### Board of Education Meeting w/County Commissioners

May 7, 2025 6:00 PM

MCS Administrative Offices

<b>I. CALL TO ORDER</b> Procedural Item In attendance: Chair Butch Campbell, Vice Chair Amanda Moore, Ms. Barbara Long, Dr. Trey Duke, Daniel Owens, Lauren Bush, Lisa Trail, County Commissioner Jeff Phillips (District 17), County Commissioner Phil Dodd (District 16), Commissioner Robert Peay (District 4), and Michael Smith, Finance Director for the County Government.	Chair Butch Campbell
<b>II. WELCOME AND INTRODUCTIONS</b> Procedural Item Chairman Campbell welcomed the group and asked everyone to introduce themselves.	Chair Butch Campbell
<b>III. GOAL OF THE MEETING</b> Procedural Item Ms. Moore explained the purpose and goal of the meeting. She told the Commissioners that actions of the commission affect City Schools, and the Board felt that they had not had the ability in the past to talk about how these choices were affecting our district. The Board asked that we invite the County Commissioners that represent the City of Murfreesboro to this meeting to try and ensure there is a common understanding of the effects of the decisions that have been made over the past three years.	Vice Chair Amanda Moore
<b>IV. DISCUSSION</b> Procedural Item Dr. Duke shared data illustrating the financial impact of the reallocated penny on the city school system over the past three years and the culminating impact Mr. Smith suggested that additional funding requests should be directed to the city government rather than the county and indicated that a further, modest reallocation may occur this year. Commissioner Dodd said that he would take this information to his constituents but feels that the moving of pennies may be the new norm. Commissioner Peay said that this is not only impacting the city school system, but rural areas in the county as well. He suggested advocating with the state legislators for the county to have the ability to enact an impact fee to generate revenue. Additional discussion around the topic was had. Dr. Duke emphasized the goal of this meeting was to ensure they had the information on the impact to their constituents in Murfreesboro City Schools. Further updates will be discussed at the next board meeting on May 13th.	Dr. Trey Duke
<b>V. ADJOURNMENT</b> Action Item Chairman Butch Campbell made the motion to adjourn, and Vice Chair Amanda Moore seconded the motion.  The meeting adjourned at 7:16 pm.	Chair Butch Campbell

### Summary

Pursuant to TCA 49-6-2109 and State Board of Education Rule 0520-01-05-.01(4), Type C and D school buses may continue to be used after fifteen years of service, subject to approval by the Board of Education and the Commissioner of Safety and additional safety inspections by the State of Tennessee. The district currently owns a total of 12 buses that are eligible for extended utilization, with four due for payment. These buses have reached the 15-year threshold but remain in good operating condition and have passed or are expected to pass inspection by the Tennessee Department of Safety.

### Staff Recommendation

Approve Request for Extended Utilization of School Buses

### Fiscal Impact

Each extended utilization costs \$770 per year for two required inspections. By extending the use of the 15 buses, the district will defer the purchase of new buses estimated at \$175,000.00 each.

## **ADDENDUM TO UPLAND SOFTWARE MASTER SERVICES AGREEMENT**

This Addendum (herein "Addendum") amends the Master Services Agreement, and all attachments, exhibits, any physical or virtual documents or writings, referenced therein, and any click through, clickwrap, shrink-wrap, or other such virtual agreement (all of which are herein "Agreement") between Upland Software and its Affiliates (herein "Contractor") and Murfreesboro City Schools (herein "District," or "Customer"). In consideration of using Contractor's form agreement, the mutual promises set out herein, and other good and valuable consideration, the sufficiency of which is hereby acknowledged the Agreement is amended as follows:

1. **Precedence.** Notwithstanding any other provision in the Agreement, the language in this Addendum takes precedence over all other terms, conditions, or language to the contrary or in conflict with the language herein, and the Agreement and this Addendum shall not be construed to create any ambiguity, it being the intent of the parties that this Addendum shall control.
2. **Indemnity, Limitation of Liability and Disclaimer of Warranty.** Article II, Section 29 of the Tennessee Constitution prohibits cities from lending their credit to private entities and, therefore, prohibits an agreement by Customer to indemnify a third party or agree to a limitation of liability provision. Any indemnity or hold harmless provision contained in the Agreement requiring Customer to indemnify or hold harmless Contractor or any other person or entity and any limitation of liability in favor of Contractor is deleted. No provision of this Agreement shall act or be deemed a waiver by Customer of any immunity, including its rights or privileges afforded by the Tennessee Constitution or state law including but not limited to any provision of the Tennessee Governmental Tort Liability Act, T.C.A. section 29-20-101 et seq. Because Tennessee law may not allow Customer to agree to the disclaimer of warranties any such disclaimer of warranties shall be enforceable only to the extent permitted by Tennessee law, and Customer reserves all rights afforded to local governments under law for all general and implied warranties.
3. **Confidentiality.** The Agreement is a public record, and it, along with all documents or materials, in any format, including, but not limited to, paper, electronic, or virtual, that are public records pursuant to the Tennessee Open Records Act, set out in T.C.A. §10-7-503 et seq., are not confidential and are subject to disclosure in whole or in part, without regard to any provision contained in the Agreement declaring information confidential. Additionally, Customer must, upon proper request, release public documents and records as defined by T.C.A. §10-7-503 et seq., including, but not limited to, the Agreement and all records created and maintained related to the Agreement, without any requirement to disclose such request to Contractor or provide Contractor with notice or the time to obtain a protective order. Customer does not have the burden of establishing that information is not confidential information or that its release is authorized to release the records. This section 3 serves to meet such burden and authorization of disclosure.
4. **Termination for Convenience.** District or Contractor may terminate the Agreement and use

of the service at any time for any reason. However, termination shall not take effect until sixty (60) days after written notice is delivered by the party terminating the agreement to the other party. Such termination will not be deemed a breach of contract by either party. Upon such termination, Contractor will not have any right to any actual general, special, incidental, consequential, or any other damages whatsoever of any description or amount. Notices to the Customer shall be sent to:

Murfreesboro City Schools  
2552 South Church Street  
Murfreesboro, TN 37127

5. **Governing Law.** The Agreement and the rights and obligations of the parties are governed by the laws of the state of Tennessee, without regard to its conflict of laws principles.
6. **Selection of Jurisdiction, Waiver of Jury Trial, Venue, Service of Process.** Pursuant to the Constitution and Laws of the State of Tennessee, Customer is a sovereign entity subject only to those courts with jurisdiction over District. If a dispute arises between the parties concerning any aspect of the Agreement, and it cannot be resolved by mutual agreement, any party may resort to resolution of the dispute by litigation in the state courts in Murfreesboro, Tennessee, or the Federal court for the Middle District of Tennessee. However, neither party shall be obligated to provide any type of pre-suit notice before initiating a cause of action. The parties waive their right to a jury trial. The parties hereby consent to the mandatory and exclusive venue and jurisdiction of the state court located in Murfreesboro, Tennessee, or the Federal court for the Middle District of Tennessee. Service of process on Customer shall comply with the Tennessee Rules of Civil Procedure or applicable federal rules, and Customer does not agree to any other service of process procedure.
7. **Responsibility for Litigation Costs, Expenses and Payment of Attorney's Fees.** Article II, Section 29 of the Tennessee Constitution prohibits cities from lending their credit to private entities and, therefore, prohibits an agreement by Customer to indemnify a third party or agree to a limitation of liability provision. This prohibition extends to contractual provisions for the payment of attorney's fees. In the event of litigation between Customer and Contractor each party shall be solely and exclusively responsible for the payment of litigation costs, expenses and attorney's fees excepting those costs which may be awarded by a court of competent jurisdiction as specified by Tennessee law or applicable rules of civil procedure.
8. **Non-appropriation.** Contractor acknowledges that Customer is a governmental entity, and the validity of the Agreement is based upon the availability of public funding under its authority. 3. **Fees.** Customer agrees to pay any and all fees provided herein. Prices quoted are exclusive of any applicable taxes. All subscription fees hereunder shall be invoiced in advance and are due and payable in accordance with the Payment Terms set forth above. 4. **Professional Services Fees.** Fees prepaid for Professional Services become non-refundable and are earned upon the earlier of: (i) the date the Professional Services are delivered (on a *pro-rata*, ongoing basis); or (ii) one year from the date of the applicable invoice. Any Professional Services purchased but not yet delivered as of the End Date set forth above shall be deemed to have expired effective as of the End Date. If no End Date is set forth, then such Professional Services shall expire one year after the signature date of this Sales Order Form. Additional specifics governing expiration may be outlined in the accompanying Statement of Work, if available. FOR PURCHASE OF CPYD25C 2022 HELI FORKLIFT**

This Contract is entered into and effective as of the \_\_\_\_ day of May 2025, by and between the **Murfreesboro City Schools**, a municipal school district of the State of Tennessee ("District") and **Titan Material Handling, Inc.**, a for-profit corporation in the State of Tennessee ("Contractor").

In the event of conflicting provisions, all documents shall be construed according to the following priorities:

- ***First, any properly executed amendment or change order to this Contract (most recent amendment or change order given first priority);***
- ***Second, this Contract;***
- ***Finally, Contractor's Quote #050825-AM2 (the "Price Proposal").***

1. **Duties and Responsibilities of Contractor.** Contractor agrees to provide, and District agrees to purchase: One (1) Used Model CPYD25C 2022 Forklift as set forth in Quote 050825-AM2, described as follows:

3. **Termination.** Contractor's performance may be terminated in whole or in part:
  - a. Upon thirty (30)-day prior notice, for the convenience of the District.
  - b. For the convenience of Contractor, provided that Contractor notifies the District in writing of its intent to terminate under this paragraph at least thirty (30) days prior to the effective date of the termination.
  - c. For cause, by either party where the other party fails in any material way to perform its obligations under this Agreement. Termination under this subsection is subject to the condition that the terminating party notifies the other party of its intent to terminate, stating with reasonable specificity the grounds therefore, and the other party fails to remedy the problem within fifteen (15) days after receiving the notice.
  - d. Should Contractor fail to fulfill in a timely and proper manner its obligations under this Agreement or if it should violate any of the terms of this Agreement, the District

has the right to immediately terminate the Agreement. Such termination does not relieve Contractor of any liability to the District for damages sustained by virtue of any breach by Contractor.

4. **Price.** The price for goods and other items to be provided under this Contract is set forth per the Quote 050825-AM2 for a Used/Current Titan Rental Fleet 5,000 LB Capacity, LP/Gas Powered, HELI Forklift for a **Total Purchase Price of eighteen thousand dollars and zero cents (\$18,000.00)**.   - b. Pursuant to Tennessee Attorney General Opinion 93-01, the District will not indemnify, defend or hold harmless in any fashion Contractor from any claims arising from any failure, regardless of any language in any attachment or other document that Contractor may provide.

None of the parties hereto may hold itself out in a manner contrary to the terms of this paragraph. No party becomes liable for any representation, act, or omission of any other party contrary to this section.
13. **Waiver.** No waiver of any provision of this contract shall affect the right of any party thereafter to enforce such provision or to exercise any right or remedy available to it in the event of any other default.
14. **Employment.** Contractor shall not subscribe to any personnel policy which permits or allows for the promotion, demotion, employment, dismissal or laying-off of any individual due to race, creed, color, national origin, age, sex, veteran status, or any other status or class protected under federal or state law or which is in violation of applicable laws concerning the employment of individuals with disabilities.

any other advisory capacity in any proceeding or application, request for ruling, determination, claim or controversy or other particular matter, pertaining to any program requirement of a contract or subcontract or to any solicitation or proposal therewith. It is a breach of ethical standards for any payment, gratuity or offer of employment to be made by or on behalf of a subcontractor under a contract to the prime contractor or higher tier subcontractor or a person associated therewith, as an inducement for the award of a subcontract or order. Breach of the provisions of this paragraph is, in addition to a breach of this Agreement, a breach of ethical standards which may result in civil or criminal sanction and/or debarment or suspension from being a contractor or subcontractor under the District contracts.

Except for the rights of money due to Contractor under this Agreement, neither this Agreement nor any of the rights and obligations of Contractor hereunder may be assigned or transferred in whole or in part without the prior written consent of the District. Any such assignment or transfer does not release Contractor from its obligations hereunder
18. **Integration.** This Contract and State contract set forth the entire agreement between the parties with respect to the subject matter hereof and govern the respective duties and obligations of the parties.
19. **Force Majeure.** No party has any liability to the other hereunder by reason of any delay or failure to perform any obligation or covenant if the delay or failure to perform is occasioned by force majeure, meaning any act of God, storm, fire, casualty, unanticipated work stoppage, strike, lockout, labor dispute, civil disturbance, riot, war, national emergency, act of public enemy, epidemic, pandemic or other cause of similar or dissimilar nature beyond its control.
20. **Governing Law and Venue.** The validity, construction and effect of this Agreement and any and all extensions or modifications thereof are governed by the laws of the state of Tennessee regardless of choice of law doctrine or provision in any attachment or other document that Contractor may provide. Any action between the parties arising from this agreement may only be filed in the courts of Rutherford County, Tennessee.
21. **Severability.** Should any provision of this contract be declared to be invalid by any court of competent jurisdiction, such provision shall be severed and shall not affect the validity of the remaining provisions of this contract.

# Model C Dust Collectors

## Features

### Many Applications

The REES Model C Dust Collectors can be used on many types of equipment where dust is a problem. These units efficiently collect dust from operations such as wood, plastics, food products, rubber, paper and textiles.

### Quality Construction

REES Dust Collectors are heavy duty, compact, and built to last. Heavy gauge steel and continuous welds are manufacturing standards and all bolted parts use 3/8" dia. bolts.

### Efficient Operation

REES Dust Collectors are designed to efficiently separate particles from dust laden air. Dust passes through the fan and into the collector modules. An air deflector in each module initiates the separating process. The heavier particles drop to the storage container and clean in-plant air is returned to the manufacturing area.

### Flexible Design

Choose from five different CFM capacities to suit your particular application. REES Model C Dust Collectors are available in 2HP, 3HP, 5HP, 7½ HP and 10 HP sizes with 1 to 8 collector modules. The modular design allows you to add on in the future to increase filter area and storage capacity. For waste storage, this collector uses 55-gallon drums, plastic bags or cloth bags for more initial filter area.

### Easy Installation

Each unit is shipped with collector modules, filter bags, motorized fan, and miscellaneous parts for complete assembly. All components bolt together easily with hand tools.

### Simple Maintenance

Maintenance involves a periodic shaking of the upper filter bags to knock dust particles from the inside wall and emptying of the storage drums or lower bags as required.

## Options

### Silencer

REES Collectors are rated at 88 DBA, depending on pipe design and shop layout. A silencer may be ordered which bolts easily between the fan and collector. It adds 2'6" to the length of the dust collector and cuts noise by an average of 8 DBA.

### P-B Starter

Manual push-button starter with overload protection may be ordered. Motor leg is equipped with starter mounting plate (standard). 10 HP 208-230 volt models use larger magnetic starter.

### Large Filter Bags

Large filter bags may be ordered instead of standard 25 sq. ft. bags when conditions involve smaller dust particles. The 40 sq. ft. bag **increases** the filter area by 60% and the height to 10'9". The 55 sq. ft. bag increases the filter area by 120% and the height to 13'3".

# America's premier clamp-together duct system.

## Quick-Fit puts the squeeze on costly conventional duct installation.

Q-F is a snap! No complicated cutting, no riveting, no braising or welding as required for a conventional duct installation. One Q-F clamp connects sections together in seconds. Branches, diverters, elbows, all adapt easily to your existing duct and may be taken apart and re-used without special tools.

## Q-F is easy to install, easy to align, and it's strong.

Q-F clamps are so easy to install, they *almost* install themselves. Employees simply place the clamp over the Q-F rolled lip ends and snap! The extra strength of the Q-F connection provides a solid, straight run. Q-F parts are created with specially machined double-rolled lips for added strength. The patented Q-F clamp connects the rolled ends. Snap the Q-F clamp and you have the strongest, safest, re-usable dust-extraction piping available today. No special instructions or trades are needed to assemble a Q-F system. Install new lines, clean out lines or make changes to existing duct runs *anytime* it's needed with Q-F.

## Q-F adapts to your every need; connect to the old or bring in the new.

Q-F has everything you need in galvanized or stainless steel parts:

- 4" to 22" diameter pipe
- branch fittings of all sizes and shapes
- elbows 30°, 45°, 60°, 90°
- larger custom sizes and special adapters

All are available with 4 to 5 day delivery.

## Q-F adjusts to fit: without complicated measurements.

Planning to add, remove, or replace dust-extraction piping? Q-F's adjustable fitting slides together to create the precise length. No need for time wasted on exact measuring and precision cuts; simply slide on and fit to your desired length, a few inches or a few feet. Need a different length for a new run? Simply re-use your Q-F components and re-fit; that again reduces cutting and fabricating time.

## Q-F saves you time and money. No other company in America delivers like Q-F.

Just how much money can you save using Q-F? Call us! You'll be pleased with the savings and all the built-in advantages you get with Q-F.

## Only need a few parts, or help with a complete system? Q-F delivers in 4-to-5 days.

For a complete brochure or Quick-Fit video, call Quick-Fit today: 1-800-532-0830. We want to show you why Q-F is quickly becoming America's premier duct system.
