### Establish strong City brand

Development of entertainment and restaurant venues is an amenity for the community and adds to the City's brand.

#### **Fiscal Impact**

No direct operating or CIP budget impact. Indirectly, the City will advance roadway improvements previously anticipated.

#### Attachments

Development Agreement with Notes Live, Inc.

#### DEVELOPMENT AGREEMENT

This Development Agreement ("Agreement"), by and between the City of Murfreesboro ("City") and Notes Live, Inc., a Colorado corporation ("Notes Live"), is effective as of \_\_\_\_\_\_, 2022 (the "Effective Date") for the purpose of directing the development of land owned by the City on Medical Center Parkway and Gateway Blvd with a specific economic development project detailed herein.

#### Recitals

- A. The City owns an 18.2-acre parcel of land located South of Medical Center Parkway and East of Gateway Boulevard, Rutherford County Assessor's Parcel Number 091H-B-00500, (the "Property").
- B. Notes Live has evaluated many potential sites for an entry into the Middle Tennessee market with its Bourbon Brothers Smokehouse and Tavern, Boot Barn Hall, and Sunset Music Colosseum concepts and associated parking facilities (the "Notes Live Venues") and believes that the Property offers the best site for development of the Notes Live Venues.
- C. Notes Live Venues are proven concepts that will provide economic benefit to the community through an approximate \$30 million private investment creating employment and entertainment opportunities, enhancing private and governmental revenues, and serving as a catalyst for further economic development activities.
- D. Notes Live Venues will be part of the entertainment, hospitality, and tourism industries that are important components of the Nashville area and Middle Tennessee, and which will benefit Murfreesboro and Rutherford County by providing enhanced lifestyle amenities along with significant economic benefits that are consistent with the City efforts to increase these types of developments by considering and planning an amphitheater facility within the City. The Notes Live Venues allows the City to secure this type of facility, along with other beneficial aspects of the proposed development and the associated broadcast media, and will have a significant increase in the local economy thus enhancing the general welfare of the public.

#### Agreement

NOW, THEREFORE, for good and valuable mutual considerations, including but not limited to the community values and benefits to be achieved by the City and the profit and business values and benefits to be achieved by Notes Live, the receipt and sufficiency of all of which is hereby irrevocably acknowledged and confirmed, the Parties agree as follows:

#### 1. The Project

- 1.1 The development project subject to this Agreement will consist of the Notes Live Venues, which are generally described as follows ("Project"):
  - a. Bourbon Brothers Smokehouse and Tavern ("BBST") will be a full-service restaurant with seating for approximately 300 patrons and which will include a high-quality tasting room, rooftop patio, and a large integrated outdoor patio hosting area with outdoor fireplaces.
  - Bourbon Brothers Presents/Boot Barn Hall ("BBP") will be an indoor music and event venue booking national touring artists as well as upcoming artists and local performers. It will be designed to handle approximately 500 patrons for fully seated events with 8-top tables and 1,400 patrons in concert-style seating.

- c. The Sunset Music Colosseum on the River ("SMC") will be an open-air amphitheater facing the Stones River and Old Fort Golf Course, with 4,500 stadium-style seats, casual lawn seating, and 45 VIP boxes with private fireplaces and seating for up to eight guests. SMC will be designed to be among the top open-air venues in the country, capable of hosting larger national touring acts from April through October.
- d. A parking lot adequate to park SMC and serve the parking requirements of BBP, and which may incorporate offsite parking necessary to provide sufficient parking for these venues ("Parking Facility").
- e. Infrastructure improvements required for development and use of the Project as set forth below.
- f. In addition to constructing BBST, BBP and SMC as provided herein, Notes Live may, in its sole discretion, also construct a Roth Seafood and Chophouse as a component of the SMC, which will be subject to the City review and approval otherwise provided herein and to adequate parking therefor being constructed.
- 1.2 The Project will be designed and constructed contemporaneously as an integrated, comprehensive, and coordinated development consistent with the Gateway Development Overlay Standards, Gateway Property Owners' Design Standard, and substantially consistent with the Project Concept Plans, the latter of which is attached as Exhibit A.

#### 2. The Property

- 2.1 The City will cause the Property to be subdivided into two parcels substantially as shown on Exhibit B.
  - a. Lot 1, which will be approximately 8 acres, upon which Notes Live will construct all components of the Project other than the Parking Facility
  - b. Lot 2, approximately 10 acres, upon which Notes Live will construct the Parking Facility.
- 2.2 Notes Live will survey and define Lots 1 and 2 in accordance with the final design of the Project, and the City will create a Plat Map reflecting a preliminary delineation of the Property as set forth on Exhibit B attached hereto (the "Plat").
  - a. The final acreage of Lots 1 and 2 may vary from the estimates set forth in Section2.1 and will be established upon agreement of the parties.
  - b. After Notes Live submits and receives approval of a site plan from the City and the re-subdivided plat is approved, the City will convey Lot 1 to Notes Live in exchange for the Purchase Obligation, as defined below.
  - c. The City will retain ownership of Lot 2 subject to the provisions of this Agreement and an agreement signed contemptuously with this Agreement that defines the development and use of Lot 2 for the Parking Facility attached hereto as Exhibit C ("Use Agreement").

- 2.3 Transfer of the Property will occur at the Office of Rick Mansfield, Attorney, 110 S. Maple Street, Murfreesboro TN 37130, or at such other place to which the Parties may agree, on or before the date 90 days after completion of the final Plat, at which time:
  - a. the City will execute and record an appropriate re-subdivision plat of the Property;
  - b. the City will deliver an acceptable Special Warranty Deed to Lot 1 without liens, encumbrances or, except as approved by Notes Live, other title exceptions;
  - c. the parties will execute and deliver the Use Agreement with respect to Lot 2.
  - d. each Party will execute other reasonably required documents or assurances normally required for a commercial real estate closing in Rutherford County, Tennessee
- 2.4 Notes Live will be solely responsible for any Title Commitment or Title Insurance Policy it may elect to obtain.
- 2.5 Notes Live will pay all costs associated with the transfer of the Property in accord with the normal practices for a commercial real estate closing in Rutherford County, Tennessee.

#### 3. Purchase Obligation

- 3.1 For purposes of this Agreement, the parties stipulate that the reasonable market value of Lot 1 equals \$15.75 per square foot, with the final value of Lot 1 to be determined by the actual area transferred in accordance with Section 2.2(a)("Purchase Price").
- 3.2 In addition to other events, Notes Live will present at the SMC at least 10 events with an average paid ticketed attendance of not less than 2,500 for each 12-month period ("Event Threshold") beginning on the SMC Construction Completion Date, as set forth in Section 6.4(d), and continuing thereafter for the next 10-years ("Threshold Period").
  - a. For purposes of determining whether Notes Live has fulfilled the Event Threshold for the first Threshold Period, the number of events and paid attendance will be averaged over the first two Threshold Periods for purposes of determining the Event Threshold for the first Threshold Period.
  - b. Notes Live will provide or permit to be reviewed any records reasonably determined by the City to be necessary to determine the Event Threshold has been fulfilled.
- 3.3 Should Notes Live not fulfill an Event Threshold during the Threshold Period, Notes Live will pay to the City the amount of one-tenth of the Purchase Price ("Threshold Payment"). The Threshold Payment will be made within 60 days following reasonable verification of such failure to fulfill the Event Threshold and written notice thereof from the City to Notes Live.
- 3.5 In the event a second consecutive Threshold Payment is required, the full amount of the Purchase Price less one-tenth of the Purchase Price for each year during the Threshold Period in which the Event Threshold is met and less any previously paid Threshold Payment, will be immediately due and payable. Said payment will be made within 90 days following reasonable verification of such second failure to fulfill the Event Threshold and written notice thereof from the City to Notes Live.

#### 4. Parking Facility Use Agreement.

- 4.1 Upon conveyance of Lot 1, the parties will execute the Use Agreement, permitting Notes Live to improve and use Lot 2 for the Parking Facility.
- 4.2 The Use Agreement will, among other provisions, grant Notes Live priority use for events at BBP and SMC while permitting the City to use the Parking Facility as a trailhead for its Greenway Trail System and to schedule other events utilizing the Parking Facility.
- 4.3 The City will retain in the Use Agreement the right to develop or to sell and permit development of Lot 2 provided the Parking Facility is replaced at the City's expense, which obligation may be transferred to a third party, without interruption of parking service to the SMC or the BBP, to assure adequate parking for events at the SMC and BBP is provided within 3,000 feet of Lot 2. Notwithstanding the foregoing, in no event will the City allow Lot 2 to be used for any purpose that directly competes with any use contemplated by the Project without the consent of Notes Live.
- 4.4 The Use Agreement will incorporate terms and conditions related to parking lot on Lot 2 that are necessary to assure adequate and convenient parking is provided for the Project.
- 4.5 The Use Agreement will provide that Notes Live is responsible for management of the Parking Facility and entitled to all parking fees and other revenue generated therefrom.

#### 5. Zoning

- 5.1 Notes Live understands that the Property is currently zoned MU (Mixed Use) with a GDO-3 Overlay, and that the GDO-3 Overlay requires certain enhanced design, development, and construction standards, including that architecture and Site Plans be submitted to and approved by the Gateway Design Review Committee concurrent with submission to the Planning Commission.
- 5.2 The parties contemplate that Notes Live will apply to have a Planned Sign Overlay or a Planned Entertainment Overlay (which the City is in the process of creating) that will supplement the zoning of the Property and will require approval by the Planning Commission and City Council.

#### 6. Construction Requirements

- 6.1 Prior to construction of the Project, including site preparation, Notes Live will secure approval of appropriate master plans, grading plans, site plans, and construction plans as required by the City Zoning Ordinance and Building Codes Department and the issuance of appropriate permits, all of which will be in full accord with City Subdivision Regulations and Street Design Specifications and subject to all applicable City Ordinances, Codes, and requirements.
- 6.2 Infrastructure Improvements
  - a. Notes Live will construct the necessary on-site water, sewer, reuse water, and stormwater improvements necessary to serve the Project consistent with City standards and funding for such construction may include contributions from the City and/or third-party property owners.

- b. Notes Live will construct the following roadway improvements necessary or incident to the development and operation of the Project as definitely set forth in Exhibit D:
  - 1. Dedicated turn lanes from eastbound and westbound Medical Center Parkway into the Property at the Fountains Crossover.
  - 2. An additional dedicated left-turn lane on northbound Gateway Boulevard onto Medical Center Parkway.
  - 3. A private street ("Access Street A," as further defined on Exhibit D) into the Property from Medical Center Parkway along the eastside of the Property aligning with the private drive into the Fountains at the eastside of the Fountains property, with dedicated right and left turn lanes from Medical Center Parkway into the Property and developed in coordination with the Swanson Developments, LP, property to the east of the Property constructed in accordance with public street standards except for required setbacks.
  - 4. A complete compliment of traffic signal elements at the intersection of Medical Center Parkway and Access Street A.
  - 5. A street stub from Access Street A into the Swanson Developments, LP, property located to the east of the Property.
- c. Notes Live will construct the section of the Greenway Trail adjoining the Stones River on the southern boundary of the Property, for which the City will provide the necessary design and construction documents.
- 6.3 SMC will be designed and constructed to ensure SMC events comply with the City's Noise Ordinance in effect of the completion of the Final Plat (as defined in Section 2.2.)
- 6.4 Construction of the Project, which will be indicated by the initiation of site preparation, will begin within 60 days of the issuance by the City of a Land Disturbance Permit ("Initiation Date"), which must be submitted no later than June 1, 2023.
  - a. Should Notes Live fail to begin construction by the Initiation Date, unless extended by the City for good cause, Notes Live will transfer Lot 1 back to the City.
  - b. Construction of BBST and BBP will be completed within 18 months of the City's issuance by of a Land Disturbance Permit ("BB Completion Date") and construction of SMC must be completed within 24 months of the City's issuance of a Land Disturbance Permit ("SMC Completion Date"). Completion of construction will be indicated by the City's issuance of a certificate of occupancy, which may not be unreasonable withheld or delayed.
  - d. In the event construction of the BBST and BBP are not completed by the BB Completion Date or construction of SMC is not completed by the SMC Completion Date:
    - 1. the City will provide Notes Live written notice of the requirements for issuance of a certificate of occupancy within 90 days following the notice; and

2. thereafter, if the BB Completion Date or the SMC Completion Date remands unmet, Notes Live will pay to the City for each six-month period the certificate of occupancy remains unissued consistent with notice above an amount equal to the Threshold Payment, which payment or payments will reduce the Purchase Price for purposes of Section 3.5.

#### 7. Representations and Warranties.

- 7.1 Notes Live represents and warrants to the City the following:
  - a. Notes Live is a corporation, duly organized, validly existing, and in good standing under the laws of the State of Colorado;
  - b. Notes Live is duly qualified to do business and is in good standing in every jurisdiction in which such qualification is required, including the State of Tennessee, except where the failure to be so qualified, in the aggregate, would not reasonably be expected to adversely affect its ability to perform its obligations under this Agreement;
  - c. Notes Live has the full right, corporate power, and authority to enter into this Agreement and to be bound to and perform the obligations set forth herein;
  - d. The execution of this Agreement by the individual or individuals whose signature or signatures appear below and the delivery of this Agreement by has been duly authorized by all necessary corporate actions on the part of Notes Live;
  - e. The execution, delivery, and performance of this Agreement by Notes Live does not violate, conflict with, require consent under or result in any breach or default under Notes Live's organizational documents (including its certificate of incorporation and by-laws, certificate of formation, and limited liability company agreement or similar documents,) or with or without notice or lapse of time or both, the provisions of any material contract or agreement to which Notes Live is a party or to which any of its material assets are bound ("Notes Live Contracts");
  - f. This Agreement has been executed, and delivered by Notes Live and constitutes the legal, valid, and binding obligation of Notes Live, enforceable in accordance with its terms;
  - g. The Agreement is in material compliance with all applicable Laws and Notes Live Contracts relating to this Agreement and the operation of its business;
  - Notes Live has obtained or will timely obtain all licenses, authorizations, approvals, consents, or permits required by applicable Laws (including the rules and regulations of all authorities having jurisdiction over the sale of alcoholic beverages) to conduct its business generally and to perform its obligations under this Agreement;
  - i. Notes Live has the requisite resources, skill, experience, and qualifications to perform all of the obligations under this Agreement in a professional manner; and
  - j. Notes Live has secured or will timely secure the full right, power, and authority (by ownership, license, or otherwise) to use patents, copyrights, trademarks, or other

intellectual property embodied in the services or goods used in performing the services required under the terms and conditions of this Agreement.

- 7.2 The City represents and warrants to Notes Live the following:
  - a. The City is a municipal corporation chartered under a Private Act of the General Assembly of the State of Tennessee;
  - b. The City, upon the approval of this Agreement by the City Council in a duly noticed public meeting, has the right and authority to enter into this Agreement and to perform its obligations hereunder;
  - c. This Agreement, contingent upon the condition set forth in (b), constitutes the legal, valid, and binding obligation of the City: and
  - d. The City is vested with good and marketable title to the Property.
- 7.3 Neither party, nor any other person on such party's behalf, has made or makes any express or implied representation or warranty, either oral or written, whether arising by law, course of dealing, course of performance, usage, trade, or otherwise, all of which are expressly disclaimed, and the parties acknowledge they have not relied upon any representation or warranty made by the other party, or any other person on such party's behalf, except as specifically provided in herein.

#### 8. Notices

- 8.1 Notices, requests, consents, claims, demands, waivers, and other communications hereunder (each, a "Notice") must be in writing and are deemed to have been given (a) when delivered by hand (with written confirmation of receipt); (b) when received by the addressee if sent by a nationally recognized overnight courier (receipt requested); (c) on the date sent by email, provided receipt is confirmed, and if sent during normal business hours of the recipient, and on the next Business Day if sent after normal business hours of the recipient; or (d) on the third day after the date mailed, by certified or registered mail (in each case, return receipt requested, postage pre-paid).
- 8.2 Notices must be sent to the respective parties at the following addresses (or at such other address for a party as specified in a Notice given in accordance with this section):

If to City:	with a copy to:
City Manager	City Attorney
City of Murfreesboro	City of Murfreesboro

#### 9. Assignment.

- 9.1 Notes Live may not assign any of its rights or delegate any of its obligations under the Agreement to any entity not owned by, or under common control with Notes Live without the prior written consent of the City; provided, however, notwithstanding the City's consent, if given, this Agreement remains binding upon and inure to the benefit of the parties hereto and their respective permitted successors and permitted assigns and, therefore, no assignment or delegation relieves the assigning or delegating party of any of its obligations hereunder. Notwithstanding anything herein or elsewhere to the contrary, the City acknowledges and agrees that the development obligations of Notes Live will be financed by a third-party lender, that nothing herein may limit or restrict the right of Notes Live to pledge Lot 1 as collateral for such financing, and that the City (upon request) will execute and deliver such subordination documents as may be reasonably requested by such lender in connection therewith.
- 9.2 The City acknowledges that Notes Live may assign a portion of its rights under this Agreement with respect to SMC to another entity for purposes of financing, the consent for which the City will not unreasonably withhold, condition, or delay; provided, however, that Notes Live will remain joint and severally obligated with any assignee on the obligations with respect to the Event Threshold and the Threshold Payment.
- 9.3 Any purported assignment or delegation in violation of this section is null and void.

#### 10. Miscellaneous

- 10.1 This Agreement and all related Exhibits constitute the sole and entire agreement of the parties with respect to the subject matter address herein, and supersedes all prior and contemporaneous understandings, agreements, representations, and warranties, both written and oral, with respect to the subject matter.
- 10.2 This Agreement sets forth the terms and condition of a commercial transaction and the City does not waive or alter any of its governmental authority to address matters under federal or state statute and regulations, the City's ordinances, or the City's police powers.
- 10.3 If any term or provision of this Agreement is invalid, illegal, or unenforceable in any jurisdiction, such invalidity, illegality, or unenforceability will not affect any other term or provision of this Agreement or invalidate or render unenforceable such term or provision in any other jurisdiction.
- 10.4 This Agreement may only be amended, modified, or supplemented by an agreement in writing signed by each party hereto.
- 10.5 No waiver by any party of any of the provisions of this Agreement is effective unless explicitly set forth in writing and signed by a duly authorized individual on behalf of the waiving party. No waiver by any party operates or may be construed as a waiver in respect of any failure, breach, or default not expressly identified by a written waiver, whether of a similar or different character, and whether occurring before or after the waiver. No failure to exercise, or delay in exercising, any right, remedy, power, or privilege arising from this Agreement operates or may be construed as a waiver thereof; nor does any single or partial

exercise of any right, remedy, power, or privilege hereunder preclude any other or further exercise thereof or the exercise of any other right, remedy, power, or privilege.

- 10.6 The rights and remedies under this Agreement are cumulative and are in addition to and not in substitution for any other rights and remedies available at law or in equity or otherwise.
- 10.7 This Agreement is for the sole benefit of the parties hereto and Notes Live's permitted successors and permitted assigns and nothing herein, express or implied, is intended to or confers upon any other person or entity any legal or equitable right, benefit, or remedy of any nature whatsoever under or by reason of this Agreement.
- 10.8 This Agreement and all matters arising out of or relating thereto are governed by and construed in accordance with the laws of the State of Tennessee without giving effect to any choice or conflict of law provision or rule.
- 10.9 Any legal suit, action, or proceeding arising out of this Agreement or the transactions contemplated thereby may only be instituted in the state courts of Rutherford County, Tennessee, and Notes Live irrevocably submits to the exclusive jurisdiction of such courts in any such suit, action, or proceeding. Notes Live irrevocably and unconditionally waives any objection to venue of any suit, action, or proceeding in such courts and irrevocably waives and agree not to plead or claim in any such court that any such suit, action, or proceeding brought in any such court has been brought in an inconvenient forum.
- 10.10 In the event that either party institutes any legal suit, action, or proceeding, including arbitration, against the other party to enforce the covenants contained in this Agreement or arising out of or relating to this Agreement, the prevailing party in the suit, action or proceeding will be entitled to receive, in addition to all other damages to which it may be entitled, the reasonable costs incurred by such party in conducting the suit, action, or proceeding, including reasonable attorneys' fees and expenses and court costs.
- 10.11 No party is liable or responsible to the other party, nor may be deemed to have defaulted under or breached this Agreement, for any failure or delay in fulfilling or performing any term of this Agreement (except for any obligations to make payments to the other party hereunder), when and to the extent such failure or delay is caused by or results from acts beyond the affected party's reasonable control, including, without limitation: (a) acts of God; (b) flood, fire, earthquake, or explosion; (c) war, invasion, hostilities (whether war is declared or not), terrorist threats or acts, riot, or other civil unrest; (d) government order or law; (e) actions, embargoes, or blockades in effect on or after the date of this Agreement; (f) action by any governmental authority; (g) national or regional emergency; and (h) shortage of adequate power or transportation facilities. The party suffering a Force Majeure Event must give notice within 10 days, or as soon as reasonably feasible, of the Force Majeure Event to the other party, stating the period the occurrence is expected to continue and must use diligent efforts to end the failure or delay and ensure the effects of such Force Majeure Event are minimized.
- 10.12 Nothing herein will be construed to create a joint venture or partnership between the parties hereto or an employer-employee or agency relationship. Neither party has any express or implied right or authority to assume or create any obligations on behalf of or in the name of

the other party or to bind the other party to any contract, agreement, or undertaking with any third party.

- 10.13 If any date on which a party is required to make a payment or a delivery pursuant to the terms hereof is not a Business Day, then such party will make such payment or delivery on the next succeeding Business Day.
- 10.14 Time is of the essence with respect to this Agreement.

[SIGNATURES ON FOLLOWING PAGE]

EXECUTED to be effective as of the date of the last Party to sign, PROVIDED that this Agreement is of no force or effect unless and until approved by the Murfreesboro City Council and the governing board of Notes Live.

#### COUNCIL COMMUNICATION

#### Meeting Date: 06/30/2022

Item Title:	Community Development FY23 Annual Action Plan
Department:	Community Development

Presented by: Sam Huddleston, Executive Director of Development Services

Requested Council Action:

$\boxtimes$	

#### Summary

The Annual Action Plan represents local priorities and funding allocation and is presented to HUD to receive CDBG program funds.

#### Staff Recommendation

Approve the FY23 Annual Action Plan.

#### **Background Information**

The City is required to develop an Annual Action Plan to serve as documentation of goals and objectives for its community planning and development projects and activities, including housing and economic programs. This plan supports utilize of CDBG funding for a period from July 1, 2022, to June 30, 2023.

The City will submit its FY23 Annual Action Plan with list of projects funded with 2022 CDBG program to HUD on or before July 15. Staff has prepared the draft Annual Action Plan, with the assistance of our consultant, BluLynx Solutions, LLC. The draft plan is available on the Community Development Website. Future funding authorizations will be presented to Council based on the Third Year Action Plan. FY23 CDBG allocation is \$971,332 and HOME allocation is \$505,298. HOME funding is new affordable housing funding to Murfreesboro.

#### **Council Priorities Served**

#### Responsible budgeting

Utilization of federal CDBG grants assists with community development and assistance in a cost-effective manner.

#### Fiscal Impact

The grants, totaling \$1,476,630, which will fund the City's Community Development's FY23 budget.

#### **Executive Summary**

#### AP-05 Executive Summary - 24 CFR 91.200(c), 91.220(b)

#### 1. Introduction

As a recipient of federal grant funds, HUD's City of Murfreesboro is required to submit a Consolidated Plan and Annual Action Plan. It also serves as the application for funding for the Community Development Block Grant (CDBG) federal entitlement program that serves low-income individuals and families. As of Fiscal Year 2022, the City of Murfreesboro was awarded funding under the HOME Investment Partnerships Program (HOME) as a participating jurisdiction.

The City of Murfreesboro's Five-Year Consolidated Plan (Con Plan) is mandated by federal law and regulations promulgated by the U.S. Department of Housing and Urban Development (HUD) in order for the City to receive federal funding for affordable housing and community development initiatives benefitting primarily low- and moderate-income persons. The Annual Action Plan must be prepared and submitted to HUD 45 days before the beginning of the fiscal year or by May 15 of each fiscal year. The City's 2022 fiscal year begins July 1, 2022 and ends June 30, 2023. \*In 2022, the Allocations were released on May 17, 2022, such the City will submit its Annual Action Plan by no later than July 15, 2022.

#### 2. Summarize the objectives and outcomes identified in the Plan

Housing needs among residents in Murfreesboro were determined by analyzing housing problems by income level, tenure, and households with special needs for the Consolidated Plan. The Consolidated Plan identified households with one or more housing problems (overcrowding, lacking adequate kitchen or plumbing facilities), and households are experiencing cost burden (paying more than 30% of household income for housing costs) and severe cost burden (paying more than 50% of household income for housing costs). Primary needs highlighted during the Consolidated Plan Public Needs Hearing, Neighborhood Meetings, and stakeholder interviews included the following:

- Public Service Needs:
  - Additional need for permanent supportive housing programs
  - Lack of facilities and services for unsheltered homeless persons

#### • Affordable Housing Needs:

- There is a need for additional emergency shelter & transitional housing beds
- Limited finance resources of local agencies with rapid re-housing programs
- Lack of low-income rental housing in Murfreesboro
- $\circ~$  Acquisition, Senior housing and Owner-Occupied Housing Rehabilitation among top housing needs
- Other Needs:

• Fair Housing Education

These comments were incorporated into the City's most recent Consolidated Plan and will be addressed through projects undertaken in this Action Plan for activities funded with CDBG dollars.

## **3.** Evaluation of past performance - Evaluation of past performance that helped lead the grantee to choose its goals or projects.

The CAPER presents the City's progress in carrying out projects and activities according to the Program Year (PY) 2020 Annual Action Plan for the Community Development Block Grant (CDBG) funds received from the United States Department of Housing and Urban Development (HUD). The City of Murfreesboro successfully utilized CDBG funds by increasing affordable housing for low- and moderate-income persons. The City also allocated CDBG to local nonprofit organizations to provide essential social services for the homeless, LMI persons, and non-homeless special needs population.

The City of Murfreesboro received \$886,368.00 in CDBG funding for 2020. A total of \$197,229.40 in CDBG funds was expended in 2020. Below is a summary of the City's 2020 expenditures and accomplishments:

GOALS	EXPENDITURES	ACCOMPLISHMENTS
Affordable Housing		
Housing Rehabilitation	\$87.71	1
Homeownership Assistance	\$42,680.57	2
Public Service Grants	\$107,645.47	2,661
Fair Housing	\$750.00	1
Public Facilities	\$16,380.00	99
Administration & Planning	\$29,685.65	1
TOTAL	\$197,229.40	2,765

#### 4. Summary of Citizen Participation Process and consultation process

Summary from citizen participation section of plan.

During the PY2022 Annual Action Plan preparation, a Public Review Meeting was held on Tuesday, March 29, 2022, to obtain comments on the PY2022 Annual Action Plan draft and funding recommendations for the FY2022 CDBG Program. A 30-day comment period was held from Monday, March 28, 2022 through Friday, April 29, 2022 for the public to review and provide comments on the Annual Action Plan. The plan was available for review in hard copy at the City's Community Development Department and on the City's Community Development website: <u>http://www.murfreesborotn.gov</u>

The City held a second Public Review Meeting to solicit comments on the draft 2022 Action Plan at **5:30 P.M. on Wednesday, May 25, 2022** at **Patterson Park Community Center** located at **521 Dr. Martin Luther King Jr Blvd, Murfreesboro, TN 37130**. Additionally, the City made draft copies of the 2022 Action Plan available for examination and comment by the public at the public hearing scheduled for an additional 30-day period commencing on **Monday, May 23, 2022** and ending on **Wednesday, June 25, 2022**.

#### 5. Summary of public comments

Comments from the meeting have been included in the Plan.

#### 6. Summary of comments or views not accepted and the reasons for not accepting them

All comments were accepted

#### 7. Summary

In summary, the Annual Action Plan has been developed with community input and reflects the City's needs.

#### PR-05 Lead & Responsible Agencies – 91.200(b)

#### 1. Agency/entity responsible for preparing/administering the Consolidated Plan

Describe the agency/entity responsible for preparing the Consolidated Plan and those responsible for administration of each grant program and funding source.

Agency Role	Name	Department/Agency
CDBG Administrator	Murfreesboro	Community Development Divison
HOME Program	Murfreesboro	Community Development Division

Table 1 – Responsible Agencies

#### Narrative

The City of Murfreesboro's Community Development Department is the lead agency for the development, administration, and review of the 2020 – 2024 Consolidated Plan and 2022 Annual Action Plan. The Division administers Community Development Block Grant (CDBG) funds received from the U.S. Department of Housing and Urban Development (HUD), and coordinates execution of projects related to the priorities and goals identified in the Consolidated Plan.

#### AP-10 Consultation - 91.100, 91.200(b), 91.215(l)

#### 1. Introduction

The City developed an outreach effort to maximize input from a large cross-section of stakeholders during the preparation of its 2020-2024 Consolidated Plan. This outreach effort included public meetings, neighborhood meetings, published meeting notices, and a web survey conducted in both English and Spanish. Consultation with the community and affected service providers is a fundamental component of the Consolidated Plan and Action Plan process. The City of Murfreesboro conducted significant consultation with citizens, municipal officials, nonprofit agencies, public housing agencies, governmental agencies, and the Continuum of Care in preparing this Plan.

The stakeholder outreach component involved surveying local broadband and hazard mitigation agencies. Additionally, 312 stakeholders completed Needs Assessment surveys inquiring about the community and housing needs throughout the City. During the preparation of this Annual Action Plan, the City held two public meetings to review the draft priorities through its public participation process for the Plan. These meetings are summarized in the Citizen Participation section of this plan. Drafts of the plans have been posted on the City webpage. Notices of public meetings and hearings were published in the local newspaper.

# Provide a concise summary of the jurisdiction's activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(I))

During the development of this Action Plan, the City sought to encourage a high level of public communication and agency consultation to demonstrate its commitment to identifying priority needs and engaging citizens, public agencies, and nonprofit organizations positively and collaboratively. A list of stakeholders and affordable housing providers was developed and included public agencies and private nonprofit organizations whose missions included providing affordable housing and human services to LMI households and persons. These stakeholders were invited to participate in needs assessment meetings held to develop the Action Plan. The list of stakeholders is included in the Citizen Participation Comments section.

Based on the public meetings and previous Consolidated Plan goals a set of priorities was established by the City for the next year.

# Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.

City of Murfreesboro staff participates with the Housing, Health & Human Services Alliance of Rutherford County (H3ARC) and area service providers to enhance the community's comprehensive Continuum of Care system to end homelessness. This dynamic partnership includes collaborative efforts of a variety of community groups, government agencies. The H3ARC serves as the Lead Agency and has been designated of the CoC as the Collaborative Applicant to apply for the HUD CoC grant. The City enhances coordination of public, private, and nonprofit housing providers, human service agencies, and social service providers through the following actions:

- Continues to work with other jurisdictions and the Murfreesboro Housing Authority to prioritize housing needs, provide services, and maximize the use of federal, state, and local funds for affordable housing, community development, and related services.
- Continues to participate in coordinated efforts for shelter and services assisting homeless individuals and families.
- City staff participates in many of the committees that provide direction for 10-year plan to end homelessness.

Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS.

The City participated in the leadership and guidance of the H3ARC, the lead entity for the Continuum of Care (CoC). The Community Development Director or designee represents the Mayor on the H3ARC Executive Committee and chairs the Rating and Ranking Working Group. The working group is responsible for ranking CoC housing competition applications. The CoC participates in the City's outreach to eligible nonprofit agencies to offer funding through a competitive application process for ESG funding. With the City's representation within the CoC structure on the Executive Committee, at general meetings and in workgroups, the task of allocating funds is based on need in the jurisdiction, and the process is a result of joint efforts. H3ARC is the lead agency for HMIS and training and best practice for the use of HMIS is promoted within the membership. The H3ARC Service Providers Working Group is responsible for developing performance standards. The Rating and Ranking Working Group evaluates outcomes.

#### 2. Describe Agencies, groups, organizations and others who participated in the process and describe the jurisdiction's consultations with housing, social service agencies and other entities

Analysis of Impediments to Fair Housing Choice, 2020	City of Murfreesboro	Barriers to affordable housing opportunities from the Analysis of Impediments were included in this Action Plan.
Public Housing Plan	Murfreesboro Housing Authority	MHA's Five-Year Plan to ensure consistency with City's HUD Consolidated Plan

Other local/regional/state/federal planning efforts considered when preparing the Plan

Table 3 – Other local / regional / federal planning efforts

# Describe cooperation and coordination with other public entities, including the State and any adjacent units of general local government, in the implementation of the Consolidated Plan (91.215(I))

In accordance with 24 CFR 91.100(4), the City will notify adjacent units of local government of the nonhousing community development needs included in its Consolidated Plan. The City will continue to interact with public entities at all levels to ensure coordination and cooperation in the implementation of the Consolidated Plan and thereby maximizing the benefits of the City's housing and community development activities for the residents being served.

#### Narrative (optional):

Combined, these agencies provide housing and supportive services to the community's special needs populations, including persons with disabilities, homeless families and individuals, chronic homeless persons, persons with HIV/AIDS, and the elderly. In addition to many of the agencies listed above many of the groups and agencies that were consulted provided information during the development of the plan.

#### AP-12 Participation – 91.105, 91.200(c)

### **1.** Summary of citizen participation process/Efforts made to broaden citizen participation Summarize citizen participation process and how it impacted goal-setting

City of Murfreesboro Community Development staff worked with the community in developing goals and objectives. The developed goals are a result of feedback from the community regarding issues to be resolved and projects in need of funding. The City has an adopted Citizen Participation Plan to ensure consistent outreach efforts. A community needs survey in English and Spanish was available to residents, housing service providers. A 30-day comment period was held from Monday, March 28, 2022 through Friday, April 29, 2022 for the public to review and provide comments on the Annual Action Plan.

The City held a second Public Review Meeting to solicit comments on the draft 2022 Action Plan at **5:30 P.M. on Wednesday, May 25, 2022** at **Patterson Park Community Center** located at **521 Dr. Martin Luther King Jr Blvd, Murfreesboro, TN 37130**. Additionally, the City made draft copies of the 2022 Action Plan available for examination and comment by the public at the public hearing scheduled for an additional 30-day period commencing on **Monday, May 23, 2022** and ending on **Wednesday, June 25, 2022**.

Sort Order	Mode of Outreach	Target of Outreach	Summary of response/ attendance	Summary of comments received	Summary of comments not accepted and reasons	URL (If applicable)

#### **Citizen Participation Outreach**

Table 4 – Citizen Participation Outreach

#### **Expected Resources**

#### AP-15 Expected Resources – 91.220(c)(1,2)

#### Introduction

The City of Murfreesboro is a CDBG entitlement city. The City is not a HOME participating jurisdiction, is not a direct Emergency Solutions Grant recipient, nor does it receive HOPWA funding. For the 2022 Annual Action Plan the City was allocated \$971,332 in CDBG funding and \$505,298 in HOME Program funding. Additionally, the City estimates receiving \$100,000 in program income from its CDBG program for use in 2022-2023.

#### **Anticipated Resources**

Program	Source	Uses of Funds	Expected Amount Available Year 1				Expected	Narrative
	of Funds		Annual Allocation: \$	Program Income: \$	Prior Year Resources: \$	Total: \$	Amount Available Remainder of ConPlan \$	Description
CDBG	public - federal	Acquisition Admin and Planning Economic Development Housing Public Improvements Public Services	\$971,332	\$100,000	\$0	\$1,071,332	\$1,071,332	Community Development Block Grant 2022-2023 program year allocation; Estimated Program Income and Prior Year Resources.
HOME	public - federal	Affordable Housing; Administration	\$505,298	\$0	\$0	\$505,298	\$505,298	HOME funds will leverage other federal, local, and private funds. Subrecipient or developers supply 25% match of HOME funds.

Table 5 - Expected Resources – Priority Table

## Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied.

The in-kind value of office space, utilities and administrative support from the City's general fund help leverage CDBG funds. The Murfreesboro Parks & Recreation provides meeting spaces in its facilities for public hearings and other meetings sponsored by the Community Development Department as an in-kind contribution. Both federal mandates and local policy requires some level of leveraging in most of the entitlement programs offered by the City. As an example, the City's Affordable Housing Assistance Program for first-time home buyers requires a 1% contribution from the purchaser. Public Services grant subrecipients are required to provide a dollar-for-dollar match for CDBG funds. Matching funds can come from agency funds, in-kind contributions of goods and services, volunteer hours and/or value of donated buildings or fair value of rental/lease.

The HOME program requires a 25% match of the total HOME funds expended for project costs. This match requirement will be met by requiring subrecipients to provide 25% match on projects, through sponsorships from local businesses, waived City fees, donated land or improvements, volunteer hours, donated materials, or other eligible methods outlined in the HOME regulations.

## If appropriate, describe publically owned land or property located within the jurisdiction that may be used to address the needs identified in the plan.

The City does not anticipate using any publicly owned land or property located in Murfreesboro to address the needs identified in this plan.

#### Discussion

The City of Murfreesboro receives CDBG funding directly from U.S. Department of Housing and Urban Development (HUD). The City receives a share of the state's Emergency Solutions Grant (ESG) allocation through the City Set-Aside program from Tennessee Housing Development Agency (THDA).

The City does not receive HUD funding from the HOME Partnerships Investment Program (HOME). The Housing Opportunity for Persons with AIDS (HOPWA) grantee for the Nashville-Davidson-Murfreesboro-Franklin MSA is Metropolitan Housing and Development Agency (MDHA). The City consults with MDHA regarding HOPWA allocations. The City is not a direct recipient of any funds covered in §91.2(b).

The City is the Collaborative Applicant for Continuum of Care TN-510 (Murfreesboro and Rutherford County). HUD announced the 2021 awards to TN-510 agencies totaling \$753,322 in its Continuum of Care (CoC) housing competition.

Public housing is the responsibility of Murfreesboro Housing Authority. A copy of MHA's most recent 5-Year and Annual Plan is available for review at its main office: 415 North Maple Street, Murfreesboro.

Table 6 – Goals Summary

Annual Action Plan 2022

### **Goal Descriptions**

Goal Name: Planning and administration

Goal Descriptions: Administrative and planning costs to operate the CDBG & HOME program successfully

Goal Name: Affirmatively Furthering Fair Housing Choice

**Goal Description:** Support targeted fair housing activities such as fair housing education, complaint handling services, and enforcement.

Goal Name: Provide public services

**Goal Description:** Provision of public services for projects that provide supportive services to low and moderate-income households and persons

Goal Name: Public Facility/Improvements

**Goal Description:** Facility renovations in low- and moderate-income areas

**Goal Name:** Housing Affordability [Rehabilitation, New Construction and Down Payment Assistance]

**Goal Description:** Support housing rehabilitation, homeownership opportunities for households through down payment or closing cost assistance

Goal Name: Planning/Survey Economic Development

**Goal Description:** Planning to support economic development activities in low income areas

### Projects

### AP-35 Projects – 91.220(d)

### Introduction

The City has planned the following projects for the upcoming year and identified in the table below with additional details provided in Section AP-38.

### Projects

Sort Order	Goal Name
1	CDBG Administration & Planning
2	Fair Housing
3	Provide Public Services
4	Public Facilities/Infrastructure
5	Rehabilitation
6	Planning/Survey Economic Development
7	Affordable Housing Assistance (AHA)
8	HOME Administration & Planning
9	CHDO 15% Set Aside
10	CHDO Operating 5% Set Aside
11	Affordable Housing: New Construction & DPA

Table 7 - Project Information

### Describe the reasons for allocation priorities and any obstacles to addressing underserved needs

The City has pursued a variety of strategies to impact the identified needs of the community, the primary obstacle to meeting the underserved needs is the lack of sufficient financial resources. Annually several project proposals may be unfunded or receive only partial funding due to lack of available resources.

### AP-38 Project Summary

### AP-50 Geographic Distribution – 91.220(f)

### Description of the geographic areas of the entitlement (including areas of low-income and minority concentration) where assistance will be directed.

Murfreesboro is an urban area that relies on widely accepted data such as American Community Survey (ACS), HUD low and moderate-income summary data, and Federal Financial Institutions Examinations Council (FFIEC) data to determine areas throughout the community with concentrations of low and moderate-income communities. Program resources are allocated city-wide based on low-mod areas, which often coincide with areas of minority concentration. Over the next five years, the City intends to utilize CDBG funds in areas where 51% or more of residents have low or moderate household incomes).

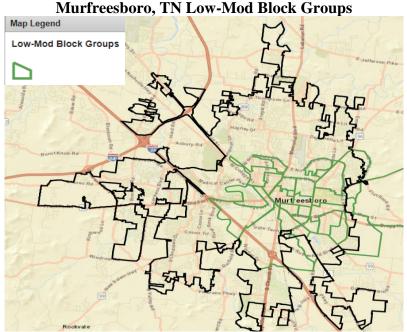

### **Geographic Distribution**

Target Area	Percentage of Funds
Citywide	80%
	- Is the Disastilla stations

**Table 8 - Geographic Distribution** 

### Rationale for the priorities for allocating investments geographically

The City will allocate resources to the low- and moderate-income block groups within the City. The areas outlined in green on the map will generally be prioritized for allocation of resources, however, individual low- and moderate-income persons residing anywhere in the City may be eligible beneficiaries of CDBG funds.

Source: HUD Con Plan Mapping Tool. https://egis.hud.gov/cpdmaps/

### **Affordable Housing**

### AP-55 Affordable Housing – 91.220(g)

### Introduction

The City of Murfreesboro with its nonprofit partners will provide affordable rental and homeowner housing, including assistance to people with disabilities and homeless individuals and families. The special needs population will be served through grants to local service providers. The homeless population will be served through assistance grants to local service providers. To address these needs, the City will use CDBG and THDA ESG funds to support the rehabilitation of existing units and providing homeless services.

One Year Goals for the Number of Househo	olds to be Supported

Table 10 - One Year Goals for Affordable Housing by Support Type

### AP-60 Public Housing – 91.220(h)

### Introduction

The MHA is an independent authority established under state law, is separate from the general control of the City and is not required by a Section 504 Voluntary Compliance Agreement to increase the number of accessible units.

### Actions planned during the next year to address the needs to public housing

The MHA has been approved for the RAD conversion of Parkside and Mercury Court properties. The is taking the first step in a multi-phase, multi-year process. That step is to create a master plan for the redevelopment of Oakland Court, a 76-home public housing neighborhood on approximately 20 acres between North Academy and Maney Avenues. The multi-year plan will replace 76 homes at Oakland Court with new homes and increase the total number of homes to 150 almost doubling the number of homes available there to qualified families. Upon completion of Oakland Court, the MHA will relocate the residents of Mercury Court residents to Oakland Court.

### Actions to encourage public housing residents to become more involved in management and participate in homeownership

The MHA undertakes a variety of initiatives to increase resident involvement which include established programs that represent all residents living in Housing Authority developments. The MHA coordinates programs, activities, and services offered to residents, including:

- Family Self Sufficiency Program designed to assist residents with achieving self-sufficiency. This
  effort is accomplished through goal setting, intervention, advocacy and community collaboration.
  When entering the program, the residents meet with a Family Self Sufficiency (FSS) Program
  Coordinator to discuss their needs and to set goals. Residents can receive assistance with seeking
  employment, job training, and educational opportunities.
- Resident Advisory Board (RAB) which meets regularly to obtain input from residents regarding capital needs and the overall PHA Annual Action Plan for the Housing Authority.

### If the PHA is designated as troubled, describe the manner in which financial assistance will be provided or other assistance

The MHA is not designated as troubled and is considered a high performer with a score of 93. PHAs scoring 59 (on a scale of 100) or lower are designated as "troubled." PHAs scoring 90 or higher are designated as "high performing," and those with scores of 60-89 are "standard" or "substandard."

### AP-65 Homeless and Other Special Needs Activities – 91.220(i)

### Introduction

Murfreesboro's 2020-2024 Consolidated Plan identifies increasing housing options for the homeless and at risk of homelessness as a strategic priority. Long-term objectives include supporting emergency housing and supportive services and the implementation of a coordinated entry system.

The 2022 ESG allocation from the state agency will fund emergency shelter, rapid re-housing, and homeless prevention services that are projected to assist homeless and at-risk of homeless beneficiaries. The identified projects target homeless individuals and families who lack the resources to regain stable housing independently. Programs are designed to connect clients with the services necessary to ensure they move from emergency shelter to transitional or permanent housing.

### Describe the jurisdictions one-year goals and actions for reducing and ending homelessness including

The City of Murfreesboro will utilize Emergency Solutions Grant funding provided through the State of Tennessee for Emergency Shelter, Homelessness Prevention, Rapid Re-Housing, HMIS administration, and ESG program administration. Funding for these programs are projected to benefit homeless persons and those at risk of homelessness. Projects selected for funding are designed to help shorten the client's homelessness, improve their ability to secure stable housing, and prevent recurrent homeless episodes.

### Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

The City participates in and supports local efforts of the Housing, Health, and Human Services Alliance of Rutherford County (H<sup>3</sup>ARC) and other local agencies in its initiatives and projects. Murfreesboro will also continue to support organizations that assess the needs of the homeless to create a more robust social service system to address unmet needs.

Over the following Action Plan period, the City will collaborate with various local nonprofits organizations to expand services for the homeless and at-risk of homelessness population. Additionally, H<sup>3</sup>ARC collaborates with nonprofit organizations to analyze current needs to identify funding gaps and other gaps in services. The Homeless Point in Time Count, organized by the H<sup>3</sup>ARC, annually assesses the characteristics of the homeless population in the City. This data allows the Continuum and the City to track the changing needs of the homeless. The City will continue to support the efforts of the Continuum of Care in the preparation of the Point in Time Count to address the specific needs of homeless persons.

### Addressing the emergency shelter and transitional housing needs of homeless persons

The City supports efforts to decrease or end homelessness in Murfreesboro and supports the local Continuum of Care initiatives. The City of Murfreesboro does not receive a direct ESG allocation. It, therefore, relies on the allocation received by the agencies applying to the Continuum of Care to address these needs. These agencies are awarded funding for essential services and operations to emergency

shelters and transitional housing facilities. These facilities provide shelter and services to citizens of Murfreesboro to include homeless families, single men and women, and survivors of domestic violence. The City supports increasing housing options and self-sufficiency for the homeless and near-homeless by providing support for emergency housing and supportive services for homeless families and individuals, developing transitional housing, and preventing persons released from institutions from entering homelessness.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

The City will continue to oversee activities for homeless individuals and families. The City has identified rapid re-housing as a priority during this Action Plan period. Obtaining permanent housing for homeless individuals and families will shorten the length of time spent in emergency and transitional shelters.

The City of Murfreesboro encourages collaboration with organizations to transition as many people as possible into permanent housing as quickly as possible. Some families or individuals may require only limited assistance for a short time, such as emergency food and shelter -- until a first paycheck is received or a medical emergency has passed. Others, however, will require more comprehensive and long-term assistance, such as transitional housing with supportive services and job training. Due to limited resources, agencies need to eliminate duplication of effort by local agencies, both in intake and assessment procedures and subsequent housing and supportive services.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); or, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs.

The City of Murfreesboro will continue to support homelessness programs in 2020-2025 to assist families and individuals in avoiding becoming homeless. These programs seek to prevent homelessness by providing up to a year of short-term rental assistance, rental security deposits and last month's rent, and costs such as rental application fees and utilities.

### AP-75 Barriers to affordable housing – 91.220(j)

### Introduction:

Rutherford County imposed a development fee on all new residential construction, the proceeds of which are used primarily for school construction. The Rutherford County Commission has expressed no interest in rescinding this fee since the cause for it has not gone away. The City also imposes a storm water fee on all new development to help pay for its federally mandated storm water program. Both hurt the cost of new construction that affects the supply of affordable housing.

Community Development Department staff was used as a resource for housing issues, particularly those affecting the supply of affordable housing. Much of their input was incorporated into the Housing chapter of the report.

### Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment

The City of Murfreesboro does have some infill and redevelopment within the City's core. New housing units at a higher density are replacing many substandard housing units. Additionally, the residential units are being rehabilitated by private owners upgrading housing stock in the City core. The City also has two redevelopment projects that will provide additional residential units in midrise buildings which are replacing single story commercial and institutional building that are no longer being used.

While there is no single approach that meets all needs, a combination of planning, regulatory, and financing mechanisms can influence what is constructed. However, given the provisions that Tennessee state law places on cities and especially counties, few, if any, mechanisms currently available to entirely prevent haphazard growth patterns, particularly within the City's UGB.

Ultimately, growth management and utility extension policies should be based on the community's stated goals and objectives about the kind of community within which residents want to live. The long-term pattern of growth should be managed to balance market demands with economic development objectives. Indeed, future growth should be coordinated with infrastructure and public service investments such that the pattern and timing of development occur in a fiscally responsible manner.

During this Action Plan period, Murfreesboro will consider infill development opportunities closer to the city center. The new development has typically occurred at the City's outskirts on more significant swaths of undeveloped land (e.g., south of State Highway 99). These areas are less costly to serve and hence, more efficient as they are already serviced by roads, water, and sewer lines, public safety, solid waste collection, and existing parks and schools. The City should also consider opportunities that focus on redeveloping underutilized properties or obsolete building sites. This may involve the construction of individual lots or small undeveloped parcels in established neighborhoods and commercial districts.

### AP-85 Other Actions - 91.220(k)

### Introduction:

The Strategic Plan addresses the issue of meeting underserved needs through a variety of initiatives. Several of these initiatives are proposed for funding in this Annual Plan. The Community Development Department staff will host various workshops for subrecipients to provide an overview of program guidelines and expectations. We will utilize these workshops as an opportunity to network, share successes and lessons learned, and discuss best practices for utilizing HUD funding. Technical assistance will also be provided to subrecipients as needed.

### Actions planned to address obstacles to meeting underserved needs

Murfreesboro will collaborate with community leaders, stakeholders, and local nonprofit agencies to help remove obstacles to meet the needs of the underserved population and improve service delivery. The City will coordinate the work of nonprofit agencies to provide social services, disseminate news and information, and spearhead community-wide solutions to local needs. The City will also review and analyze the work of its various departments and divisions to find opportunities for collaboration between similar programs. Program staff will also ensure that all fair housing education materials are current and compliant with the Affirmatively Furthering Fair Housing Final Rule.

### Actions planned to foster and maintain affordable housing

Murfreesboro will actively work to address the need for more decent and affordable housing by prioritizing the investment of funds into all its housing programs. In the interest of preserving affordable housing, the City will continue to support the use of CDBG program funds for activities such as down-payment assistance and rehabilitation. To promote fair housing choice, the City will encourage and support fair housing rights for all and provide program funds to conduct outreach and education regarding the Fair Housing Law act of 1968.

### Actions planned to reduce lead-based paint hazards

All applicants for both the Housing Rehabilitation Program and the Affordable Housing Program receive a copy of the booklet *The Lead-Safe Certified Guide to Renovate Right*. A pdf. version of this booklet is available on the City's website through a link from the Community Development page.

Before approving any Affordable Housing Program loans on pre-1978 homes, a lead-based paint visual inspection is conducted. If paint disturbance is noted, a full lead assessment and risk analysis are conducted. When the owner-occupant of a pre-1978 house applies for the Housing Rehabilitation Program, the Community Development Department orders a lead assessment and risk analysis at no cost to the applicant.

### Actions planned to reduce the number of poverty-level families

Education and employment are critical factors in breaking the cycle of poverty. To that end, the City is committed to funding programs over the five years that will promote literacy, financial literacy, and self-sufficiency and help prepare residents for employment opportunities.

The City works with the Murfreesboro Housing Authority and the Tennessee Housing Development Agency to encourage Section 8 to homeownership participants. A provision in the policies of the City's Affordable Housing Assistance Program makes half of the financing provided to very-low-income firsttime homebuyers a grant and half a no-interest loan due on sale.

The City includes Section 3 language in its notifications to housing rehabilitation contractors and the housing rehabilitation contracts. Successful bidders are supplied with contact information for the Murfreesboro Housing Authority Section 3 coordinator and other agencies able to supply low-income workers.

### Actions planned to develop institutional structure

Murfreesboro is a direct recipient of Emergency Solutions Grant (ESG) Program funds from the Tennessee Housing Development Agency. Through this funding source, Murfreesboro allocates funding for Emergency Shelter, Rapid Re-Housing, Homelessness Prevention, and data entry into the Homelessness Management Information System. Coldest Nights, a collaborative program of The Journey Home, The Salvation Army, and First Baptist Church of Murfreesboro, offers shelter to men who would otherwise be sleeping in unsheltered conditions on nights with temperatures forecast be below 30°. Because most of the persons making use of the program fit the definition of chronically homeless, the program provides a point of contact for service providers to reach out to this population. Murfreesboro City Schools and Rutherford County Schools have programs to connect homeless families with children and unaccompanied youth to service providers.

### Actions planned to enhance coordination between public and private housing and social service agencies

The City will work to foster collaboration through the dissemination of services, news, and information across social service organizations, subcontractors, and public and private entities. The City will accomplish this through subrecipient meetings that bring together affordable housing developers and social service agencies. The City will encourage community-based solutions and regional partnerships and continue to support and participate in the CoC, whose membership includes affordable housing and social service agencies.

### **Program Specific Requirements**

### AP-90 Program Specific Requirements – 91.220(I)(1,2,4)

Introduction:

### Community Development Block Grant Program (CDBG) Reference 24 CFR 91.220(I)(1)

Projects planned with all CDBG funds expected to be available during the year are identified in the Projects Table. The following identifies program income that is available for use that is included in projects to be carried out.

1. The total amount of program income that will have been received before	\$100,000
the start of the next program year and that has not yet been reprogrammed	
2. The amount of proceeds from section 108 loan guarantees that will be	0
used during the year to address the priority needs and specific objectives	
identified in the grantee's strategic plan	
3. The amount of surplus funds from urban renewal settlements	0
4. The amount of any grant funds returned to the line of credit for which the planned use has not been included in a prior statement or plan.	0
5. The amount of income from float-funded activities	0
Total Program Income	\$100,000

### Other CDBG Requirements

1. The amount of urgent need activities 0
---

### HOME Investment Partnership Program (HOME) Reference 24 CFR 91.220(I)(2)

1. A description of other forms of investment being used beyond those identified in Section 92.205 is as follows:

City of Murfreesboro will utilize investment of HOME program funds as designated in CFR part 92.205(b). The City will provide HOME Program funds new construction and down-payment assistance loans to low and moderate-income homebuyers. The loans will be provided as "soft-second" mortgages, secured with a lien on the approved property.

2. A description of the guidelines that will be used for resale or recapture of HOME funds when used for homebuyer activities as required in 92.254, is as follows:

The HOME rule at §92.254(a)(5) establishes the resale and recapture requirements HOME grantees must use for all homebuyer activities. These provisions are imposed for the duration of the period of affordability on all HOME-assisted homebuyer projects through a written agreement with the homebuyer, and enforced via lien, deed restrictions, or covenants running with the land. The resale or recapture provisions are triggered by any transfer of title, either voluntary or involuntary, during the established HOME period of affordability.

When undertaking HOME-assisted homebuyer activities, including projects funded with HOME program income, the City will establish resale or recapture provisions that comply with HOME statutory and regulatory requirements and set forth the provisions in its Consolidated Plan. HUD must determine that the provisions are appropriate. The written resale/recapture provisions that the City submits in its Annual Action Plan must clearly describe the terms of the resale/recapture provisions, the specific circumstances under which these provisions will be used, and how the City will enforce the provisions.

Note: City of Murfreesboro's complete Resale and Recapture provisions are included as an appendix. Below is a summary of applicable portions of the provisions.

3. A description of the guidelines for resale or recapture that ensures the affordability of units acquired with HOME funds? See 24 CFR 92.254(a)(4) are as follows:

The City's resale and recapture provisions ensure the affordability of units acquired with home funds in several ways.

The HOME rule at §92.254(a)(4) establishes the period of affordability for all homebuyer housing. The City's calculation for the period of affordability is based upon the amount of HOME assistance in each unit and the applicable period of affordability under resale or recapture provisions.

### a. Period of Affordability Under Resale Provisions

Under resale, §92.254(a) (5) (i) the HOME rule states that the period of affordability is based on the total amount of HOME funds invested in the housing. In other words, the total HOME funds expended for the unit determines the applicable affordability period. Any HOME program income used to assist the project is included when determining the period of affordability under a resale provision.

### b. Period of Affordability Under Recapture Provisions

For HOME-assisted homebuyer units under the recapture option, the period of affordability is based upon the HOME-funded direct subsidy provided to the homebuyer that enabled the homebuyer to purchase the unit. Any HOME program income used to provide direct assistance to the homebuyer is included when determining the period of affordability.

4. Plans for using HOME funds to refinance existing debt secured by multifamily housing that is rehabilitated with HOME funds along with a description of the refinancing guidelines required that will be used under 24 CFR 92.206(b), are as follows:

The City does not anticipate refinancing any existing debt with its HOME funds during this Consolidated Plan period.

### COUNCIL COMMUNICATION

### Meeting Date: 06/30/2022

Item Title:	ClearSpan Fabric Structures	Change Order No. 2 for Soccer Park
Department:	Parks and Recreation	
Presented by:	Nate Williams, Director	
<b>Requested Coun</b>	cil Action:	
	Ordinance	
	Resolution	
	Motion	$\boxtimes$
	Direction	
	Information	

### Summary

ClearSpan Fabric Structures Change Order No. 2 for Electrical Revisions at Soccer Park.

### **Staff Recommendation**

Approve Change Order No. 2 with ClearSpan Fabric Structures.

### **Background Information**

Contract documents for the indoor practice facility show the exhaust fans and wall louvers to provide ventilation air for the facility. The electrical drawings show electrical power service to these items. The contract documents do not include interconnections for the wall louvers to operate in coordination with the exhaust fans. This change order adds an electrical panel with fan switches and contactors to open the wall louvers in coordination with the exhaust fans.

### **Council Priorities Served**

### Improve economic development

Improvements to the Richard Siegel Soccer Complex will allow for increased regional and national tournaments that will have a significant impact in direct revenue, sales tax revenue, and the local economy.

### **Fiscal Impact**

The change order expense, \$28,357, is funded through the FY21 CIP and is within the funds for the project budget.

### **GENERAL NOTES**

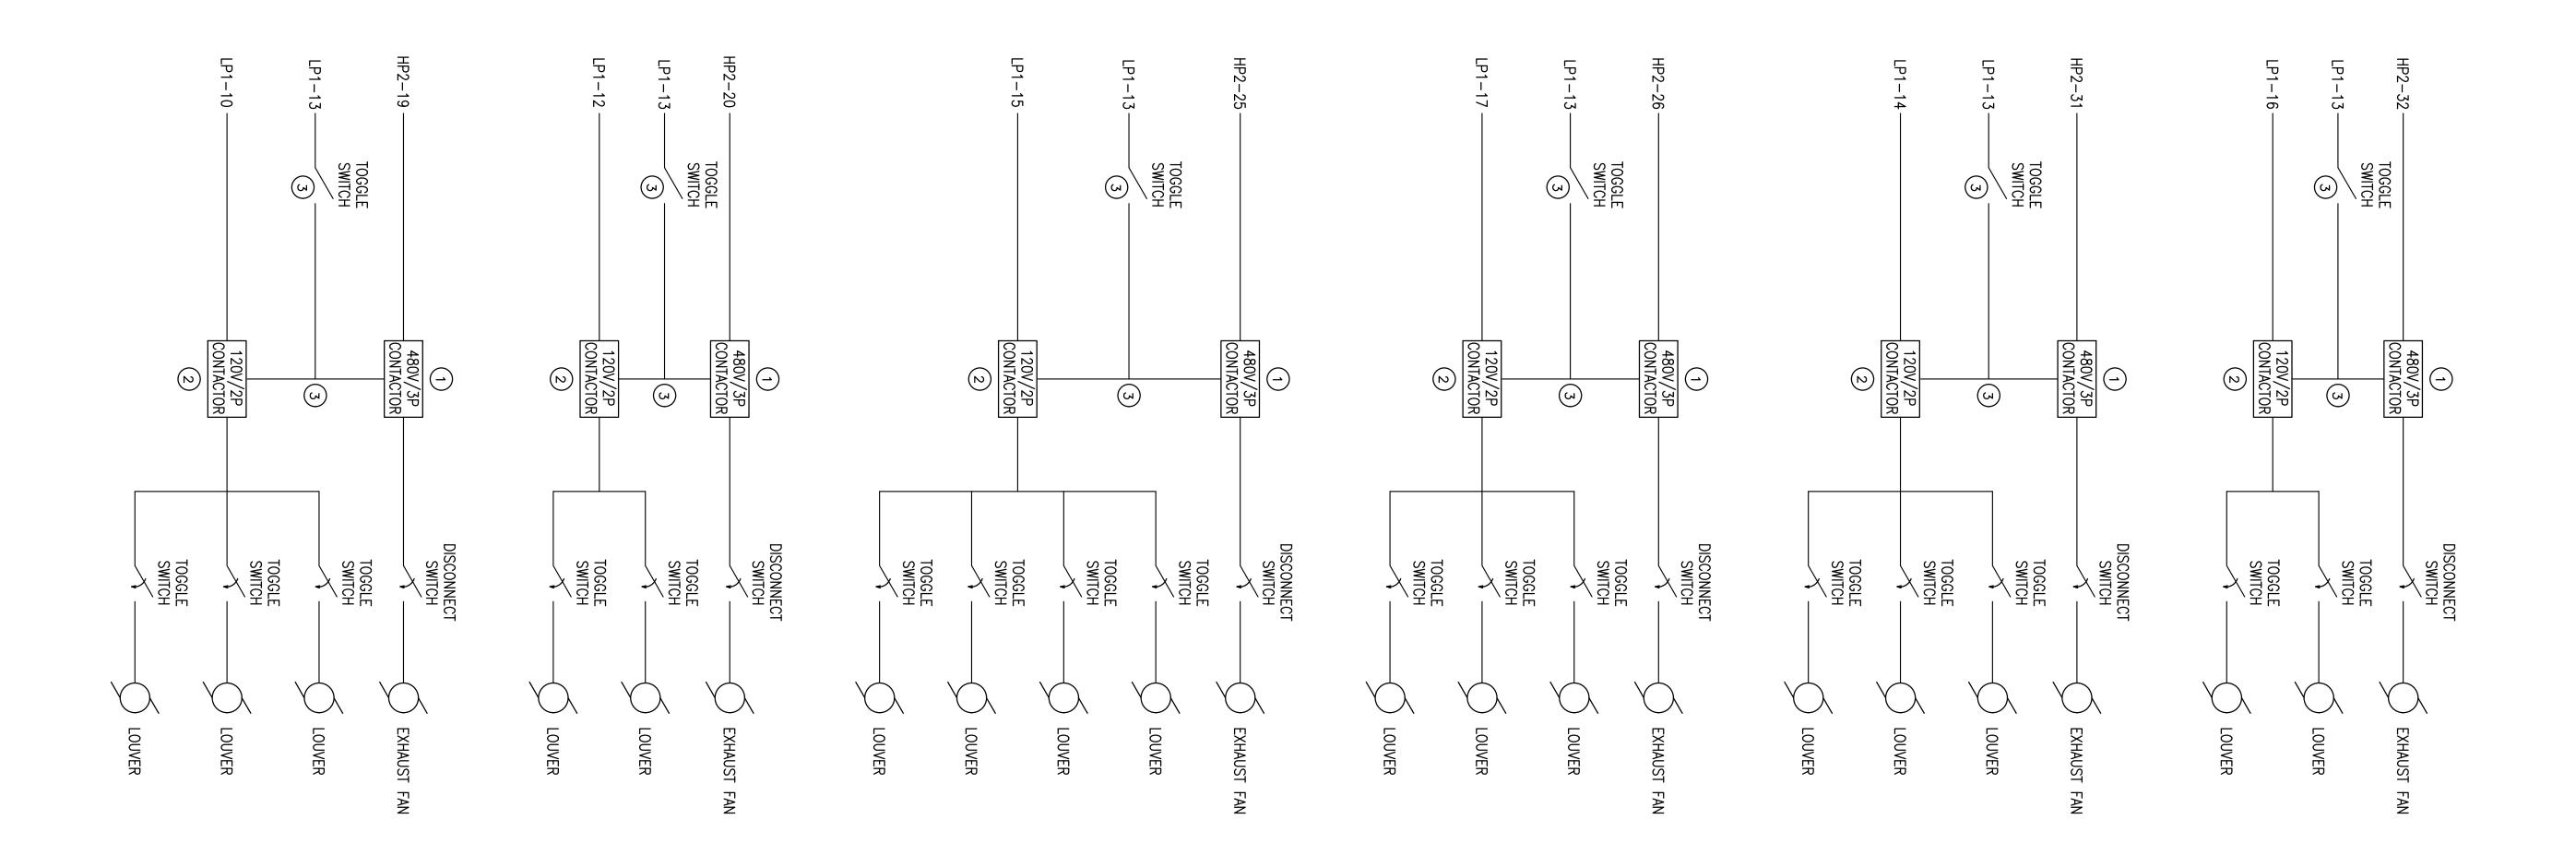

- .\_\_\_\_ ALL WORK SHALL CONFORM TO THE LATEST EDITION OF THE NATIONAL FIRE PROTECTION ASSOCIATION (NFPA) 70, NATIONAL ELECTRICAL CODE.
- 2 ALL SINGLE PHASE BRANCH CIRCUITS (RECEPTACLES, LIGHTING, ETC.) ARE 3/4" CONDUIT OR EMT WITH (3)#12 BLACK/WHITE/GREEN, THHN, 90 DEGREES C WIRING. ALL OTHER CONDUIT AND WIRING SHALL BE AS INDICATED ON THE PLANS. ACTUAL ROUTING AND HOMERUN GROUPINGS ARE TO BE DETERMINED IN THE FIELD. ALL WIRING SHALL BE COPPER.
- ч. ELECTRICAL DRAWINGS ARE DIAGRAMMATIC EXCEPT FOR DETAILS AND ELEVATIONS. DO NOT SCALE FROM DIAGRAMMATIC DRAWINGS. EXACT LOCATIONS OF DEVICES AND PANELS ARE TO BE DETERMINED AND ROUGHED-IN DURING CONSTRUCTION TO AVOID INTERFERENCE, TO MEET USER REQUIREMENTS, TO PROVIDE ADEQUATE MOUNTING, AND TO MEET NEC LINEAR ACCESS AND CLEARANCE REQUIREMENTS.
- VERIFY EXACT LOCATIONS OF MOTORS AND EQUIPMENT BEFORE ROUGHING IN. VERIFY ALL NEW RECEPTACLE LOCATIONS AND RECEPTACLE TYPES WITH OWNER PRIOR TO CONSTRUCTION.
- Ģ FINAL CONNECTIONS TO ALL AIR-HANDLERS, CONDENSING UNITS, EXHAUST FANS, AND OTHER EQUIPMENT DEVICES WHICH VIBRATE, SHALL BE MADE WITH FLEXIBLE SEALTITE AND APPROPRIATE WIRING.
- <u></u>. PROVIDE A LAMICOID NAMEPLATE (WHITE LETTERS ON BLACK BACKGROUND) ON EACH PANELBOARD, MOTOR STARTER, CONTACTOR, TRANSFORMER, ETC. LETTERS SHALL BE 0.75 INCH MINIMUM.
- 7. VERIFY ALL DOOR SWINGS WITH ARCHITECTURAL BEFORE ROUGHING IN LIGHT SWITCHES. TRADE NAMES ARE GIVEN TO CLARIFY TYPE OF PRODUCT AND QUALITY DESIRED.
- 9. œ CONTRACTOR SHALL CUT AS REQUIRED TO INSTALL ELECTRICAL EQUIPMENT. REPAIR OF FLOOR OR WALLS SHALL BE COORDINATED WITH GENERAL CONTRACTOR. CONTRACTOR SHALL ALSO REPAIR ALL OPENINGS LEFT DUE TO EQUIPMENT REMOVAL.
- 10. CONDUCTORS ARE AWG#12 COPPER UNLESS OTHERWISE SHOWN. ALL CONDUCTORS LARGER THAN #10 SHALL BE STRANDED. BRANCH CIRCUIT RUNS IN EXCESS OF 100 FEET (ONE WAY) SHALL BE SIZED PER THE NATIONAL ELECTRICAL CODE MAXIMUM 3% VOLTAGE DROP. SEE SCHEDULE THIS SHEET. FEEDER CIRCUIT RUNS IN EXCESS OF 100 FEET (ONE WAY) SHALL BE SIZED PER THE NATIONAL ELECTRICAL CODE MAXIMUM 2% VOLTAGE DROP.
- 11. Panelboards shall contain a typewritten directory with a plastic cover affixed to the inside of the door. Update existing panelboard directories where modifications are being made.
- 12. ALL FIXTURES, DEVICES, CONDUIT, AND EQUIPMENT SHALL BE SECURED WITH APPROVED HANGERS AND ANCHORS AND IN ACCORDANCE WITH APPROVED STANDARDS OF INSTALLATION.
- 13. ALL BREAKERS SHOWN IN THE PANELBOARD SCHEDULE SHALL BE RATED AS SHOWN FOR BOTH CIRCUIT CAPACITY AND FAULT CURRENT INTERRUPTING CAPACITY.
- 14. CONDUIT FOR TELEPHONE OUTLETS SHALL BE 3/4" EMT. PROVIDE PULL STRING TO TELEPHONE BACKBOARD VIA CONDUITS AND CABLE TRAY WHERE FEASIBLE.
- 1<u>5</u>.
- ALL PANELBOARDS, DISCONNECT SWITCHES, MOTOR STARTERS, AND CONTACTORS SHALL BE NEMA 1 UNLESS OTHERWISE NOTED.
- 16. THESE DRAWINGS HAVE BEEN DEVELOPED FROM THE BEST AVAILABLE INFORMATION. CONTRACTOR SHALL FIELD VERIFY ALL EXISTING JOB SITE CONDITIONS. CARE SHALL BE TAKEN DURING DEMOLITION TO AVOID DAMAGE TO ADJACENT AREA.
- 17. 18. WHERE DISCREPANCIES EXIST BETWEEN DR. SPECIFICATIONS. NGS AND SPECIFICATIONS, DRA NGS SHALL OVERRIDE
- FIRE ALARM SYSTEM COMPLYING WITH THE NATIONAL FIRE ALARM CODE AND THE STATE FIRE MARSHAL SHALL BE DESIGNED AND CONSTRUCTED BY OTHERS UNDER SEPARATE CONTRACT WITH OWNER.

### KEYNOTES

- 1 PROVIDE 600V/3P/30A DISCONNECT SWITCH FOR WALL EXHAUST FANS, TYPICAL OF 12. DUE TO VOLTAGE DROP, WIRE AND CONDUIT SIZE(S) SHALL VARY DEPENDING ON DISTANCES AT THE SITE. ADJUST AS REQUIRED PER N.E.C., SEE VOLTAGE DROP TABLE SHEET E0.1. COORDINATE WITH OWNER AND FAN MANUFACTURER DIFFERENT CONTROL OPTIONS, LOCATIONS AND PROVIDE ACCORDINGLY.
- 2 PROVIDE TRI-LITE (EL1/3-30A) DISCONNECT SWITCH WITH TRI-LITE (HVLS-ESV751N04TXB) VFD FAN CONTROL FOR CIRCULATION CEILING FANS, TYPICAL OF 6. DUE TO VOLTAGE DROP, WIRE AND CONDUIT SIZE(S) SHALL VARY DEPENDING ON DISTANCES AT THE SITE. ADJUST AS REQUIRED PER N.E.C., SEE VOLTAGE DROP TABLE SHEET E0.1. COORDINATE CONTROLLER LOCATIONS WITH OWNER PRIOR TO CONSTRUCTION.
- 3 PROVIDE 120V, 20A TOGGLE SWITCH FOR LOUVER MOTORS, TYPICAL OF 34. DUE TO VOLTAGE DROP, WIRE AND CONDUIT SIZE(S) SHALL VARY DEPENDING ON DISTANCES AT THE SITE. ADJUST AS REQUIRED PER N.E.C., SEE VOLTAGE DROP TABLE SHEET E0.1. THERE ARE TWO CONTROLLERS PER LOUVER, COORDINATE LOCATIONS WITH OWNER PRIOR TO CONSTRUCTION.
- PROVIDE 240V/3P/30A DISCONNECT SWITCH FOR OVERHEAD DOOR MOTOR. DUE TO VOLTAGE DROP, WIRE AND CONDUIT SIZE SHALL INCREASE DEPENDING ON DISTANCE AT THE SITE. ADJUST AS REQUIRED PER N.E.C., SEE VOLTAGE DROP TABLE SHEET E0.1. COORDINATE WITH OWNER AND OVERHEAD DOOR MANUFACTURER DIFFERENT CONTROL OPTIONS, LOCATIONS AND PROVIDE ACCORDINGLY.
- 5 PROVIDE J-BOX WITH CIRCUIT SHOWN FOR FUTURE FIRE ALARM CONTROL PANEL (BY OTHERS).

CAUTION: This email originated outside our organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Robert,

Please find attached Proposal request No. 2 for the referenced project, for Contractor pricing.

The intent of this change is to provide single point controls that will start the exhaust fans and open the wall louvers simultaneously, providing twelve air flow level options.

Please provide a price proposal for this change itemizing additional costs for materials and labor, as noted in Article 10.4.6 of the Contract for Construction.

Your prompt attention to this matter would be greatly appreciated.

If you should have any questions concerning the above, please do not hesitate to call.

R. Lyle Lynch Johnson+Bailey Architects P.C. 100 East Vine Street, Suite 700 Murfreesboro, TN 37130 615-890-4560 office 615-631-5372 mobile Rlynch@jbarchitects.com

June 20, 2022

Mr. Nate Williams Murfreesboro Parks and Recreation 697 Veterans Parkway Murfreesboro, TN 37128

Re: Richard Siegel Soccer Park Indoor Training Facility Cherry Lane J+B No. 1818

Dear Mr. Williams:

Please find attached electronic pdf file of Change Order No. 2 for the referenced project dated June 20, 2022. This Change Order is for a fan control panel to interconnect the 12 exhaust fans to the 34 wall louvers, as shown on Proposal Request No. 2 dated May 24, 2022.

The Contract Documents show the exhaust fans and wall louvers to provide ventilation air for the facility. The Electrical Drawings show electrical power service to these items. The Contract Documents do not include electrical interconnections for the wall louvers to operate in coordination with the exhaust fans. Proposal Request No. 2 was prepared to add an electrical panel with fan switches and contactors to open the wall louvers in coordination with the exhaust fans.

We have reviewed the pricing from ClearSpan and find the costs reasonable. This revision is needed for the wall louvers to open, and allow ventilation air into the facility..

Based on the above, it is the Architect's recommendation that Change Order No. 2 be accepted by the Owner.

If you have any questions concerning the above, please advise.

Sincerely,

JOHNSON + BAILEY ARCHITECTS, P.C.

anno R. Lyle Lynch, AIA

### COUNCIL COMMUNICATION

### Meeting Date: 06/30/2022

Item Title:	Purchase of Roll-Off Truck			
Department:	Solid Waste			
Presented by:	Russell Gossett, Director of Solid Waste			
<b>Requested</b> Coun	cil Action:			
	Or	dinance		
	Re	solution		
	Ма	otion	$\boxtimes$	
	Dir	rection		
	Inf	formation		

### Summary

Purchase of used roll-off truck to serve the City's convenience center.

### **Staff Recommendation**

Approval to purchase a 2005 CV713 Mack Granit roll-off truck from Williamson County.

### **Background Information**

The Solid Waste Department is responsible for open top dumpsters located at the City's convenience center. Currently, these dumpsters are hauled to the landfill by a third-party hauler. Purchasing a truck capable of moving the dumpster will avoid the hauling fee, ultimately resulting in lower operating costs. The current expense for hauling containers is \$500 per week for three containers to Middle Point Landfill. With this purchase the City will save the current haul expense, as well as improve the consistency and cleanliness of the convenience center. Additionally, this equipment will allow for the Solid Waste Dept to partner with other departments within the City for a more cost-effective disposal solution.

Staff has explored the available trucks suitable for the service. Williamson County has an excess 2005 Mack Granit truck which is suitable. It has been appraised by a third-party appraiser to assess the equipment and determine the value of the truck at \$32,000. Purchasing this equipment from Williamson County is consistent with T.C.A. 12-3-1202.

### **Council Priorities Served**

### Responsible Budgeting

Purchasing and maintain proper equipment that provides for the most efficient and lowest operating expense is an important aspect of responsible budgeting.

### **Fiscal Impact**

The expense, \$32,000, is FY21 Solid Waste fixed assets account is providing funding for this purchase.

### Attachments

Contract with Williamson County for Purchase of Used Mack Granit Roll-off Truck.

### CONTRACT BETWEEN CITY OF MURFREESBORO AND WILLIAMSON COUNTY FOR PURCHASE OF USED MACK GRANIT ROLL OFF TRUCK

This contract is entered into on this \_\_\_\_\_\_ day of \_\_\_\_\_\_, 2022 by and between the **CITY OF MURFREESBORO**, a municipal corporation of the State of Tennessee ("City") and **Williamson County**, a municipal corporation of the State of Tennessee ("Contractor"). This contract consists of the following documents:

- Williamson County documents
- Contractor's Proposal, dated xx xx, 2022, and incorporated into this Contract by reference
- This Contract

In the event of conflicting provisions, all documents shall be construed according to the following priorities:

- Any properly executed amendment or change order to this contract (most recent given first priority)
- This Contract
- Williams County documents
- Contractor's Proposal, dated xx xx, 2022
- Duties and Responsibilities of Contractor. Contractor agrees to provide and City agrees to purchase the equipment set forth on Contractor's Proposal dated xx xx, 2022 for one used CV713 Mack Granit Roll Off Truck, description as follows: 2005 CV713 Mack Granit Truck VIN 1M2AG11C96M038693 Engine: Mack, 350 HP GVWR 66,000 lb GAWR Front 20,000 lb GAWR Rear 23,000 lb Hoise WasteQuip Accurate Model #HH/OR/60 Serial #12920 Mileage: 44,2290 Manual 8 speed transmission Eaton
- 2. <u>Term.</u> The Contract shall be a one-time purchase and the term shall expire upon acceptance of and payment for vehicle by the City.
- 3. <u>Termination</u>. Contractor's performance may be terminated in whole or in part:
  - 3.1 Upon 30-day prior notice, for the convenience of the City.
  - 3.2 For the convenience of Contractor, provided that Contractor notifies the City in writing of its intent to terminate under this paragraph at least 30 days prior to the effective date of the termination.
  - 3.3 For cause, by either party where the other party fails in any material way to perform its obligations under this Agreement. Termination under this subsection is subject to the condition that the terminating party notifies the other party of its intent to terminate, stating with reasonable specificity the grounds therefore, and the other party fails to remedy the problem within 15 days after receiving the notice.

- 3.4 Should Contractor fail to fulfill in a timely and proper manner its obligations under this Agreement or if it should violate any of the terms of this Agreement, the City has the right to immediately terminate the Agreement. Such termination does not relieve Contractor of any liability to the City for damages sustained by virtue of any breach by Contractor.
- 3.5 Should the appropriation for Contractor's work be withdrawn or modified, the City has the right to terminate the Agreement immediately upon written notice to Contractor.

### 4. Payment and Delivery.

- a. Payment will be made by the City after goods and/or services have been received, accepted, and properly invoiced. Invoices must bear the purchase order number. City staff will pick up vehicle from Williamson County.
- b. All items must be available within 30 days from execution of this contract.
- c. Should the Contractor fail to provide items on or before its stated date, the City reserves the right to cancel the order or contract.
- d. Delivered items will not be considered "accepted" until an authorized agent for the City has, by inspection or test of such items, determined that they fully comply with specifications. The City may return, for full credit and at no expense to the City, any item(s) received which fail to meet the specifications as stated in the quote dated xx xx, 2022.
- e. All deliveries made pursuant to the contract must be made pursuant to the written purchase order of the City. The City assumes no liability for goods and/or services provided without a written purchase order from the City.
- 5. <u>Price.</u> The price for goods and other items to be provided under this Contract is set forth per the Proposal from Williamson County Solid Waste Department for one (1) Used Mack Granit Roll Off Truck for a Total Purchase Price of Thirty-two Thousand Dollars and No Cents (\$32,000.00). Any compensation due Contractor under this Agreement shall be made upon submittal of an invoice after delivery and acceptance of the goods and/or services which each payment represents. The City agrees to pay Contractor after goods/services have been received, accepted, and properly invoiced as indicated in the Contract and/or purchase order.
- 6. Warranty. Vehicle accepted "as is."
- 7. <u>Taxes.</u> The City of Murfreesboro is exempt from State sales tax and will issue a tax exemption certificate to the Contractor as requested. City shall not be responsible for any taxes that are imposed on Contractor. Furthermore, Contractor understands that it cannot claim exemption from taxes by virtue of any exemption that is provided to City.
- 8. <u>Compliance with Laws.</u> Contractor agrees to comply with any applicable federal, state and local laws and regulations.
- 9. <u>Maintenance of Records.</u> Contractor shall maintain documentation for all charges against City. The books, records, and documents of Contractor, insofar as they relate to work performed or money received under the contract, shall be maintained for a period of three (3) full years from the date of final payment and will be subject to audit, at any reasonable time and upon reasonable notice by City or its duly appointed representatives. The records shall be maintained in accordance with the Generally Accepted Accounting Principles.
- 10. <u>Modification of Contract.</u> This Contract may be modified only by written amendment executed by all parties and their signatories hereto.
- 11. <u>Relationship of the Parties</u>. Nothing herein may in any way be construed or intended to create a partnership or joint venture between the parties or to create the relationship of principal and agent between or among any of the parties. None of the parties hereto may hold itself out in a manner contrary

to the terms of this paragraph. No party becomes liable for any representation, act, or omission of any other party contrary to this section.

- 12. <u>Waiver</u>. No waiver of any provision of this contract shall affect the right of any party thereafter to enforce such provision or to exercise any right or remedy available to it in the event of any other default.
- 13. **Employment.** Contractor shall not subscribe to any personnel policy which permits or allows for the promotion, demotion, employment, dismissal or laying-off of any individual due to race, creed, color, national origin, age, sex, veteran status, or any other status or class protected under federal or state law or which is in violation of applicable laws concerning the employment of individuals with disabilities.
- 14. Non-Discrimination. It is the policy of the City not to discriminate on the basis of age, race, sex, color, national origin, veteran status, disability, or other status or class protected under federal or state law in its hiring and employment practices, or in admission to, access to, or operation of its programs, services, and activities. With regard to all aspects of this Agreement, Contractor certifies and warrants it will comply with this policy. No person may be excluded from participation in, be denied benefits of, be discriminated against in the admission or access to, or be discriminated against in treatment or employment in the City's contracted programs or activities, on the grounds of handicap and/or disability, age, race, color, religion, sex, national origin, or any other classification protected by federal or Tennessee State Constitutional or statutory law; nor may they be excluded from participation in, be denied benefits of, or be otherwise subjected to discrimination in the performance of contracts with the City or in the employment practices of the City's Contractors. Accordingly, all proposers entering into contracts with the City may upon request be required to show proof of such nondiscrimination and to post in conspicuous places that are available to all employees and applicants, notices of nondiscrimination policy.
- 15. <u>Indemnification and Hold Harmless.</u> Pursuant to Tennessee Attorney General Opinion 93-01, the City will not indemnify, defend or hold harmless in any fashion Contractor from any claims arising from any failure, regardless of any language in any attachment or other document that Contractor may provide.
- 16. <u>Attorney Fees.</u> In the event any party takes legal action to enforce any provision of the Agreement, should the City prevail, Contractor will pay all expenses of such action including attorney fees, expenses, and costs at all stages of the litigation and dispute resolution.
- 17. <u>Assignment—Consent Required.</u> The provisions of this Agreement inure to the benefit of and are binding upon the respective successors and assignees of the parties hereto. Except for the rights of money due to Contractor under this Agreement, neither this Agreement nor any of the rights and obligations of Contractor hereunder may be assigned or transferred in whole or in part without the prior written consent of the City. Any such assignment or transfer does not release Contractor from its obligations hereunder.
- 18. <u>Entire Contract.</u> This contract, and Contractor's Proposal dated xx xx, 2022, set forth the entire agreement between the parties with respect to the subject matter hereof and shall govern the respective duties and obligations of the parties.
- 19. Force Majeure. No party has any liability to the other hereunder by reason of any delay or failure to perform any obligation or covenant if the delay or failure to perform is occasioned by force majeure, meaning any act of God, storm, fire, casualty, unanticipated work stoppage, strike, lockout, labor dispute, civil disturbance, riot, war, national emergency, act of public enemy, epidemic, pandemic or other cause of similar or dissimilar nature beyond its control.
- 20. <u>Governing Law and Venue</u>. The validity, construction and effect of this Agreement and any and all extensions or modifications thereof are governed by the laws of the state of Tennessee regardless of choice of law doctrine or provision in any attachment or other document that Contractor may provide. Any action between the parties arising from this agreement may only be filed in the courts of Rutherford County, Tennessee.

- 21. <u>Severability</u>. Should any provision of this contract be declared to be invalid by any court of competent jurisdiction, such provision shall be severed and shall not affect the validity of the remaining provisions of this contract.
- 22. <u>Notices.</u> Notice of assignment of any rights to money due to Contractor under this Contract must be mailed first class mail or hand delivered to the following.
  - 22.1 Notices to City shall be sent to:

Department:	City of Murfreesboro Administration			
Attention:	City Manager			
Address:	Post Office Box 1139			
	111 West Vine Street			
	Murfreesboro, TN 37133-1139			

22.2 Notices to Contractor shall be sent to:

Contractor:	Williamson County
Attention:	Rogers C. Anderson, County Mayor
Address:	1320 West Main St.
	Franklin, TN 37064

23. <u>Effective Date.</u> This Contract shall not be binding upon the parties until signed by both the Contractor and authorized representatives of the City and is thereafter effective as of the date set forth above.
